50 § 3. Subdivisions 7, 8, 9, 10 and 11 of section 2985 of the public
51 authorities law are REPEALED and four new subdivisions 7, 8, 9 and 10
52 are added to read as follows:

53 7. Every public authority that operates a cashless tolling facility,
54 tolls by mail program, or any photo-monitoring system shall promulgate
55 rules and regulations establishing a procedure by which a person alleged
56 to be liable for the payment of a toll or a violation may appeal such

alleged liability or violation. Such rules and regulations shall ensure such public authority completes its investigation and issues, within thirty days, to the owner a final written determination of any appeal pursuant to this section. Such written determination shall include the relevant facts established, the reasons for the determination, what actions must be taken by the owner in association with the determination, and what further procedures are available to the owner.

8. Adjudication of an owner's liability shall be by the entity having jurisdiction over the cashless tolling facility or, where authorized, by an administrative tribunal and all such liability determinations shall be heard and determined either: (a) in the county in which the obligation to pay a toll through the cashless tolling program was alleged to occur; or (b) where the toll is alleged to have been incurred in the city of New York and upon the consent of both parties, in any county within the city of New York in which the public authority operates or maintains a cashless tolling facility. Such adjudications shall be heard and determined in the same manner as charges of other regulatory violations of such public authority or pursuant to the rules and regulations of such administrative tribunal as the case may be.

9. It shall be a valid defense to an allegation of liability for a toll and/or violation that:

(a) the vehicle was not used or operated in incurring a toll pursuant to this section or the regulations promulgated hereunder;

(b) the vehicle was used or operated without the permission of the owner, express or implied;

(c) the recipient of a notice of liability, pursuant to subdivision five of this section, was not the owner of the vehicle at the time the obligation to pay the toll occurred;

(d) the vehicle had been stolen prior to the time the obligation was incurred and was not in the possession of the owner at the time the obligation was incurred. For the purposes of asserting this defense, it shall be sufficient that a certified copy of the police report on the stolen vehicle is submitted to the public authority, court or other entity having jurisdiction; and

(e) the vehicle had been leased at the time the obligation was incurred. For the purpose of asserting this defense, it shall be sufficient that a copy of the rental lease or other contract document covering the vehicle on the date and time the toll was incurred has been submitted to the public authority, court or other entity having jurisdiction within sixty days of the lessor receiving the first notice of liability pursuant to subdivision five of this section. Such document shall include the name and address of the lessee. Failure to timely submit such information shall constitute a waiver of this defense. Where the lessor complies with the provisions of this section, the lessee shall be deemed to be the owner of the vehicle for purposes of this section and shall be subject to liability pursuant to this section, provided that the authority mails a toll bill to the lessee within ten days after the public authority, court or other entity having jurisdiction, deems the lessee to be the owner.

10. If the owner liable for a toll or violation pursuant to this section was not the operator of the vehicle at the time the toll was incurred, such owner may maintain an action for indemnification against the operator.

§ 4. Subdivision 12 of section 2985 of the public authorities law is REPEALED and subdivisions 13 and 14 are renumbered subdivisions 11 and 12.

§ 5. Subdivision 12 of section 2985 of the public authorities law, as added by chapter 379 of the laws of 1992 and as renumbered by section four of this act, is amended to read as follows:

12. Notwithstanding any other provision of law, all photographs, microphotographs, videotape or other recorded images prepared pursuant to this section shall be for the exclusive use of a public authority in the discharge of its duties under this section and shall not be open to the public nor be used in any court in any action or proceeding pending therein unless such action or proceeding relates to the imposition of or indemnification for liability pursuant to this section. The public authority, including any subsidiary or contractor involved in implementing or operating any cashless tolling facility, photo-monitoring system, electronic toll collection system or toll by mail program, shall not sell, distribute or make available in any way, the names and addresses of electronic toll collection system account holders, or any owner that participates in, or is subject to, such systems or programs, without such account holders' or owners' consent to any entity that will use such information for any commercial purpose provided that the foregoing restriction shall not be deemed to preclude the exchange of such information between any entities with jurisdiction over ~~and~~ such system or programs or ~~operating~~ the operation of a toll highway bridge and/or tunnel facility.

§ 6. Section 2985 of the public authorities law is amended by adding three new subdivisions 13, 14 and 15 to read as follows:

(a) On or after the effective date of this subdivision, no public authority which operates a cashless tolling facility, photo-monitoring system, electronic toll collection system or tolls by mail program shall sell or transfer any debt owed to the public authority by an owner for incurring a toll to a debt collection agency unless one year has passed from the date the public authority sent the first notice of liability, pursuant to subdivision five of this section, to the owner or the owner has a total debt owed to the public authority of one thousand dollars or more. The public authority shall not sell or transfer any debt to a debt collection agency unless such public authority has first obtained a default judgment in a court or administrative tribunal with jurisdiction over the assessed toll.

(b) A notice shall be sent by first-class mail advising the owner that the debt described in paragraph (a) of this subdivision shall be sold or transferred by the authority to a debt collection agency on a specified date no less than thirty days prior to such sale or transfer.

14. Every public authority that operates any cashless tolling facility, photo-monitoring system, electronic toll collection system or tolls by mail program shall promulgate rules and regulations that establish the ability for owners to enter into installment payment plans for the payment of any toll and/or penalty incurred as part of any cashless tolling facility, photo-monitoring system, electronic toll collection system or tolls by mail program. Information related to such plan shall be included in any notice of liability pursuant to subdivision five of this section and shall be displayed conspicuously on the authority's websites. Each owner, at his or her election, may participate in such plan. The public authority shall not charge any additional fees or penalties for enrollment in a payment plan.

15. Every public authority that operates or maintains any cashless tolling facility, photo-monitoring system, electronic toll collection system or tolls by mail program shall submit an annual report on such system or program to the governor, the temporary president of the senate

1 and the speaker of the assembly and post such report on its website on

21 to this section, and the aggregate amount of fees or penalties, includ-
22 ing fees or penalties for late payments, and fees or penalties collected
23 by the authority broken down by the category of such fees or penalties;

24 (f) the number of owners that disputed a notice pursuant to this
25 section, including a breakdown of the number of owners that successfully
26 disputed such notice and an itemized breakdown of the reasons for
27 successfully disputed tolls;

28 (g) a copy of all rules and regulations the public authority has
29 promulgated pursuant to this section;

30 (h) the number of tolls adjudicated by every public authority and
