priations, the department shall provide grants to eligible applicants on a competitive request for proposal basis to provide one or more of the following services to patients with life-threatening or disabling condi-4 tions or diseases, as such terms are defined in section forty-nine 5 hundred of this chapter, to facilitate access to or education on clinical trials of treatments for the patient's condition or disease:

- a. transportation services and lodging to provide patients with access to clinical trials or other related treatments while enrolled in a clinical trial or to access testing and other services to determine patient eligibility for a clinical trial;
- 11 b. patient outreach and education services to educate patients, their 12 families and health care providers about the existence of and how patients may enroll in clinical trials, under section two hundred seven 13 14 of this chapter; and
  - c. patient navigation services to help patients to determine if they are eligible for clinical trials, to help patients to enroll in clinical trials and to assist patients in dealing with insurance or other issues which serve as barriers to patient enrollment in clinical trials.
- 3. Applications. a. The commissioner shall establish an application 19 20 process by which eligible applicants may apply for a grant under this 21 section. The application shall include:
  - (i) the geographic area in which the services shall be provided;
  - (ii) a detailed description of the services to be provided;
- 24 (iii) applicant's experience working with patients with life-threaten-25 ing or disabling conditions or diseases;
  - (iv) applicant's ability to provide patient outreach or clinical trial education and navigation services, or coordinate or provide transportation and lodging for patients; and
- (v) any other information that the commissioner deems relevant and 30 appropriate.
  - b. Eliqible applicants shall:
- 32 (i) have experience and expertise working with patients with life-33 threatening or disabling conditions or diseases;
- 34 (ii) provide patient outreach, education and health care navigation 35 services;
- 36 (iii) collaborate with physicians, health care providers, and clinical 37 trial sponsors to notify a prospective subject about the program when:
  - (1) the prospective subject consents to a clinical trial; and
- 39 (2) funding is available to provide the program for the clinical trial 40 in which the prospective subject participates; and
- (iv) reimburse subjects based on financial need to subjects whose 41 42 income is at or below seven hundred percent of the federal poverty 43 level, which shall include reimbursement for reasonable ancillary costs.
- 44 4. Institutional review board requirements. A reimbursement program 45 under this section shall:
- 46 a. be approved by the institutional review board associated with the 47 clinical trial; and
  - b. comply with applicable federal and state laws.
- 49 5. Reimbursement. Reimbursement to a subject of ancillary costs under 50 the program:
- 51 a. does not constitute an undue inducement to participate in a clin-52 ical trial;
- b. is not considered coercion or the exertion of undue influence to 53 54 participate in a clinical trial; and
