subject to independent verification by the New York state energy research and development authority or a qualified independent party.

- 13-102. Renewable hydrogen incentive and financing program. 4 Notwithstanding any other provision of law to the contrary, including, 5 but not limited to, any order, rule or regulation promulgated pursuant to the public service law, the public authorities law, and/or the state 7 administrative procedure act, the public service commission, in consultation with the New York state energy research and development authori-9 ty, shall adopt a program within one year of the effective date of this 10 section to provide support to and for eligible renewable hydrogen and, 11 at a greater rate, eligible curtailed renewable hydrogen, through a 12 proceeding to engage stakeholders in order to design and implement a competitive program for eligible renewable hydrogen production for the 13 14 purpose of meeting the state's clean energy and greenhouse emissions 15 reductions targets. The program shall require:
- 16 <u>1. administration</u> by the New York state energy research and develop-17 ment authority;
- 2. a diversity of project sizes, geographic distribution, and participation among customer classes, subject to cost-effectiveness considerations;
- 3. incentive or financing structures that maximize cost-effectiveness
  and practicality through competitive procurements, standing-offers,
  production incentives or capacity incentives at the wholesale or retail
  level as, in the judgment of the commission, provide for the most effective program;
- 4. program designs that take into consideration the avoidance of longterm costs to the transmission and distribution system and minimization of peak load in constrained areas;
- 29 <u>5. annual reports on the achievements and effectiveness of the</u> 30 <u>program; and</u>
- 31 <u>6. such other issues deemed appropriate by the commission.</u>
- 32 § 2. This act shall take effect immediately.
