 29 of service credit.

30 § 2. This act shall take effect immediately and shall be deemed to  
 31 have been in full force and effect on and after September 11, 2001.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would expand the definition of a member who participated in World Trade Center (WTC) rescue, recovery or cleanup operations to include those who worked at the Verrazano Bridge Toll Facility.

Insofar as this bill would affect the New York State and Local Employees' Retirement System (NYSLERS) and the New York State and Local Police and Fire Retirement System (NYSLPFRS), if this bill is enacted during the 2024 Legislative Session, it would (a) reclassify certain retiree benefits as accidental disability, (b) lead to an increased number of accidental disability benefits for future retirees, and (c) also lead to more deaths being classified as "accidental". The cost of the revised benefit will depend upon the applicant's age, service, salary, plan and benefit type otherwise payable.

Benefit prior to enactment:	None	Ordinary Disability	Performance of Duty
NYSLERS cost for proposed benefit:	10 times salary	5.5 times salary	3 times salary
NYSLPFRS cost for proposed benefit:	10 times salary	5.5 times salary	3 times salary
Benefit prior to enactment:	Service Retirement	Ordinary Death	

NYSLERS cost for	2 times	4.5 times
proposed benefit:	salary	salary
 NYSLPFRS cost for	 2 times	 13 times
proposed benefit:	salary	salary

The exact number of current members as well as future members who could be affected by this legislation cannot be readily determined. Pursuant to Section 25 of the Retirement and Social Security Law, the costs arising in the NYSLERS will be borne entirely by the State of New York and will require an itemized appropriation sufficient to pay the cost of the provision. The costs arising in the NYSLPFRS will be shared by the State of New York and the local participating employers of the NYSLPFRS.

Further, we anticipate additional administrative costs to implement the provisions of this legislation.

Membership data as of March 31, 2023 was used in measuring the impact of the proposed change, the same data used in the April 1, 2023 actuarial valuation. Distributions and other statistics can be found in the 2023 Report of the Actuary and the 2023 Annual Comprehensive Financial Report.

The actuarial assumptions and methods used are described in the 2023 Annual Report to the Comptroller on Actuarial Assumptions, and the Codes, Rules and Regulations of the State of New York: Audit and Control.

The Market Assets and GASB Disclosures are found in the March 31, 2023 New York State and Local Retirement System Financial Statements and Supplementary Information.

I am a member of the American Academy of Actuaries and meet the Qualification Standards to render the actuarial opinion contained herein.

This fiscal note does not constitute a legal opinion on the viability of the proposed change nor is it intended to serve as a substitute for the professional judgment of an attorney.

This estimate, dated January 3, 2024, and intended for use only during the 2024 Legislative Session, is Fiscal Note No. 2024-18, prepared by the Actuary for the New York State and Local Retirement System.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

SUMMARY: This proposed legislation would expand the definition of a member who participated in World Trade Center rescue, recovery, or cleanup operations to include those who worked at the Verrazano Bridge Toll Facility.

CENSUS DATA: The number of members and eligible retirees who worked at the Verrazano bridge during the applicable period is unknown. The estimates presented herein are based on preliminary census data collected as of June 30, 2023. The census data for the potentially impacted population used to develop the average costs in this Fiscal Note is based on TBTA members active during the applicable period and is summarized below.

#### NYCERS

##### Active Members

- Number Count:	220
- Average Age:	56.0
- Average Service:	25.1
- Average Salary:	119,300

##### Term. Vested Members

- Number Count:	31
- Average Age:	58.0

##### Receiving Members

- Number Count:	902
- Average Age:	68.2

IMPACT ON MEMBER BENEFITS: Currently, a member who becomes disabled would be eligible for an applicable ordinary disability retirement, generally a lifetime payment of 1/3 of salary or service benefit if greater. The ordinary death benefit is a lump sum payment generally equal to three times the member's salary for active members or a fraction of the retirement benefit for retirees.

Under the proposed legislation, the accidental death benefit would generally be equal to a lifetime benefit of 50%, or 100% for those eligible for Special Accidental Death Benefits, of a member's wages earned during the last year of service.

ASSUMPTIONS AND METHODS: The estimates presented herein have been calculated based on the Revised 2021 Actuarial Assumptions and Methods of NYCERS.

The cost of this proposed legislation could vary greatly depending on the number of future members who benefit and on their length of service, age, and salary history.

The estimated financial impact for disabled members has been calculated assuming 50% would have retired under an Ordinary Disability benefit, and 50% would have continued working if the proposed legislation were not passed.

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the actuarial assumptions, methods, and models used, demographics of the impacted population and other factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein. Quantifying these risks is beyond the scope of this Fiscal Note.

This Fiscal Note is intended to measure pension-related impacts and does not include other potential costs (e.g., administrative and Other Postemployment Benefits).

STATEMENT OF ACTUARIAL OPINION: Marek Tyszkiewicz and Gregory Zelikovsky are members of the Society of Actuaries and the American Academy of Actuaries. We are members of NYCERS but do not believe it impairs our objectivity and we meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein. To the best of our knowledge, the results contained herein have been prepared in accordance with generally accepted actuarial principles and procedures and with the Actuarial Standards of Practice issued by the Actuarial Standards Board.

FISCAL NOTE IDENTIFICATION: This Fiscal Note 2024-22 dated March 11, 2024 was prepared by the Chief Actuary for the New York City Retirement Systems and Pension Funds. This estimate is intended for use only during the 2024 Legislative Session.
