AN ACT to amend the insurance law, in relation to inspections of private passenger automobiles prior to the provision of coverage for physical damage thereto; and providing for the repeal of such provisions upon expiration thereof

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The section heading and subsections (d), (g) and (m) of section 3411 of the insurance law are amended to read as follows:

(d) A newly issued policy shall not provide coverage for automobile physical damage perils prior to an inspection of the automobile by the insurer, unless the insurer has waived the right to such inspection pursuant to a statement of operation filed with the superintendent. In its statement of operation, an insurer may waive the right to inspect some or all automobiles. Every statement of operation shall take effect upon its filing with the superintendent and may cover some or all automobiles.

(g) If an automobile subject to the provisions of this section is acquired by the insured as a replacement for or an addition to an automobile insured for physical damage coverage, and the insured requests physical damage coverage for the replacement or additional automobile, such coverage for physical damage shall not be effective before such inspection is made, unless the insurer has waived the right to such an inspection pursuant to a statement of operation filed with the superintendent. If, at the time of the request for such coverage, the automobile is unavailable for inspection because of conditions of purchase or other circumstances and is thereafter made available for inspection,

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [-] is old law to be omitted.
the insurer shall promptly inspect the automobile, and physical damage coverage shall not become effective before the inspection has been made.

(m) (1) The superintendent, in regulations implementing the provisions of this section, shall also require that insurers take appropriate action to ensure that there is wide public dissemination of the provisions of this section relating to the rights and obligations of insureds and insurers.

(2) The inspections provided for in this section may be dispensed with or deferred by an insurer under circumstances specified in their statement of operation filed with the superintendent or in regulations of the superintendent. Such circumstances may include but are not limited to, the insuring of a new automobile, the insuring of an automobile whose inspection would constitute a serious hardship to the insurer, the insured or an applicant for insurance, and the insuring of an automobile for a limited specified period of time.

(3) Inspections made pursuant to this section shall be made at locations and times reasonably convenient to the insured. The results of any inspection may be considered in determining the value of the automobile.

§ 2. This act shall take effect on the one hundred eightieth day after it shall have become a law and shall expire and be deemed repealed October 1, 2027. Effective immediately, the addition, amendment and/or repeal of any rule or regulation necessary for the implementation of this act on its effective date are authorized to be made and completed on or before such effective date.
