FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would modify the service retirement benefit for members of the New York State and Local Employees' Retirement System employed by Westchester County as correction officers. The modified service retirement benefit will be one-half of final average salary (FAS) upon completion of twenty-five years of creditable service with additional sixtieths for each year of creditable service in excess of twenty-five years but not in excess of thirty years. The current service retirement benefit is one-half of FAS upon completion of twenty-five years of creditable service.

If this bill is enacted during the 2023 legislative session, we anticipate that there will be an increase of approximately \$1.0 million in the annual contributions of Westchester County for the fiscal year ending March 31, 2025. In future years this cost will vary but is expected to average 0.8% of affected salary annually.

In addition to the annual contributions discussed above, there will be an immediate past service cost of approximately \$11.6 million which will be borne by Westchester County as a one-time payment. This estimate assumes that payment will be made on February 1, 2025. If Westchester County elects to amortize this cost over a 10-year period, the cost for the first year including interest would be \$1.49 million.

These estimated costs are based on 851 affected members employed by Westchester County, with annual salary of approximately \$104 million as of March 31, 2023.
