FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would allow any non-seasonally appointed sworn member or officer of the division of law enforcement, police officer, or forest ranger in the department of environmental conservation; any regional state park police officer; or any university police officer to become covered by the provisions of a special 20-year retirement plan, which will provide a benefit of one-half of final average salary upon retirement and an additional benefit of one-sixtieth of final average salary for each year of creditable service in excess of 20 years, not to exceed 12 years.

If this bill is enacted during the 2024 Legislative Session, we anticipate that there will be an increase of approximately \$6.6 million in the annual contributions of the State of New York for the fiscal year ending March 31, 2025. In future years this cost will vary but is expected to average 3.9% of salary annually.

In addition to the annual contributions discussed above, there will be an immediate past service cost of approximately \$70.3 million which will be borne by the State of New York as a one-time payment. This estimate assumes that payment will be made on March 1, 2025. If the State of New York elects to amortize this cost over a 10-year period, the cost for each year including interest would be \$8.98 million.

These estimated costs are based on 1,228 affected members employed by the State of New York, with annual salary of approximately \$131 million as of March 31, 2023.
