the prosecution, or the defense, or the investigation by an authorized
law enforcement official, of the alleged commission of a misdemeanor or
felony in this state or another state, provided, however, that if such
offense was against the laws of another state, such judge or magistrate

this state; and

vehicle had been reported to the police as stolen prior to the time the
violation occurred and had not been recovered by such time. For purposes
of asserting the defense provided by this subdivision it shall be suffi-

For purposes of this subdivision there shall be a presumption that the operator of such vehicle was operating such vehicle with the consent of the owner at the time such operator failed to obey a bus operation-related traffic regulation.

Any conferral provided for in this paragraph shall include consideration of the timing of projects in the interconnection queue of the federally designated electric bulk system operator for New York state, taking into account both capacity factors or planned projects and the interconnection queue's historical completion rate. A report on the information developed through such conferral shall be published and made accessible on the website of the authority.
(e) (i) Beginning in two thousand twenty-five, and biennially there-
after until two thousand thirty-three, the authority, in consultation
with the New York state energy research and development authority, the
office of renewable energy siting, the department of public service, and
the federally designated electric bulk system operator for New York
state, shall develop and publish biennially a renewable energy gener-
ation strategic plan ("strategic plan") that identifies the renewable
energy generating priorities based on the provisions of paragraph (a) of
this subdivision for the two-year period covered by the plan as further
provided for in this paragraph.

(ii) In developing, and updating, the strategic plan, the authority
shall consider:

(A) information developed pursuant to paragraph (d) of this subdivi-
sion;

(B) high need areas where transmission and distribution upgrades will
be necessary to interconnect new renewable energy generation projects;

(C) the feasibility of projects, based on costs, potential benefits,
and other relevant considerations;

operator for New York state, the power, energy and ancillary services
provided by planned renewable energy generating projects, taking into
account the historical completion rate of similar projects; and

(H) opportunities to work in partnership with private sector renewable
energy developers to accelerate activity, catalyze greater scale, and
spur additional market participation.

(iii) The strategic plan shall address the purposes stated in para-
graph (a) of this subdivision, and prioritize projects that:

(A) actively benefit disadvantaged communities;

(B) serve publicly-owned facilities; and

(C) support the renewable energy access and community help program
established pursuant to subdivision twenty-seven-b of this section.

(iv) The strategic plan shall assess and identify at a minimum:

(J) the state's progress towards achieving the renewable energy goals
of the climate leadership and community protection act; and
(K) any other information the authority determines to be appropriate.
(v) The plan shall include a list of proposed renewable energy generating projects. Such list shall include projects that are planned to be commenced prior to the next update or version of the plan, and at the authority's discretion need not include any projects in the planning stage. Each proposed project listed shall include, without limitation:
(A) location of the project, to the extent that property associated with such location has been secured for the proposed project;
(B) the type, or types, of renewable energy resources utilized;
(C) the potential generating capacity of each project;
(D) the estimated project cost;
(E) the timeline for completion; and
(F) the entity undertaking the proposed project and any public partnership agreements the authority or its subsidiaries enter into for such project.
(vi) In developing the strategic plan, the authority shall consult with stakeholders including, without limitation, climate and resiliency experts, labor organizations, environmental justice communities, disadvantaged community members, residential and small business ratepayer advocates, and community organizations. The authority shall also seek, where possible, community input through the regional clean energy hubs program administered by the energy research and development authority.
(vii) The authority shall post a draft of the strategic plan on its website for public comment for a period of at least sixty days, and shall hold at least three public hearings on the draft strategic plan in regionally diverse parts of the state.
(viii) The authority shall after considering the stakeholder input publish the first final strategic plan on its website no later than January thirty-first, two thousand twenty-five.
(ix) The authority, until two thousand thirty-five, shall update each biennial strategic plan annually, after a public comment period of at least thirty days and at least one public hearing. Such updated strategic plan shall include a review of the implementation of the projects previously included in the strategic plan with necessary updates, including status in the interconnection queue. The authority may update the plan more often than annually provided that it follows the public comment and public hearing process for updated plans prescribed by this paragraph.
(x) The strategic plan and any update thereof shall not be deemed final until it is approved by the authority's trustees.
(f) The authority shall have the right to exercise and perform all or part of its powers and functions pursuant to this subdivision or subdivision twenty-seven-b of this section, through one or more wholly owned subsidiaries. The authority may form such subsidiary by acquiring the voting shares thereof or by resolution of the board directing any of its trustees, officers or employees to organize a subsidiary pursuant to the business corporation law, or the not-for-profit corporation law, or as otherwise authorized by law. Such resolution shall prescribe the purpose for which such subsidiary is to be formed, which shall not be inconsistent with the provisions of this subdivision. Each such subsidiary pursuant to this subdivision shall be subject to any provision of this chapter pertaining to subsidiaries of public authorities, except that subdivision three of section twenty-eight hundred twenty-seven-a of this
chapter shall not apply to any subsidiary organized pursuant to this section. The authority may transfer to any such subsidiary any moneys, property (real, personal or mixed) or facilities in order to carry out the purposes of this subdivision. Each such subsidiary shall have all the privileges, immunities, tax exemptions and other exemptions of the authority to the extent the same are not inconsistent with the statute or statutes pursuant to which such subsidiary was incorporated; provided, however, that in any event any such subsidiary shall be entitled to exemptions from the public service law and any regulation by, or the jurisdiction of, the public service commission, except as otherwise provided in this subdivision or subdivision twenty-seven-b of this section. In exercising the authority provided for in paragraph (a) of this subdivision, the authority or any subsidiary thereof, may enter into public-private partnership agreements, to the extent the authority determines that such collaborations are in the best interest of the state, and necessary to mitigate financial risks to the authority to manageable levels as determined by the trustees. Nothing in this subdivision shall be construed as authorizing any private entity that enters into a public-private partnership or a similar agreement, or any contract authorized herein, with the authority or a subsidiary thereof, to receive, exercise or claim entitlement to any of the privileges, immunities, tax exemptions or other exemptions of the authority or any subsidiary thereof.

(g) The source of any financing and/or loans for any of the actions authorized in this subdivision may include: (i) the proceeds of notes issued pursuant to section one thousand nine-a of this title; (ii) the proceeds of bonds issued pursuant to section one thousand ten of this title; (iii) other funds made available by the authority for such purposes; or (iv) any other funds made available to the authority from non-authority sources including but not limited to state or federal monies.

(viii) "Renewable energy system" has the same meaning as section sixty-six-p of the public service law.

(j) The authority shall complete and submit a report, on or before January thirty-first, two thousand twenty-five, and annually thereafter, to the governor, the speaker of the assembly, and the temporary president of the senate, and shall post such report on the authority's website such that the report is accessible for public review. Such report shall include, but not be limited to:

(k) All renewable energy generating projects subject to this subdivision and subdivision twenty-seven-b of this section shall be deemed public work and subject to and performed in accordance with articles eight and nine of the labor law. Each contract for such renewable energy generating project shall contain a provision that such projects may only be undertaken pursuant to a project labor agreement. For purposes of this subdivision and subdivision twenty-seven-b of this section, "project labor agreement" shall mean a pre-hire collective bargaining agreement between the authority, or a third party on behalf of the authority, and a bona fide building and construction trade labor organization establishing the labor organization as the collective bargaining representative for all persons who will perform work on a public work project, and which provides that only contractors and subcontractors who sign a pre-negotiated agreement with the labor organization can perform project work. All contractors and subcontractors associated with this work shall be required to utilize apprenticeship agreements as defined by article twenty-three of the labor law.

(l) The authority shall include requirements in any procurement or development of a renewable energy generating project, as defined in this subdivision, that the components and parts shall be produced or made in whole or substantial part in the United States, its territories or possessions. The authority's president and chief executive officer, or his or her designee may waive the procurement and development requirements set forth in this paragraph if such official determines that: the requirements would not be in the public interest; the requirements would result in unreasonable costs; obtaining such infrastructure components and parts in the United States would increase the cost of a renewable energy generating project by an unreasonable amount; or such components or parts cannot be produced, made, or assembled in the United States in sufficient and reasonably available quantities or of satisfactory quality. Such determination must be made on an annual basis no later than December thirty-first, after providing notice and an opportunity for public comment, and such determination shall be made publicly available, in writing, on the authority's website with a detailed explanation of the findings leading to such determination. If the authority's president and chief executive officer, or his or her designee, has issued determinations for three consecutive years finding that no such waiver is warranted pursuant to this paragraph, then the authority shall no longer be required to provide the annual determination required by this paragraph.

(m) (i) Nothing in this subdivision or subdivision twenty-seven-b of this section shall alter the rights or benefits, and privileges, including, but not limited to terms and conditions of employment, civil service status, and collective bargaining unit membership, of any current employees of the authority.

(ii) Nothing in this article shall result in: (A) the discharge, displacement, or loss of position, including partial displacement such as a reduction in the hours of non-overtime work, wages, or employment benefits; (B) the impairment of existing collective bargaining agreements; (C) the transfer of existing duties and functions; or (D) the transfer of future duties and functions, of any currently employed worker of the state or any agency, public authority or the state university of New York.

(n) The authority shall enter into a memorandum of understanding for the operation and maintenance of a renewable energy generating project developed pursuant to this subdivision or subdivision twenty-seven of
this section with a bona fide labor organization of jurisdiction that is actively engaged in representing transitioning employees from non-renewable generation facilities. Such memorandum shall be entered into prior to the completion date of a renewable energy generating project and shall be an ongoing material condition of authorization to operate and maintain a renewable energy generating project developed pursuant to this subdivision or subdivision twenty-seven-b of this section. The memorandum shall only apply to the employees necessary for the maintenance and operation of such renewable energy generating projects. Such memorandum shall contain but not be limited to safety and training standards, disaster response measures, guaranteed hours, staffing levels, pay rate protection, and retraining programs. The employees eligible for these positions shall first be selected from a pool of transitioning workers who have lost their employment or will be losing their employment in the non-renewable energy generation sector. Such list of potential employees will be provided by affected labor organizations and provided to the department of labor. The department of labor shall update and provide such list to the authority ninety days prior to purchase, acquisition, and/or construction of any project under this subdivision or subdivision twenty-seven-b of this section.

(o) For the purposes of article fifteen-A of the executive law, any person entering into a contract for a project authorized pursuant to this section shall be deemed a state agency as that term is defined in such article and such contracts shall be deemed state contracts within the meaning of that term as set forth in such article.

(p) Nothing in this subdivision or subdivision twenty-seven-b of this section shall be construed as exempting the authority, its subsidiaries, or any renewable energy generating projects undertaken pursuant to this section from the requirements of section ninety-four-c of the executive law respecting any renewable energy system developed by the authority or an authority subsidiary after the effective date of this subdivision that meets the definition of "major renewable energy facility" as defined in section ninety-four-c of the executive law and section eight of part JJJ of chapter fifty-eight of the laws of two thousand twenty, as it relates to host community benefits, and section 11-0535-c of the environmental conservation law as it relates to an endangered and threatened species mitigation bank fund.

(q) All renewable energy generating projects the authority plans to undertake pursuant to the authority and directive of paragraph (a) of this subdivision, and identified in the strategic plan, shall be subject to review and approval of the authority's board of trustees.

January thirty-first, two thousand twenty-five, and annually thereafter,
to the governor, the speaker of the assembly, the temporary president of
the senate, the minority leader of the assembly, and the minority leader
of the senate which shall be posted on the authority's website, and
shall include, but not be limited to:

(i) contracts entered into by the authority for the development,
construction and/or operation of renewable energy systems that are
intended in whole or in part to support REACH, and the planned location
of such projects;

data as may be required by the authority in carrying out the purposes of
this subdivision.

(f) Within one year of the effective date of this subdivision, the
authority shall issue a report to the governor, the speaker of the
assembly, the temporary president of the senate, the minority leader of
the assembly, and the minority leader of the senate that addresses the
feasibility and advisability of implementing a program similar to REACH
for the purpose of providing bill credits to low-income or moderate-in-
come end-use electricity consumers located in disadvantaged communities
in the service territories of municipal distribution utilities and rural
electric cooperatives located in New York state. The authority may
confer with any municipal distribution utility or its representatives,
and any rural electric cooperative or its representatives, and may
request from any municipal distribution utility, rural electric cooper-
ative, department, division, office, commission or other agency of the
state or state public authority, and the same are authorized to provide,

to complete the report.

(g) Nothing in this subdivision shall be construed as authorizing any
private entity that enters into a public-private partnership or a simi-
lar agreement, or any contract authorized herein, with the authority or
an authority subsidiary, to receive, exercise or claim entitlement to

the authority or any authority subsidiary.
§ 3. Subdivision 1 of section 66-p of the public service law, as added
by chapter 106 of the laws of 2019, is amended to read as follows:
  1. As used in this section:
     (a) "jurisdictional load serving entity" means any entity subject to
the jurisdiction of the commission that secures energy to serve the
electrical energy requirements of end-use customers in New York
state,
(b) "renewable energy systems" means systems that generate electricity
or thermal energy through use of the following technologies: solar ther-
mal, photovoltaics, on land and offshore wind, hydroelectric, geothermal
electric, geothermal ground source heat, tidal energy, wave energy,
ocean thermal, and fuel cells which do not utilize a fossil fuel
resource in the process of generating electricity.
(c) "bill credit" shall have the same meaning as in subparagraph (i)
of paragraph (a) of subdivision twenty-seven-b of section one thousand
five of the public authorities law.
(d) "disadvantaged community" means a community defined as a disadvan-
taged community under article seventy-five of the environmental conser-
vation law.
(e) "renewable energy" means electrical energy produced by a renewable
energy system.
(f) "low-income or moderate-income end-use consumer" shall mean end-
use customers of electric corporations and combination gas and electric
corporations regulated by the public service commission whose income is
found to be below the state median income based on household size.
§ 4. Section 66-p of the public service law is amended by adding a new
subdivision 8 to read as follows:
8. The power authority of the state of New York shall, no later than
twelve months after the effective date of this subdivision, file a peti-
tion to commence, and the commission shall commence, necessary
proceedings to enable the power authority of the state of New York to
provide bill credits from renewable energy generating projects under the
renewable energy access and community help program, or "REACH", estab-
lished pursuant to subdivision twenty-seven-b of section one thousand
five of the public authorities law, to low-income or moderate-income
end-use electricity consumers in disadvantaged communities for renewable
energy produced by renewable energy generating projects developed,
constructed, owned, or contracted for by the power authority of the
state of New York pursuant to subdivision twenty-seven-a of section one
thousand five of the public authorities law. Such bill credits shall be
in addition to any other renewable energy program or any other program
or benefit that low-income or moderate-income end-use electricity
consumers in disadvantaged communities receive, and any other incentives
made available by the power authority of the state of New York. For
purposes of this subdivision, a renewable energy system developed,
constructed, owned, or contracted for by the authority shall be:
(a) sized up to and including five megawatts alternating current and
interconnected to the distribution system or transmission system in the
service territory of the electric utility that serves the low-income or
moderate-income end-use consumers that receive bill credits; or
(b) sized above five megawatts alternating current and interconnected
to the distribution or transmission system at one or more points
anywhere in New York state. The commission shall, after public notice
and comment, establish such programs implementing REACH which:
(i) provide that jurisdictional load serving entities shall enter into agreements with the power authority of the state of New York to carry out REACH;
(ii) provide that jurisdictional load serving entities shall file tariffs and other solutions determined by the commission to implement REACH at a reasonable cost while ensuring safe and reliable electric service;
(iii) provide that, unless they opt out, low-income or moderate-income end-use electricity consumers in disadvantaged communities, including such end-use electricity customers who have or who reside in buildings that have on-site net-metered generation or who participate in a community choice aggregation or community distributed generation project, shall receive bill credits for renewable energy produced by a renewable energy system developed, constructed, owned, or contracted for by the power authority of the state of New York pursuant to subdivision twenty-seven-a of section one thousand five of the public authorities law;
(iv) consider enhanced incentive payments in bill credits to low-income or moderate-income end-use electricity consumers in disadvantaged communities for renewable energy systems including solar and community distributed generation projects as provided for in paragraph (b) of subdivision seven of this section;
(v) to the extent practicable include energy storage in renewable energy systems to deliver clean energy benefits to low-income or moderate-income end-use electricity consumers in disadvantaged communities as provided for in paragraphs (a) and (b) of subdivision seven of this section; and
(vi) address recovery by jurisdictional load serving entities of their prudently incurred costs of administering REACH in electric service delivery rates of the utility in whose service territory low-income or moderate-income end-use electricity consumers in a disadvantaged community participate in REACH.

§ 5. Section 1005 of the public authorities law is amended by adding a new subdivision 27-c to read as follows:

27-c. (a) Within two years of the effective date of this subdivision, the authority shall publish a plan providing for the proposed phase out, by December thirty-first, two thousand thirty, of the production of electric energy from its small natural gas power plants. The plan shall include a proposed strategy to replace, where appropriate, the small natural gas power plants with renewable energy systems, as defined in section sixty-six-p of the public service law, including renewable energy generating projects authorized pursuant to subdivision twenty-seven-a of this section provided such projects shall be included in the strategic plan established pursuant to subdivision twenty-seven-a of this section. By December thirty-first, two thousand thirty, the authority shall cease production of electricity at each of its small natural gas power plants should the authority determine that such plant or plants, or the electricity production therefrom are not needed for any of the following purposes: (i) emergency power service; or (ii) electric system reliability, including but not limited to, operating facilities to maintain power system requirements for facility thermal limits, voltage limits, frequency limits, fault current duty limits, or dynamic stability limits, in accordance with the system reliability standards of the North American electric reliability corporation, criteria of the northeast power coordinating council, rules of the New York state reliability council, and as applicable, reliability rules of the utility in whose service territory a small natural gas power plant is located. Notwith-
standing any other provision of this paragraph, the authority may continue to produce electric energy at any of the small natural gas power plants if existing or proposed replacement generation resources would result in more than a de minimis net increase of emissions of carbon dioxide or criteria air pollutants within a disadvantaged community as defined in subdivision five of section 75-0101 of the environmental conservation law. The authority shall file deactivation notices with the federally designated electric bulk system operator for the state of New York for the purpose of ceasing electricity production from the small natural gas power plants in a timeframe sufficient to facilitate the cessation of electricity production pursuant to this paragraph.

(b) In determining whether to cease electricity production from any small natural gas power plant, the authority is authorized to confer with the federally designated electric bulk system operator for the state, the New York state energy research and development authority, the department of public service, and the distribution utility in whose service territory such small natural gas power plant operates, in addition to such other stakeholders as the authority determines to be appropriate. Determinations shall be on a plant by plant basis, be updated no less than every two years, and be made publicly available along with the supporting documentation on which the determination was based. In making such determinations, the authority shall provide an opportunity for public comment of not less than sixty days prior to the public hearing and shall hold at least one public hearing in the affected community.

(c) Nothing in this subdivision is intended to, nor shall be construed to, prohibit the authority in its discretion from using, or permitting the use of, including through lease, sale, or other arrangement, any small natural gas power plant or its site or associated infrastructure in whole or in part for electric system purposes that does not involve the combustion of fossil fuels, including, but not limited to providing system voltage support, energy storage, interconnection of existing or new renewable generation, or the use of the generator step up transformers and substations for transmission or distribution purposes provided that such use, lease, sale, or other arrangement shall comply with existing law.

(d) For purposes of this subdivision, the term "small natural gas power plant" or "plant" means each of the seven electric generating power plants owned and operated by the authority located at six sites in Bronx, Brooklyn, Queens and Staten Island and one site in Brentwood, Suffolk county, which each use one or more simple cycle combustion turbine units, totaling eleven units, fueled by natural gas and which typically operate during periods of peak electric system demand.

§ 6. Section 1020-f of the public authorities law, as added by chapter 517 of the laws of 1986, is amended by adding a new subdivision (jj) to read as follows:

(jj) As deemed feasible and advisable by the trustees, to enter into contracts with the power authority of the state of New York for the provision of bill credits generated by the production of renewable energy by a renewable energy system developed, constructed, owned, or contracted for by the power authority of the state of New York under the renewable energy access and community help program established pursuant to subdivision twenty-seven-b of section one thousand five of this article and, unless such end-use electricity consumers opt out, to provide such bill credits to low-income or moderate-income end-use electricity consumers in disadvantaged communities, including such end-use electric-
ity customers who have or who reside in buildings that have on-site
net-metered generation or who participate in a community choice aggre-
gation or community distributed generation project.

§ 7. Section 1005 of the public authorities law is amended by adding a
new subdivision 27-d to read as follows:

27-d. Beginning in state fiscal year two thousand twenty-four--two
thousand twenty-five, the authority is authorized, as deemed feasible
and advisable by the trustees, to make available an amount up to twen-
ty-five million dollars annually to the department of labor to fund
programs established or implemented by or within the department of
labor, including but not limited to the office of just transition and
programs for workforce training and retraining, to prepare workers for
employment for work in the renewable energy field.

§ 8. Paragraph (a) and subparagraph 1 of paragraph (b) of subdivision
13-b of section 1005 of the public authorities law, as added by section
4 of part CC of chapter 60 of the laws of 2011, are amended to read as
follows:

(a) Residential consumer electricity cost discount. Notwithstanding
any provision of this title or article six of the economic development
law to the contrary, the authority is authorized, as deemed feasible and
advisable by the trustees, to use revenues from the sale of hydroelec-
tric power, and such other funds of the authority as deemed feasible and
advisable by the trustees, to fund monthly payments to be made for the
benefit of such classes of electricity consumers as enjoyed the benefits
of authority hydroelectric power withdrawn pursuant to subdivision thir-
ten-a of this section, for the purpose of mitigating price impacts
associated with the reallocation of such power in the manner described
in this subdivision. Such monthly payments shall commence after such
hydroelectric power is withdrawn and shall cease August first, two thou-
sand twenty-three. The total annual amount of monthly payments for each
of the three twelve month periods following withdrawal of such [hydroelec-
tric] hydroelectric power shall be one hundred million dollars. The
total annual amount of monthly payments for each of the two subsequent
twelve month periods shall be seventy million dollars and fifty million
dollars, respectively. Thereafter, the total annual amount of monthly
payments for each twelve month period through the final period ending
August first, two thousand twenty-three shall be thirty million dollars.
The total amount of monthly payments shall be apportioned by the author-
ity among the utility corporations that, prior to the effective date of
this subdivision, purchased such hydroelectric power for the benefit of
their domestic and rural consumers according to the relative amounts of
such power purchased by such corporations. The monthly payments shall be
credited to the electricity bills of such corporations' domestic and
rural consumers in a manner to be determined by the public service
commission of the state of New York. The monthly credit provided by any
such corporation to any one consumer shall not exceed the total monthly
electric utility cost incurred by such consumer.

(1) Beginning with the second twelve month period after such hydro-
electric power is withdrawn, up to eight million dollars of the residen-
tial consumer electricity cost discount established by paragraph (a) of
this subdivision shall be dedicated for monthly payments to agricultural
producers who receive electric service at the residential rate, provided
that in the final twelve month period ending August first, two thousand
twenty-three, the amount dedicated for agricultural producers shall not
exceed twenty percent of the amount made available for the overall resi-
dential consumer electricity cost discount. The total amount of monthly
payments shall be apportioned by the authority among the utility corporations in the same manner as they are apportioned in paragraph (a) of this subdivision. Monthly payments shall be credited to the electricity bills of such corporations’ agricultural consumers in a manner to be determined by the public service commission of the state of New York. The combined monthly credit, under this paragraph and paragraph (a) of this subdivision, provided by any such corporation to any one consumer shall not exceed the total monthly electric utility cost incurred by such consumer.

§ 9. Subdivision 13-b of section 1005 of the public authorities law, as added by section 4 of part CC of chapter 60 of the laws of 2011, paragraph (a) and subparagraph 1 of paragraph (b) as amended by section eight of this act, is amended to read as follows:

13-b. [Residential consumer discount programs. (a) Residential consumer electricity cost discount. Notwithstanding any provision of this title or article six of the economic development law to the contrary, the authority is authorized, as deemed feasible and advisable by the trustees, to use revenues from the sale of hydroelectric power, and such other funds of the authority as deemed feasible and advisable by the trustees, to fund monthly payments to be made for the benefit of such classes of electricity consumers as enjoyed the benefits of authority hydroelectric power withdrawn pursuant to subdivision thirteen-a of this section, for the purpose of mitigating price impacts associated with the reallocation of such power in the manner described in this subdivision. Such monthly payments shall commence after such hydroelectric power is withdrawn and shall cease August first, two thousand twenty-three. The total annual amount of monthly payments for each of the three twelve month periods following withdrawal of such hydroelectric power shall be one hundred million dollars. The total annual amount of monthly payments for each of the two subsequent twelve month periods shall be seventy million dollars and fifty million dollars, respectively. Thereafter, the total annual amount of monthly payments for each twelve month period through the final period ending August first, two thousand twenty-three shall be thirty million dollars. The total amount of monthly payments shall be apportioned by the authority among the utility corporations that, prior to the effective date of this subdivision, purchased such hydroelectric power for the benefit of their domestic and rural consumers according to the relative amounts of such power purchased by such corporations. The monthly payments shall be credited to the electricity bills of such corporations’ domestic and rural consumers in a manner to be determined by the public service commission of the state of New York. The monthly credit provided by any such corporation to any one consumer shall not exceed the total monthly electric utility cost incurred by such consumer.]

(b) Agricultural consumer electricity cost discount. (1) [Beginning with the second twelve month period after such hydroelectric power is withdrawn, up to eight million dollars of the residential consumer electricity cost discount established by paragraph (a) of this subdivision shall be dedicated for monthly payments to agricultural producers who receive electric service at the residential rate, provided that in the final twelve month period ending August first, two thousand twenty-three, the amount dedicated for agricultural producers shall not exceed twenty percent of the amount made available for the overall residential consumer electricity cost discount. The total amount of monthly payments shall be apportioned by the authority among the utility corporations in the same manner as they are apportioned in paragraph (a) of this subdi-
vision. Monthly payments shall be credited to the electricity bills of such corporations' agricultural consumers in a manner to be determined by the public service commission of the state of New York. The combined monthly credit, under this paragraph and paragraph (a) of this subdivision, provided by any such corporation to any one consumer shall not exceed the total monthly electric utility cost incurred by such consumer. Notwithstanding any provision of this title or article six of the economic development law to the contrary, the authority is authorized, beginning in two thousand twenty-four, as deemed feasible and advisable by the trustees, to use revenues from the sale of hydroelectric power, and such other funds of the authority as deemed feasible and advisable by the trustees, to fund monthly payments to be made for the benefit of agricultural producers who receive electric service at the residential rate who enjoyed the benefits of authority hydroelectric power withdrawn pursuant to subdivision thirteen-a of this section, and who were previously eligible to receive benefits under the agricultural consumer electricity cost discount created by section four of part CC of chapter sixty of the laws of two thousand eleven, for the purpose of mitigating price impacts associated with the reallocation of such power in the manner described in this subdivision. Such monthly payments shall commence September first, two thousand twenty-four. The total annual amount of monthly payments shall not exceed five million dollars.

(2) The authority shall work cooperatively with the department of public service to evaluate the agricultural consumer electricity cost discount, which shall include an assessment of the benefits to recipients compared to the benefits the recipients received from the authority's hydroelectric power, withdrawn pursuant to subdivision thirteen-a of this section, during the twelve month period ending December thirty-first, two thousand ten, and compared to other agricultural consumers that did not choose to receive the discount.

[≡≡] (b) Energy efficiency program. (1) Beginning with the withdrawal of such hydroelectric power, the authority or the New York state energy research and development authority, shall conduct an energy efficiency program for five years to provide energy efficiency improvements for the purpose of reducing energy consumption for domestic and rural consumers. Such energy efficiency program may be undertaken in cooperation with other energy efficiency programs offered by utility corporations, state agencies and authorities including but not limited to the New York state energy research and development authority; provided however that energy savings attributable to such other energy efficiency programs shall not be included in determining the amount of energy saved pursuant to the program established by this paragraph;

(2) The authority or the New York state energy research and development authority shall annually post on their website a report evaluating the energy efficiency program, including but not limited to, the number of domestic and rural consumers who opted to participate in the program and, if practicable, the estimated savings the domestic and rural consumers received by participating in the energy efficiency program.

§ 10. Nothing in this act is intended to limit, impair, or affect the legal authority of the Power Authority of the State of New York under any other provision of law.

§ 11. Severability. If any word, phrase, clause, sentence, paragraph, section, or part of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the word, phrase, clause, sentence, paragraph, section, or part ther-
S. 4006--C                               131                        A. 3006--C

1 eof directly involved in the controversy in which such judgment shall
2 have been rendered.
3 § 12. This act shall take effect immediately; provided, however, that
4 section nine of this act shall take effect January 1, 2024.

PART RR

Section 1. Subdivision 6 of section 11-104 of the energy law, as added
by chapter 374 of the laws of 2022, is amended and two new subdivisions
7 and 8 are added to read as follows:
6. [a] To the fullest extent feasible, the standards for construction
of buildings in the code shall be designed to help achieve the state's
7 clean energy and climate agenda, including but not limited to greenhouse
gas reduction, set forth within chapter one hundred six of the laws of
20 two thousand nineteen, also known as the New York state climate leader-
ship and community protection act, and as further identified by the New
York state climate action council established pursuant to section
75-0103 of the environmental conservation law.

(b) In addition to the foregoing, to support the goal of zero on-site
greenhouse gas emissions and help achieve the state's clean energy and
climate agenda, including but not limited to greenhouse gas reduction
requirements set forth within chapter one hundred six of the laws of two
21 thousand nineteen, also known as the New York state climate leadership
and community protection act, the code shall prohibit the installation
of fossil-fuel equipment and building systems, in any new building not
more than seven stories in height, except for a new commercial or indus-
24 trial building greater than one hundred thousand square feet in condi-
tioned floor area, on or after December thirty-first, two thousand twenty-
9 five, and the code shall prohibit the installation of fossil-fuel
equipment and building systems, in all new buildings after December
thirty-first, two thousand twenty-eight.

7. (a) The provisions set forth in paragraph (b) of subdivision six of
this section shall not be construed as applying to buildings existing
prior to the effective date of the applicable prohibition, including to:
(i) the repair, alteration, addition, relocation, or change of occu-
pancy or use of such buildings; and
(ii) the installation or continued use and maintenance of fossil-fuel
equipment and building systems, including as related to cooking equip-
ment, in any such buildings.

(b) In addition, in effectuating the provisions set forth in paragraph
(b) of subdivision six of this section the code shall include exemptions
for the purposes of allowing the installation and use of fossil-fuel
equipment and building systems where such are installed and used:
(i) for generation of emergency back-up power and standby power
systems;
(ii) in a manufactured home as defined in subdivision seven of section
six hundred one of the executive law; or
(iii) in a building or part of a building that is used as a manufac-
turing facility, commercial food establishment, laboratory, car wash,
laundromat, hospital, other medical facility, critical infrastructure,
including but not limited to emergency management facilities, wastewater
treatment facilities, and water treatment and pumping facilities, agri-
cultural building, fuel cell system, or crematorium, as such terms are
defined by the code council.

(c) Where the code includes an allowed exemption pursuant to subpara-
graph (i) or (iii) of paragraph (b) of this subdivision, other than
agricultural buildings as defined by the council, such exemption shall include provisions that, to the fullest extent feasible, limit the use of fossil-fuel equipment and building systems to the system and area of the building for which a prohibition on fossil-fuel equipment and building systems is infeasible; require the area or service within a new building where fossil-fuel equipment and building systems are installed be electrification ready, except with respect to servicing manufacturing or industrial processes; and minimize emissions from the fossil-fuel equipment and building systems that are allowed to be used, provided that the provisions set forth in this paragraph do not adversely affect health, safety, security, or fire protection. Financial considerations shall not be sufficient basis to determine physical or technical infeasibility.

(d) Exemptions included in the code pursuant to this subdivision shall be periodically reviewed by the state fire prevention and building code council to assure that they continue to effectuate the purposes of subdivision six of this section to the fullest extent feasible.

(e) The code shall allow for exemption of a new building construction project that requires an application for new or expanded electric service, pursuant to subdivision one of section thirty-one of the public service law and/or section twelve of the transportation corporations law, when electric service cannot be reasonably provided by the grid as operated by the local electric corporation or municipality pursuant to subdivision one of section sixty-five of the public service law; provided, however, that the public service commission shall determine reasonableness for purposes of this exemption. For the purposes of this paragraph, "grid" shall have the same meaning as electric plant, as defined in subdivision twelve of section two of the public service law.

8. For the purposes of this section:

(a) "Fossil-fuel equipment and building systems" shall mean (i) equipment, as such term is defined in section 11-102 of this article, that uses fossil-fuel for combustion; or (ii) systems, other than items supporting an industrial or commercial process as referred to in the definition of equipment in section 11-102 of the energy law, associated with a building that will be used for or to support the supply, distribution, or delivery of fossil-fuel for any purpose, other than for use by motor vehicles.

(b) "Electrification ready" means the new building or portion thereof where fossil-fuel equipment and building systems are allowed to be used which contains electrical systems and designs that provide sufficient capacity for a future replacement of such fossil-fuel equipment and building systems with electric-powered equipment, including but not limited to sufficient space, drainage, electrical conductors or raceways, bus bar capacity, and overcurrent protective devices for such electric-powered equipment.

§ 2. Section 371 of the executive law, as added by chapter 707 of the laws of 1981, is amended to read as follows:

§ 371. Statement of legislative findings and purposes. 1. The legislature hereby finds and declares that:

a. The present level of loss of life, injury to persons, and damage to property as a result of fire demonstrates that the people of the state have yet to receive the basic level of protection to which they are entitled in connection with the construction and maintenance of buildings;

b. There does not exist for all areas of the state a single, adequate, enforceable code establishing minimum standards for fire protection and
construction, maintenance and use of materials in buildings. Instead, there exists a multiplicity of codes and requirements for various types of buildings administered at various levels of state and local government. There are, in addition, extensive areas of the state in which no code at all is in effect for the general benefit of the people of the state;

c. The present system of enforcement of fire protection and building construction codes is characterized by a lack of adequately trained personnel, as well as inconsistent qualifications for personnel who administer and enforce those codes;

d. Whether because of the absence of applicable codes, inadequate code provisions or inadequate enforcement of codes, the threat to the public health and safety posed by fire remains a real and present danger for the people of the state; and

e. The multiplicity of fire protection and building construction code requirements poses an additional problem for the people of the state since it increases the cost of doing business in the state by perpetuating multiple requirements, jurisdictional overlaps and business uncertainties, and, in some instances, by artificially inducing high construction costs.

2. The legislature declares that it shall be the public policy of the state of New York to:

a. Immediately provide for a minimum level of protection from the hazards of fire in every part of the state;

b. Provide for the promulgation of a uniform code addressing building construction and fire prevention in order to provide a basic minimum level of protection to all people of the state from hazards of fire and inadequate building construction. In providing for such a uniform code, it is declared to be the policy of the state of New York to:

(1) reconcile the myriad existing and potentially conflicting regulations which apply to different types of buildings and occupancies;

(2) recognize that fire prevention and fire prevention codes are closely related to the adequacy of building construction codes, that the greatest portion of a building code's requirements are fire safety oriented, and that fire prevention and building construction concerns should be the subject of a single code;

(3) **recognize that the decarbonization of new and existing buildings is closely related to the state's clean energy and climate agenda as described in the New York climate leadership and community protection act set forth in chapter one hundred six of the laws of two thousand nineteen, and that the uniform code shall enable the state's clean energy objectives:**

(4) place public and private buildings on an equal plane with respect to fire prevention and adequacy of building construction;

(5) require new and existing buildings alike to keep pace with advances in technology concerning fire prevention and building construction, including, where appropriate, that provisions apply on a retroactive basis; and

(6) provide protection to both residential and non-residential buildings;

c. Insure that the uniform code be in full force and effect in every area of the state;

d. Encourage local governments to exercise their full powers to administer and enforce the uniform code; and
e. Provide for a uniform, statewide approach to the training and qualification of personnel engaged in the administration and enforcement of the uniform code.

§ 3. Subdivision 19 of section 378 of the executive law, as renumbered by chapter 47 of the laws of 2022, is renumbered subdivision 20 and a new subdivision 19 is added to read as follows:

19. a. To support the goal of zero on-site greenhouse gas emissions and help achieve the state’s clean energy and climate agenda, including but not limited to greenhouse gas reduction requirements set forth within chapter one hundred six of the laws of two thousand nineteen, also known as the New York state climate leadership and community protection act, the uniform code shall prohibit the installation of fossil-fuel equipment and building systems, in any new building not more than seven stories in height, except for a new commercial or industrial building greater than one hundred thousand square feet in conditioned floor area, on or after December thirty-first, two thousand twenty-five, and the uniform code shall prohibit the installation of fossil-fuel equipment and building systems, in all new buildings on or after December thirty-first, two thousand twenty-eight.

b. The provisions set forth in paragraph a of this subdivision shall not be construed as applying to buildings existing prior to the effective date of the applicable prohibition, including to:

(i) the repair, alteration, addition, relocation, or change of occupancy or use of such buildings; and

(ii) the installation or continued use and maintenance of fossil-fuel equipment and building systems, including as related to cooking equipment, in any such buildings.

c. In addition, in effectuating the provisions set forth in paragraph a of this subdivision the code shall include exemptions for the purposes of allowing the installation and use of fossil-fuel equipment and building systems where such systems are installed and used:

(i) for generation of emergency back-up power and standby power systems;

(ii) in a manufactured home as defined in subdivision seven of section six hundred one of the executive law; or

(iii) in a building or part of a building that is used as a manufacturing facility, commercial food establishment, laboratory, car wash, laundromat, hospital, other medical facility, critical infrastructure, including but not limited to emergency management facilities, wastewater treatment facilities, and water treatment and pumping facilities, agricultural building, fuel cell system, or crematorium, as such terms are defined by the code council.

d. Where the uniform code includes an allowed exemption pursuant to subparagraph (i) or (iii) of paragraph c of this subdivision, other than agricultural buildings as defined by the council, such exemption shall include provisions that, to the fullest extent feasible, limit the use of fossil-fuel equipment and building systems to the system and area of the building for which a prohibition on fossil-fuel equipment and building systems is infeasible; except with respect to servicing manufacturing or industrial processes, require the area or service within a new building where fossil-fuel equipment and building systems are installed be electrification ready; and minimize emissions from the fossil-fuel equipment and building systems that are allowed to be used, provided that such provisions do not adversely affect health, safety, security, or fire protection. Financial considerations shall not be sufficient basis to determine physical or technical infeasibility.
e. Exemptions included in the uniform code pursuant to this subdivision shall be periodically reviewed by the code council to assure that they continue to effectuate the purposes of paragraph a of this subdivision and subparagraph three of paragraph b of subdivision two of section three hundred seventy-one of this article to the fullest extent feasible.

f. The code shall allow for exemption of a new building construction project that requires an application for new or expanded electric service, pursuant to subdivision one of section thirty-one of the public service law and/or section twelve of the transportation corporations law, when electric service cannot be reasonably provided by the grid as operated by the local electric corporation or municipality pursuant to subdivision one of section sixty-five of the public service law; provided, however, that the public service commission shall determine reasonableness for purposes of this exemption. For the purposes of this paragraph, "grid" shall have the same meaning as electric plant, as defined in subdivision twelve of section two of the public service law.

g. For the purposes of this subdivision:

(i) "Fossil-fuel equipment and building systems" shall mean (A) equipment, as such term is defined in section 11-102 of the energy law, that uses fossil-fuel for combustion; or (B) systems, other than items supporting an industrial or commercial process as referred to in the definition of equipment in section 11-102 of the energy law, associated with a building that will be used for or to support the supply, distribution, or delivery of fossil-fuel for any purpose, other than for use by motor vehicles.

(ii) "Electrification ready" means the new building or portion thereof where fossil-fuel equipment and building systems are allowed to be used which contains electrical systems and designs that provide sufficient capacity for a future replacement of such fossil-fuel equipment and building systems with electric-powered equipment, including but not limited to sufficient space, drainage, electrical conductors or raceways, bus bar capacity, and overcurrent protective devices for such electric-powered equipment.

§ 4. Section 1005 of the public authorities law is amended by adding a new subdivision 30 to read as follows:

30. To establish decarbonization action plans for state-owned facilities as provided for in section ninety of the public buildings law, and to consult, cooperate, and coordinate with any state entity, as required or authorized in article four-D of the public buildings law.

§ 5. The public buildings law is amended by adding a new article 4-D to read as follows:

ARTICLE 4-D
DECARBONIZATION OF STATE-OWNED FACILITIES

Section 90. Definitions.

91. Decarbonization action plans.

§ 90. Definitions. As used in this article:

1. "Authority" shall mean the power authority of the state of New York established under title one of article five of the public authorities law.

2. "Decarbonization" and "decarbonize" means eliminating all on-site combustion of fossil-fuels and associated co-pollutants with the exception of back-up emergency generators and redundant systems needed to address public health, safety and security, providing heating and cooling through thermal energy, and thermal energy networks, from non-com-
bustion sources, and to the greatest extent feasible producing on-site  
electricity that is one hundred percent renewable.

3. "Highest-emitting facilities" means state-owned facilities that are  
among the highest producers of greenhouse gas emissions and collectively  
account for at least thirty percent of the greenhouse gas emissions as  
recorded by the authority's Build Smart NY program established pursuant  
to Executive Order 88 of 2012.

4. "Thermal energy" shall have the meaning provided in subdivision  
twenty-eight of section two of the public service law.

5. "Thermal energy network" shall have the same meaning as defined in  
subdivision twenty-nine of section two of the public service law.

6. "State energy research and development authority" shall mean the  
New York state energy research and development authority established  
under title nine of article eight of the public authorities law.

7. "State-owned facilities" or "facilities" includes "building" as  
defined by section eighty-one of this chapter, "dormitory" as defined by  
section three hundred seventy of the education law, and "facility" as  
defined by section three hundred seventy of the education law.

§ 91. Decarbonization action plans. 1. The authority is hereby author-  
ized and directed to establish decarbonization action plans for fifteen  
of the highest-emitting facilities that will serve as a basis for decar-  
onbonizing the facilities to the maximum extent practicable, and subject  
to any needed redundant systems and back-up systems needed for public  
safety and security. Decarbonization action plans shall address the  
following matters at a minimum:

(a) A comprehensive accounting and analysis of all energy uses at the  
facilities.

(b) Greenhouse gas and other harmful emissions (e.g., NOx, SOx, parti-  
culate matter) resulting from the on-site and source energy usage of the  
facilities.

(c) Analysis of the feasibility of using thermal energy and thermal  
energy networks at the facility, including any anticipated limitations  
on the use of thermal energy networks, along with a characterization of  
any such limitations, including whether they are permanent, temporary,  
or resolvable on a cost-effective basis.

(d) Identification and analysis of energy efficiency measures that  
could be designed and constructed in later decarbonization project phas-  
es.

(e) An analysis of the availability and/or feasibility of providing  
clean energy through electrification technologies and associated elec-  
trical upgrades to meet the facility energy needs, as demonstrated by  
the reduced load profiles determined to be practicable based on the  
energy efficiency measures identified, either through on-site generation  
and/or other procurement.

(f) Investigation of the resiliency and redundant capacity of the  
existing critical infrastructure, such as heating, cooling and backup  
electrical power systems.

(g) Identification of any parts of the facilities that cannot be  
decarbonized, with explanations.

(h) Geotechnical investigations into the on-site potential for clean  
energy sources, including drilling test geothermal wells as needed.

(i) Determination of the feasibility and advisability of gathering,  
combining, or expanding any clean energy sources or central thermal  
energy networks with neighboring or nearby related state facilities.

(j) Investigation of the infrastructure, planning and funding needed  
to electrify transportation resources regularly used to serve the facili-
ities, such as public transit, vehicle fleets or employee/resident/student electric vehicle charging stations.

(k) An economic and feasibility analysis based upon the potential to decarbonize the facility, considering among other things the net present value of the life cycle cost of the thermal systems and other systems proposed, inclusive of the social cost of carbon, capital expenses for initial implementation and major equipment replacements, and operational expenses, including labor costs.

2. The authority shall complete the decarbonization action plans no later than January thirty-first, two thousand twenty-six, provided that such date shall be extended for justifiable delay outside the control of the authority, including, but not limited to, previously planned or current major renovations or replacements to the facilities, delayed permitting or approval by building owners, local authorities, or other essential parties, external resource bottlenecks, pending or unresolved investigations into utility grid capacity or similar circumstances where crucial information is not yet available or determined. Such extension shall be limited to the time necessary to address the factors causing such delay.

3. The authority shall complete and submit a report, on or before January thirty-first, two thousand twenty-five, and annually thereafter, to the governor, the speaker of the assembly, and the temporary president of the senate, and shall post such report on the authority’s website so that it is accessible for public review. Such report shall include, but not be limited to: (a) the progress of the decarbonization action plans; (b) any difficulties in preparing the decarbonization action plans; and (c) any anticipated delays in completing the decarbonization action plans by January thirty-first, two thousand twenty-seven.

4. The authority is authorized to allocate up to thirty million dollars to prepare the decarbonization action plans. The owner or operator of state-owned facilities shall not be responsible for reimbursing the authority for the costs the authority incurs to establish the decarbonization action plans provided for in this section, provided that the authority is authorized to obtain reimbursement of such costs from any other available funding sources, and provided further, that nothing in this subdivision is intended to limit the authority from receiving compensation for any services it provides to any owner or operator of state-owned facilities, including services related to implementation of decarbonization plans and decarbonization projects, on such terms and conditions as the parties agree.

5. The authority may ask and shall receive from the state energy research and development authority, the office of general services, the state university of New York, the dormitory authority, the department of environmental conservation, and any owners and operators of state-owned facilities, any information or staff technical assistance necessary to carry out its powers and duties under this section.

6. The chiller. The state university of New York shall utilize up to thirty million dollars of the 2023-24 New York state urban development corporation capital appropriation for the replacement of absorption chillers in the central chiller plant of the state university of New York at Albany.

7. Any project, including any thermal energy project, that may be funded as a result of a decarbonization action plan completed pursuant to this section shall: (a) be deemed a public work project subject to article eight of the labor law; (b) require that the component parts of any geothermal systems or any other heating or cooling systems are
produced or made in whole or substantial part in the United States, its territories or possessions, subject to a waiver provision similar to the one contained in subdivision two of section sixty-six-s of the public service law; (c) contain a requirement that any public owner or third party acting on behalf of a public owner enter into a project labor agreement as defined by section two hundred twenty-two of the labor law for all construction work; and (d) require the payment of prevailing wage standards consistent with article nine of the labor law for building services work. Notwithstanding any provision of law to the contrary, all rights or benefits, including terms and conditions of employment, and protection of civil service and collective bargaining status of all existing public employees and the work jurisdiction, covered job titles, and work assignments, set forth in the civil service law and collective bargaining agreements with labor organizations representing public employees shall be preserved and protected. Any such project shall not result in the: (i) displacement of any currently employed worker or loss of position (including partial displacement as such a reduction in the hours of non-overtime work, wages, or employment benefits) or result in the impairment of existing collective bargaining agreements; (ii) transfer of existing duties and functions related to maintenance and operations currently performed by existing employees of authorized entities to a contracting entity; or (iii) transfer of future duties and functions ordinarily performed by employees of authorized entities to a contracting entity.

§ 6. This act shall take effect immediately.

PART SS
Section 1. Section 4 of part LL of chapter 58 of the laws of 2019 amending the public authorities law relating to the provision of renewable power and energy by the Power Authority of the State of New York is amended to read as follows:

§ 4. This act shall take effect immediately; provided, however, that sections two and three of this act shall expire and be deemed repealed on June 30, 2033, provided, however, that the provisions of sections subparagraph (2) of paragraph (a) of subdivision 27 of section 1005 of the public authorities law as added by section two of this act shall expire on June 30, 2024 when upon such date such provisions shall be deemed repealed, provided that such repeal shall not affect or impair any act done, any right, permit or authorization accrued or acquired, or any liability incurred, prior to the time such repeal takes effect, and provided further that any project or contract that was awarded by the power authority of the state of New York prior to such repeal shall be permitted to continue under this act notwithstanding such repeal.

§ 2. This act shall take effect immediately.

PART TT
Section 1. Section 1854 of the public authorities law is amended by adding three new subdivisions 24, 25 and 26 to read as follows:

24. All revenues generated pursuant to regulations or actions taken by the department, the authority or any other state entity, pursuant to sections 75-0107 and 75-0109 of the environmental conservation law, shall be placed into a segregated authority funding account, established pursuant to section eighteen hundred fifty-nine of this title,
prior to programmatic or administrative allocation, and shall not be commingled with other authority funds.

Section 1. The Legislature hereby finds and declares that the Marijuana Regulation and Taxation Act (MRTA) envisioned the creation of new legal industries in which cannabis is regulated, controlled and taxed, and the generation of new revenue streams that enable substantial investments into communities and for the people most impacted by cannabis criminalization. The Legislature further finds that additional regulations to curb illegal cannabis retail establishments are necessary to fully effectuate the MRTA and ensure that the goals of the MRTA are achieved.

A certificate of registration shall not be assignable or transferable and shall be destroyed
immediately upon such person ceasing to do business as specified in such certificate, or in the event that such business never commenced.

2 Provided, however, that the commissioner shall refund or credit an application fee paid with respect to the registration of an adult-use cannabis business in this state if, prior to the beginning of the period with respect to which such registration relates, the certificate of registration described in [paragraph (i)] subdivision one of this [paragraph] subdivision is returned to the department or, if such certificate has been destroyed, the operator of such business satisfactorily accounts to the commissioner for the missing certificate, but such business may not sell adult-use cannabis products in this state during such period, unless it is re-registered. 13 (ix) has a place of business at the same premises as that of a distributor upon whom tax is imposed under this article, or person who sells adult-use cannabis products at retail, whose registration has been revoked and where such revocation is still in effect, unless the applicant provides the commissioner with adequate documentation demonstrating that such applicant acquired the premises or business through an arm’s length transaction as defined in paragraph (e) of subdivision one of section four hundred eighty-a of this chapter and that the sale or lease was not conducted, in whole or in part, for the purpose of permitting the original registrant to avoid the effect of the previous revocation for the same premises.
(3) The commissioner may revoke the certificate of registration issued to any person who:

(i) has had any license or registration provided for in this chapter revoked or suspended;

(ii) has been convicted of a crime provided for in this chapter where such conviction occurred not more than one year prior to the date of revocation;

[2] In addition to the grounds for revocation in paragraph (1) of this subdivision, where a person who holds a certificate of registration is determined to have possessed or sold illicit cannabis:

(1) such registration may be revoked for a period of up to one year for the first such possession or sale by such person;

(2) for a second such possession or sale within a period of five years by such person, the registration of such person may be revoked for a period of up to three years; and

(3) for a third such possession or sale within a period of five years by such person, the registration of such person may be revoked for a period of up to five years.

The commissioner or their designee is authorized to delay the effective date of the revocation to enable such person to present further evidence or arguments in connection with the revocation. The commissioner or their designee shall cancel the revocation of the certificate of registration if the commissioner or their designee is not satisfied by a preponderance of the evidence that a basis for revocation pursuant to this paragraph exists. An order of revocation of a certificate of registration under this paragraph shall not be reviewable by the division of tax appeals but may be reviewed pursuant to article seventy-eight of the civil practice law and rules by a proceeding commenced in the supreme court within four months of the revocation petitioning that the order of revocation be enjoined or set aside. Such proceeding shall be instituted in the county where the commissioner has their principal office. Upon the filing of such petition the court shall have jurisdiction to set

All such proceedings shall be heard and determined by the court and by any appellate court as expeditiously as possible and with lawful precedence over other civil matters. All such proceedings for review shall be heard on the petition, transcript and other papers, and on appeal shall be heard on the record, without requirement of printing.

(c) Where a person that does not possess a certificate of registration under this section has been determined to have possessed or sold any adult-use cannabis product or illicit cannabis:

(1) The commissioner may revoke a certificate of authority issued to such person pursuant to section eleven hundred thirty-four of this chapter for a place of business where such person has been determined to have possessed for sale or to have sold adult-use cannabis product or illicit cannabis three or more times within a period of five years without a certificate of registration.

(2) The commissioner may refuse to issue a certificate of authority under section eleven hundred thirty-four of this chapter to a distributor upon whom tax is imposed under this article, or a person who sells adult-use cannabis products at retail, who has a place of business at the same premises as that of a person whose certificate of authority has been revoked pursuant to paragraph one of this subdivision and where such revocation is still in effect, unless the applicant provides the commissioner with adequate documentation demonstrating that such applicant acquired the premises or business through an arm's length transaction as defined in paragraph (e) of subdivision one of section four hundred eighty-a of this chapter and that the sale or lease was not conducted, in whole or in part, for the purpose of permitting the original registrant to avoid the effect of the previous revocation for the same premises.

Such notification must be made on or before the last day of the month in which a change occurs and must be made electronically on a form prescribed by the commissioner.

(f) Every holder of a certificate of registration under this article shall be required to reapply prior to such certificate's expiration, during a reapplication period established by the commissioner. Such reapplication period shall not occur more frequently than every two years. Such reapplication shall be subject to the same requirements and conditions as an initial application, including grounds for refusal and the payment of the application fee.

(g) Any person who is required to obtain a certificate of registration under subdivision (a) of this section who possesses adult-use cannabis products without such certificate shall be subject to a penalty of five hundred dollars for each month or part thereof during which

§ 12. The cannabis law is amended by adding a new section 16-a to read
as follows:

§ 16-a. Emergency relief. Following service of a notice of violation
and order requiring immediate cessation of unlicensed activity under
this chapter, the office of cannabis management, or the attorney gener-
al, at the request of and on behalf of the office may bring and maintain
a civil proceeding in the supreme court of the county in which the
building or premises is located to permanently enjoin such unlicensed
activity when conducted, maintained, or permitted in such building or
premises, occupied as a place of business as described in subdivision
eight of section ten of this chapter, in violation of subdivision one or
one-a of section one hundred twenty-five of this chapter or subdivision
eight of section one hundred thirty-two of this chapter, which shall
constitute an unlicensed activity that presents a danger to the public
health, safety, and welfare, and shall also enjoin the person or persons
conducting or maintaining such unlicensed activity, in accordance with
the following procedures:

1. Proceeding for permanent injunction. (a) To the extent known, the
owner, lessor, and lessee of a building or premises wherein the unli-
censed activity is being conducted, maintained, or permitted shall be
made defendants in the proceeding. The venue of such proceeding shall be
in the county where the unlicensed activity is being conducted, main-
tained, or permitted. The existence of an adequate remedy at law shall
not prevent the granting of temporary or permanent relief pursuant to
this section.
(b) The proceeding shall name as defendants the building or premises wherein the unlicensed activity is being conducted, maintained, or permitted, by describing it by tax lot and street address and at least one of the owners of some part of or interest in the property.

(c) In rem jurisdiction shall be complete over the building or premises wherein the unlicensed activity is being conducted, maintained, or permitted by affixing the notice of petition to the door of the building or premises and by mailing the notice of petition by certified or registered mail, return receipt requested, to one of the owners of some part of or interest in the property. Proof of service shall be filed within two days thereafter with the clerk of the court designated in the notice of petition. In any county where e-filing is unavailable, proof of service may be mailed to the clerk. Service shall be complete upon such filing or mailing.

(d) Defendants, other than the building or premises wherein the unlicensed activity is being conducted, maintained, or permitted, shall be served with the notice of petition as provided in the civil practice law and rules or pursuant to court order. No more than thirty days prior to such service, the office shall mail a copy, by certified mail, of any prior notice of violation or letter or order to cease and desist relating to the unlicensed activity at the building or premises to the person in whose name the real estate affected by the proceeding is recorded in the office of the city register or the county clerk, as the case may be, who shall be presumed to be the owner thereof. Such mailing shall constitute notice to the owner and shall be deemed to be complete upon such mailing by the office as provided above. No more than fifteen days prior to such service, the office, or the attorney general, at the request of and on behalf of the office of cannabis management, shall verify the ongoing occupancy of any natural person who is a tenant of record and alleged to have caused or permitted the unlicensed activity in the building or premises wherein the unlicensed activity is alleged to have been conducted, maintained, or permitted. If at any time such defendants vacate such building or premises, any action or proceeding filed in accordance with these procedures relating to such building or premises shall be withdrawn.

(e) With respect to any proceeding commenced or to be commenced pursuant to this section by the office of cannabis management or the attorney general, at the request of and on behalf of the office, may file a notice of pendency pursuant to the provisions of article sixty-five of the civil practice law and rules.

(f) The person in whose name the real estate affected by the proceeding is recorded in the office of the city register or the county clerk, as the case may be, shall be presumed to be the owner thereof. Upon being served in a proceeding under this section, such owner shall, to the extent known, provide to the office of cannabis management, within three days, the names of any other owners, lessors and lessees of the building or premises that is the subject of the proceeding. Thereafter, such owners, lessors and lessees may be made parties to the proceeding.

(g) Whenever there is evidence that a person was the manager, operator, supervisor or, in any other way, in charge of the premises, at the time the unlicensed activity was being conducted, maintained, or permitted, such evidence shall be presumptive that he or she was an agent or employee of the owner or lessee of the building or premises.

(h) If a finding is made that the defendant has conducted, maintained, or permitted the unlicensed activity a penalty, to be included in the judgment, may be awarded in an amount not to exceed ten thousand dollars
for each day it is found that the defendant intentionally conducted, maintained or permitted the unlicensed activity. Upon recovery, such penalty shall be paid to the office of cannabis management.

2. Preliminary injunction. (a) Pending a proceeding for a permanent injunction pursuant to this section the court may grant a preliminary injunction enjoining the unlicensed activity and the person or persons conducting, maintaining, or permitting the unlicensed activity from further conducting, maintaining, or permitting the unlicensed activity, where the public health, safety or welfare immediately requires the granting of such injunction. A temporary closing order may be granted pending a hearing for a preliminary injunction where it appears by clear and convincing evidence that unlicensed activity within the scope of this section is being conducted, maintained, or permitted and that the public health, safety or welfare immediately requires the granting of a temporary closing order. A temporary restraining order may be granted pending a hearing for a preliminary injunction.

(b) A preliminary injunction shall be enforced by the office or, at the request of the office, the attorney general. At the request of the office, a police officer or peace officer with jurisdiction may also enforce the preliminary injunction.

(c) The office or the attorney general shall show, by affidavit and such other evidence as may be submitted, that there is a cause of action for a permanent injunction abating unlicensed activity.

3. Temporary closing order. (a) If, on a motion for a preliminary injunction alleging unlicensed activity as described in this section in a building or premises used for commercial purposes only, the office or the attorney general demonstrates by clear and convincing evidence that such unlicensed activity is being conducted, maintained, or permitted and that the public health, safety, or welfare immediately requires a temporary closing order, a temporary order closing such part of the building or premises wherein such unlicensed activity is being conducted, maintained, or permitted may be granted without notice, pending order of the court granting or refusing the preliminary injunction, and until further order of the court. Upon granting a temporary closing order, the court shall direct the holding of a hearing for the preliminary injunction at the earliest possible time but no later than three business days from the granting of such order; a decision on the motion for a preliminary injunction shall be rendered by the court within three business days after the conclusion of the hearing.

(b) Unless the court orders otherwise, a temporary closing order together with the papers upon which it was based and a notice of hearing for the preliminary injunction shall be personally served, in the same manner as a summons as provided in the civil practice law and rules.

(c) A temporary closing order shall only be issued prior to a hearing on a preliminary injunction if the building or premises is used for commercial purposes only.

(d) No temporary closing order shall be issued against any building or premises where, in addition to the unlicensed activity which is alleged, activity that is licensed or otherwise lawful remains in place. In addition, no temporary closing order shall be issued against any building or premises which is used in part as residence and pursuant to local law or ordinance is zoned and lawfully occupied as a residence.

4. Temporary restraining order. (a) If, on a motion for a preliminary injunction alleging unlicensed activity as described in this section in a building or premises used for commercial purposes, the office or the attorney general demonstrates by clear and convincing evidence that such
unlicensed activity is being conducted, maintained, or permitted and that the public health, safety, or welfare immediately requires a temporary restraining order, a temporary restraining order may be granted without notice restraining the defendants and all persons from removing or in any manner interfering with the furniture, fixtures and movable property used in conducting, maintaining or permitting such unlicensed activity, including adult-use cannabis, and from further conducting, maintaining or permitting such unlicensed activity, pending order of the court granting or refusing the preliminary injunction and until further order of the court. Upon granting a temporary restraining order, the court shall direct the holding of a hearing for the preliminary injunction at the earliest possible time but no later than three business days from the granting of such order; a decision on the motion for a preliminary injunction shall be rendered by the court within three business days after the conclusion of the hearing.

(b) Unless the court orders otherwise, a temporary restraining order and the papers upon which it was based and a notice of hearing for the preliminary injunction shall be personally served, in the same manner as a summons as provided in the civil practice law and rules.

5. Temporary closing order; temporary restraining order; additional enforcement procedures. (a) If on a motion for a preliminary injunction, the office of cannabis management or the attorney general submits evidence warranting both a temporary closing order and a temporary restraining order, the court shall grant both orders.

(b) Upon the request of the office, any police officer or peace officer with jurisdiction may assist in the enforcement of a temporary closing order and temporary restraining order.

(c) The police officer or peace officer serving a temporary closing order or a temporary restraining order shall forthwith make and return to the court an inventory of personal property situated in and used in conducting, maintaining, or permitting the unlicensed activity within the scope of this chapter and shall enter upon the building or premises for such purpose. Such inventory shall be taken in any manner which is deemed likely to evidence a true and accurate representation of the personal property subject to such inventory including, but not limited to photographing such personal property.

(d) The police officer or peace officer serving a temporary closing order shall, upon service of the order, command all persons present in the building or premises to vacate the premises forthwith. Upon the building or premises being vacated, the premises shall be securely locked and all keys delivered to the officer serving the order who thereafter shall deliver the keys to the fee owner, lessor, or lessee of the building or premises involved. If the fee owner, lessor, or lessee is not at the building or premises when the order is being executed, the officer shall securely padlock the premises and retain the keys until the fee owner, lessor, or lessee of the building is ascertained, in which event, the officer shall deliver the keys to such owner, lessor, or lessee.

(e) Upon service of a temporary closing order or a temporary restraining order, the police officer or peace officer shall post a copy thereof in a conspicuous place or upon one or more of the principal doors at entrances of such premises where the unlicensed activity is being conducted, maintained, or permitted. In addition, where a temporary closing order has been granted, the officer shall affix, in a conspicuous place or upon one or more of the principal doors at entrances of such premises, a printed notice that the premises have been closed by
court order, which notice shall contain the legend "closed by court
order" in block lettering of sufficient size to be observed by anyone
intending or likely to enter the premises, the date of the order, the
court from which issued, and the name of the officer or agency posting
the notice. In addition, where a temporary restraining order has been
granted, the police officer or peace officer shall affix, in the same
manner, a notice similar to the notice provided for in relation to a
temporary closing order except that the notice shall state that certain
described activity is prohibited by court order and that removal of
property is prohibited by court order. Mutilation or removal of such a
posted order or such a posted notice while it remains in force, in addi-
tion to any other punishment prescribed by law, shall be punishable, on
conviction, by a fine of not more than five thousand dollars or by
imprisonment not exceeding ninety days, or by both, provided such order
or notice contains therein a notice of such penalty. Any police officer
or peace officer with jurisdiction may, upon the request of the office,
assist in the enforcement of this section.

6. Temporary closing order; temporary restraining order; defendant's
remedies. (a) A temporary closing order or a temporary restraining
order shall be vacated, upon notice to the office, if the defendant
shows by affidavit and such other proof as may be submitted that the
unlicensed activity within the scope of this chapter has been abated. An
order vacating a temporary closing order or a temporary restraining
order shall include a provision authorizing the office to inspect the
building or premises which is the subject of a proceeding pursuant to
this subdivision, periodically without notice, during the pendency of
the proceeding for the purpose of ascertaining whether or not the unli-
censed activity has been resumed. Any police officer or peace officer
with jurisdiction may, upon the request of the office, assist in the
enforcement of an inspection provision of an order vacating a temporary
closing order or temporary restraining order.

(b) A temporary closing order or a temporary restraining order may be
vacated by the court, upon notice to the office, when the defendant
gives an undertaking and the court is satisfied that the public health,
safety, or welfare will be protected adequately during the pendency of
the proceeding. The undertaking shall be in an amount equal to the
assessed valuation of the building or premises where the unlicensed
activity is being conducted, maintained, or permitted or in such other
amount as may be fixed by the court. The defendant shall pay to the
office and the attorney general, in the event a judgment of permanent
injunction is obtained, their actual costs, expenses and disbursements
in bringing and maintaining the proceeding. In addition, the defendant
shall pay to the local government or law enforcement agency that
provided assistance in enforcing any order of the court issued pursuant
to a proceeding brought under this section, its actual costs, expenses
and disbursements in assisting with the enforcement of the proceeding.

7. Permanent injunction. (a) A judgment awarding a permanent injunc-
tion pursuant to this chapter shall direct that any illicit cannabis
seized shall be turned over to the office of cannabis management or
their authorized representative. The judgment may further direct any
police officer or peace officer with jurisdiction to seize and remove
from the building or premises all material, equipment, and instrumental-
ities used in the creation and maintenance of the unlicensed activity
and shall direct the sale by the sheriff of any such property in the
manner provided for the sale of personal property under execution pursu-
ant to the provisions of the civil practice law and rules. The net
proceeds of any such sale, after deduction of the lawful expenses involved, shall be paid to the general fund of the state.

(b) A judgment awarding a permanent injunction pursuant to this chapter may direct the closing of the building or premises by any police officer or peace officer with jurisdiction to the extent necessary to abate the unlicensed activity and shall direct any police officer or peace officer with jurisdiction to post a copy of the judgment and a printed notice of such closing conforming to the requirements of this chapter. The closing directed by the judgment shall be for such period as the court may direct but in no event shall the closing be for a period of more than one year from the posting of the judgment provided for in this section. If the owner shall file a bond in the value of the property ordered to be closed and submits proof to the court that the unlicensed activity has been abated and will not be created, maintained, or permitted for such period of time as the building or premises has been directed to be closed in the judgment, the court may vacate the provisions of the judgment that direct the closing of the building or premises. A closing by a police officer or peace officer with jurisdiction pursuant to the provisions of this section shall not constitute an act of possession, ownership, or control by such police officer or peace officer of the closed premises.

(c) Upon the request of the office of cannabis management or its authorized representative, any police officer or peace officer with jurisdiction may assist in the enforcement of a judgment awarding a permanent injunction entered in a proceeding brought pursuant to this chapter.

(d) A judgment rendered awarding a permanent injunction pursuant to this chapter shall be and become a lien upon the building or premises named in the petition in such proceeding, such lien to date from the time of filing a notice of lis pendens in the office of the clerk of the county wherein the building or premises is located. Every such lien shall have priority before any mortgage or other lien that exists prior to such filing except tax and assessment liens.

(e) A judgment awarding a permanent injunction pursuant to this chapter shall provide, in addition to the costs and disbursements allowed by the civil practice law and rules, upon satisfactory proof by affidavit or such other evidence as may be submitted, the actual costs, expenses and disbursements of the office and the attorney general in bringing and maintaining the proceeding. The authority provided by this subdivision shall be in addition to, and shall not be deemed to

The office shall be permitted to intervene as of right in any such proceeding. Any such governmental entity which obtains a permanent injunction pursuant to this chapter shall be awarded, in addition to the costs and disbursements allowed by the civil practice law and rules, upon satisfactory proof by affidavit or such other evidence as may be submitted, the actual costs, expenses and disbursements in bringing and maintaining the proceeding. The authority provided by this subdivision shall be in addition to, and shall not be deemed to
diminish or reduce, any rights of the parties described in this section under existing law for any violation pursuant to this chapter or any other law.

§ 13. Subdivisions 3, 6 and 7 of section 17 of the cannabis law are amended to read as follows:

3. Notice and right of hearing as provided in the state administrative procedure act shall be served at least fifteen days prior to the date of the hearing, provided that, whenever because of danger to the public health, safety or welfare it appears prejudicial to the interests of the people of the state to delay action for fifteen days, or with respect to a violation of subdivision one or one-a of section one hundred twenty-five of this chapter, the board may serve the respondent with an order requiring certain action or the cessation of certain activities immediately or within a specified period of less than fifteen days.

6. Following a hearing, the board may make appropriate determinations and issue a final order in accordance therewith. The respondent shall have thirty days to submit a written appeal to the board. If the respondent does not submit a written appeal within thirty days of the determination of the board the order shall be final.

7. The board may adopt, amend and repeal administrative rules and regulations governing the procedures to be followed with respect to hearings, [such] investigations, and other administrative enforcement actions taken pursuant to this chapter, including any such enforcement actions taken against persons not registered, licensed, or permitted under this chapter. Such rules [to] shall be consistent with the policy and purpose of this chapter and the effective and fair enforcement of its provisions.

§ 14. Section 19 of the cannabis law is amended to read as follows:

The office, in consultation with the commissioners of the department of health, office of addiction services and supports, and office of mental health, shall develop and implement a comprehensive public health monitoring, surveillance and education campaign regarding the legalization of adult-use cannabis and the impact of cannabis use on public health and safety. The public health and education campaign shall also include general education to the public about the cannabis law, including the potential risks associated with patronizing unlicensed retail locations, or otherwise procuring cannabis product, cannabinoid hemp or hemp extract product through persons not authorized by the office.

§ 15. Paragraphs (l) and (m) of subdivision 1 of section 64 of the cannabis law are amended and a new paragraph (n) is added to read as follows:

(n) whether the applicant or its managing officers have been found to have engaged in activities in violation of this chapter.

§ 16. Section 125 of the cannabis law is amended by adding a new subdivision 1-a to read as follows:

1-a. No person shall engage in an indirect retail sale irrespective of whether such person has obtained a registration, license, or permit issued under this chapter.
§ 17. Subdivisions 1 and 6 of section 132 of the cannabis law are amended and three new subdivisions 1-a, 7, and 8 are added to read as follows:

Provided, further, that where such person has been ordered to cease such conduct pursuant to subdivision one of section one hundred thirty-eight-a of this chapter, such person may be assessed a civil penalty of no more than twenty thousand dollars per day for each day during which such violation continues after receiving such order in addition to the additional civil penalties set forth above; provided, however, that any such person who engages in such activity from a residence or other real property not otherwise held out as open to the public or otherwise being utilized in a business or commercial manner or any private vehicle on or about same such property, and the quantity of such product on such premises or vehicle does not exceed the limits of personal use under article two hundred twenty-two of the penal law, may be subject to a civil penalty of no more than ten thousand dollars.

**(b)** If a person engaging in the conduct described in paragraph (a) of this subdivision, or subdivision one-a of this section refuses to permit the office or the board from performing a regulatory inspection, such person may be assessed a civil penalty of up to four thousand dollars for a first refusal and up to eight thousand dollars for a second or subsequent refusal within three years of a prior refusal. If the office or board is not permitted access for a regulatory inspection pursuant to section ten or section eleven of this chapter, as applicable, by such person, the attorney general, upon the request of the office or the board, shall be authorized to apply, without notice to such person, to the supreme court in the county in which the place of business is located for an order granting the office or board access to such place of business. The court may grant such an order if it determines, based on evidence presented by the attorney general, that there is reasonable cause to believe that such place of business is a place of business which does not possess a valid registration, license, or permit issued by the office or board.
(c) In assessing the civil penalties under this subdivision, the board or office shall take into consideration the nature of such violation and shall assess a penalty that is proportionate to the violation.

6. 7. The penalties provided for in subdivision one of this section may be recovered by the attorney general on behalf of the board or office in an action or proceeding brought pursuant to section one hundred thirty-eight-a of this chapter.

8. Any person who knowingly and unlawfully sells, gives, or causes to be sold or given, any cannabis or cannabis products for which the sale of such products requires a license, permit, or registration under this chapter where such person owns and/or is principally responsible for the operation of a business where such products were sold, given, or caused to be sold or given without having obtained a valid license, permit, or registration therefor shall be guilty of a class A misdemeanor. For the purposes of this section, "operation of a business" shall mean engaging in the sale of, or otherwise offering for sale, goods and services to the general public, including through indirect retail sales.

The conditions ordered shall [be the least restrictive conditions that will] reflect the findings of the individualized determination warranting such imposition of non-monetary conditions to reasonably assure the principal's return to court and reasonably assure the principal's compliance with court conditions. A principal shall not be required to pay for any part of the cost of release on non-monetary conditions. Such conditions may include, among other conditions reasonable under the circumstances:

(d) that, [when it is shown pursuant to] upon a finding in accordance with subdivision four of section 510.45 of this title [that no other realistic non-monetary condition or set of non-monetary conditions will suffice to reasonably assure the person's return to court], the person be placed in reasonable pretrial supervision with a pretrial services agency serving principals in that county, provided, however that where non-monetary conditions are imposed in combination with a securing order also fixing bail, the court shall not be required to make such separate finding;

(f) that the principal be referred to a pretrial services agency for placement in mandatory programming, including counseling, treatment, including but not limited to mental health and chemical dependence treatment, and intimate partner violence intervention programs. Where applicable, the court may refer the principal to a crisis stabilization center or direct that the principal be removed to a hospital pursuant to section 9.43 of the mental hygiene law;

5. "Securing order" means an order of a court committing a principal to the custody of the sheriff or fixing bail, where authorized, or releasing the principal on the principal's own recognizance or releasing the principal under non-monetary conditions, or, as otherwise authorized under this title, ordering non-monetary conditions in conjunction with fixing bail.

§ 2. The opening paragraph of subdivision 1, subdivision 3 and the opening paragraph of subdivision 4 of section 510.10 of the criminal procedure law, the opening paragraph of subdivision 1 as amended by section 1 of subpart C of part UU of chapter 56 of the laws of 2022, subdivision 3 as added by section 2 of part JJJ of chapter 59 of the laws of 2019, and the opening paragraph of subdivision 4 as amended by section 2 of part UU of chapter 56 of the laws of 2020, are amended and a new opening paragraph is added to read as follows:
The imposition of a specific type of securing order is in some cases required by law and in other cases within the discretion of the court in accordance with the principles of, and pursuant to its authority granted under, this title.

When a principal, whose future court attendance at a criminal action or proceeding is or may be required, comes under the control of a court, such court shall impose a securing order in accordance with this title, by a securing order release the principal on the principal's own recognizance, release the principal under non-monetary conditions, or, where authorized, fix bail or commit the principal to the custody of the sheriff. In all such cases, except where another type of securing order is shown to be required by law, the court shall release the principal pending trial on the principal's own recognizance, unless it is demonstrated and makes an individualized determination as to whether the principal poses a risk of flight to avoid prosecution, consider the kind and degree of control or restriction necessary to reasonably assure the principal's return to court, and select a securing order consistent with its determination under this subdivision. If such a finding is made, the court must select the least restrictive alternative and condition or conditions that will reasonably assure the principal's return to court. The court shall explain the basis for its determination and its choice of [release, release with conditions, bail or remand] securing order on the record or in writing. In making its determination under this subdivision, the court must consider and take into account available information about the principal, including:

3. In cases other than as described in subdivision four of this section, the court shall release the principal pending trial on the principal's own recognizance, unless the court finds on the record or in writing that release on the principal's own recognizance will not reasonably assure the principal's return to court. In such instances, the court shall release the principal under non-monetary conditions,selecting the least restrictive alternative and conditions that will reasonably assure the principal's return to court. The court shall explain its choice of [alternative and conditions] securing order on the record or in writing.

Where the principal stands charged with a qualifying offense, the court, unless otherwise prohibited by law, may in its discretion release the principal pending trial on the principal's own recognizance or under non-monetary conditions, fix bail, or order non-monetary conditions in conjunction with fixing bail, or, where the defendant is charged with a qualifying offense which is a felony, the court may commit the principal to the custody of the sheriff. A principal stands charged with a qualifying offense for the purposes of this subdivision when he or she stands charged with:

1. Upon any occasion when a court has issued a securing order with respect to a principal and the principal is confined in the custody of the sheriff as a result of the securing order or a previously issued securing order, the principal may make an application for recognizance, release under non-monetary conditions [or], bail, a reduction of bail.
or imposition of non-monetary conditions in conjunction with bail or a reduction of bail.

(b) Upon such application, the principal must be accorded an opportunity to be heard, present evidence and to contend that an order of recognizance, release under non-monetary conditions or, where authorized, bail, a reduction of bail, or imposition of non-monetary conditions in conjunction with bail or a reduction of bail, must or should issue, that the court should release the principal on the principal's own recognizance or under non-monetary conditions rather than fix bail, or where bail has been imposed, reduce the amount of bail and impose non-monetary conditions, where authorized under this title, and that if bail is authorized and fixed it should be in a suggested amount and form.

3. When an application for a change in securing order is brought under this section and one or more of the charge or charges on which such securing order was based have been dismissed and/or reduced such that the securing order is no longer supported by the provisions of section 510.10 of this article, the court shall impose a new securing order in accordance with such section.

§ 4. Subdivision 1 of section 510.30 of the criminal procedure law, as amended by section 2 of subpart C of part UU of chapter 56 of the laws of 2022, is amended to read as follows:

1. With respect to any principal, the court in all cases, unless otherwise provided by law, must impose the least restrictive kind and degree of control or restriction that is necessary to secure the principal's return to court when required. In determining that matter, the court must, on the basis of available information, consider and take into account information about the principal that is relevant to the principal's return to court, including:

   (a) The principal's activities and history;

   (b) If the principal is a defendant, the charges facing the principal;

   (c) The principal's criminal conviction record if any;

   (d) The principal's record of previous adjudication as a juvenile delinquent, as retained pursuant to section 354.2 of the family court act, or, of pending cases where fingerprints are retained pursuant to section 306.1 of such act, or a youthful offender, if any;

   (e) The principal's previous record with respect to flight to avoid criminal prosecution;

   (f) If monetary bail is authorized, according to the restrictions set forth in this title, the principal's individual financial circumstances, and, in cases where bail is authorized, the principal's ability to post bail without posing undue hardship, as well as his or her ability to obtain a secured, unsecured, or partially secured bond;

   (g) any violation by the principal of an order of protection issued by any court;

   (h) the principal's history of use or possession of a firearm;

3. Non-monetary conditions of release shall be individualized and established in writing by the court. At future court appearances, the court shall consider a lessening of conditions or modification of conditions to a less burdensome form based on the principal's compliance with such conditions of release. In the event of alleged non-compliance with the conditions of release in an important respect, pursuant to this subdivision, additional conditions may be imposed by the court, on the record or in writing, only after notice of the facts and circumstances of such alleged non-compliance, reasonable under the circumstances, affording the principal and the principal's attorney and the people an opportunity to present relevant, admissible evidence, relevant witnesses and to cross-examine witnesses, and a finding by clear and convincing evidence that the principal violated a condition of release in an important respect. Following such a finding, in determining whether to impose additional conditions for non-compliance, the court may select conditions [consistent with the court's obligation to impose the least restrictive condition or conditions] as provided for in subdivision three-a of section 500.10 of this title that will reasonably assure the defendant's return to court. The court shall explain on the record or in writing the reasons for its determination and for any changes to the conditions imposed.

(b) The specific method of electronic monitoring of the principal's location must be approved by the court. [It must be the least restrictive procedure and method] [that will] of such electronic monitoring shall reflect the findings of the individualized determination warranting such imposition of electronic monitoring to reasonably assure the principal's return to court, and shall be unobtrusive to the greatest extent practicable.

(a) In cases other than as described in paragraph (b) of this subdivision, the court shall release the principal pending trial on the principal's own recognizance unless the court finds on the record or [in writing that] release [on] the [principal's own recognizance will not reasonably assure the principal's return to court. In such instances, the court shall release the] principal pending trial under non-monetary conditions, [selecting the least restrictive alternative and conditions that will reasonably assure the principal's return to court] the determination for which shall be made in accordance with subdivision one of section 510.10 of this title. The court shall explain the basis for its determination and choice of [alternative and conditions] securing order on the record or in writing. [In making its determination, the court must consider and take into account available information about the principal, including:

(ii) if the principal is a defendant, the charges facing the principal;

principal's own recognizance\[unless the court finds on the record\] or [in writing that] release [on] the [principal's own recognizance will not reasonably secure the principal's return to court. Upon expiration of any of the three periods specified within this
subparagraph, whichever is shortest, the court may grant or deny release
upon an order of bail or recognizance in accordance with the provisions
of this article. Upon conviction to an offense the provisions of article
five hundred thirty of this chapter shall apply; [and]
(ii) Under subparagraph (i) of paragraph (b) of this subdivision, revocation of [the order of recognizance, release under non-monetary
conditions or, as the case may be, bail] a previously issued securing
order shall result in the issuance of a new securing order which may, if
otherwise authorized by law, permit the principal's release on recogni-
zance or release under non-monetary conditions, but shall also render
the defendant eligible for an order fixing bail, or ordering non-mone-
tary conditions in conjunction with fixing bail, provided, however, that
in accordance with the principles in this title the court must [select

title, and in imposing such order, may consider the circumstances
warranting such revocation. Nothing in this subparagraph shall be inter-

release under non-monetary conditions, but shall also render the defend-
ant eligible for an order fixing bail or ordering non-monetary condi-
tions in conjunction with fixing bail. In issuing the new securing
order, the court shall consider the kind and degree of control or
restriction necessary to reasonably assure the principal's return to
court and compliance with court conditions, and select a securing order
consistent with its determination, taking into account the factors

§ 2. Subdivision 2 of section 150.20 of the criminal procedure law, as
amended by chapter 550 of the laws of 1987, is amended to read as
follows:
2. (a) Whenever, pursuant to section 140.10 of this title, a police
officer has arrested a person without a warrant for an offense other
than a class A, B, C or D felony or a violation of section 130.25,
130.40, 205.10, 205.17, 205.19 or 215.56 of the penal law or other than
where an arrest was required to be made pursuant to subdivision four of
section 140.10 of this title, or (b) whenever a peace officer, who is
not authorized by law to issue an appearance ticket, has arrested a

law and such person has been delivered to the custody of an appropriate
police officer pursuant to section 140.40 of this title, such police
officer may, instead of bringing such person before a local criminal
court and promptly filing or causing the arresting peace officer or

therewith, issue to and serve upon such person an appearance ticket.
[The issuance and service of an appearance ticket under such circum-

§ 3. Subdivisions 2 and 3 of section 140.20 of the criminal procedure
law, as amended by chapter 550 of the laws of 1987, are amended to read
as follows:
2. If the arrest is for an offense other than a class A, B, C or D
felony or a violation of section 130.25, 130.40, 205.10, 205.17, 205.19
or 215.56 of the penal law, **or other than where an arrest is required to be made pursuant to subdivision four of section 140.10 of this article**, the arrested person need not be brought before a local criminal court as provided in subdivision one, and the procedure may instead be as follows:

(a) A police officer may issue and serve an appearance ticket upon the arrested person and release him from custody, as prescribed in subdivision two of section 150.20 of this title; or

(b) The desk officer in charge at a police station, county jail or police headquarters, or any of his superior officers, may, in such place fix pre-arraignment bail and, upon deposit thereof, issue and serve an appearance ticket upon the arrested person and release him from custody.

3. **Other than where an arrest is required to be made pursuant to subdivision four of section 140.10 of this article, if** (a) the arrest is for an offense other than a class A, B, C or D felony or a violation of section 130.25, 130.40, 205.10, 205.17, 205.19 or 215.56 of the penal law, and (b) owing to unavailability of a local criminal court the arresting police officer is unable to bring the arrested person before such a court with reasonable promptness, either an appearance ticket must be served unconditionally upon the arrested person or pre-arraignment bail must be fixed, as prescribed in subdivision two. If pre-arraignment bail is fixed but not posted, such arrested person may be temporarily held in custody but must be brought before a local criminal court without unnecessary delay. Nothing contained in this subdivision requires a police officer to serve an appearance ticket upon an arrested person or release him from custody at a time when such person appears to be under the influence of alcohol, narcotics or other drug to the degree that he may endanger himself or other persons.

§ 4. This act shall take effect immediately.
