FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would allow up to five years of previous service rendered as a police officer with either the State University of New York or Regional State Park Police Department or as a special investigator in the Office of the New York State Attorney General to become creditable under section 384-e of the Retirement and Social Security Law. Upon completion of twenty years of service and upon retirement, an affected member would receive an additional pension of one-sixtieth of their final average salary for each such additional year credited. Affected members would be required to contribute an amount equal to three percent of their prior twelve months of compensation for each year of service credit claimed.

If this bill is enacted during the 2024 Legislative Session, we anticipate that there will be a past service cost averaging 13.7% of an affected member's compensation for each year of additional service credit granted. All costs would be shared by the State of New York and the local participating employers in the New York State and Local Police and Fire Retirement System.

The exact number of current members as well as future members who could be affected by this legislation cannot be readily determined.
