AN ACT in relation to enacting the "New York Business Emergency Relief Act of 2023"

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Short title. This act shall be known and may be cited as 2 the "New York Business Emergency Relief Act of 2023".

- § 2. Legislative intent. The legislature recognizes that New York's businesses are instrumental to the state's economy and to the state's recovery from the COVID-19 pandemic. New York state's policies during the pandemic have already harmed businesses enough and the interest assessment surcharge being levied on New York businesses at this time is an unnecessary and burdensome tax that New York state can end. It is the state's obligation to remove this burden from New York businesses and pay its debts owed to the federal government for the federal unemployment insurance trust fund and not shift this obligation to businesses already struggling to recover from the pandemic.
- § 3. Funds. Notwithstanding any other law, rule and regulation to the contrary, the governor shall immediately direct all unallocated funds that are reserved in the "economic uncertainties" fund and any further settlement money that may be received by the state or state surplus funds to small business relief purposes consistent with the intent of repaying any outstanding debt owed to the federal unemployment insurance trust fund.
- 20 § 4. This act shall take effect immediately.
