10 § 269-a. Definitions. For the purposes of this title:

- 1. "Parkinson's disease" means a chronic and progressive neurologic disorder resulting from deficiency of the neurotransmitter dopamine as the consequence of specific degenerative changes in the area of the brain called the basal ganglia. It is characterized by tremor at rest, slow movements, muscle rigidity, stooped posture, and unsteady or shuffling gait.
- 2. "Parkinsonisms" means related conditions that cause a combination of the movement abnormalities seen in Parkinson's disease, such as tremor at rest, slow movement, muscle rigidity, impaired speech or muscle stiffness, which often overlap with and can evolve from what appears to be Parkinson's disease. Parkinsonisms include, but are not exclusive to, the following: Multiple System Atrophy (MSA), Dementia with Lewy Bodies (DLB), Corticobasal Degeneration (CBD), and Progressive Supranuclear Palsy (PSP).

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

§ 269-b. Registry established. 1. The department shall collect data on the incidence of Parkinson's disease in this state and other epidemiological data. The registry and system of collection and dissemination of information shall be under the direction of the commissioner, who may enter into contracts, grants or other agreements as are necessary for the conduct of the registry.

- 2. (a) The department shall, within ninety days of the effective date of this section, establish a Parkinson's disease registry advisory committee to assist in the development and implementation of the registry; determine what data shall be collected; and generally, advise the department.
- 12 <u>(b) The commissioner shall select the members of the committee.</u>
 13 <u>Membership of the committee shall include:</u>
- 14 (i) a neurologist;

- 15 (ii) a movement disorder specialist;
- 16 (iii) a primary care provider;
- 17 <u>(iv) a physician informaticist;</u>
- 18 (v) a patient living with Parkinson's disease;
- 19 <u>(vi) a public health professional;</u>
 - (vii) a population health researcher familiar with registries;
- 21 (viii) a Parkinson's disease researcher; and
- 22 (ix) anyone else the commissioner deems necessary.
- 23 3. (a) The department shall designate Parkinson's disease and related
 24 Parkinsonisms as advised by the advisory committee as diseases required
 25 to be reported in the state or any part of the state.
 - (b) The department shall establish a system for the collection and dissemination of information determining the incidence and prevalence of Parkinson's disease and related Parkinsonisms, as advised by the advisory committee.
- 30 (c) All cases of Parkinson's disease diagnosed or treated in this 31 state shall be reported to the department, provided the mere incidence 32 of a patient with Parkinson's disease shall be the sole required infor-33 mation for this registry for any patient who chooses not to participate. For the subset of patients who choose not to participate, no further 34 data shall be reported to the registry. The department may create, 35 36 review and revise a list of data points required as part of mandated 37 Parkinson's disease reporting under this section. Such list shall include, but not be limited to necessary triggering diagnostic condi-38 39 tions, consistent with the latest International Statistical Classification of Diseases and Related Health Problems, and resulting case data 40 including, but not limited to, diagnosis, treatment and survival. The 41 department may implement and administer this paragraph through a bulle-42 43 tin, or similar instruction, to providers without taking regulatory action. 44
 - (d) The department shall provide notification of the mandatory reporting of Parkinson's disease and Parkinsonisms on its website and may also provide that information to professional associations representing physicians, nurse practitioners, and hospitals at least ninety days prior to requiring information be reported.
- (e) A hospital, facility, physician, surgeon, physician assistant and nurse practitioners who diagnose or are treating a patient diagnosed with Parkinson's disease or Parkinsonisms and have primary responsibility for the treatment and care of the patient for Parkinson's disease or Parkinsonisms shall report each case of Parkinson's disease and Parkinsonisms to the department in a format prescribed by the department. The department is authorized to enter into data sharing contracts with data

reporting entities and their associated electronic medical record systems vendors to securely and confidentially receive information related to Parkinson's disease testing, diagnosis and treatment.

- 4. All patients diagnosed with Parkinson's disease or Parkinsonisms, as advised by the advisory committee, shall be provided a notice in writing and orally regarding the collection of information and patient data on Parkinson's disease. Patients who do not wish to participate in the collection of data for purposes of research in this registry shall affirmatively opt-out in writing after an opportunity to review the documents and ask questions. No patient shall be forced to participate in this registry.
- 5. The department may enter into agreements to furnish data collected in this registry to other states' Parkinson's disease registries, federal Parkinson's disease control agencies, local health officers, or health researchers for the study of Parkinson's disease. Before confidential information is disclosed to those agencies, officers, researchers, or out-of-state registries, the requesting entity shall agree in writing to maintain the confidentiality of the information, and in the case of researchers, shall also do both of the following:
- (a) obtain approval of their committee for the protection of human subjects established in accordance with Part 46 (commencing with Section 46.101) of Title 45 of the Code of Federal Regulations; and
- (b) provide documentation to the department that demonstrates to the department's satisfaction that the entity has established the procedures and ability to maintain the confidentiality of the information.
- 6. Except as otherwise provided in this section, all information collected pursuant to this section shall be confidential. For purposes of this section, this information shall be referred to as confidential information. To ensure privacy, the department shall promulgate a coding system that removes any identifying information about the patient.
- 7. (a) Notwithstanding any other law, a disclosure authorized by this section shall include only the information necessary for the stated purpose of the requested disclosure, used for the approved purpose, and not be further disclosed.
- (b) Provided the security of confidentiality has been documented, the furnishing of confidential information to the department or its authorized representative in accordance with this section shall not expose any person, agency or entity furnishing information to liability, and shall not be considered a waiver of any privilege or a violation of a confidential relationship.
- (c) The department shall maintain an accurate record of all persons who are given access to confidential information. The record shall include: the name of the person authorizing access; name, title, address, and organizational affiliation of persons given access; dates of access; and the specific purpose for which information is to be used. The record of access shall be open to public inspection during normal operating hours of the department.
- (d) Notwithstanding any other law, confidential information shall not be available for subpoena, shall not be disclosed, discoverable or compelled to be produced in any civil, criminal, administrative or other proceeding. Confidential information shall not be deemed admissible as evidence in any civil, criminal, administrative or other tribunal or court for any reason.
- 54 (e) This subdivision does not prohibit the publication by the depart-55 ment of reports and statistical compilations that do not in any way 56 identify individual cases or individual sources of information.

1 (f) Notwithstanding the restrictions in this subdivision, the individ-2 ual to whom the information pertains shall have access to his or her own 3 information.

- 8. This section does not preempt the authority of facilities or individuals providing diagnostic or treatment services to patients with Parkinson's disease to maintain their own facility-based Parkinson's disease registries.
- 8 § 269-c. Reports. On or before January first, two thousand twenty-9 five, and every year thereafter, the department shall report to the 10 legislature and governor a yearly program summary update on the inci-11 dence and prevalence of Parkinson's disease in the state by county, how 12 many records have been included and reported into the registry, and demographic information such as patients by age, gender and race. This 13 14 yearly report shall also be published in a downloadable format on the 15 department's website or the designated New York state Parkinson's disease research registry website. 16
- § 269-d. New York state Parkinson's disease research registry website.

 On or before January first, two thousand twenty-five, the department shall create and maintain a webpage called the "New York State Parkinson's Disease Research Registry" where the public may view information related to the registry, a yearly program summary, and any other relevant or helpful information related to the registry as deemed necessary by the advisory council.
- 24 § 2. This act shall take effect on the thirtieth day after it shall 25 have become a law.
