36 titioners, persons licensed under this article and unlicensed personnel
37 employed at a state correctional facility may, in a manner permitted by
38 the regulations promulgated pursuant to this subdivision, utilize body
39 imaging scanning equipment that applies ionizing radiation to humans for
40 purposes of screening individuals detained in, committed to, visiting,
41 or employed in such facility, in connection with the implementation of
42 such facility's security program.

43 (iii) The utilization of such body imaging scanning equipment shall be
44 in accordance with regulations promulgated by the department, or for
45 local correctional facilities in cities having a population of two
46 million or more, such utilization shall be in accordance with regu-
47 lations promulgated by the New York city department of health and mental
48 hygiene. The state commission of correction, in consultation with the
49 department of corrections and community supervision, shall promulgate
50 regulations establishing when body imaging scanning equipment will be
51 used to screen visitors and incarcerated individuals in state correc-
52 tional facilities. Such regulations shall include provisions establish-
53 ing that alternative methods of screening may be used to accommodate
54 individuals who decline or are unable to be screened by body imaging

1 scanning equipment for medical reasons and that alternative methods of
2 screening may be used to accommodate individuals who decline to be
3 screened for other reasons, unless security considerations warrant
4 otherwise. Such regulations shall also ensure that no person shall be
5 subjected to any form of harassment, intimidation, or disciplinary
6 action for choosing to be searched by an alternative method of screening
7 in lieu of body imaging scanning.

8 The department of corrections and community supervision shall promul-
9 gate regulations establishing when body imaging scanning equipment will
10 be used to screen employees of the department of corrections and commu-
11 nity supervision, provided, however that such regulations shall be
12 consistent with the policies and procedures of the department of
13 corrections and community supervision governing the search of employees.
14 Such regulations shall include provisions establishing that alternative
15 methods of screening may be used to accommodate individuals who decline
16 or are unable to be screened by body imaging scanning equipment for
17 medical or other reasons. Such regulations shall also ensure that no
18 person shall be subjected to any form of harassment, intimidation, or
19 disciplinary action for choosing to be searched by an alternative method
20 of screening in lieu of body imaging scanning. An employee's request to
21 be searched by an alternative method of screening in lieu of body imag-
22 ing scanning shall not, in itself, be grounds for disciplinary action
23 against such employee.

24 (b) Prior to establishing, maintaining or operating in a state or
25 local correctional facility, any body imaging scanning equipment, the
26 chief administrative officer of the facility shall ensure that such
27 facility is in compliance with the regulations promulgated pursuant to
28 this subdivision and otherwise applicable requirements for the installa-
29 tion, registration, maintenance, operation and inspection of body imag-
30 ing scanning equipment.

31 (i) A requirement that prior to operating body imaging scanning equip-
32 ment, unlicensed personnel employed at state or local correctional
33 facilities shall have successfully completed a training course approved
34 by the department, or for local correctional facilities in cities of two
35 million or more, approved by the New York city department of health and
36 mental hygiene, and that such personnel receive additional training on
37 an annual basis;

38 (ii) Limitations on exposure which shall be no more than fifty percent
39 of the annual exposure limits for non-radiation workers as specified by
40 applicable regulations, except that [~~incarcerated~~] individuals under the
41 age of eighteen shall not be subject to more than five percent of such
42 annual exposure limits, and pregnant women shall not be subject to such
43 scanning at any time. Procedures for identifying pregnant women shall be
44 set forth in the regulations;

45 (iii) Registration with the department of each body imaging scanning
46 machine purchased or installed at a state or local correctional facili-
47 ty;

48 (v) A requirement that records be kept regarding each use of body
49 imaging scanning equipment by the state or local correctional facility.

50 (e) For the purposes of this subdivision[~~7~~]:

51 (i) "[~~local~~] Local correctional facility" shall have the same meaning
52 as found in subdivision sixteen of section two of the correction law.

53 (ii) "State correctional facility" shall mean a "correctional facili-
54 ty" as defined in subdivision four of section two of the correction law.

55 Any local government agency that utilizes body imaging scanning equip-
56 ment in a local correctional facility under its jurisdiction shall

1 submit an annual report to the department, the speaker of the assembly,
2 and the temporary president of the senate. If body imaging scanning
3 equipment is utilized in one or more state correctional facilities, the
4 department of corrections and community supervision shall submit an
5 annual report to the department, the speaker of the assembly, and the
6 temporary president of the senate. Such report by either the local
7 government agency or the department of corrections and community super-
8 vision shall be submitted within eighteen months after the initial date
9 of registration of such equipment with the department, and annually
10 thereafter, and shall contain the following information as to each such
11 facility:

12 (i) For local correctional facilities, the number of times the equip-
13 ment was used on incarcerated individuals upon intake, after visits, and
14 upon the suspicion of contraband, as well as any other event that trig-
15 gers the use of such equipment[+

16 ~~(+)]~~, and the average, median, and highest number of times the equip-
17 ment was used on any incarcerated individual, with corresponding expo-
18 sure levels; and

19 (ii) For state correctional facilities, the number of times the equip-
20 ment was used on individuals detained in, committed to, working in, or
21 visiting the facility upon intake, before work shift, after work shift,
22 before visits, after visits, and upon the suspicion of contraband, as
23 well as any other event that triggers the use of such equipment, and the
24 average, median, and highest number of times the equipment was used on
25 any individual detained in, committed to, working in, or visiting the
26 facility, with corresponding exposure levels.

27 § 2. This act shall take effect on the one hundred twentieth day after
28 it shall have become a law; provided however, that the amendments to
29 subdivision 6 of section 3502 of the public health law made by section
30 one of this act shall not affect the repeal of such subdivision and
31 shall be deemed repealed therewith. Effective immediately, the addition,
32 amendment and/or repeal of any rule or regulation necessary for the
33 implementation of this act on its effective date are authorized to be
34 made and completed on or before such effective date.

35 PART MM

36 Section 1. The vehicle and traffic law is amended by adding a new
37 section 1111-c-1 to read as follows:

38 § 1111-c-1. Owner liability for failure of operator to comply with bus
39 operation-related traffic regulations. (a) 1. Notwithstanding any other
40 provision of law, the city of New York is hereby authorized and
41 empowered to establish a demonstration program imposing monetary liabil-
42 ity on the owner of a vehicle for failure of an operator thereof to
43 comply with bus operation-related traffic regulations, in accordance
44 with the provisions of this section. The New York city department of
45 transportation and/or applicable mass transit agency, for purposes of
46 the implementation of such program, shall operate bus operation-related
47 photo devices that may be stationary or mobile and shall be activated at
48 locations determined by such department of transportation and/or on
49 buses selected by such department of transportation in consultation with
50 the applicable mass transit agency.

51 2. Any photographs, microphotographs, videotape or other recorded
52 images captured by bus operation-related photo devices shall be inadmis-
53 sible in any disciplinary proceeding convened by the applicable mass
54 transit agency or any subsidiary thereof and any proceeding initiated by

1 the department involving licensure privileges of bus operators. Any
2 mobile bus operation-related photo device mounted on a bus shall be
3 directed outwardly from such bus to capture images of vehicles operated
4 in violation of bus operation-related traffic regulations, and images
5 produced by such device shall not be used for any other purpose in the
6 absence of a court order requiring such images to be produced.

7 3. (i) The city of New York shall adopt and enforce measures to
8 protect the privacy of drivers, passengers, pedestrians and cyclists
9 whose identity and identifying information may be captured by a bus
10 operation-related photo device. Such measures shall include:

11 (A) utilization of necessary technologies to ensure, to the extent
12 practicable, that photographs, microphotographs, videotape or other
13 recorded images produced by such bus operation-related photo devices
14 shall not include images that identify the driver, the passengers, or
15 the contents of the vehicle. Provided, however, that no notice of
16 liability issued pursuant to this section shall be dismissed solely
17 because such a photograph, microphotograph, videotape or other recorded
18 image allows for the identification of the driver, the passengers, or
19 the contents of a vehicle where the city shows that it made reasonable
20 efforts to comply with the provisions of this paragraph in such case;

21 (B) the installation of signage that is clearly visible to drivers at
22 regular intervals along and adjacent to roadways upon which mobile
23 and/or stationary bus operation-related photo devices are operated
24 pursuant to a demonstration program authorized pursuant to this section
25 stating that mobile and/or stationary bus operation-related photo
26 devices are used to enforce bus operation-related traffic regulations,
27 in conformance with standards established in the MUTCD; and

28 (C) oversight procedures to ensure compliance with the privacy
29 protection measures under this subdivision.

30 (ii) Photographs, microphotographs, videotape or any other recorded
31 image from a bus operation-related photo device shall be for the exclu-
32 sive use of the city of New York for the purpose of the adjudication of
33 liability imposed pursuant to this section and of the owner receiving a
34 notice of liability pursuant to this section, and shall be destroyed by
35 such city upon the final resolution of the notice of liability to which
36 such photographs, microphotographs, videotape or other recorded images
37 relate, or one year following the date of issuance of such notice of
38 liability, whichever is later. Notwithstanding the provisions of any
39 other law, rule or regulation to the contrary, photographs, microphoto-
40 graphs, videotape or any other recorded image from a bus operation-re-
41 lated photo device shall not be open to the public, nor subject to civil
42 or criminal process or discovery, nor used by any court or administra-
43 tive or adjudicatory body in any action or proceeding therein except
44 that which is necessary for the adjudication of a notice of liability
45 issued pursuant to this section, and no public entity or employee, offi-
46 cer or agent thereof shall disclose such information, except that such
47 photographs, microphotographs, videotape or any other recorded images
48 from such systems:

49 (A) shall be available for inspection and copying and use by the motor
50 vehicle owner and operator for so long as such photographs, microphoto-
51 graphs, videotape or other recorded images are required to be maintained
52 or are maintained by such public entity, employee, officer or agent; and

53 (B) (1) shall be furnished when described in a search warrant issued
54 by a court authorized to issue such a search warrant pursuant to article
55 six hundred ninety of the criminal procedure law or a federal court
56 authorized to issue such a search warrant under federal law, where such

1 search warrant states that there is reasonable cause to believe such
2 information constitutes evidence of, or tends to demonstrate that, a
3 misdemeanor or felony offense was committed in this state or another
4 state, or that a particular person participated in the commission of a
5 misdemeanor or felony offense in this state or another state, provided,
6 however, that if such offense was against the laws of another state, the
7 court shall only issue a warrant if the conduct comprising such offense
8 would, if occurring in this state, constitute a misdemeanor or felony
9 against the laws of this state; and

10 (2) shall be furnished in response to a subpoena duces tecum signed by
11 a judge of competent jurisdiction and issued pursuant to article six
12 hundred ten of the criminal procedure law or a judge or magistrate of a
13 federal court authorized to issue such a subpoena duces tecum under
14 federal law, where the judge finds and the subpoena states that there is
15 reasonable cause to believe such information is relevant and material to
16 the prosecution, or the defense, or the investigation by an authorized
17 law enforcement official, of the alleged commission of a misdemeanor or
18 felony in this state or another state, provided, however, that if such
19 offense was against the laws of another state, such judge or magistrate
20 shall only issue such subpoena if the conduct comprising such offense
21 would, if occurring in this state, constitute a misdemeanor or felony in
22 this state; and

23 (3) may, if lawfully obtained pursuant to this clause and clause (A)
24 of this subparagraph and otherwise admissible, be used in such criminal
25 action or proceeding.

26 (iii) The demonstration program authorized pursuant to this section is
27 prohibited from utilizing and from arranging for the utilization of
28 biometric identifying technology, including but not limited to facial
29 recognition technology, for any purpose. The use, and the arrangement
30 for the use, of biometric identifying technology, including but not
31 limited to facial recognition technology, on photographs, microphoto-
32 graphs, videotape, or any other recorded image or data produced by a bus
33 operation-related photo device, by any person for any purpose, are
34 prohibited. For purposes of this subparagraph, "person" shall include,
35 but not be limited to, a human being, a public or private corporation,
36 an unincorporated association, a partnership, a government or a govern-
37 mental instrumentality, a court or an administrative or adjudicatory
38 body, and any employee, officer, and agent of the foregoing.

39 (iv) Any applicable mass transit agency operating bus operation-relat-
40 ed photo devices shall be prohibited from accessing any photographs,
41 microphotographs, videotapes, other recorded images or data from bus
42 operation-related photo devices but shall provide, pursuant to an agree-
43 ment with the city of New York, for the proper handling and custody of
44 such photographs, microphotographs, videotapes, other recorded images
45 and data produced by such systems, and for the forwarding of such photo-
46 graphs, microphotographs, videotapes, other recorded images and data to
47 such city for the purpose of determining whether a motor vehicle was
48 operated in violation of bus operation-related traffic regulations and
49 imposing monetary liability on the owner of such motor vehicle therefor.

50 (v) Every bus upon which a mobile bus operation-related photo device
51 is installed and operated pursuant to a demonstration program authorized
52 pursuant to this section shall be equipped with signs, placards or other
53 displays giving notice to approaching motor vehicle operators that bus
54 operation-related photo devices are used to enforce bus operation-relat-
55 ed traffic regulations.

1 (b) Warning notices of violation shall be issued during the first
2 sixty days that bus operation-related photo devices pursuant to a demon-
3 stration program authorized by this section are active and in operation.

4 (c) If the city of New York has established a demonstration program
5 pursuant to subdivision (a) of this section, the owner of a vehicle
6 shall be liable for a penalty imposed pursuant to this section if such
7 vehicle was used or operated with the permission of the owner, express
8 or implied, in violation of any bus operation-related traffic regu-
9 lations and such violation is evidenced by information obtained from a
10 bus operation-related photo device; provided however that no owner of a
11 vehicle shall be liable for a penalty imposed pursuant to this section
12 where the operator of such vehicle has been convicted of the underlying
13 violation of such bus operation-related traffic regulation.

14 (d) For purposes of this section the following terms shall have the
15 following meanings:

16 1. "owner" shall have the meaning provided in article two-B of this
17 chapter.

18 2. "bus operation-related photo device" shall mean a device that is
19 capable of operating independently of an enforcement officer and produc-
20 es one or more images of each vehicle at the time it is in violation of
21 a bus operation-related traffic regulation.

22 3. "bus operation-related traffic regulations" shall mean the follow-
23 ing provisions set forth in chapter four of title thirty-four of the

26 standing rules prohibited-bus stop; 4-08(e)(9), general no stopping
27 zones-bicycle lanes; 4-08(f)(1), general no standing zones-double park-
28 ing; and 4-08(f)(4), general no standing zones-bus lane.

29 4. "manual on uniform traffic control devices" or "MUTCD" shall mean

35 identity based on a person's biometric information.

36 6. "biometric information" shall mean any measurable physical, physio-
37 logical or behavioral characteristics that are attributable to a person,
38 including but not limited to facial characteristics, fingerprint charac-

41 person including, but not limited to: fingerprints; handprints; retina
42 and iris patterns; DNA sequence; voice; gait; and facial geometry.

43 7. "facial recognition" shall mean any tool using an automated or
44 semi-automated process that assists in uniquely identifying or verifying
45 a person by comparing and analyzing patterns based on the person's face.

46 (e) A certificate, sworn to or affirmed by a technician employed by
47 the city of New York in which the charged violation occurred, or a
48 facsimile thereof, based upon inspection of photographs, microphoto-
49 graphs, videotape or other recorded images produced by a bus operation-
50 related photo device, shall be prima facie evidence of the facts
51 contained therein. Any photographs, microphotographs, videotape or
52 other recorded images evidencing such a violation shall be available for
53 inspection in any proceeding to adjudicate the liability for such
54 violation pursuant to this section.

55 (f) An owner liable for a violation of a bus operation-related traffic
56 regulation pursuant to a demonstration program established pursuant to

1 this section shall be liable for monetary penalties in accordance with a
2 schedule of fines and penalties to be promulgated by the parking
3 violations bureau of the city of New York. The liability of the owner
4 pursuant to this section shall not exceed fifty dollars for a first
5 violation, one hundred dollars for a second violation within a twelve-
6 month period, one hundred fifty dollars for a third violation within a
7 twelve-month period, two hundred dollars for a fourth violation within a
8 twelve-month period, and two hundred fifty dollars for each subsequent
9 violation within a twelve-month period; provided, however, that an owner
10 shall be liable for an additional penalty not to exceed twenty-five
11 dollars for each violation for the failure to respond to a notice of
12 liability within the prescribed time period.

13 (g) An imposition of liability under the demonstration program estab-
14 lished pursuant to this section shall not be deemed a conviction of an
15 operator and shall not be made part of the operating record of the
16 person upon whom such liability is imposed, nor shall it be used for
17 insurance purposes in the provision of motor vehicle insurance coverage.

18 (h) 1. A notice of liability shall be sent by first class mail to each
19 person alleged to be liable as an owner for a violation of a bus opera-
20 tion-related traffic regulation. Personal delivery to the owner shall
21 not be required. A manual or automatic record of mailing prepared in the
22 ordinary course of business shall be prima facie evidence of the facts
23 contained therein.

24 2. A notice of liability shall contain the name and address of the
25 person alleged to be liable as an owner for a violation of a bus opera-
26 tion-related traffic regulation, the registration number of the vehicle
27 involved in such violation, the location where such violation took place
28 including the street address or cross streets, one or more images iden-
29 tifying the violation, the date and time of such violation, the iden-
30 tification number of the bus operation-related photo device which
31 recorded the violation or other document locator number, and whether the
32 device was stationary or mobile. If the bus operation-related photo
33 device was mobile, an identity of the vehicle containing such bus opera-
34 tion-related photo device shall be included in the notice.

35 3. The notice of liability shall contain information advising the
36 person charged of the manner and the time in which he or she may contest
37 the liability alleged in the notice. Such notice of liability shall also
38 contain a warning to advise the persons charged that failure to contest
39 in the manner and time provided shall be deemed an admission of liabil-
40 ity and that a default judgment may be entered thereon.

41 4. The notice of liability shall be prepared and mailed by the agency
42 or agencies designated by the city of New York, or any other entity
43 authorized by such city to prepare and mail such notice of liability.

44 (i) Adjudication of the liability imposed upon owners by this section
45 shall be conducted by the New York city parking violations bureau.

46 (j) If an owner of a vehicle receives a notice of liability pursuant
47 to this section for any time period during which such vehicle was
48 reported to the police department as having been stolen, it shall be a
49 valid defense to an allegation of liability for a violation of a bus
50 operation-related traffic regulation pursuant to this section that the
51 vehicle had been reported to the police as stolen prior to the time the
52 violation occurred and had not been recovered by such time. For purposes
53 of asserting the defense provided by this subdivision it shall be suffi-
54 cient that a certified copy of the police report on the stolen vehicle
55 be sent by first class mail to the parking violations bureau of such
56 city.

(k) 1. An owner who is a lessor of a vehicle to which a notice of liability was issued pursuant to subdivision (h) of this section shall not be liable for the violation of a bus operation-related traffic regulation, provided that:

(i) prior to the violation, the lessor has filed with such parking violations bureau in accordance with the provisions of section two hundred thirty-nine of this chapter; and

(ii) within thirty-seven days after receiving notice from such parking violations bureau of the date and time of a liability, together with the other information contained in the original notice of liability, the lessor submits to such bureau the correct name and address of the lessee of the vehicle identified in the notice of liability at the time of such violation, together with such other additional information contained in the rental, lease or other contract document, as may be reasonably required by such bureau pursuant to regulations that may be promulgated for such purpose.

2. Failure to comply with subparagraph (ii) of paragraph one of this subdivision shall render the lessor liable for the penalty prescribed in this section.

3. Where the lessor complies with the provisions of paragraph one of this subdivision, the lessee of such vehicle on the date of such violation shall be deemed to be the owner of such vehicle for purposes of this section, shall be subject to liability for such violation pursuant to this section and shall be sent a notice of liability pursuant to subdivision (h) of this section.

(l) 1. If the owner liable for a violation of a bus operation-related traffic regulation pursuant to this section was not the operator of the vehicle at the time of such violation, the owner may maintain an action for indemnification against the operator.

2. Notwithstanding any other provision of this section, no owner of a vehicle shall be subject to a monetary fine imposed pursuant to this section if the operator of such vehicle was operating such vehicle without the consent of the owner at the time such operator failed to obey a bus operation-related traffic regulation. For purposes of this subdivision there shall be a presumption that the operator of such vehicle was operating such vehicle with the consent of the owner at the time such operator failed to obey a bus operation-related traffic regulation.

(m) Nothing in this section shall be construed to limit the liability of an operator of a vehicle for any violation of a bus operation-related traffic regulation.

(n) If the city of New York adopts a demonstration program pursuant to subdivision (a) of this section, such city and the applicable mass transit agency shall submit a report on the results of the use of bus operation-related photo devices to the governor, the temporary president of the senate, and the speaker of the assembly by April first, two thousand twenty-five and every two years thereafter. The city of New York and applicable mass transit agency shall also make such reports available on their public-facing websites, provided that they may provide aggregate data from paragraph one of this subdivision if the city finds that publishing specific location data would jeopardize public safety. Such report shall include, but not be limited to:

1. a description of the locations and/or buses where bus operation-related photo devices were used;

2. the total number of violations recorded on a monthly and annual basis;

3. the total number of notices of liability issued;

1 4. the number of fines and total amount of fines paid after the first
2 notice of liability;

3 5. the number of violations adjudicated and results of such adjudi-
4 cations including breakdowns of dispositions made;

5 6. the total amount of revenue realized by such city and any partic-
6 ipating mass transit agency and an itemized list of expenditures made by
7 the participating mass transit agency with these revenues;

8 7. the quality of the adjudication process and its results;

9 8. the total number of cameras by type of camera used;

10 9. the total cost to such city and the total cost to any participat-
11 ing mass transit agency; and

12 10. a detailed report on the bus speeds, reliability, and ridership
13 before and after implementation of the demonstration program for each
14 bus route, including current statistics.

15 (o) Any revenue from fines and penalties collected from any mobile bus
16 operation-related photo devices, not including any revenue shared with
17 the city of New York pursuant to agreement, shall be remitted by the
18 city of New York to the applicable mass transit agency on a quarterly
19 basis to be deposited in the general transportation account of the New
20 York city transportation assistance fund established pursuant to section
21 twelve hundred seventy-i of the public authorities law.

22 (p) It shall be a defense to any prosecution for a violation of a bus
23 operation-related traffic regulation pursuant to a demonstration program
24 adopted pursuant to this section that such bus operation-related photo
25 devices were malfunctioning at the time of the alleged violation.

26 § 2. Subdivision 1 of section 235 of the vehicle and traffic law, as
27 separately added by chapters 421, 460 and 773 of the laws of 2021, para-
28 graph (h) as relettered by chapter 258 of the laws of 2022, is amended
29 to read as follows:

30 1. Notwithstanding any inconsistent provision of any general, special
31 or local law or administrative code to the contrary, in any city which
32 heretofore or hereafter is authorized to establish an administrative
33 tribunal: (a) to hear and determine complaints of traffic infractions
34 constituting parking, standing or stopping violations, or (b) to adjudi-
35 cate the liability of owners for violations of subdivision (d) of
36 section eleven hundred eleven of this chapter imposed pursuant to a
37 local law or ordinance imposing monetary liability on the owner of a
38 vehicle for failure of an operator thereof to comply with traffic-con-
39 trol indications through the installation and operation of traffic-con-
40 trol signal photo violation-monitoring systems, in accordance with arti-
41 cle twenty-four of this chapter, or (c) to adjudicate the liability of
42 owners for violations of subdivision (b), (c), (d), (f) or (g) of
43 section eleven hundred eighty of this chapter imposed pursuant to a
44 demonstration program imposing monetary liability on the owner of a
45 vehicle for failure of an operator thereof to comply with such posted
46 maximum speed limits through the installation and operation of photo
47 speed violation monitoring systems, in accordance with article thirty of
48 this chapter, or (d) to adjudicate the liability of owners for
49 violations of bus lane restrictions as defined by article twenty-four of
50 this chapter imposed pursuant to a bus rapid transit program imposing
51 monetary liability on the owner of a vehicle for failure of an operator
52 thereof to comply with such bus lane restrictions through the installa-
53 tion and operation of bus lane photo devices, in accordance with article
54 twenty-four of this chapter, or (e) to adjudicate the liability of
55 owners for violations of toll collection regulations imposed by certain
56 public authorities pursuant to the law authorizing such public authori-

44 (f) The authority shall have the right to exercise and perform all or
45 part of its powers and functions pursuant to this subdivision or subdi-
46 vision twenty-seven-b of this section, through one or more wholly owned
47 subsidiaries. The authority may form such subsidiary by acquiring the
48 voting shares thereof or by resolution of the board directing any of its
49 trustees, officers or employees to organize a subsidiary pursuant to the
50 business corporation law, or the not-for-profit corporation law, or as
51 otherwise authorized by law. Such resolution shall prescribe the purpose
52 for which such subsidiary is to be formed, which shall not be inconsis-
53 ent with the provisions of this subdivision. Each such subsidiary pursu-
54 ant to this subdivision shall be subject to any provision of this chap-
55 ter pertaining to subsidiaries of public authorities, except that
56 subdivision three of section twenty-eight hundred twenty-seven-a of this

chapter shall not apply to any subsidiary organized pursuant to this section. The authority may transfer to any such subsidiary any moneys, property (real, personal or mixed) or facilities in order to carry out the purposes of this subdivision. Each such subsidiary shall have all the privileges, immunities, tax exemptions and other exemptions of the authority to the extent the same are not inconsistent with the statute or statutes pursuant to which such subsidiary was incorporated; provided, however, that in any event any such subsidiary shall be entitled to exemptions from the public service law and any regulation by, or the jurisdiction of, the public service commission, except as otherwise provided in this subdivision or subdivision twenty-seven-b of this section. In exercising the authority provided for in paragraph (a) of this subdivision, the authority or any subsidiary thereof, may enter into public-private partnership agreements, to the extent the authority determines that such collaborations are in the best interest of the state, and necessary to mitigate financial risks to the authority to manageable levels as determined by the trustees. Nothing in this subdivision shall be construed as authorizing any private entity that enters into a public-private partnership or a similar agreement, or any contract authorized herein, with the authority or a subsidiary thereof, to receive, exercise or claim entitlement to any of the privileges, immunities, tax exemptions or other exemptions of the authority or any subsidiary thereof.

(g) The source of any financing and/or loans for any of the actions authorized in this subdivision may include: (i) the proceeds of notes issued pursuant to section one thousand nine-a of this title; (ii) the proceeds of bonds issued pursuant to section one thousand ten of this title; (iii) other funds made available by the authority for such purposes; or (iv) any other funds made available to the authority from non-authority sources including but not limited to state or federal monies.

(h) For any renewable energy generating project authorized by this subdivision, identified in the strategic plan and developed after its effective date, the authority is authorized, pursuant to law and regulation, to:

(i) sell renewable energy credits or attributes to, the New York state energy research and development authority, including for the purpose of supporting the greenhouse gas emission reduction goals in the climate leadership and community protection act;

(ii) sell renewable power and energy and ancillary services to, or into, markets operated by the federally designated electric bulk system operator for New York state;

(iii) sell renewable power and energy and renewable energy credits or attributes to: (A) any load serving entity in the state, including the Long Island power authority (directly, or through its service provider, as appropriate), including but not limited to the purpose of providing bill credits to low-income or moderate-income end-use electricity consumers in disadvantaged communities for renewable energy produced by renewable energy systems as provided for in subdivision twenty-seven-b of this section;

(B) manufacturers of green hydrogen produced through electrolysis or other zero-emission technology to displace fossil fuel use in the state for use at facilities located in the state;

(C) any public entity or authority customer;

(D) community distributed generation providers, energy aggregators and similar entities for the benefit of subscribers to community distributed

1 generation projects in the state, including low-income or moderate-in-
2 come end-use electricity consumers located in disadvantaged communities;
3 and

4 (E) any CCA community.

5 (i) For purposes of this subdivision, the following terms shall have
6 the meanings indicated in this paragraph unless the context indicates
7 another meaning or intent:

8 (i) "Authority customer" means an entity located in the state to which
9 the authority sells or is under contract to sell power or energy under
10 the authority in this title or any other law.

11 (ii) "CCA community" means one or more municipal corporations located
12 within the state that have provided for the purchase of power, energy,
13 or renewable energy credits or other attributes under a CCA program.

14 (iii) "CCA program" means a community choice aggregation program
15 approved by the public service commission.

16 (iv) "Disadvantaged communities" has the meaning ascribed to that term
17 by subdivision five of section 75-0101 of the environmental conservation
18 law.

19 (v) "Public entity" has the same meaning as in subparagraph five of
20 paragraph (b) of subdivision seventeen of this section.

21 (vi) "Renewable energy generating project" or "project" means:

22 (A) facilities that generate power and energy by means of a renewable
23 energy system;

24 (B) facilities that store and discharge power and energy; and

25 (C) facilities, including generator lead lines, for interconnection of
26 renewable energy generating projects to delivery points within the state
27 of New York.

28 (vii) "Renewable energy system" has the same meaning as section
29 sixty-six-p of the public service law.

30 (j) The authority shall complete and submit a report, on or before
31 January thirty-first, two thousand twenty-five, and annually thereafter,
32 to the governor, the speaker of the assembly, and the temporary presi-
33 dent of the senate, and shall post such report on the authority's
34 website such that the report is accessible for public review. Such
35 report shall include, but not be limited to:

36 (i) a description of the renewable energy projects the authority has
37 planned, designed, developed, financed, or constructed and that it owns,
38 operates, maintains or improves, alone or jointly with other entities,
39 under the authority of this subdivision;

40 (ii) a description of the acquisition, lease or other disposition of
41 interests in renewable energy generating projects by the authority under
42 this subdivision;

43 (iii) a listing of all renewable power, energy, ancillary services and
44 related credits and attributes sold or purchased by the authority from
45 such projects;

46 (iv) a listing of the entities to which the authority has supplied,
47 allocated or sold any renewable power, energy, ancillary services or
48 related credits or attributes from such projects;

49 (v) a listing and description of all subsidiaries that the authority
50 formed, public-private partnerships the authority has joined, and the
51 subsidiaries and public-private partnerships from and to which the
52 authority acquired or transferred any interests;

53 (vi) the total amount of revenues generated from the sale of renewable
54 energy products from such projects; and

55 (vii) an explanation of how each renewable energy generation project
56 supports the purposes listed in paragraph (a) of this subdivision.

1 (k) All renewable energy generating projects subject to this subdivi-
2 sion and subdivision twenty-seven-b of this section shall be deemed
3 public work and subject to and performed in accordance with articles
4 eight and nine of the labor law. Each contract for such renewable energy
5 generating project shall contain a provision that such projects may only
6 be undertaken pursuant to a project labor agreement. For purposes of
7 this subdivision and subdivision twenty-seven-b of this section,
8 "project labor agreement" shall mean a pre-hire collective bargaining
9 agreement between the authority, or a third party on behalf of the
10 authority, and a bona fide building and construction trade labor organ-
11 ization establishing the labor organization as the collective bargaining
12 representative for all persons who will perform work on a public work
13 project, and which provides that only contractors and subcontractors who
14 sign a pre-negotiated agreement with the labor organization can perform
15 project work. All contractors and subcontractors associated with this
16 work shall be required to utilize apprenticeship agreements as defined
17 by article twenty-three of the labor law.

18 (l) The authority shall include requirements in any procurement or
19 development of a renewable energy generating project, as defined in this
20 subdivision, that the components and parts shall be produced or made in
21 whole or substantial part in the United States, its territories or
22 possessions. The authority's president and chief executive officer, or
23 his or her designee may waive the procurement and development require-
24 ments set forth in this paragraph if such official determines that: the
25 requirements would not be in the public interest; the requirements would
26 result in unreasonable costs; obtaining such infrastructure components
27 and parts in the United States would increase the cost of a renewable
28 energy generating project by an unreasonable amount; or such components
29 or parts cannot be produced, made, or assembled in the United States in
30 sufficient and reasonably available quantities or of satisfactory quali-
31 ty. Such determination must be made on an annual basis no later than
32 December thirty-first, after providing notice and an opportunity for
33 public comment, and such determination shall be made publicly available,
34 in writing, on the authority's website with a detailed explanation of
35 the findings leading to such determination. If the authority's president
36 and chief executive officer, or his or her designee, has issued determi-
37 nations for three consecutive years finding that no such waiver is
38 warranted pursuant to this paragraph, then the authority shall no longer
39 be required to provide the annual determination required by this para-
40 graph.

41 (m) (i) Nothing in this subdivision or subdivision twenty-seven-b of
42 this section shall alter the rights or benefits, and privileges, includ-
43 ing, but not limited to terms and conditions of employment, civil
44 service status, and collective bargaining unit membership, of any
45 current employees of the authority.

46 (ii) Nothing in this article shall result in: (A) the discharge,
47 displacement, or loss of position, including partial displacement such
48 as a reduction in the hours of non-overtime work, wages, or employment
49 benefits; (B) the impairment of existing collective bargaining agree-
50 ments; (C) the transfer of existing duties and functions; or (D) the
51 transfer of future duties and functions, of any currently employed work-
52 er of the state or any agency, public authority or the state university
53 of New York.

54 (n) The authority shall enter into a memorandum of understanding for
55 the operation and maintenance of a renewable energy generating project
56 developed pursuant to this subdivision or subdivision twenty-seven of

1 this section with a bona fide labor organization of jurisdiction that is
2 actively engaged in representing transitioning employees from non-renew-
3 able generation facilities. Such memorandum shall be entered into prior
4 to the completion date of a renewable energy generating project and
5 shall be an ongoing material condition of authorization to operate and
6 maintain a renewable energy generating project developed pursuant to
7 this subdivision or subdivision twenty-seven-b of this section. The
8 memorandum shall only apply to the employees necessary for the mainte-
9 nance and operation of such renewable energy generating projects. Such
10 memorandum shall contain but not be limited to safety and training stan-
11 dards, disaster response measures, guaranteed hours, staffing levels,
12 pay rate protection, and retraining programs. The employees eligible for
13 these positions shall first be selected from a pool of transitioning
14 workers who have lost their employment or will be losing their employ-
15 ment in the non-renewable energy generation sector. Such list of poten-
16 tial employees will be provided by affected labor organizations and
17 provided to the department of labor. The department of labor shall
18 update and provide such list to the authority ninety days prior to
19 purchase, acquisition, and/or construction of any project under this
20 subdivision or subdivision twenty-seven-b of this section.

21 (o) For the purposes of article fifteen-A of the executive law, any
22 person entering into a contract for a project authorized pursuant to
23 this section shall be deemed a state agency as that term is defined in
24 such article and such contracts shall be deemed state contracts within
25 the meaning of that term as set forth in such article.

26 (p) Nothing in this subdivision or subdivision twenty-seven-b of this
27 section, shall be construed as exempting the authority, its subsid-
28 iaries, or any renewable energy generating projects undertaken pursuant
29 to this section from the requirements of section ninety-four-c of the
30 executive law respecting any renewable energy system developed by the
31 authority or an authority subsidiary after the effective date of this
32 subdivision that meets the definition of "major renewable energy facili-
33 ty" as defined in section ninety-four-c of the executive law and section
34 eight of part JJJ of chapter fifty-eight of the laws of two thousand
35 twenty, as it relates to host community benefits, and section 11-0535-c
36 of the environmental conservation law as it relates to an endangered and
37 threatened species mitigation bank fund.

38 (q) All renewable energy generating projects the authority plans to
39 undertake pursuant to the authority and directive of paragraph (a) of
40 this subdivision, and identified in the strategic plan, shall be subject
41 to review and approval of the authority's board of trustees.

42 § 2. Section 1005 of the public authorities law is amended by adding a
43 new subdivision 27-b to read as follows:

49 use electricity consumer located in a disadvantaged community, for
50 renewable energy produced by renewable energy systems developed,
51 constructed, owned, or contracted for by the power authority of the
52 state of New York and injected into a distribution or transmission
53 facility at one or more points in New York state, together with any
54 enhanced incentive payments for a community distributed generation

23 ble, to be known as the "renewable energy access and community help
24 program" or "REACH", that will enable low-income or moderate-income
25 end-use electricity consumers in disadvantaged communities, including
26 such end-use electricity customers who reside in buildings that have
27 on-site net-metered generation or who participate in a community choice
28 aggregation or community distributed generation project, unless they opt
29 out of REACH, to receive bill credits generated by the production of
30 renewable energy by a renewable energy system planned, designed, devel-
31 oped, financed, constructed, owned, operated, maintained or improved, or

4 in disadvantaged communities for renewable energy produced by renewable
5 energy systems, upon terms and conditions approved by the public service
6 commission pursuant to subdivisions seven and eight of section sixty-
7 six-p of the public service law.

8 (d) The authority shall complete and submit a report, on or before
9 January thirty-first, two thousand twenty-five, and annually thereafter,
10 to the governor, the speaker of the assembly, the temporary president of
11 the senate, the minority leader of the assembly, and the minority leader
12 of the senate which shall be posted on the authority's website, and
13 shall include, but not be limited to:

14 (i) contracts entered into by the authority for the development,
15 construction and/or operation of renewable energy systems that are
16 intended in whole or in part to support REACH, and the planned location
17 of such projects;

18 (ii) renewable energy systems that are being planned and developed or
19 that have been developed by or for the authority that are intended in
20 whole or in part to support REACH, and the location of such projects;

24 the sale of renewable capacity, energy, renewable credits or attributes,
25 and related ancillary services that are used to fund bill credits; and

34 data as may be required by the authority in carrying out the purposes of
35 this subdivision.

36 (f) Within one year of the effective date of this subdivision, the
37 authority shall issue a report to the governor, the speaker of the
38 assembly, the temporary president of the senate, the minority leader of
39 the assembly, and the minority leader of the senate that addresses the
40 feasibility and advisability of implementing a program similar to REACH
41 for the purpose of providing bill credits to low-income or moderate-in-
42 come end-use electricity consumers located in disadvantaged communities
43 in the service territories of municipal distribution utilities and rural
44 electric cooperatives located in New York state. The authority may
45 confer with any municipal distribution utility or its representatives,
46 and any rural electric cooperative or its representatives, and may
47 request from any municipal distribution utility, rural electric cooper-
48 ative, department, division, office, commission or other agency of the
49 state or state public authority, and the same are authorized to provide,
50 such assistance, services and data as may be required by the authority
51 to complete the report.

52 (g) Nothing in this subdivision shall be construed as authorizing any
53 private entity that enters into a public-private partnership or a simi-
54 lar agreement, or any contract authorized herein, with the authority or
55 an authority subsidiary, to receive, exercise or claim entitlement to

any of the privileges, immunities, tax exemptions or other exemptions of the authority or any authority subsidiary.

§ 3. Subdivision 1 of section 66-p of the public service law, as added by chapter 106 of the laws of 2019, is amended to read as follows:

1. As used in this section:

(a) "jurisdictional load serving entity" means any entity subject to the jurisdiction of the commission that secures energy to serve the electrical energy requirements of end-use customers in New York state[+].

(b) "renewable energy systems" means systems that generate electricity or thermal energy through use of the following technologies: solar thermal, photovoltaics, on land and offshore wind, hydroelectric, geothermal electric, geothermal ground source heat, tidal energy, wave energy, ocean thermal, and fuel cells which do not utilize a fossil fuel resource in the process of generating electricity.

(c) "bill credit" shall have the same meaning as in subparagraph (i) of paragraph (a) of subdivision twenty-seven-b of section one thousand five of the public authorities law.

(d) "disadvantaged community" means a community defined as a disadvantaged community under article seventy-five of the environmental conservation law.

(e) "renewable energy" means electrical energy produced by a renewable energy system.

(f) "low-income or moderate-income end-use consumer" shall mean end-use customers of electric corporations and combination gas and electric corporations regulated by the public service commission whose income is found to be below the state median income based on household size.

§ 4. Section 66-p of the public service law is amended by adding a new subdivision 8 to read as follows:

8. The power authority of the state of New York shall, no later than twelve months after the effective date of this subdivision, file a petition to commence, and the commission shall commence, necessary proceedings to enable the power authority of the state of New York to provide bill credits from renewable energy generating projects under the renewable energy access and community help program, or "REACH", established pursuant to subdivision twenty-seven-b of section one thousand five of the public authorities law, to low-income or moderate-income end-use electricity consumers in disadvantaged communities for renewable energy produced by renewable energy generating projects developed, constructed, owned, or contracted for by the power authority of the state of New York pursuant to subdivision twenty-seven-a of section one thousand five of the public authorities law. Such bill credits shall be in addition to any other renewable energy program or any other program or benefit that low-income or moderate-income end-use electricity consumers in disadvantaged communities receive, and any other incentives made available by the power authority of the state of New York. For purposes of this subdivision, a renewable energy system developed, constructed, owned, or contracted for by the authority shall be:

(a) sized up to and including five megawatts alternating current and interconnected to the distribution system or transmission system in the service territory of the electric utility that serves the low-income or moderate-income end-use consumers that receive bill credits; or

(b) sized above five megawatts alternating current and interconnected to the distribution or transmission system at one or more points anywhere in New York state. The commission shall, after public notice and comment, establish such programs implementing REACH which:

1 (i) provide that jurisdictional load serving entities shall enter into
2 agreements with the power authority of the state of New York to carry
3 out REACH;

4 (ii) provide that jurisdictional load serving entities shall file
5 tariffs and other solutions determined by the commission to implement
6 REACH at a reasonable cost while ensuring safe and reliable electric
7 service;

8 (iii) provide that, unless they opt out, low-income or moderate-income
9 end-use electricity consumers in disadvantaged communities, including
10 such end-use electricity customers who have or who reside in buildings
11 that have on-site net-metered generation or who participate in a commu-
12 nity choice aggregation or community distributed generation project,
13 shall receive bill credits for renewable energy produced by a renewable
14 energy system developed, constructed, owned, or contracted for by the
15 power authority of the state of New York pursuant to subdivision twen-
16 ty-seven-a of section one thousand five of the public authorities law;

17 (iv) consider enhanced incentive payments in bill credits to low-in-
18 come or moderate-income end-use electricity consumers in disadvantaged
19 communities for renewable energy systems including solar and community
20 distributed generation projects as provided for in paragraph (b) of
21 subdivision seven of this section;

22 (v) to the extent practicable include energy storage in renewable
23 energy systems to deliver clean energy benefits to low-income or moder-
24 ate-income end-use electricity consumers in disadvantaged communities as
25 provided for in paragraphs (a) and (b) of subdivision seven of this
26 section; and

27 (vi) address recovery by jurisdictional load serving entities of their
28 prudently incurred costs of administering REACH in electric service
29 delivery rates of the utility in whose service territory low-income or
30 moderate-income end-use electricity consumers in a disadvantaged commu-
31 nity participate in REACH.

32 § 5. Section 1005 of the public authorities law is amended by adding a
33 new subdivision 27-c to read as follows:

34 27-c. (a) Within two years of the effective date of this subdivision,
35 the authority shall publish a plan providing for the proposed phase out,
36 by December thirty-first, two thousand thirty, of the production of
37 electric energy from its small natural gas power plants. The plan shall
38 include a proposed strategy to replace, where appropriate, the small
39 natural gas power plants with renewable energy systems, as defined in
40 section sixty-six-p of the public service law, including renewable ener-
41 gy generating projects authorized pursuant to subdivision twenty-seven-a
42 of this section provided such projects shall be included in the strate-
43 gic plan established pursuant to subdivision twenty-seven-a of this
44 section. By December thirty-first, two thousand thirty, the authority
45 shall cease production of electricity at each of its small natural gas
46 power plants should the authority determine that such plant or plants,
47 or the electricity production therefrom are not needed for any of the
48 following purposes: (i) emergency power service; or (ii) electric system
49 reliability, including but not limited to, operating facilities to main-
50 tain power system requirements for facility thermal limits, voltage
51 limits, frequency limits, fault current duty limits, or dynamic stabi-
52 lity limits, in accordance with the system reliability standards of the
53 North American electric reliability corporation, criteria of the north-
54 east power coordinating council, rules of the New York state reliability
55 council, and as applicable, reliability rules of the utility in whose
56 service territory a small natural gas power plant is located. Notwith-

1 standing any other provision of this paragraph, the authority may
2 continue to produce electric energy at any of the small natural gas
3 power plants if existing or proposed replacement generation resources
4 would result in more than a de minimis net increase of emissions of
5 carbon dioxide or criteria air pollutants within a disadvantaged commu-
6 nity as defined in subdivision five of section 75-0101 of the environ-
7 mental conservation law. The authority shall file deactivation notices
8 with the federally designated electric bulk system operator for the
9 state of New York for the purpose of ceasing electricity production from
10 the small natural gas power plants in a timeframe sufficient to facili-
11 tate the cessation of electricity production pursuant to this paragraph.

12 (b) In determining whether to cease electricity production from any
13 small natural gas power plant, the authority is authorized to confer
14 with the federally designated electric bulk system operator for the
15 state, the New York state energy research and development authority, the
16 department of public service, and the distribution utility in whose
17 service territory such small natural gas power plant operates, in addi-
18 tion to such other stakeholders as the authority determines to be appro-
19 priate. Determinations shall be on a plant by plant basis, be updated
20 no less than every two years, and be made publicly available along with
21 the supporting documentation on which the determination was based. In
22 making such determinations, the authority shall provide an opportunity
23 for public comment of not less than sixty days prior to the public hear-
24 ing and shall hold at least one public hearing in the affected communi-
25 ty.

26 (c) Nothing in this subdivision is intended to, nor shall be construed
27 to, prohibit the authority in its discretion from using, or permitting
28 the use of, including through lease, sale, or other arrangement, any
29 small natural gas power plant or its site or associated infrastructure
30 in whole or in part for electric system purposes that does not involve
31 the combustion of fossil fuels, including, but not limited to providing
32 system voltage support, energy storage, interconnection of existing or
33 new renewable generation, or the use of the generator step up transfor-
34 mers and substations for transmission or distribution purposes provided
35 that such use, lease, sale, or other arrangement shall comply with
36 existing law.

37 (d) For purposes of this subdivision, the term "small natural gas
38 power plant" or "plant" means each of the seven electric generating
39 power plants owned and operated by the authority located at six sites in
40 Bronx, Brooklyn, Queens and Staten Island and one site in Brentwood,
41 Suffolk county, which each use one or more simple cycle combustion
42 turbine units, totaling eleven units, fueled by natural gas and which
43 typically operate during periods of peak electric system demand.

44 § 6. Section 1020-f of the public authorities law, as added by chapter
45 517 of the laws of 1986, is amended by adding a new subdivision (jj) to
46 read as follows:

47 (jj) As deemed feasible and advisable by the trustees, to enter into
48 contracts with the power authority of the state of New York for the
49 provision of bill credits generated by the production of renewable ener-
50 gy by a renewable energy system developed, constructed, owned, or
51 contracted for by the power authority of the state of New York under the
52 renewable energy access and community help program established pursuant
53 to subdivision twenty-seven-b of section one thousand five of this arti-
54 cle and, unless such end-use electricity consumers opt out, to provide
55 such bill credits to low-income or moderate-income end-use electricity
56 consumers in disadvantaged communities, including such end-use electric-

ity customers who have or who reside in buildings that have on-site net-metered generation or who participate in a community choice aggregation or community distributed generation project.

§ 7. Section 1005 of the public authorities law is amended by adding a new subdivision 27-d to read as follows:

27-d. Beginning in state fiscal year two thousand twenty-four--two thousand twenty-five, the authority is authorized, as deemed feasible and advisable by the trustees, to make available an amount up to twenty-five million dollars annually to the department of labor to fund programs established or implemented by or within the department of labor, including but not limited to the office of just transition and programs for workforce training and retraining, to prepare workers for employment for work in the renewable energy field.

§ 8. Paragraph (a) and subparagraph 1 of paragraph (b) of subdivision 13-b of section 1005 of the public authorities law, as added by section 4 of part CC of chapter 60 of the laws of 2011, are amended to read as follows:

(a) Residential consumer electricity cost discount. Notwithstanding any provision of this title or article six of the economic development law to the contrary, the authority is authorized, as deemed feasible and advisable by the trustees, to use revenues from the sale of hydroelectric power, and such other funds of the authority as deemed feasible and advisable by the trustees, to fund monthly payments to be made for the benefit of such classes of electricity consumers as enjoyed the benefits of authority hydroelectric power withdrawn pursuant to subdivision thirteen-a of this section, for the purpose of mitigating price impacts associated with the reallocation of such power in the manner described in this subdivision. Such monthly payments shall commence after such hydroelectric power is withdrawn and shall cease August first, two thousand twenty-three. The total annual amount of monthly payments for each of the three twelve month periods following withdrawal of such ~~[hydroelectric]~~ hydroelectric power shall be one hundred million dollars. The total annual amount of monthly payments for each of the two subsequent twelve month periods shall be seventy million dollars and fifty million dollars, respectively. Thereafter, the total annual amount of monthly payments for each twelve month period through the final period ending August first, two thousand twenty-three shall be thirty million dollars. The total amount of monthly payments shall be apportioned by the authority among the utility corporations that, prior to the effective date of this subdivision, purchased such hydroelectric power for the benefit of their domestic and rural consumers according to the relative amounts of such power purchased by such corporations. The monthly payments shall be credited to the electricity bills of such corporations' domestic and rural consumers in a manner to be determined by the public service commission of the state of New York. The monthly credit provided by any such corporation to any one consumer shall not exceed the total monthly electric utility cost incurred by such consumer.

(1) Beginning with the second twelve month period after such hydroelectric power is withdrawn, up to eight million dollars of the residential consumer electricity cost discount established by paragraph (a) of this subdivision shall be dedicated for monthly payments to agricultural producers who receive electric service at the residential rate, provided that in the final twelve month period ending August first, two thousand twenty-three, the amount dedicated for agricultural producers shall not exceed twenty percent of the amount made available for the overall residential consumer electricity cost discount. The total amount of monthly

1 payments shall be apportioned by the authority among the utility corpo-
2 rations in the same manner as they are apportioned in paragraph (a) of
3 this subdivision. Monthly payments shall be credited to the electricity
4 bills of such corporations' agricultural consumers in a manner to be
5 determined by the public service commission of the state of New York.
6 The combined monthly credit, under this paragraph and paragraph (a) of
7 this subdivision, provided by any such corporation to any one consumer
8 shall not exceed the total monthly electric utility cost incurred by
9 such consumer.

10 § 9. Subdivision 13-b of section 1005 of the public authorities law,
11 as added by section 4 of part CC of chapter 60 of the laws of 2011,
12 paragraph (a) and subparagraph 1 of paragraph (b) as amended by section
13 eight of this act, is amended to read as follows:

Such monthly payments shall commence September first, two thousand twenty-four. The total annual amount of monthly payments shall not exceed five million dollars.

(2) The authority shall work cooperatively with the department of public service to evaluate the agricultural consumer electricity cost discount, which shall include an assessment of the benefits to recipients compared to the benefits the recipients received from the authority's hydroelectric power, withdrawn pursuant to subdivision thirteen-a of this section, during the twelve month period ending December thirty-first, two thousand ten, and compared to other agricultural consumers that did not choose to receive the discount.

~~(a)~~ (b) Energy efficiency program. (1) Beginning with the withdrawal of such hydroelectric power, the authority or the New York state energy research and development authority, shall conduct an energy efficiency program for five years to provide energy efficiency improvements for the purpose of reducing energy consumption for domestic and rural consumers. Such energy efficiency program may be undertaken in cooperation with other energy efficiency programs offered by utility corporations, state agencies and authorities including but not limited to the New York state energy research and development authority; provided however that energy savings attributable to such other energy efficiency programs shall not be included in determining the amount of energy saved pursuant to the program established by this paragraph;

(2) The authority or the New York state energy research and development authority shall annually post on their website a report evaluating the energy efficiency program, including but not limited to, the number of domestic and rural consumers who opted to participate in the program and, if practicable, the estimated savings the domestic and rural consumers received by participating in the energy efficiency program.

§ 10. Nothing in this act is intended to limit, impair, or affect the legal authority of the Power Authority of the State of New York under any other provision of law.

§ 11. Severability. If any word, phrase, clause, sentence, paragraph, section, or part of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the word, phrase, clause, sentence, paragraph, section, or part ther-

1 eof directly involved in the controversy in which such judgment shall
2 have been rendered.

3 § 12. This act shall take effect immediately; provided, however, that
4 section nine of this act shall take effect January 1, 2024.

5 PART RR

6 Section 1. Subdivision 6 of section 11-104 of the energy law, as added
7 by chapter 374 of the laws of 2022, is amended and two new subdivisions
8 7 and 8 are added to read as follows:

9 6. (a) To the fullest extent feasible, the standards for construction
10 of buildings in the code shall be designed to help achieve the state's
11 clean energy and climate agenda, including but not limited to greenhouse
12 gas reduction, set forth within chapter one hundred six of the laws of
13 two thousand nineteen, also known as the New York state climate leader-
14 ship and community protection act, and as further identified by the New
15 York state climate action council established pursuant to section
16 75-0103 of the environmental conservation law.

17 (b) In addition to the foregoing, to support the goal of zero on-site
18 greenhouse gas emissions and help achieve the state's clean energy and
19 climate agenda, including but not limited to greenhouse gas reduction
20 requirements set forth within chapter one hundred six of the laws of two
21 thousand nineteen, also known as the New York state climate leadership
22 and community protection act, the code shall prohibit the installation
23 of fossil-fuel equipment and building systems, in any new building not
24 more than seven stories in height, except for a new commercial or indus-
25 trial building greater than one hundred thousand square feet in condi-
26 tioned floor area, on or after December thirty-first, two thousand twen-
27 ty-five, and the code shall prohibit the installation of fossil-fuel
28 equipment and building systems, in all new buildings after December
29 thirty-first, two thousand twenty-eight.

30 7. (a) The provisions set forth in paragraph (b) of subdivision six of
31 this section shall not be construed as applying to buildings existing
32 prior to the effective date of the applicable prohibition, including to:

33 (i) the repair, alteration, addition, relocation, or change of occu-
34 pancy or use of such buildings; and

35 (ii) the installation or continued use and maintenance of fossil-fuel
36 equipment and building systems, including as related to cooking equip-
37 ment, in any such buildings.

38 (b) In addition, in effectuating the provisions set forth in paragraph
39 (b) of subdivision six of this section the code shall include exemptions
40 for the purposes of allowing the installation and use of fossil-fuel
41 equipment and building systems where such are installed and used:

42 (i) for generation of emergency back-up power and standby power
43 systems;

44 (ii) in a manufactured home as defined in subdivision seven of section
45 six hundred one of the executive law; or

46 (iii) in a building or part of a building that is used as a manufac-
47 turing facility, commercial food establishment, laboratory, car wash,
48 laundromat, hospital, other medical facility, critical infrastructure,
49 including but not limited to emergency management facilities, wastewater
50 treatment facilities, and water treatment and pumping facilities, agri-
51 cultural building, fuel cell system, or crematorium, as such terms are
52 defined by the code council.

53 (c) Where the code includes an allowed exemption pursuant to subpara-
54 graph (i) or (iii) of paragraph (b) of this subdivision, other than

agricultural buildings as defined by the council, such exemption shall include provisions that, to the fullest extent feasible, limit the use of fossil-fuel equipment and building systems to the system and area of the building for which a prohibition on fossil-fuel equipment and building systems is infeasible; require the area or service within a new building where fossil-fuel equipment and building systems are installed be electrification ready, except with respect to servicing manufacturing or industrial processes; and minimize emissions from the fossil-fuel equipment and building systems that are allowed to be used, provided that the provisions set forth in this paragraph do not adversely affect health, safety, security, or fire protection. Financial considerations shall not be sufficient basis to determine physical or technical infeasibility.

(d) Exemptions included in the code pursuant to this subdivision shall be periodically reviewed by the state fire prevention and building code council to assure that they continue to effectuate the purposes of subdivision six of this section to the fullest extent feasible.

(e) The code shall allow for exemption of a new building construction project that requires an application for new or expanded electric service, pursuant to subdivision one of section thirty-one of the public service law and/or section twelve of the transportation corporations law, when electric service cannot be reasonably provided by the grid as operated by the local electric corporation or municipality pursuant to subdivision one of section sixty-five of the public service law; provided, however, that the public service commission shall determine reasonableness for purposes of this exemption. For the purposes of this paragraph, "grid" shall have the same meaning as electric plant, as defined in subdivision twelve of section two of the public service law.

8. For the purposes of this section:

(a) "Fossil-fuel equipment and building systems" shall mean (i) equipment, as such term is defined in section 11-102 of this article, that uses fossil-fuel for combustion; or (ii) systems, other than items supporting an industrial or commercial process as referred to in the definition of equipment in section 11-102 of the energy law, associated with a building that will be used for or to support the supply, distribution, or delivery of fossil-fuel for any purpose, other than for use by motor vehicles.

(b) "Electrification ready" means the new building or portion thereof where fossil-fuel equipment and building systems are allowed to be used which contains electrical systems and designs that provide sufficient capacity for a future replacement of such fossil-fuel equipment and building systems with electric-powered equipment, including but not limited to sufficient space, drainage, electrical conductors or raceways, bus bar capacity, and overcurrent protective devices for such electric-powered equipment.

§ 2. Section 371 of the executive law, as added by chapter 707 of the laws of 1981, is amended to read as follows:

§ 371. Statement of legislative findings and purposes. 1. The legislature hereby finds and declares that:

a. The present level of loss of life, injury to persons, and damage to property as a result of fire demonstrates that the people of the state have yet to receive the basic level of protection to which they are entitled in connection with the construction and maintenance of buildings;

b. There does not exist for all areas of the state a single, adequate, enforceable code establishing minimum standards for fire protection and

1 construction, maintenance and use of materials in buildings. Instead,
2 there exists a multiplicity of codes and requirements for various types
3 of buildings administered at various levels of state and local govern-
4 ment. There are, in addition, extensive areas of the state in which no
5 code at all is in effect for the general benefit of the people of the
6 state;

7 c. The present system of enforcement of fire protection and building
8 construction codes is characterized by a lack of adequately trained
9 personnel, as well as inconsistent qualifications for personnel who
10 administer and enforce those codes;

11 d. Whether because of the absence of applicable codes, inadequate code
12 provisions or inadequate enforcement of codes, the threat to the public
13 health and safety posed by fire remains a real and present danger for
14 the people of the state; and

15 e. The multiplicity of fire protection and building construction code
16 requirements poses an additional problem for the people of the state
17 since it increases the cost of doing business in the state by perpetuat-
18 ing multiple requirements, jurisdictional overlaps and business uncer-
19 tainties, and, in some instances, by artificially inducing high
20 construction costs.

21 2. The legislature declares that it shall be the public policy of the
22 state of New York to:

23 a. Immediately provide for a minimum level of protection from the
24 hazards of fire in every part of the state;

25 b. Provide for the promulgation of a uniform code addressing building
26 construction and fire prevention in order to provide a basic minimum
27 level of protection to all people of the state from hazards of fire and
28 inadequate building construction. In providing for such a uniform code,
29 it is declared to be the policy of the state of New York to:

30 (1) reconcile the myriad existing and potentially conflicting regu-
31 lations which apply to different types of buildings and occupancies;

32 (2) recognize that fire prevention and fire prevention codes are
33 closely related to the adequacy of building construction codes, that the
34 greatest portion of a building code's requirements are fire safety
35 oriented, and that fire prevention and building construction concerns
36 should be the subject of a single code;

37 (3) recognize that the decarbonization of new and existing buildings
38 is closely related to the state's clean energy and climate agenda as
39 described in the New York climate leadership and community protection
40 act set forth in chapter one hundred six of the laws of two thousand
41 nineteen, and that the uniform code shall enable the state's clean ener-
42 gy objectives;

43 (4) place public and private buildings on an equal plane with respect
44 to fire prevention and adequacy of building construction;

45 [~~4~~] (5) require new and existing buildings alike to keep pace with
46 advances in technology concerning fire prevention and building
47 construction, including, where appropriate, that provisions apply on a
48 retroactive basis; and

49 [~~5~~] (6) provide protection to both residential and non-residential
50 buildings;

51 c. Insure that the uniform code be in full force and effect in every
52 area of the state;

53 d. Encourage local governments to exercise their full powers to admin-
54 ister and enforce the uniform code; and

1 e. Provide for a uniform, statewide approach to the training and qual-
2 ification of personnel engaged in the administration and enforcement of
3 the uniform code.

4 § 3. Subdivision 19 of section 378 of the executive law, as renumbered
5 by chapter 47 of the laws of 2022, is renumbered subdivision 20 and a
6 new subdivision 19 is added to read as follows:

7 19. a. To support the goal of zero on-site greenhouse gas emissions
8 and help achieve the state's clean energy and climate agenda, including
9 but not limited to greenhouse gas reduction requirements set forth with-
10 in chapter one hundred six of the laws of two thousand nineteen, also
11 known as the New York state climate leadership and community protection
12 act, the uniform code shall prohibit the installation of fossil-fuel
13 equipment and building systems, in any new building not more than seven
14 stories in height, except for a new commercial or industrial building
15 greater than one hundred thousand square feet in conditioned floor area,
16 on or after December thirty-first, two thousand twenty-five, and the
17 uniform code shall prohibit the installation of fossil-fuel equipment
18 and building systems, in all new buildings on or after December thirty-
19 first, two thousand twenty-eight.

20 b. The provisions set forth in paragraph a of this subdivision shall
21 not be construed as applying to buildings existing prior to the effec-
22 tive date of the applicable prohibition, including to:

23 (i) the repair, alteration, addition, relocation, or change of occu-
24 pancy or use of such buildings; and

25 (ii) the installation or continued use and maintenance of fossil-fuel
26 equipment and building systems, including as related to cooking equip-
27 ment, in any such buildings.

28 c. In addition, in effectuating the provisions set forth in paragraph
29 a of this subdivision the code shall include exemptions for the purposes
30 of allowing the installation and use of fossil-fuel equipment and build-
31 ing systems where such systems are installed and used:

32 (i) for generation of emergency back-up power and standby power
33 systems;

34 (ii) in a manufactured home as defined in subdivision seven of section
35 six hundred one of the executive law; or

36 (iii) in a building or part of a building that is used as a manufac-
37 turing facility, commercial food establishment, laboratory, car wash,
38 laundromat, hospital, other medical facility, critical infrastructure,
39 including but not limited to emergency management facilities, wastewater
40 treatment facilities, and water treatment and pumping facilities, agri-
41 cultural building, fuel cell system, or crematorium, as such terms are
42 defined by the code council.

43 d. Where the uniform code includes an allowed exemption pursuant to
44 subparagraph (i) or (iii) of paragraph c of this subdivision, other than
45 agricultural buildings as defined by the council, such exemption shall
46 include provisions that, to the fullest extent feasible, limit the use
47 of fossil-fuel equipment and building systems to the system and area of
48 the building for which a prohibition on fossil-fuel equipment and build-
49 ing systems is infeasible; except with respect to servicing manufactur-
50 ing or industrial processes, require the area or service within a new
51 building where fossil-fuel equipment and building systems are installed
52 be electrification ready; and minimize emissions from the fossil-fuel
53 equipment and building systems that are allowed to be used, provided
54 that such provisions do not adversely affect health, safety, security,
55 or fire protection. Financial considerations shall not be sufficient
56 basis to determine physical or technical infeasibility.

e. Exemptions included in the uniform code pursuant to this subdivision shall be periodically reviewed by the code council to assure that they continue to effectuate the purposes of paragraph a of this subdivision and subparagraph three of paragraph b of subdivision two of section three hundred seventy-one of this article to the fullest extent feasible.

f. The code shall allow for exemption of a new building construction project that requires an application for new or expanded electric service, pursuant to subdivision one of section thirty-one of the public service law and/or section twelve of the transportation corporations law, when electric service cannot be reasonably provided by the grid as operated by the local electric corporation or municipality pursuant to subdivision one of section sixty-five of the public service law; provided, however, that the public service commission shall determine reasonableness for purposes of this exemption. For the purposes of this paragraph, "grid" shall have the same meaning as electric plant, as defined in subdivision twelve of section two of the public service law.

g. For the purposes of this subdivision:

(i) "Fossil-fuel equipment and building systems" shall mean (A) equipment, as such term is defined in section 11-102 of the energy law, that uses fossil-fuel for combustion; or (B) systems, other than items supporting an industrial or commercial process as referred to in the definition of equipment in section 11-102 of the energy law, associated with a building that will be used for or to support the supply, distribution, or delivery of fossil-fuel for any purpose, other than for use by motor vehicles.

(ii) "Electrification ready" means the new building or portion thereof where fossil-fuel equipment and building systems are allowed to be used which contains electrical systems and designs that provide sufficient capacity for a future replacement of such fossil-fuel equipment and building systems with electric-powered equipment, including but not limited to sufficient space, drainage, electrical conductors or raceways, bus bar capacity, and overcurrent protective devices for such electric-powered equipment.

§ 4. Section 1005 of the public authorities law is amended by adding a new subdivision 30 to read as follows:

30. To establish decarbonization action plans for state-owned facilities as provided for in section ninety of the public buildings law, and to consult, cooperate, and coordinate with any state entity, as required or authorized in article four-D of the public buildings law.

§ 5. The public buildings law is amended by adding a new article 4-D to read as follows:

ARTICLE 4-D

DECARBONIZATION OF STATE-OWNED FACILITIES

Section 90. Definitions.

91. Decarbonization action plans.

§ 90. Definitions. As used in this article:

1. "Authority" shall mean the power authority of the state of New York established under title one of article five of the public authorities law.

2. "Decarbonization" and "decarbonize" means eliminating all on-site combustion of fossil-fuels and associated co-pollutants with the exception of back-up emergency generators and redundant systems needed to address public health, safety and security, providing heating and cooling through thermal energy, and thermal energy networks, from non-com-

1 bustion sources, and to the greatest extent feasible producing on-site
2 electricity that is one hundred percent renewable.

3 3. "Highest-emitting facilities" means state-owned facilities that are
4 among the highest producers of greenhouse gas emissions and collectively
5 account for at least thirty percent of the greenhouse gas emissions as
6 recorded by the authority's Build Smart NY program established pursuant
7 to Executive Order 88 of 2012.

8 4. "Thermal energy" shall have the meaning provided in subdivision
9 twenty-eight of section two of the public service law.

10 5. "Thermal energy network" shall have the same meaning as defined in
11 subdivision twenty-nine of section two of the public service law.

12 6. "State energy research and development authority" shall mean the
13 New York state energy research and development authority established
14 under title nine of article eight of the public authorities law.

15 7. "State-owned facilities" or "facilities" includes "building" as
16 defined by section eighty-one of this chapter, "dormitory" as defined by
17 section three hundred seventy of the education law, and "facility" as
18 defined by section three hundred seventy of the education law.

19 § 91. Decarbonization action plans. 1. The authority is hereby author-
20 ized and directed to establish decarbonization action plans for fifteen
21 of the highest-emitting facilities that will serve as a basis for decar-
22 bonizing the facilities to the maximum extent practicable, and subject
23 to any needed redundant systems and back-up systems needed for public
24 safety and security. Decarbonization action plans shall address the
25 following matters at a minimum:

26 (a) A comprehensive accounting and analysis of all energy uses at the
27 facilities.

28 (b) Greenhouse gas and other harmful emissions (e.g., NOx, SOx, parti-
29 culate matter) resulting from the on-site and source energy usage of the
30 facilities.

31 (c) Analysis of the feasibility of using thermal energy and thermal
32 energy networks at the facility, including any anticipated limitations
33 on the use of thermal energy networks, along with a characterization of
34 any such limitations, including whether they are permanent, temporary,
35 or resolvable on a cost-effective basis.

36 (d) Identification and analysis of energy efficiency measures that
37 could be designed and constructed in later decarbonization project phas-
38 es.

39 (e) An analysis of the availability and/or feasibility of providing
40 clean energy through electrification technologies and associated elec-
41 trical upgrades to meet the facility energy needs, as demonstrated by
42 the reduced load profiles determined to be practicable based on the
43 energy efficiency measures identified, either through on-site generation
44 and/or other procurement.

45 (f) Investigation of the resiliency and redundant capacity of the
46 existing critical infrastructure, such as heating, cooling and backup
47 electrical power systems.

48 (g) Identification of any parts of the facilities that cannot be
49 decarbonized, with explanations.

50 (h) Geotechnical investigations into the on-site potential for clean
51 energy sources, including drilling test geothermal wells as needed.

52 (i) Determination of the feasibility and advisability of gathering,
53 combining, or expanding any clean energy sources or central thermal
54 energy networks with neighboring or nearby related state facilities.

55 (j) Investigation of the infrastructure, planning and funding needed
56 to electrify transportation resources regularly used to serve the facil-

ities, such as public transit, vehicle fleets or employee/resident/student electric vehicle charging stations.

(k) An economic and feasibility analysis based upon the potential to decarbonize the facility, considering among other things the net present value of the life cycle cost of the thermal systems and other systems proposed, inclusive of the social cost of carbon, capital expenses for initial implementation and major equipment replacements, and operational expenses, including labor costs.

2. The authority shall complete the decarbonization action plans no later than January thirty-first, two thousand twenty-six, provided that such date shall be extended for justifiable delay outside the control of the authority, including, but not limited to, previously planned or current major renovations or replacements to the facilities, delayed permitting or approval by building owners, local authorities, or other essential parties, external resource bottlenecks, pending or unresolved investigations into utility grid capacity or similar circumstances where crucial information is not yet available or determined. Such extension shall be limited to the time necessary to address the factors causing such delay.

3. The authority shall complete and submit a report, on or before January thirty-first, two thousand twenty-five, and annually thereafter, to the governor, the speaker of the assembly, and the temporary president of the senate, and shall post such report on the authority's website so that it is accessible for public review. Such report shall include, but not be limited to: (a) the progress of the decarbonization action plans; (b) any difficulties in preparing the decarbonization action plans; and (c) any anticipated delays in completing the decarbonization action plans by January thirty-first, two thousand twenty-seven.

4. The authority is authorized to allocate up to thirty million dollars to prepare the decarbonization action plans. PART UU

2 Section 1. The Legislature hereby finds and declares that the Marijuana
3 Regulation and Taxation Act (MRTA) envisioned the creation of new
4 legal industries in which cannabis is regulated, controlled and taxed,
5 and the generation of new revenue streams that enable substantial
6 investments into communities and for the people most impacted by cannabis
7 criminalization. The Legislature further finds that additional
8 regulations to curb illegal cannabis retail establishments are necessary
9 to fully effectuate the MRTA and ensure that the goals of the MRTA are
10 achieved.

11 § 2. Subdivisions (a) and (g) of section 492 of the tax law, as added
12 by chapter 92 of the laws of 2021, are amended and a new subdivision (l)
13 is added to read as follows:

14 (a) "Adult-use cannabis product" [~~or "adult-use cannabis" has the same~~
15 ~~meaning as the term is defined in section three of the cannabis law~~]
16 means cannabis, concentrated cannabis, and cannabis-infused products, as
17 reflected on the product label, whether or not such adult-use cannabis
18 product is for use by a cannabis consumer as such a consumer is defined
19 in subdivision six of section three of the cannabis law. For purposes of
20 this article, under no circumstances shall adult-use cannabis product
21 include medical cannabis or cannabinoid hemp product as defined in
22 section three of the cannabis law.

23 (g) "Illicit cannabis" means and includes [~~cannabis flower, concen-~~
24 ~~trated cannabis, cannabis edible product and cannabis plant~~] any adult-
25 use cannabis product, including concentrated cannabis and cannabis
26 edible products on which any tax required to have been paid under this
27 chapter has not been paid. Illicit cannabis shall not include any cannabis
28 lawfully possessed in accordance with the cannabis law or penal law.

29 (l) "Possession for sale" or "possessed for sale" means possession of
30 more than five pounds of adult-use cannabis products, or one pound of
31 concentrated cannabis products or cannabis edible products, at a busi-
32 ness or other location used for the storage, distribution or sale of
33 such cannabis products with the intent that such products be sold at
34 retail. Possession shall be presumed to be for sale when the adult-use
35 cannabis products are possessed in any place of business used for the
36 buying and selling of such adult-use cannabis products. Possession shall
37 not be presumed to be for sale when the adult-use cannabis products are
38 possessed in a residence or other real property, or any personal vehicle
39 on or about such property, not being used as a business for the buying
40 and selling of such adult-use cannabis products.

41 § 3. Section 494 of the tax law, as added by chapter 92 of the laws of
42 2021, is amended to read as follows:

43 § 494. Registration and renewal. (a) [~~(i)~~] (1) Every distributor on
44 whom tax is imposed under this article and every person who sells
45 adult-use cannabis products at retail must file with the commissioner a
46 properly completed application for a certificate of registration and
47 obtain such certificate before engaging in business, provided, however,
48 this section shall not apply to a natural person engaged in lawful
49 activity pertaining to personal use or personal cultivation pursuant to
50 article two hundred twenty-two of the penal law. An application for a
51 certificate of registration must be submitted electronically, on a form
52 prescribed by the commissioner, and must be accompanied by a non-refund-
53 able application fee of six hundred dollars. A certificate of registra-
54 tion shall not be assignable or transferable and shall be destroyed

1 immediately upon such person ceasing to do business as specified in such
2 certificate, or in the event that such business never commenced.

3 [~~(1)~~] (2) Provided, however, that the commissioner shall refund or
4 credit an application fee paid with respect to the registration of an
5 adult-use cannabis business in this state if, prior to the beginning of
6 the period with respect to which such registration relates, the certifi-
7 cate of registration described in [~~subparagraph (1)~~] paragraph one of
8 this [~~paragraph~~] subdivision is returned to the department or, if such
9 certificate has been destroyed, the operator of such business satisfac-
10 torily accounts to the commissioner for the missing certificate, but
11 such business may not sell adult-use cannabis products in this state
12 during such period, unless it is re-registered. Such refund or credit
13 shall be deemed a refund of tax paid in error, provided, however, no
14 interest shall be allowed or paid on any such refund.

15 (b) (1) The commissioner shall refuse to issue a certificate of regis-
16 tration to any applicant and shall revoke the certificate of registra-
17 tion of any such person who does not possess a valid license from the
18 office of cannabis management.

19 (2) The commissioner may refuse to issue a certificate of registration
20 to any applicant where such applicant:

21 (i) has a past-due liability as that term is defined in section one
22 hundred seventy-one-v of this chapter;

23 (ii) has had a certificate of registration under this article, a
24 license from the office of cannabis management, or any license or regis-
25 tration provided for in this chapter revoked or suspended where such
26 revocation or suspension was in effect on the date the application was
27 filed or ended within one year from the date on which such application
28 was filed;

29 (iii) has been convicted of a crime provided for in this chapter with-
30 in one year from the date on which such application was filed or the
31 certificate was issued, as applicable;

32 (iv) willfully fails to file a report or return required by this arti-
33 cle;

34 (v) willfully files, causes to be filed, gives or causes to be given a
35 report, return, certificate or affidavit required by this article which
36 is false; ~~or~~

37 (vi) willfully fails to collect or truthfully account for or pay over
38 any tax imposed by this article~~;~~;

39 (vii) has been determined to have possessed illicit cannabis within
40 one year from the date on which such application was filed;

41 (viii) is a distributor that has been determined to have knowingly
42 sold adult-use cannabis products to any person who sells adult-use
43 cannabis products at retail and who is not registered under this
44 section, or whose registration has been suspended or revoked; or

45 (ix) has a place of business at the same premises as that of a
46 distributor upon whom tax is imposed under this article, or person who
47 sells adult-use cannabis products at retail, whose registration has been
48 revoked and where such revocation is still in effect, unless the appli-
49 cant provides the commissioner with adequate documentation demonstrating
50 that such applicant acquired the premises or business through an arm's
51 length transaction as defined in paragraph (e) of subdivision one of
52 section four hundred eighty-a of this chapter and that the sale or lease
53 was not conducted, in whole or in part, for the purpose of permitting
54 the original registrant to avoid the effect of the previous revocation
55 for the same premises.

(3) The commissioner may revoke the certificate of registration issued to any person who:

(i) has had any license or registration provided for in this chapter revoked or suspended;

(ii) has been convicted of a crime provided for in this chapter where such conviction occurred not more than one year prior to the date of revocation;

(iii) willfully fails to file a report or return required by this article;

(iv) willfully files, causes to be filed, gives or causes to be given a report, return, certificate or affidavit required by this article which is false;

(v) willfully fails to collect or truthfully account for or pay over any tax imposed by this article; or

(vi) is a distributor that has been determined to have knowingly sold adult-use cannabis products to any person who sells adult-use cannabis products at retail and who is not registered under this section, or whose registration has been suspended or revoked.

~~[(2)]~~ (4) In addition to the grounds for revocation in ~~[paragraph (1) of]~~ this subdivision, where a person who holds a certificate of registration is determined to have possessed or sold illicit cannabis:

(1) such registration may be revoked (i) for a period of up to one year for the first such possession or sale by such person;

~~[(2)]~~ (ii) for a period of up to three years for a second such possession or sale within a period of five years by such person~~[, the registration of such person may be revoked for a period of up to three years]; and~~

~~[(3)]~~ (iii) for a period of up to five years for a third such possession or sale within a period of ~~[up to]~~ five years by such person~~[, the registration of such person may be revoked for a period of five years]~~. A certificate of registration may be revoked pursuant to this paragraph immediately upon such person's receipt of written notice of revocation from the commissioner.

A person who is notified of a revocation of their certificate of registration pursuant to this paragraph shall have the right to have the revocation reviewed by the commissioner or their designee by contacting the department at a telephone number or an address to be disclosed in the notice of revocation within ten days of such person's receipt of such notification. Such person may present written evidence or argument in support of their defense to the revocation or may appear at a scheduled conference with the commissioner or their designee to present oral arguments and written and oral evidence in support of such defense. The commissioner or their designee is authorized to delay the effective date of the revocation to enable such person to present further evidence or arguments in connection with the revocation. The commissioner or their designee shall cancel the revocation of the certificate of registration if the commissioner or their designee is not satisfied by a preponderance of the evidence that a basis for revocation pursuant to this paragraph exists. An order of revocation of a certificate of registration under this paragraph shall not be reviewable by the division of tax appeals but may be reviewed pursuant to article seventy-eight of the civil practice law and rules by a proceeding commenced in the supreme court within four months of the revocation petitioning that the order of revocation be enjoined or set aside. Such proceeding shall be instituted in the county where the commissioner has their principal office. Upon the filing of such petition the court shall have jurisdiction to set

1 aside such order of revocation, in whole or in part, or to dismiss the
2 petition. The jurisdiction of the supreme court shall be exclusive and
3 its order dismissing the petition or enjoining or setting aside such
4 order, in whole or in part, shall be final, subject to review by the
5 appellate division of the supreme court and the court of appeals in the
6 same manner and form and with the same effect as provided by law for
7 appeals from a judgment in a special proceeding. All such proceedings

46 conducting or maintaining such unlicensed activity, in accordance with
47 the following procedures:

48 1. Proceeding for permanent injunction. (a) To the extent known, the
49 owner, lessor, and lessee of a building or premises wherein the unli-

51 made defendants in the proceeding. The venue of such proceeding shall be
52 in the county where the unlicensed activity is being conducted, main-
53 tained, or permitted. The existence of an adequate remedy at law shall
54 not prevent the granting of temporary or permanent relief pursuant to
55 this section.

1 (b) The proceeding shall name as defendants the building or premises
2 wherein the unlicensed activity is being conducted, maintained, or
3 permitted, by describing it by tax lot and street address and at least

10 of or interest in the property. Proof of service shall be filed within
11 two days thereafter with the clerk of the court designated in the notice
12 of petition. In any county where e-filing is unavailable, proof of
13 service may be mailed to the clerk. Service shall be complete upon such
14 filing or mailing.

15 (d) Defendants, other than the building or premises wherein the unli-
16 censed activity is being conducted, maintained, or permitted, shall be
17 served with the notice of petition as provided in the civil practice law
18 and rules or pursuant to court order. No more than thirty days prior to
19 such service, the office shall mail a copy, by certified mail, of any
20 prior notice of violation or letter or order to cease and desist relat-

22 in whose name the real estate affected by the proceeding is recorded in
23 the office of the city register or the county clerk, as the case may be,
24 who shall be presumed to be the owner thereof. Such mailing shall
25 constitute notice to the owner and shall be deemed to be complete upon
26 such mailing by the office as provided above. No more than fifteen days
27 prior to such service, the office, or the attorney general, at the
28 request of and on behalf of the office of cannabis management, shall
29 verify the ongoing occupancy of any natural person who is a tenant of
30 record and alleged to have caused or permitted the unlicensed activity

40 the civil practice law and rules.

41 (f) The person in whose name the real estate affected by the proceed-

43 as the case may be, shall be presumed to be the owner thereof. Upon
44 being served in a proceeding under this section, such owner shall, to
45 the extent known, provide to the office of cannabis management, within
46 three days, the names of any other owners, lessors and lessees of the
47 building or premises that is the subject of the proceeding. Thereafter,
48 such owners, lessors and lessees may be made parties to the proceeding.

49 (g) Whenever there is evidence that a person was the manager, opera-
50 tor, supervisor or, in any other way, in charge of the premises, at the
51 time the unlicensed activity was being conducted, maintained, or permit-
52 ted, such evidence shall be presumptive that he or she was an agent or
53 employee of the owner or lessee of the building or premises.

54 (h) If a finding is made that the defendant has conducted, maintained,
55 or permitted the unlicensed activity a penalty, to be included in the
56 judgment, may be awarded in an amount not to exceed ten thousand dollars

1 for each day it is found that the defendant intentionally conducted,
2 maintained or permitted the unlicensed activity. Upon recovery, such
3 penalty shall be paid to the office of cannabis management.

4 2. Preliminary injunction. (a) Pending a proceeding for a permanent
5 injunction pursuant to this section the court may grant a preliminary
6 injunction enjoining the unlicensed activity and the person or persons
7 conducting, maintaining, or permitting the unlicensed activity from
8 further conducting, maintaining, or permitting the unlicensed activity,
9 where the public health, safety or welfare immediately requires the
10 granting of such injunction. A temporary closing order may be granted
11 pending a hearing for a preliminary injunction where it appears by clear
12 and convincing evidence that unlicensed activity within the scope of
13 this section is being conducted, maintained, or permitted and that the
14 public health, safety or welfare immediately requires the granting of a
15 temporary closing order. A temporary restraining order may be granted
16 pending a hearing for a preliminary injunction.

17 (b) A preliminary injunction shall be enforced by the office or, at
18 the request of the office, the attorney general. At the request of the
19 office, a police officer or peace officer with jurisdiction may also
20 enforce the preliminary injunction.

21 (c) The office or the attorney general shall show, by affidavit and
22 such other evidence as may be submitted, that there is a cause of action
23 for a permanent injunction abating unlicensed activity.

24 3. Temporary closing order. (a) If, on a motion for a preliminary
25 injunction alleging unlicensed activity as described in this section in
26 a building or premises used for commercial purposes only, the office or
27 the attorney general demonstrates by clear and convincing evidence that
28 such unlicensed activity is being conducted, maintained, or permitted
29 and that the public health, safety, or welfare immediately requires a
30 temporary closing order, a temporary order closing such part of the
31 building or premises wherein such unlicensed activity is being
32 conducted, maintained, or permitted may be granted without notice, pend-
33 ing order of the court granting or refusing the preliminary injunction
34 and until further order of the court. Upon granting a temporary closing
35 order, the court shall direct the holding of a hearing for the prelimi-
36 nary injunction at the earliest possible time but no later than three
37 business days from the granting of such order; a decision on the motion
38 for a preliminary injunction shall be rendered by the court within three
39 business days after the conclusion of the hearing.

40 (b) Unless the court orders otherwise, a temporary closing order
41 together with the papers upon which it was based and a notice of hearing
42 for the preliminary injunction shall be personally served, in the same
43 manner as a summons as provided in the civil practice law and rules.

44 (c) A temporary closing order shall only be issued prior to a hearing
45 on a preliminary injunction if the building or premises is used for
46 commercial purposes only.

47 (d) No temporary closing order shall be issued against any building or
48 premises where, in addition to the unlicensed activity which is alleged,
49 activity that is licensed or otherwise lawful remains in place. In
50 addition, no temporary closing order shall be issued against any build-
51 ing or premises which is used in part as residence and pursuant to local
52 law or ordinance is zoned and lawfully occupied as a residence.

53 4. Temporary restraining order. (a) If, on a motion for a preliminary
54 injunction alleging unlicensed activity as described in this section in
55 a building or premises used for commercial purposes, the office or the
56 attorney general demonstrates by clear and convincing evidence that such

1 unlicensed activity is being conducted, maintained, or permitted and
2 that the public health, safety, or welfare immediately requires a tempo-
3 rary restraining order, a temporary restraining order may be granted
4 without notice restraining the defendants and all persons from removing
5 or in any manner interfering with the furniture, fixtures and movable
6 property used in conducting, maintaining or permitting such unlicensed
7 activity, including adult-use cannabis, and from further conducting,
8 maintaining or permitting such unlicensed activity, pending order of the
9 court granting or refusing the preliminary injunction and until further
10 order of the court. Upon granting a temporary restraining order, the
11 court shall direct the holding of a hearing for the preliminary injunc-
12 tion at the earliest possible time but no later than three business days
13 from the granting of such order; a decision on the motion for a prelimi-
14 nary injunction shall be rendered by the court within three business
15 days after the conclusion of the hearing.

16 (b) Unless the court orders otherwise, a temporary restraining order
17 and the papers upon which it was based and a notice of hearing for the
18 preliminary injunction shall be personally served, in the same manner as
19 a summons as provided in the civil practice law and rules.

20 5. Temporary closing order; temporary restraining order; additional
21 enforcement procedures. (a) If on a motion for a preliminary injunc-
22 tion, the office of cannabis management or the attorney general submits
23 evidence warranting both a temporary closing order and a temporary
24 restraining order, the court shall grant both orders.

25 (b) Upon the request of the office, any police officer or peace offi-
26 cer with jurisdiction may assist in the enforcement of a temporary clos-
27 ing order and temporary restraining order.

28 (c) The police officer or peace officer serving a temporary closing
29 order or a temporary restraining order shall forthwith make and return
30 to the court an inventory of personal property situated in and used in
31 conducting, maintaining, or permitting the unlicensed activity within
32 the scope of this chapter and shall enter upon the building or premises
33 for such purpose. Such inventory shall be taken in any manner which is
34 deemed likely to evidence a true and accurate representation of the
35 personal property subject to such inventory including, but not limited
36 to photographing such personal property.

37 (d) The police officer or peace officer serving a temporary closing
38 order shall, upon service of the order, command all persons present in
39 the building or premises to vacate the premises forthwith. Upon the
40 building or premises being vacated, the premises shall be securely
41 locked and all keys delivered to the officer serving the order who ther-
42 eafter shall deliver the keys to the fee owner, lessor, or lessee of the
43 building or premises involved. If the fee owner, lessor, or lessee is
44 not at the building or premises when the order is being executed, the
45 officer shall securely padlock the premises and retain the keys until
46 the fee owner, lessor, or lessee of the building is ascertained, in
47 which event, the officer shall deliver the keys to such owner, lessor,
48 or lessee.

49 (e) Upon service of a temporary closing order or a temporary restrain-
50 ing order, the police officer or peace officer shall post a copy thereof
51 in a conspicuous place or upon one or more of the principal doors at
52 entrances of such premises where the unlicensed activity is being
53 conducted, maintained, or permitted. In addition, where a temporary
54 closing order has been granted, the officer shall affix, in a conspicu-
55 ous place or upon one or more of the principal doors at entrances of
56 such premises, a printed notice that the premises have been closed by

1 court order, which notice shall contain the legend "closed by court
2 order" in block lettering of sufficient size to be observed by anyone
3 intending or likely to enter the premises, the date of the order, the
4 court from which issued, and the name of the officer or agency posting
5 the notice. In addition, where a temporary restraining order has been
6 granted, the police officer or peace officer shall affix, in the same
7 manner, a notice similar to the notice provided for in relation to a
8 temporary closing order except that the notice shall state that certain
9 described activity is prohibited by court order and that removal of
10 property is prohibited by court order. Mutilation or removal of such a
11 posted order or such a posted notice while it remains in force, in addi-
12 tion to any other punishment prescribed by law, shall be punishable, on
13 conviction, by a fine of not more than five thousand dollars or by
14 imprisonment not exceeding ninety days, or by both, provided such order
15 or notice contains therein a notice of such penalty. Any police officer
16 or peace officer with jurisdiction may, upon the request of the office,
17 assist in the enforcement of this section.

18 6. Temporary closing order; temporary restraining order; defendant's
19 remedies. (a) A temporary closing order or a temporary restraining
20 order shall be vacated, upon notice to the office, if the defendant
21 shows by affidavit and such other proof as may be submitted that the
22 unlicensed activity within the scope of this chapter has been abated. An
23 order vacating a temporary closing order or a temporary restraining
24 order shall include a provision authorizing the office to inspect the
25 building or premises which is the subject of a proceeding pursuant to
26 this subdivision, periodically without notice, during the pendency of
27 the proceeding for the purpose of ascertaining whether or not the unli-
28 censed activity has been resumed. Any police officer or peace officer
29 with jurisdiction may, upon the request of the office, assist in the
30 enforcement of an inspection provision of an order vacating a temporary
31 closing order or temporary restraining order.

32 (b) A temporary closing order or a temporary restraining order may be
33 vacated by the court, upon notice to the office, when the defendant
34 gives an undertaking and the court is satisfied that the public health,
35 safety, or welfare will be protected adequately during the pendency of
36 the proceeding. The undertaking shall be in an amount equal to the
37 assessed valuation of the building or premises where the unlicensed
38 activity is being conducted, maintained, or permitted or in such other
39 amount as may be fixed by the court. The defendant shall pay to the
40 office and the attorney general, in the event a judgment of permanent
41 injunction is obtained, their actual costs, expenses and disbursements
42 in bringing and maintaining the proceeding. In addition, the defendant
43 shall pay to the local government or law enforcement agency that
44 provided assistance in enforcing any order of the court issued pursuant
45 to a proceeding brought under this section, its actual costs, expenses
46 and disbursements in assisting with the enforcement of the proceeding.

47 7. Permanent injunction. (a) A judgment awarding a permanent injunc-
48 tion pursuant to this chapter shall direct that any illicit cannabis
49 seized shall be turned over to the office of cannabis management or
50 their authorized representative. The judgment may further direct any
51 police officer or peace officer with jurisdiction to seize and remove
52 from the building or premises all material, equipment, and instrumental-
53 ities used in the creation and maintenance of the unlicensed activity
54 and shall direct the sale by the sheriff of any such property in the
55 manner provided for the sale of personal property under execution pursu-
56 ant to the provisions of the civil practice law and rules. The net

1 proceeds of any such sale, after deduction of the lawful expenses
2 involved, shall be paid to the general fund of the state.

3 (b) A judgment awarding a permanent injunction pursuant to this chap-
4 ter may direct the closing of the building or premises by any police
5 officer or peace officer with jurisdiction to the extent necessary to
6 abate the unlicensed activity and shall direct any police officer or
7 peace officer with jurisdiction to post a copy of the judgment and a
8 printed notice of such closing conforming to the requirements of this
9 chapter. The closing directed by the judgment shall be for such period
10 as the court may direct but in no event shall the closing be for a peri-
11 od of more than one year from the posting of the judgment provided for
12 in this section. If the owner shall file a bond in the value of the
13 property ordered to be closed and submits proof to the court that the
14 unlicensed activity has been abated and will not be created, maintained,
15 or permitted for such period of time as the building or premises has
16 been directed to be closed in the judgment, the court may vacate the
17 provisions of the judgment that direct the closing of the building or
18 premises. A closing by a police officer or peace officer with jurisdic-
19 tion pursuant to the provisions of this section shall not constitute an
20 act of possession, ownership, or control by such police officer or peace
21 officer of the closed premises.

22 (c) Upon the request of the office of cannabis management or its
23 authorized representative, any police officer or peace officer with
24 jurisdiction may assist in the enforcement of a judgment awarding a
25 permanent injunction entered in a proceeding brought pursuant to this
26 chapter.

27 (d) A judgment rendered awarding a permanent injunction pursuant to
28 this chapter shall be and become a lien upon the building or premises
29 named in the petition in such proceeding, such lien to date from the
30 time of filing a notice of lis pendens in the office of the clerk of the
31 county wherein the building or premises is located. Every such lien
32 shall have priority before any mortgage or other lien that exists prior
33 to such filing except tax and assessment liens.

34 (e) A judgment awarding a permanent injunction pursuant to this chap-
35 ter shall provide, in addition to the costs and disbursements allowed by
36 the civil practice law and rules, upon satisfactory proof by affidavit
37 or such other evidence as may be submitted, the actual costs, expenses
38 and disbursements of the office and the attorney general in bringing and
39 maintaining the proceeding.

40 8. Civil proceedings. In addition to the authority granted in this
41 section to the office of cannabis management and the attorney general,
42 county attorney, corporation counsel, or local government in which such
43 building or premises is located may, after the office of cannabis
44 management grants permission in writing, bring and maintain a civil
45 proceeding in the supreme court of the county in which the building or
46 premises is located to permanently enjoin the unlicensed activity
47 described in this section and the person or persons conducting or main-
48 taining such unlicensed activity, in accordance with the procedures set
49 forth in this section. The office shall be permitted to intervene as of
50 right in any such proceeding. Any such governmental entity which obtains
51 a permanent injunction pursuant to this chapter shall be awarded, in
52 addition to the costs and disbursements allowed by the civil practice
53 law and rules, upon satisfactory proof by affidavit or such other
54 evidence as may be submitted, the actual costs, expenses and disburse-
55 ments in bringing and maintaining the proceeding. The authority provided
56 by this subdivision shall be in addition to, and shall not be deemed to

1 diminish or reduce, any rights of the parties described in this section
2 under existing law for any violation pursuant to this chapter or any
3 other law.

4 § 13. Subdivisions 3, 6 and 7 of section 17 of the cannabis law are
5 amended to read as follows:

6 3. Notice and right of hearing as provided in the state administrative
7 procedure act shall be served at least fifteen days prior to the date of
8 the hearing, provided that, whenever because of danger to the public
9 health, safety or welfare it appears prejudicial to the interests of the
10 people of the state to delay action for fifteen days or with respect to
11 a violation of subdivision one or one-a of section one hundred twenty-
12 five of this chapter, the board may serve the respondent with an order
13 requiring certain action or the cessation of certain activities imme-
14 diately or within a specified period of less than fifteen days.

15 6. Following a hearing, the board may make appropriate determinations
16 and issue a final order in accordance therewith. The respondent shall
17 have thirty days to submit a written appeal to the board. If the
18 respondent does not submit a written appeal within thirty days of the
19 determination of the board the order shall be final.

20 7. The board may adopt, amend and repeal administrative rules and
21 regulations governing the procedures to be followed with respect to
22 hearings, [~~such~~] investigations, and other administrative enforcement
23 actions taken pursuant to this chapter, including any such enforcement
24 actions taken against persons not registered, licensed, or permitted
25 under this chapter. Such rules [~~to~~] shall be consistent with the policy
26 and purpose of this chapter and the effective and fair enforcement of
27 its provisions.

28 § 14. Section 19 of the cannabis law is amended to read as follows:

29 § 19. Public health and education campaign. The office, in consulta-
30 tion with the commissioners of the department of health, office of
31 addiction services and supports, and office of mental health, shall
32 develop and implement a comprehensive public health monitoring, surveil-
33 lance and education campaign regarding the legalization of adult-use
34 cannabis and the impact of cannabis use on public health and safety. The
35 public health and education campaign shall also include general educa-
36 tion to the public about the cannabis law, including the potential risks
37 associated with patronizing unlicensed retail locations, or otherwise
38 procuring cannabis product, cannabinoid hemp or hemp extract product
39 through persons not authorized by the office.

40 § 15. Paragraphs (l) and (m) of subdivision 1 of section 64 of the
41 cannabis law are amended and a new paragraph (n) is added to read as
42 follows:

43 (l) the applicant satisfies any other conditions as determined by the
44 board; [~~and~~]

45 (m) if the applicant is a registered organization, the organization's
46 maintenance of effort in manufacturing and/or dispensing and/or research
47 of medical cannabis for certified patients and caregivers[~~;~~]; and

48 (n) whether the applicant or its managing officers have been found to
49 have engaged in activities in violation of this chapter.

50 § 16. Section 125 of the cannabis law is amended by adding a new
51 subdivision 1-a to read as follows:

52 1-a. No person shall engage in an indirect retail sale irrespective of
53 whether such person has obtained a registration, license, or permit
54 issued under this chapter.

§ 17. Subdivisions 1 and 6 of section 132 of the cannabis law are amended and three new subdivisions 1-a, 7, and 8 are added to read as follows:

1. (a) Any person who cultivates for sale or sells cannabis, cannabis products, ~~[or]~~ medical cannabis, or any product marketed or labeled as such, without having an appropriate registration, license or permit therefor, ~~[or]~~ including a person whose registration, license, or permit has been revoked, surrendered or cancelled, ~~[may be subject to prosecution in accordance with article two hundred twenty-two of the penal law]~~ where such person is engaging in activity for which a license would be required under this chapter, may be subject to a civil penalty of not more than ten thousand dollars for each day during which such violation continues and an additional civil penalty in an amount of no more than five times the revenue from such prohibited sales or, in an amount of no more than three times the projected revenue for any such product found in the possession of such person based on the retail list price of such products; provided, however, that any such person who engages in such activity from a residence or other real property not otherwise held out as open to the public or otherwise being utilized in a business or commercial manner or any private vehicle on or about same such property, and the quantity of such product on such premises or vehicle does not exceed the limits of personal use under article two hundred twenty-two of the penal law, may be subject to a civil penalty of no more than five thousand dollars.

Provided, further, that where such person has been ordered to cease such conduct pursuant to subdivision one of section one hundred thirty-eight-a of this chapter, such person may be assessed a civil penalty of no more than twenty thousand dollars per day for each day during which such violation continues after receiving such order in addition to the additional civil penalties set forth above; provided, however, that any such person who engages in such activity from a residence or other real property not otherwise held out as open to the public or otherwise being utilized in a business or commercial manner or any private vehicle on or about same such property, and the quantity of such product on such premises or vehicle does not exceed the limits of personal use under article two hundred twenty-two of the penal law, may be subject to a civil penalty of no more than ten thousand dollars.

(b) If a person engaging in the conduct described in paragraph (a) of this subdivision, or subdivision one-a of this section refuses to permit the office or the board from performing a regulatory inspection, such person may be assessed a civil penalty of up to four thousand dollars for a first refusal and up to eight thousand dollars for a second or subsequent refusal within three years of a prior refusal. If the office or board is not permitted access for a regulatory inspection pursuant to section ten or section eleven of this chapter, as applicable, by such person, the attorney general, upon the request of the office or the board, shall be authorized to apply, without notice to such person, to the supreme court in the county in which the place of business is located for an order granting the office or board access to such place of business. The court may grant such an order if it determines, based on evidence presented by the attorney general, that there is reasonable cause to believe that such place of business is a place of business which does not possess a valid registration, license, or permit issued by the office or board.

1 (c) In assessing the civil penalties under this subdivision, the board
2 or office shall take into consideration the nature of such violation and
3 shall assess a penalty that is proportionate to the violation.

4 1-a. Any person found to have engaged in indirect retail sale in
5 violation of subdivision one-a of section one hundred twenty-five of
6 this chapter, shall be subject to a civil penalty in an amount equaling
7 the lesser of three times the revenue for such indirect retail sales or
8 up to two thousand five hundred dollars for each such sale, provided,
9 however, that where such conduct also constitutes a violation of subdivi-
10 vision one of this section, such person may only be subject to the civil
11 penalties under one such subdivision, and provided, further, that where
12 such person has been ordered to cease such conduct pursuant to subdivi-
13 sion one of section one hundred thirty-eight-a of this article, such
14 person may be assessed a civil penalty of up to five thousand dollars
15 for each day during which such violation continues in addition to any
16 civil penalties set forth above.

17 6. ~~[After due]~~ Except as otherwise provided for in this chapter, the
18 board shall promulgate rules and regulations providing for notice and
19 opportunity to be heard, ~~[as established by rules and regulations]~~ prior
20 to the imposition of any civil penalty under this section, except where
21 such civil penalty is being sought in an action or proceeding by the
22 attorney general as otherwise authorized in this chapter, provided,
23 further, nothing in this section shall prohibit the board from suspend-
24 ing, revoking, or denying a license, permit, registration, or applica-
25 tion in addition to the penalties ~~[prescribed in]~~ that may be assessed
26 under this section.

27 7. The penalties provided for in subdivision one of this section may
28 be recovered by the attorney general on behalf of the board or office in
29 an action or proceeding brought pursuant to section one hundred thirty-
30 eight-a of this chapter.

31 8. Any person who knowingly and unlawfully sells, gives, or causes to
32 be sold or given, any cannabis or cannabis products for which the sale
33 of such products requires a license, permit, or registration under this
34 chapter where such person owns and/or is principally responsible for the
35 operation of a business where such products were sold, given, or caused
36 to be sold or given without having obtained a valid license, permit or
37 registration therefor shall be guilty of a class A misdemeanor. For the
38 purposes of this section, "operation of a business" shall mean engaging
39 in the sale of, or otherwise offering for sale, goods and services to
40 the general public, including through indirect retail sales.

41 § 18. Subdivisions 6 and 8 of section 133 of the cannabis law are
42 amended to read as follows:

43 6. Any registration, license or permit issued by the board pursuant to
44 this chapter may be revoked, cancelled or suspended and/or be subjected
45 to the imposition of a monetary penalty set forth in this chapter in the
46 manner prescribed by this section. In addition to the grounds set forth
47 in this section, the board may also revoke, cancel, or suspend any
48 registration, license, or permit where such person holding such regis-
49 tration, license, or permit has been found to have refused to permit a
50 regulatory inspection by the board.

51 8. All other registrations, licenses or permits issued under this
52 chapter may be revoked, cancelled, suspended and/or made subject to the
53 imposition of a civil penalty by the office after a hearing to be held
54 in such manner and upon such notice as may be prescribed in regulation
55 by the board. In addition to the grounds set forth in this section, the
56 office may also revoke, cancel, or suspend any registration, license, or

permit where such person holding such registration, license, or permit has been found to have refused to permit a regulatory inspection by the office.

§ 19. Subdivision 1 of section 137 of the cannabis law is amended by adding a new paragraph (d-1) to read as follows:

(d-1) A person who has been found to have engaged in unlicensed, unregistered, or unpermitted conduct under this chapter, until three years after such finding;

§ 20. Section 138-a of the cannabis law is amended to read as follows:

§ 138-a. [~~Injunction~~] Action for unlawful [~~manufacturing, sale, or distribution of~~] business practices relating to cannabis. The board or the office of cannabis management shall, in accordance with the authority otherwise conferred in this chapter, have the authority to [~~request an injunction~~]:

1. order any person who is unlawfully cultivating, processing, distributing or selling cannabis, cannabis product, cannabinoid hemp or hemp extract product, or any product marketed or labeled as such in this state without obtaining the appropriate registration, license, or permit therefor, or engaging in an indirect retail sale to cease such prohibited conduct;

2. seize any cannabis, cannabis product, cannabinoid hemp or hemp extract product, or any product marketed or labeled as such, found in the possession of a person engaged in the conduct described in subdivision one of this section;

3. initiate or refer the matter to the board for an administrative proceeding to enforce the provisions of this section;

4. seek injunctive relief against any person [~~who is unlawfully cultivating, processing, distributing or selling cannabis in this state without obtaining the appropriate registration, license, or permit therefor, in accordance with this chapter and any applicable state law~~] engaging in conduct in violation of this section; and

5. request that the attorney general obtain judicial enforcement of an order issued under subdivision one of this section or bring an action or proceeding for any relief otherwise authorized under this chapter for a violation of this chapter, including the recovery of any applicable civil penalties.

§ 21. The real property actions and proceedings law is amended by adding a new section 715-a to read as follows:

§ 715-a. Grounds and procedure for removal of commercial tenants for unlicensed cannabis retail sale. 1. Any duly authorized enforcement agency of the state or of a subdivision thereof, under a duty to enforce the provisions of the penal law or of any state or local law, ordinance, code, rule or regulation relating to buildings, or the cannabis control board, office of cannabis management or the attorney general pursuant to section one hundred thirty-eight-a of the cannabis law, may serve personally upon the owner or landlord of real property authorized or otherwise intended or advertised, in whole or part, for use to buy, sell or otherwise provide goods or services, or for other business, commercial, professional services or manufacturing activities, or upon their agent, a written notice requiring the owner or landlord to make an application for the removal of a commercial tenant so using or occupying the same for a violation of article two hundred twenty-two of the penal law or article six of the cannabis law involving the unlicensed sale of cannabis, where such property, or the portion thereof being used for such unlicensed activity, is not occupied for any other licensed or lawful purpose. If the owner or landlord or their agent does not make

1 such application within five days thereafter; or, having made it, does
2 not in good faith diligently prosecute it, the enforcement agency giving
3 the notice may bring a proceeding under this article for such removal as
4 though the petitioner were the owner or landlord of the premises, and
5 shall have precedence over any similar proceeding thereafter brought by
6 such owner or landlord or to one theretofore brought by them and not
7 prosecuted diligently and in good faith. An enforcement agency author-
8 ized to bring a petition hereunder may do so on their own initiative or
9 upon a referral from an agency of the state or a subdivision thereof.
10 The person in possession of the property, as well as any lessee or
11 sublessee and the owner or landlord shall be made respondents in the
12 proceeding.

13 2. A court, upon a finding of such violation may, in addition to any
14 other order provided by law:

15 (a) grant a petition pursuant to this section ordering the immediate
16 removal of such tenant;

17 (b) impose and require the payment by any respondent not otherwise
18 subject to a civil penalty under section sixteen or one hundred twenty-
19 five of the cannabis law, who has been found to have knowingly permitted
20 such a violation, a civil penalty not exceeding three times the amount
21 of rent charged for the duration of the violation;

22 (c) order the payment of reasonable attorneys fees and the costs of
23 the proceeding to the petitioner; and

24 (d) order that any such multiple respondents shall be jointly and
25 severally liable for any payment so ordered under this subdivision.

26 3. For the purposes of a proceeding under this section, an enforcement
27 agency of the state or of a subdivision thereof, which may commence a
28 proceeding under this section, may subpoena witnesses, compel their
29 attendance, examine them under oath before themselves or a court and
30 require that any books, records, documents or papers relevant or materi-
31 al to the inquiry be turned over to them for inspection, examination or
32 audit, pursuant to the civil practice law and rules.

33 4. The use or occupancy of premises solely or primarily for the unli-
34 censed retail sale of cannabis shall constitute an illegal trade, manu-
35 facture, or other business for the purposes of section two hundred thir-
36 ty-one of the real property law.

37 § 22. Section 2.10 of the criminal procedure law is amended by adding
38 a new subdivision 86 to read as follows:

39 86. Investigators appointed by the cannabis control board, pursuant to
40 section ten of the cannabis law; provided, however, that nothing in this
41 subdivision shall be deemed to authorize such officer to carry, possess,
42 repair, or dispose of a firearm unless the appropriate license therefor
43 has been issued pursuant to section 400.00 of the penal law.

44 § 23. This act shall take effect immediately; provided, however, that
45 the provisions of section 16-a of the cannabis law as added by section
46 twelve of this act shall expire and be deemed repealed on May 1, 2028.

47 PART VV

48 Section 1. This Part enacts into law major components of legislation
49 relating to securing orders, mandatory arrests for domestic violence
50 cases, and data collection. Each component is wholly contained within a
51 Subpart identified as Subparts A through C. The effective date for each
52 particular provision contained within such Subpart is set forth in the
53 last section of such Subpart. Any provision in any section contained
54 within a Subpart, including the effective date of the Subpart, which

1 makes reference to a section "of this act", when used in connection with
2 that particular component, shall be deemed to mean and refer to the
3 corresponding section of the Subpart in which it is found. Section three
4 of this Part sets forth the general effective date of this act.

5 SUBPART A

6 Section 1. The opening paragraph and paragraphs (d) and (f) of subdivi-
7 sion 3-a and subdivision 5 of section 500.10 of the criminal procedure
8 law, the opening paragraph and paragraph (d) as amended and paragraph
9 (f) of subdivision 3-a as added by section 1 of part UU of chapter 56 of
10 the laws of 2020 and subdivision 5 as amended by section 1-e of part JJJ
11 of chapter 59 of the laws of 2019, are amended to read as follows:

12 "Release under non-monetary conditions." A court releases a principal
13 under non-monetary conditions when, having acquired control over a
14 person, it authorizes the person to be at liberty during the pendency of
15 the criminal action or proceeding involved under conditions ordered by
16 the court[~~, which~~]. The conditions ordered shall [be the least restric-
17 tive conditions that will] reflect the findings of the individualized
18 determination warranting such imposition of non-monetary conditions to
19 reasonably assure the principal's return to court and reasonably assure
20 the principal's compliance with court conditions. A principal shall not
21 be required to pay for any part of the cost of release on non-monetary
22 conditions. Such conditions may include, among other conditions reason-
23 able under the circumstances:

24 (d) that, [~~when it is shown pursuant to~~] upon a finding in accordance
25 with subdivision four of section 510.45 of this title [~~that no other~~
26 ~~realistic non-monetary condition or set of non-monetary conditions will~~
27 ~~suffice to reasonably assure the person's return to court~~], the person
28 be placed in reasonable pretrial supervision with a pretrial services
29 agency serving principals in that county, provided, however that where
30 non-monetary conditions are imposed in combination with a securing order
31 also fixing bail, the court shall not be required to make such separate
32 finding;

33 (f) that the principal be referred to a pretrial services agency for
34 placement in mandatory programming, including counseling, treatment,
35 including but not limited to mental health and chemical dependence
36 treatment, and intimate partner violence intervention programs. Where
37 applicable, the court may refer the principal to a crisis stabilization
38 center or direct that the principal be removed to a hospital pursuant to
39 section 9.43 of the mental hygiene law;

40 5. "Securing order" means an order of a court committing a principal
41 to the custody of the sheriff or fixing bail, where authorized, or
42 releasing the principal on the principal's own recognizance or releasing
43 the principal under non-monetary conditions, or, as otherwise authorized
44 under this title, ordering non-monetary conditions in conjunction with
45 fixing bail.

46 § 2. The opening paragraph of subdivision 1, subdivision 3 and the
47 opening paragraph of subdivision 4 of section 510.10 of the criminal
48 procedure law, the opening paragraph of subdivision 1 as amended by
49 section 1 of subpart C of part UU of chapter 56 of the laws of 2022,

49 release under non-monetary conditions, but shall also render the defend-
50 ant eligible for an order fixing bail or ordering non-monetary condi-

52 order, the court shall consider the kind and degree of control or
53 restriction necessary to reasonably assure the principal's return to
54 court and compliance with court conditions, and select a securing order
55 consistent with its determination, taking into account the factors
56 required to be considered under subdivision one of section 510.10 of

Nothing in this subparagraph shall be interpreted as shortening the period of detention, or requiring or authorizing any less restrictive form of a securing order, which may be imposed pursuant to any other law.

§ 12. This act shall take effect on the thirtieth day after it shall have become a law.
