16 already have or who enact a local law or ordinance that meets the

§ 482. Low- and moderate-income homeowners program. 1. Within one hundred eighty days of the effective date of this article, the division shall establish a lending program to assist low-income homeowners and moderate-income homeowners in securing financing for the creation of accessory dwelling units.

Within one hundred eighty days of the effective date of this article, the division shall establish a program to provide technical assistance to all homeowners seeking to create an accessory dwelling unit, and to protect tenants of accessory dwelling units against discrimination, unreasonable rent increases and unwarranted evictions.

5. An accessory dwelling unit financed with the assistance of such program shall be limited to an annual maximum rent increase of the lower of (a) three percent or (b) one and one-half times the annual percentage change in the consumer price index for the region in which the accessory dwelling unit is located.

§ 2. Section 292 of the executive law is amended by adding a new subdivision 42 to read as follows:

42. The term "housing accommodation" as used in this article shall include an accessory dwelling unit as defined in subdivision one of section four hundred eighty of the real property law.

(a) For an employer or licensing agency, because of an individual's age, race, creed, color, national origin, citizenship or immigration status, sexual orientation, gender identity or expression, military status, sex, disability, predisposing genetic characteristics, familial

status, marital status, or status as a victim of domestic violence, to refuse to hire or employ or to bar or to discharge from employment such individual or to discriminate against such individual in compensation or in terms, conditions or privileges of employment. In the case of an accessory dwelling unit as defined in subdivision one of section four hundred eighty of the real property law, the exemption from the provisions of this paragraph for the rental of a housing accommodation in a building which contains housing accommodations for not more than two families living independently of each other, if the owner resides in one of such accommodations, shall not apply.

§ 4. The real property tax law is amended by adding a new section 421-p to read as follows:

§ 421-p. Exemption of capital improvements to residential new construction involving the creation of accessory dwelling units. 1. Residential buildings reconstructed, altered, improved, or newly constructed in order to create one or more additional residential dwelling units on the same parcel as a pre-existing residential building to provide independent living facilities for one or more persons subsequent to the effective date of a local law or resolution enacted pursuant to this section shall be exempt from taxation and special ad valorem levies to the extent provided hereinafter. After a public hearing, the governing board of a county, city, town or village may adopt a local law and a school district, other than a school district subject to article fifty-two of the education law, may adopt a resolution to grant the exemption authorized pursuant to this section. A copy of such local law or resolution shall be filed with the commissioner and the assessor of such county, city, town or village who prepares the assessment roll on which the taxes of such county, city, town, village or school district are levied.

2. (a) Such buildings shall be exempt for a period of five years to the extent of one hundred per centum of the increase in assessed value thereof attributable to such reconstruction, alteration, improvement, or new construction for such additional residential unit or units that provide independent living facilities for one or more persons, and for an additional period of five years subject to the following:

(i) The extent of such exemption shall be decreased by twenty-five per centum of the "exemption base" for each of the first three years during such additional period and shall be decreased by a further ten per centum of the "exemption base" during each of the final two years of such additional period. The exemption shall expire at the end of the extended period. The "exemption base" shall be the increase in assessed value as determined in the initial year of the term of the exemption, except as provided in subparagraph (ii) of this paragraph.

(ii) In any year in which a change in level of assessment of fifteen percent or more is certified for a final assessment roll pursuant to the rules of the commissioner, the exemption base shall be multiplied by a fraction, the numerator of which shall be the total assessed value of the parcel on such final assessment roll (after accounting for any physical or quantity changes to the parcel since the immediately preceding assessment roll), and the denominator of which shall be the total assessed value of the parcel on the immediately preceding final assessment roll. The result shall be the new exemption base. The exemption shall thereupon be recomputed to take into account the new exemption base, notwithstanding the fact that the assessor receives certification of the change in level of assessment after the completion, verification and filing of the final assessment roll. In the event the assessor does

1 not have custody of the roll when such certification is received, the  
2 assessor shall certify the recomputed exemption to the local officers  
3 having custody and control of the roll, and such local officers are  
4 hereby directed and authorized to enter the recomputed exemption certi-  
5 fied by the assessor on the roll. The assessor shall give written notice  
6 of such recomputed exemption to the property owner, who may, if he or  
7 she believes that the exemption was recomputed incorrectly, apply for a  
8 correction in the manner provided by title three of article five of this  
9 chapter for the correction of clerical errors.

10 (iii) Such exemption shall be limited to two hundred thousand dollars  
11 in increased market value of the property attributable to such recon-  
12 struction, alteration, improvement, or new construction and any increase  
13 in market value greater than such amount shall not be eligible for the  
14 exemption pursuant to this section. For the purposes of this section,  
15 the market value of the reconstruction, alteration, improvement, or new  
16 construction as authorized by subdivision one of this section shall be  
17 equal to the increased assessed value attributable to such recon-  
18 struction, alteration, improvement, or new construction divided by the  
19 class one ratio in a special assessing unit or the most recently estab-  
20 lished state equalization rate or special equalization rate in the  
21 remainder of the state, except where the state equalization rate or  
22 special equalization rate equals or exceeds ninety-five percent, in  
23 which case the increase in assessed value attributable to such recon-  
24 struction, alteration, improvement, or new construction shall be deemed  
25 to equal the market value of such reconstruction, alteration, improve-  
26 ment, or new construction.

27 (b) No such exemption shall be granted for reconstruction, alter-  
28 ations, improvements, or new construction unless:

29 (i) such reconstruction, alteration, improvement, or new construction  
30 was commenced subsequent to the effective date of the local law or  
31 resolution adopted pursuant to subdivision one of this section; and

32 (ii) the value of such reconstruction, alteration, improvement, or new  
33 construction exceeds three thousand dollars; and

34 (iii) such reconstruction, alteration, improvement, or new  
35 construction created one or more additional residential dwelling units  
36 on the same parcel as the pre-existing residential building to provide  
37 independent living facilities for one or more persons.

38 (c) For purposes of this section the terms reconstruction, alteration,  
39 improvement, and new construction shall not include ordinary maintenance  
40 and repairs.

41 3. Such exemption shall be granted only upon application by the owner  
42 of such building on a form prescribed by the commissioner. The applica-  
43 tion shall be filed with the assessor of the city, town, village or  
44 county having the power to assess property for taxation on or before the  
45 appropriate taxable status date of such city, town, village or county.

46 4. If satisfied that the applicant is entitled to an exemption pursu-  
47 ant to this section, the assessor shall approve the application and such  
48 building shall thereafter be exempt from taxation and special ad valorem  
49 levies as herein provided commencing with the assessment roll prepared  
50 on the basis of the taxable status date referred to in subdivision three  
51 of this section. The assessed value of any exemption granted pursuant to  
52 this section shall be entered by the assessor on the assessment roll  
53 with the taxable property, with the amount of the exemption shown in a  
54 separate column.

1     5. For the purposes of this section, a residential building shall mean  
2     any building or structure designed and occupied exclusively for residen-  
3     tial purposes by not more than two families.

4     6. In the event that a building granted an exemption pursuant to this  
5     section ceases to be used primarily for residential purposes, or title  
6     thereto is transferred to other than the heirs or distributees of the  
7     owner, the exemption granted pursuant to this section shall cease.

8     7. (a) A county, city, town or village may, by its local law, or  
9     school district, by its resolution:

10    (i) reduce the per centum of exemption otherwise allowed pursuant to  
11    this section; and

12    (ii) limit eligibility for the exemption to those forms of recon-  
13    struction, alterations, improvements, or new construction as are  
14    prescribed in such local law or resolution.

15    (b) No such local law or resolution shall repeal an exemption granted  
16    pursuant to this section until the expiration of the period for which  
17    such exemption was granted.

18     § 5. This act shall take effect immediately; provided however, that  
19     section four of this act shall apply to assessment rolls based on taxa-  
20     ble status dates occurring on or after such effective date.
