13 such conditions on the defendant as are necessary to assure compliance  
14 with such law, rule, regulation, permit, certificate or order within a  
15 reasonable time period.

16 3. No person shall commence a civil action pursuant to subdivision one  
17 of this section unless the alleged violation could be subject to a judi-  
18 cial enforcement action or administrative enforcement proceeding brought  
19 by or on behalf of the department, the state of New York, the commis-  
20 sioner, or the commissioner's designee.

21 4. No action may be brought against the state or any of its depart-  
22 ments, agencies or bureaus or any of its political subdivisions or any  
23 public authority pursuant to this title except in their capacity as  
24 owner or operator of a pollution source or as a person responsible for  
25 the investigation or remediation of an inactive hazardous waste disposal  
26 site pursuant to title 13 of article 27 of this chapter.

27 § 71-4503. Notice of action.

28 1. Except as provided in subdivision two of this section, no action  
29 may be commenced under subdivision one of section 71-4501 of this title:

30 a. prior to sixty days after written notice by certified mail, return  
31 receipt requested, has been given by the plaintiff to the commissioner,  
32 the attorney general, and any person alleged to be in violation of any  
33 law, rule, regulation, permit, certificate or order. Such written notice  
34 shall be given in such a manner as the commissioner may prescribe by  
35 regulation, and shall identify any person alleged to be in violation of  
36 any such law, rule, regulation, permit, certificate or order as set  
37 forth in subdivision one of section 71-4501 of this title and shall  
38 describe with reasonable particularity the activity or condition  
39 complained of including, where appropriate, data or test results in the  
40 possession of the plaintiff which describe such alleged violation; or

41 b. if the commissioner or the commissioner's designee, at any time  
42 prior to the end of the sixty day notice period prescribed in paragraph  
43 a of this subdivision or prior to commencement of such action, whichever  
44 is later and upon written notice to the person who provided the notice  
45 prescribed in paragraph a of this subdivision, has commenced and is  
46 actively prosecuting an administrative enforcement proceeding pursuant  
47 to this chapter relative to the alleged violation; or

48 c. if the attorney general, at any time prior to the end of the sixty  
49 day notice period prescribed in paragraph a of this subdivision or prior  
50 to commencement of such action, whichever is later, and upon written  
51 notice to the person who provided the notice prescribed in paragraph a  
52 of this subdivision, has commenced and is actively prosecuting a civil  
53 action in a court of the United States or New York state which seeks an  
54 order or injunction relative to the alleged violation; or

55 d. if the alleged violation is the subject of a consent order, a  
56 court order or any other written agreement signed by the commissioner or

1 the commissioner's designee and the alleged violator setting forth a  
2 compliance schedule to eliminate the alleged violation in a reasonable  
3 time period, or of a settlement or disposition of an administrative  
4 enforcement proceeding or a civil action commenced pursuant to this  
5 chapter, provided that the alleged violator is in compliance with the  
6 terms of such consent order, court order, agreement, settlement or  
7 disposition.

8 2. The plaintiff may commence an action under subdivision one of  
9 section 71-4501 of this title prior to sixty days after the giving of  
10 notice required by paragraph a of subdivision one of this section upon a  
11 showing to the court that the matter in controversy involves a substan-  
12 tial and imminent hazard to the environment.

13 3. A copy of the complaint, and, unless service is thereafter waived,  
14 all motion papers and any subsequent pleadings shall be served upon the  
15 commissioner, the attorney general and the defendant.

16 § 71-4505. Intervention.

17 1. The state as represented by the attorney general may intervene as a  
18 matter of right in any action brought pursuant to this title.

19 2. Any person who is authorized to commence an action pursuant to  
20 section 71-4501 of this title and who has given notice pursuant to  
21 section 71-4503 of this title may intervene upon timely motion as a  
22 matter of right in any action or proceeding subsequently commenced by  
23 the department or the attorney general relating to any violation alleged  
24 in such notice.

25 § 71-4507. Approval of settlements.

26 1. No action commenced under this title shall be settled except upon  
27 approval by the court upon sixty days notice to all parties, the commis-  
28 sioner and the attorney general. Notice of the proposed settlement shall  
29 be published in the environmental notice bulletin. Upon the motion of  
30 the commissioner, the attorney general, or any other party or upon its  
31 own motion, the court may require such further notice as may be required  
32 to protect the interests in environmental protection or enforcement of  
33 citizens who are not a party to the action. The court shall not approve  
34 a settlement in an action commenced under this title if the court deter-  
35 mines that a monetary settlement in excess of costs, disbursements and  
36 reasonable expert witness and attorney fees has been offered or paid by  
37 a defendant as consideration for such settlement to a plaintiff who has  
38 standing to sue only by virtue of this title.

39 2. If, subsequent to the commencement of an action under subdivision  
40 one of section 71-4501 of this title which action has not been finally  
41 adjudicated, the person alleged to be in violation of any law, rule,  
42 regulation, permit, certificate or order enters into a consent order, or  
43 is subject to a court order or other written agreement signed by the  
44 commissioner or the commissioner's designee which sets forth a reason-  
45 able settlement and disposition of the alleged violation, the court in  
46 which such action is pending, on motion of any party, may make an appro-  
47 priate court order disposing of the case, including the award of costs,  
48 disbursements, reasonable expert witness and attorney fees to any party  
49 if appropriate pursuant to section 71-4509 of this title.

50 § 71-4509. Costs, fees and penalties.

51 1. The court, in issuing any final order in any action brought pursu-  
52 ant to subdivisions one and two of section 71-4501 of this title may in  
53 its discretion award costs, disbursements and reasonable expert witness  
54 and attorney fees to any prevailing or substantially prevailing party;  
55 provided, however, that such an award to a prevailing respondent or  
56 defendant shall not exceed ten thousand dollars and a prevailing

1 respondent or defendant in order to recover such costs, disbursements,  
2 reasonable expert witness and attorney fees must make a motion request-  
3 ing such costs, disbursements and fees and show that the action or claim  
4 brought was frivolous. In order to find the action or claim to be frivo-  
5 lous, the court must find in writing one or more of the following:

6 a. the action or claim was commenced, used or continued in bad faith,  
7 solely to delay or prolong the resolution of the litigation or to harass  
8 or maliciously injure another;

9 b. the action or claim was commenced or continued in bad faith without  
10 any reasonable basis in law or fact and could not be supported by a good  
11 faith argument for an extension, modification or reversal of existing  
12 law. If the action or claim was promptly discontinued when the party or  
13 the attorney learned or should have learned that the action or claim  
14 lacked such a reasonable basis, the court may find that the party or the  
15 attorney did not act in bad faith.

16 2. Notwithstanding the provisions of subdivision one of this section,  
17 no costs, disbursements, or reasonable expert witness and attorney fees  
18 may be awarded against the state, or any of its departments, agencies,  
19 bureaus or any of its political subdivisions, or any public authority in  
20 any action brought under this title.

21 3. In addition to the state's right to intervene pursuant to subdivi-  
22 sion one of section 71-4505 of this title or any other law, the state,  
23 as represented by the attorney general, may appear upon timely motion in  
24 an action brought under this title for the sole purpose of obtaining an  
25 award of penalties against any person found liable in such action;  
26 provided, however, that the plaintiff and defendant must be notified of  
27 the state's intent to move for penalties within thirty days of commence-  
28 ment of such action. Any claim for penalties based upon a violation  
29 which is the subject of an action brought under this title must be  
30 brought in such action.

31 § 71-4511. Applicability in the Adirondack park.

32 With respect to those parts of title 27 of article 15 of this chapter  
33 and those parts of article 24 of this chapter administered by the  
34 Adirondack park agency created pursuant to article twenty-seven of the  
35 executive law, any reference in this title to the department, the  
36 commissioner, or the commissioner's designee shall be construed to mean  
37 the Adirondack park agency.

38 § 71-4513. Savings clause.

39 Nothing in this title shall restrict any right which any person or  
40 class of persons may have under any statute or common law to seek  
41 enforcement of any statute, rule, regulation, permit, certificate or  
42 order, or to seek any other relief.

43 § 2. Section 71-1311 of the environmental conservation law, subdivi-  
44 sion 1 as amended by chapter 846 of the laws of 1981, is amended to read  
45 as follows:

46 § 71-1311. Injunction against violations.

47 [~~1~~] Whenever it appears that any person is violating or threatening  
48 to violate any provision of article 23 of this chapter or is committing  
49 any offense described in section 71-1305 of this title, the department,  
50 acting by the Attorney General, may bring suit against such person in  
51 any court of competent jurisdiction to restrain such person from contin-  
52 uing such violation or from carrying out the threat of violation. In any  
53 such suit, the court shall have jurisdiction to grant to the department  
54 without bond or other undertaking, such prohibitory or mandatory injunc-  
55 tions as the facts may warrant, including temporary restraining orders  
56 and preliminary injunctions.

1 ~~[2. If the department, acting by the Attorney General, shall fail to~~  
2 ~~bring suit to enjoin a violation or threatened violation of any~~  
3 ~~provision of article 23, or any rule, regulation, or order of the~~  
4 ~~department made pursuant hereto, within ten days after receipt of writ-~~  
5 ~~ten request to do so by any person who is or will be adversely affected~~  
6 ~~by such violation, the person making such request may bring suit in his~~  
7 ~~own behalf to restrain such violation or threatened violation in any~~  
8 ~~court in which the department might have brought suit. The department~~  
9 ~~shall be made a party in such suit in addition to the person violating~~  
10 ~~or threatening to violate a provision of article 23, or a rule, regu-~~  
11 ~~lation, or order of the department, and the action shall proceed and~~  
12 ~~injunctive relief may be granted to the department without bond, or~~  
13 ~~other undertaking in the same manner as if suit had been brought by the~~  
14 ~~department.]~~

15 § 3. This act shall take effect immediately; provided however, that no  
16 action authorized by section 71-4501 of the environmental conservation  
17 law, as added by section one of this act, may be commenced against any  
18 city, village, town or county prior to September 1, 2027 and nothing in  
19 this act shall affect any action commenced pursuant to section 71-1311  
20 of the environmental conservation law prior to such effective date.
