

STATE OF NEW YORK

5810--A

2023-2024 Regular Sessions

IN SENATE

March 16, 2023

Introduced by Sens. RIVERA, MYRIE, BAILEY, CHU, CLEARE, FERNANDEZ, GONZALEZ, GOUNARDES, HOYLMAN-SIGAL, KRUEGER, LIU, RAMOS, SALAZAR, SANDERS, SEPULVEDA, SERRANO -- read twice and ordered printed, and when printed to be committed to the Committee on Health -- recommitted to the Committee on Health in accordance with Senate Rule 6, sec. 8 -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee

AN ACT to amend the public health law, in relation to setting reimbursement rates for essential safety net hospitals

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative intent. Essential safety net hospitals predomi-
2 nately serve historically marginalized neighborhoods and communities of
3 color, with Medicaid and uninsured patients comprising 36 percent or
4 more of their patient population. Years of disinvestment and the current
5 financing system impedes the ability of these facilities to provide
6 equitable care in the communities they serve. The perpetual cycle of
7 underfunding of these hospitals prevents critical investment in services
8 and requires annual supplemental state support to simply remain open to
9 provide care. The legislature seeks to implement a permanent solution to
10 address decades-long inequities faced by communities served by essential
11 safety net hospitals. It is the intent of the legislature to provide
12 enhanced rates to essential safety net hospitals to support investments
13 to stabilize the safety net workforce, allow for investment in critical
14 hospital infrastructure, and provide expanded and equitable programs and
15 services to underserved communities. This legislation will promote
16 access to care by ensuring that essential safety net hospitals in New
17 York's most marginalized communities remain open and are better posi-
18 tioned to successfully meet community needs. It is recognized that this
19 legislation may require eligible hospitals to waive the receipt of Medi-
20 caid Disproportionate Share Hospital allotments as a condition of

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

LBD10306-07-4

1 receiving enhanced reimbursement rates as a result of this legislation.
2 It is further recognized that an eligible essential safety net hospital
3 may decline to participate in the reimbursement structure created by
4 this legislation.

5 § 2. Section 2807-c of the public health law is amended by adding a
6 new subdivision 34-a to read as follows:

7 34-a. Health equity stabilization and transformation act. (a) For the
8 purposes of this subdivision, "essential safety net hospital" shall
9 mean:

10 (i) Any hospital eligible for participation in the directed payment
11 template (DPT) preprint submitted by the state to the Centers for Medi-
12 caid and Medicare Services for fiscal year two thousand twenty-three;

13 (ii) Any non-state public hospital operated by a county, municipality
14 or public benefit corporation; or

15 (iii) Any voluntary hospital certified under this article that is a
16 general hospital, which, in any of the previous three calendar years,
17 has met the following criteria:

18 (A) at least thirty-six percent of inpatient volumes are associated
19 with Medicaid and uninsured individuals;

20 (B) at least thirty-six percent of outpatient volumes are associated
21 with Medicaid and uninsured individuals;

22 (C) no more than twenty percent of inpatient volumes are associated
23 with commercially insured individuals; and

24 (D) the hospital is not part of a private health system with ten
25 billion dollars or more in annual total patient revenue.

26 (b) For purposes of this subdivision, "essential safety net hospital"
27 shall not include hospitals that are (i) public hospitals operated by
28 the state; (ii) federally designated as a critical access hospital;
29 (iii) federally designated as a sole community hospital; (iv) specialty
30 hospitals; or (v) children's hospitals.

31 (c) For purposes of this subdivision, "health care services" shall
32 include, but is not limited to, acute inpatient discharges, inpatient
33 psychiatric days, ambulatory surgery visits, emergency room visits, and
34 outpatient clinic services.

35 (d) For essential safety net hospitals that qualify pursuant to para-
36 graph (a) of this subdivision, the commissioner shall, subject to feder-
37 al approval, require inpatient hospitals rates and hospital outpatient
38 rates paid by the medical assistance program for services provided to
39 patients enrolled in Medicaid managed care to reimburse the entire class
40 of essential safety net hospitals in each geographic region at no less
41 than regional average commercial rates for health care services provided
42 by all hospitals in the same geographic region, as reported in a bench-
43 marking database maintained by a nonprofit organization specified by the
44 commissioner. Such nonprofit organization shall not be affiliated with
45 an insurer, a corporation subject to article forty-three of the insur-
46 ance law, a municipal cooperative health benefit plan certified pursuant
47 to article forty-seven of the insurance law, a health maintenance organ-
48 ization certified pursuant to article forty-four of this chapter, or a
49 provider licensed under this chapter. For purposes of this paragraph:

50 (i) The commissioner shall establish two geographic regions within the
51 state for establishing the regional average commercial rate. The first
52 region shall consist of the average commercial rate for services
53 provided in the following counties: Bronx, Kings, New York, Queens, and
54 Richmond. The second region shall consist of the average commercial
55 rate for services provided in all of the remaining counties.

1 (ii) The regional average commercial rate for health care services
2 shall reflect the most recent twelve-month period in which data on
3 commercial rates is available, and shall be updated no less frequently
4 than every three years, provided that the average commercial rate shall
5 be trended forward to adjust for inflation on an annual basis between
6 such updates.

7 (iii) The commissioner shall ensure that all essential safety net
8 hospitals shall receive the rates defined in this paragraph. The commis-
9 sioner shall not exclude any qualifying essential safety net hospitals,
10 including public hospitals.

11 (e) In the event it is determined by the commissioner that the state
12 will be unable to secure all necessary federal approvals for the
13 purposes of implementation of this subdivision, the commissioner shall
14 seek approval for reimbursement rates that are as close to the average
15 commercial rate as possible in order to obtain all necessary federal
16 approvals.

17 (f) Managed care organizations shall provide written certification to
18 the commissioner on a quarterly basis that all payments to essential
19 safety net hospitals are made in compliance with this subdivision and in
20 accordance with section three thousand two hundred twenty-four-a of the
21 insurance law. Managed care organizations shall also report to the
22 commissioner claim denial information for claims submitted by essential
23 safety net hospitals, in a manner specified by the commissioner, to be
24 made publicly available.

25 (g) Any hospital qualifying under this subdivision shall annually
26 report to the department demonstrating that it meets the criteria as an
27 essential safety net hospital. The report shall also include information
28 to demonstrate how increased reimbursement has been utilized to improve
29 patient access, patient quality and patient experience.

30 (h) The commissioner shall make any quality data reported by essential
31 safety net hospitals pursuant to paragraph (g) of this subdivision
32 publicly available in a manner that is useful for patients to make qual-
33 ity determinations.

34 (i) No later than September first, two thousand twenty-three, the
35 commissioner shall provide the governor, the temporary president of the
36 senate and the speaker of the assembly with a report on the feasibility
37 of obtaining a state plan amendment to modify the Medicaid fee-for-ser-
38 vice rates for health care services in the manner prescribed in this
39 subdivision.

40 § 3. This act shall take effect on the first of April next succeeding
41 the date on which it shall have become a law. Effective immediately the
42 commissioner of health or their designees shall make such rules and
43 regulations, and seek any federal approvals necessary for the implemen-
44 tation of this act on its effective date.
