9 department's eligibility determination, and, where such applicant is  
10 found to be an eligible beneficiary, the amount of benefit units avail-  
11 able and the date on which such benefit units shall become payable for  
12 approved services on behalf of the eligible beneficiary, which shall be  
13 the date of the application, or subject to applicable department regu-  
14 lations, such earlier date as may be deemed reasonable based on the  
15 needs of the beneficiary. Where such applicant is found ineligible, the  
16 department shall notify the applicant of the reasons therefor and shall  
17 advise such applicant of the applicant's right to appeal such determi-  
18 nation pursuant to section thirty-six hundred seventy-nine of this arti-  
19 cle.

20 5. (a) All continuing benefits under this article shall be subject to  
21 reconsideration and redetermination as frequently as the department  
22 deems necessary to ensure that each person receiving benefits under this  
23 article continues to be in need of long term care services and supports  
24 and has not exhausted the lifetime benefit limit. The department may  
25 conduct any investigation it may deem necessary or required to effectuate  
26 the purposes of this subdivision.

27 (b) The department shall develop a simplified statewide recertif-  
28 ication form for use in redetermining eligibility under this article.

29 6. (a) An eligible beneficiary shall receive benefits through the  
30 program in the form of a benefit unit payable by the department to a  
31 registered long term care provider for approved services and supports in  
32 an amount determined by the advisory panel pursuant to section thirty-  
33 six hundred seventy-three of this article. If the value of services  
34 provided to an eligible beneficiary on a single date is less than the  
35 benefit unit, only the portion of the benefit unit that is actually paid  
36 on such beneficiary's behalf shall be taken into consideration when  
37 calculating the balance of such person's lifetime benefit limit. The  
38 balance of the benefit unit not expended on such date shall remain  
39 available to the eligible beneficiary for use in accordance with para-  
40 graph (b) of this subdivision or until otherwise exhausted pursuant to  
41 this article.

42 (b) Notwithstanding any contrary provision of this article, an eligi-  
43 ble beneficiary may receive benefits in excess of the benefit unit as  
44 defined in subdivision three of section thirty-six hundred seventy of  
45 this article, for services provided on a single date, provided that such  
46 eligible beneficiary has not exhausted the lifetime benefit limit. In no  
47 event shall a person receive benefits under this article after such  
48 person's lifetime benefit limit has been exhausted.

49 7. The department shall develop procedures to monitor each eligible  
50 beneficiary's use of benefit units and shall notify eligible benefici-  
51 aries of the balance of benefit units remaining within a reasonable time  
52 after approved services are rendered.

53 8. Notwithstanding any contrary provision of law, benefits paid on  
54 behalf of an individual pursuant to this article shall not be considered  
55 income or resources for the purposes of any determinations of eligibil-  
56 ity for any other state program or benefit, including but not limited to

1 medical assistance, any state or federal program, Medicaid, or any other  
2 means-tested program or benefit.

3 9. Notwithstanding any contrary provision of law, nothing in this  
4 article shall be construed to create an entitlement for any individual  
5 to receive, or require the state or any department or agency thereof to  
6 provide, case management services, including, but not limited to, case  
7 management services under title eleven of article five of the social  
8 services law.

9 § 3676. Reimbursement for services and supports. 1. Beginning on  
10 January first of the year beginning five years after the effective date  
11 of this article, the department shall reimburse registered long term  
12 care providers for approved services rendered to eligible beneficiaries  
13 in accordance with this article. Reimbursement for services provided  
14 pursuant to this section shall be paid to registered long term care  
15 providers at such times and in such manner as the department may  
16 prescribe, provided however, such payments shall be made no less than  
17 quarterly.

18 2. The department may reimburse qualified family members for providing  
19 approved personal care services in the same manner as reimbursements are  
20 paid to an individual provider, whether directly, through a licensed  
21 home care agency, or through a third option if recommended by the  
22 commission and adopted by the department.

23 3. (a) The department shall develop and maintain a registry of long  
24 term care providers in accordance with subdivision two of section thir-  
25 ty-six hundred seventy-one of this article, and in consultation with the  
26 commission, shall establish standards and procedures for:

27 (i) registration with the department pursuant to this section; and  
28 (ii) the suspension, revocation, or termination of a provider's regis-  
29 tration or other limitation on the provider's authorization to provide  
30 services under the program where it is determined that:

31 (A) the provider is incompetent;

32 (B) the provider has exhibited a course of conduct which is inconsis-  
33 ent with program standards and regulations; or

34 (C) the provider has willfully failed to comply with program standards  
35 and regulations.

36 (b) Beginning on and after January first of the year beginning five  
37 years after the effective date of this article and thereafter, all  
38 information in the registry developed and maintained pursuant to this  
39 subdivision, including any and all records relating to actions taken  
40 pursuant to subparagraph (ii) of paragraph (a) of this subdivision shall  
41 be readily accessible on the department's website by the public.

42 4. A long term care services and supports provider which employs or  
43 contracts with one or more individuals performing approved services  
44 shall pay such individuals no less than the greater of (a) one hundred  
45 fifty percent of the minimum wage required under section six hundred  
46 fifty-two of the labor law or any otherwise applicable wage rule or  
47 order under article nineteen of the labor law which is otherwise appli-  
48 cable for home care aides as defined in section thirty-six hundred four-  
49 teen-c of this chapter, or (b) the wage otherwise required by law to be  
50 paid to home care aides as defined in section thirty-six hundred four-  
51 teen-c of this chapter.

52 § 3677. Individual premium contributions. 1. Beginning January first,  
53 of the year beginning two years after the effective date of this arti-  
54 cle, every employee, and every self-employed individual, unless other-  
55 wise exempt, shall contribute to the cost of providing long term care  
56 benefits under this article by payment of the premium assessed pursuant

1 to this section. The initial premium contribution rate and any adjust-  
2 ments to such rate shall be set by the comptroller, after consultation  
3 with the commission, at the lowest amount necessary to maintain the  
4 actuarial solvency of the long term care services and supports trust  
5 fund, in accordance with recognized insurance principles and in a manner  
6 designed to limit fluctuations in such rate.

7 (a) The initial premium contribution rate shall be set no later than  
8 September thirtieth of the year beginning one year after the effective  
9 date of this article and shall become applicable to each employee's  
10 wages paid or self-employed individual's income earned on and after  
11 January first of the year beginning two years after the effective date  
12 of this article.

13 (b) Beginning January first of the year beginning four years after the  
14 effective date of this article, and biennially thereafter, the comp-  
15 troller shall make such adjustments to the premium contribution rate, if  
16 necessary, and after consultation with the commission, to ensure that  
17 such rate continues to be set at the lowest amount necessary to maintain  
18 the actuarial solvency of the long term care services and supports trust  
19 fund, in accordance with recognized insurance principles and in a manner  
20 designed to limit fluctuations in the premium rate.

21 2. (a) Notwithstanding any other provision of law, every employer is  
22 authorized to collect from its employees, the premium assessed under  
23 subdivision one of this section, through payroll deductions and remit  
24 the amounts so collected to the department of taxation and finance in  
25 accordance with the provisions of section four hundred seventy-four of  
26 the tax law.

27 (b) When collecting employee premiums through payroll deductions, the  
28 employer shall act as the agent of its employees and shall remit all  
29 such amounts to the department of taxation and finance as required by  
30 subparagraph (D) of paragraph four of subsection (a) of section six  
31 hundred seventy-four of the tax law.

32 3. Premiums shall be collected at the same time and in the same or  
33 substantially similar manner as the assessment, collection, and report-  
34 ing procedures used for the withholding of tax pursuant to title five of  
35 article twenty-two of the tax law or, in the case of an individual who  
36 is self-employed, including a sole proprietor, independent contractor,  
37 member of a limited liability company or limited liability partnership,  
38 or other self-employed person, at the same time and in the same or  
39 substantially similar manner as the assessment, collection, and report-  
40 ing procedures used for the payment of tax pursuant to part four of  
41 article twenty-two of the tax law.

42 4. The department, in coordination with the department of labor, the  
43 department of taxation and finance, and the comptroller shall promulgate  
44 rules for determining the hours worked and the wages of self-employed  
45 individuals.

46 5. The department of taxation and finance shall deposit all premiums  
47 collected under this section in the long term care services and supports  
48 trust fund established pursuant to section ninety-nine-rr of the state  
49 finance law.

50 6. If the premiums established in this section are changed, the comp-  
51 troller shall notify each individual subject to this section by mail  
52 that such person's premiums have changed.

53 7. (a)(i) Notwithstanding any contrary provision of this section, the  
54 following individuals may apply for an exemption from the premium  
55 contributions required under subdivision one of this section, as  
56 provided in this subdivision:

1 (1) an individual who has maintained private long term care insurance  
2 coverage on an uninterrupted basis beginning no later than January first  
3 of the year in which this article takes effect;

4 (2) a veteran of the United States military who has been rated by the  
5 United States department of veterans' affairs as having a service-con-  
6 ected disability of seventy percent or greater;

7 (3) a spouse or registered domestic partner of an active duty service  
8 member in the United States armed forces whether or not deployed or  
9 stationed within or outside of the state of New York;

10 (4) an employee who holds a nonimmigrant visa for temporary workers,  
11 as recognized by federal law, and is employed by an employer in the  
12 state of New York; or

13 (5) an individual who maintains a permanent address outside of the  
14 state of New York as the individual's primary location of residence.

15 (ii) Such request for an exemption shall be made in such form and in  
16 such manner as the department shall prescribe for such purpose no later  
17 than one year after the effective date of this article.

18 (iii) The department shall review each request for an exemption  
19 submitted pursuant to subparagraph (i) of this paragraph, and upon a  
20 determination that the individual satisfies the requirements in accord-  
21 ance with this paragraph, the department shall issue notice to such  
22 individual of such individual's exemption from paying premium contrib-  
23 utions beginning thirty days after the issuance of such notice of  
24 exemption.

25 (iv) An exemption issued to an individual pursuant to this subdivision  
26 shall relieve such individual's employer, if any, of the duty to collect  
27 premiums pursuant to subdivisions two and three of this section,  
28 provided, however, that the individual shall have first given proper  
29 notice of such exemption to the employer, including a copy of such  
30 exemption, together with any additional materials the department may  
31 require. No such employer shall be liable to an individual for continu-  
32 ing to collect premium contributions in the event that the individual  
33 fails to provide the notice of exemption to such employer in accordance  
34 with this subparagraph.

35 (b) (i) If an individual who has been issued an exemption from paying  
36 premium contributions pursuant to paragraph (a) of this subdivision due  
37 to having maintained private long term care insurance coverage on an  
38 uninterrupted basis ceases to hold private long term care insurance  
39 coverage, such individual shall notify the department and such individ-  
40 ual's employer, if any, of the termination of such private long term  
41 care insurance coverage within thirty days of such termination. Such  
42 notice shall be in writing and submitted in such form and in such manner  
43 as the department shall prescribe for such purpose, and shall state  
44 whether the individual intends to obtain private long term care insur-  
45 ance coverage within ninety days following the cessation of coverage. If  
46 the individual subsequently obtains long term care insurance coverage  
47 within such ninety-day period, the individual shall so notify the  
48 department and the individual's employer, if any.

49 (ii) In the event that an individual described in subparagraph (i) of  
50 this paragraph ceases to hold private long term care insurance coverage  
51 for a period of more than ninety days, the exemption from paying premium  
52 contributions issued pursuant to this subdivision shall be automatically  
53 and permanently revoked and such individual shall thereafter be respon-  
54 sible for the payment of all premium contributions required pursuant to  
55 subdivision one of this section and shall no longer be eligible for any  
56 new exemption under this subdivision. The individual shall be responsi-

1 ble for notifying the department and their employer, if any, in the  
2 event of such cessation of coverage for more than ninety days. Any  
3 premium contributions not paid after such date shall be subject to such  
4 reasonable monetary penalties and interest as shall be determined by the  
5 department and may levy an additional premium for the remainder of the  
6 period of coverage.

7 (c) An individual receiving an exemption pursuant to paragraph (a) of  
8 this subdivision, shall forfeit any and all rights to receive benefits  
9 under this article and shall in no event be an eligible beneficiary  
10 under this article while such exemption is in effect.

11 (d) An employer of an individual whose exemption is revoked in accord-  
12 ance with this subdivision shall not be held liable for a failure to  
13 collect premium contributions to the extent such employer was not aware  
14 of such cessation of coverage and did not have reason to be aware of  
15 such cessation of coverage, provided that such exemption from liability  
16 shall terminate when such employer becomes so aware.

17 (e) If an individual who has been issued a notice of exemption from  
18 paying premium contributions on the basis of a status listed in clauses  
19 two through five of subparagraph (i) of paragraph (a) of this subdivi-  
20 sion, has a change of status which would render them otherwise subject  
21 to the requirements of subdivision one of this section, such individual  
22 shall be obligated to so inform the department and their employer, if  
23 any, within thirty days. The exemption from paying premium contributions  
24 issued pursuant to this subdivision shall be discontinued and such indi-  
25 vidual shall thereafter be responsible for the payment of all premium  
26 contributions.

27 § 3678. Appeals and appeal hearings. 1. Any applicant or recipient, or  
28 any individual authorized to act on behalf of any such applicant or  
29 recipient, and any long term care provider may appeal to the department  
30 from determinations of department officials or failures to make determi-  
31 nations upon grounds specified in subdivision four of this section. The  
32 department shall review the appeal de novo and give such person or enti-  
33 ty an opportunity for an appeal hearing. The department may also, on its  
34 own motion, review any decision made or any case in which a decision has

36 law or regulations of the department. The department may make such addi-  
37 tional investigation as it may deem necessary, and the commissioner  
38 shall make such determination as is justified and in accordance with  
39 applicable law.

40 2. Regarding any appeal pursuant to this section, with or without an  
41 appeal hearing, the commissioner may designate and authorize one or more  
42 appropriate members of his or her staff to consider and decide such  
43 appeals. Any staff member so designated shall be authorized to decide  
44 such appeals on behalf of the commissioner with the same force and  
45 effect as if the commissioner had made such decisions. Appeal hearings  
46 shall be held on behalf of the commissioner by members of his or her  
47 staff who are employed for such purposes or who have been designated and  
48 authorized by the commissioner.

50 section must include:

51 (a) applicants for or recipients of long term care benefits under the  
52 program;

53 (b) long term care services and supports providers; and

54 (c) such other persons as the commissioner may deem to be entitled to

16 any eligibility determination made in accordance with this article, this  
17 chapter, or any other applicable law; and

18 (c) a determination with respect to a long term care provider, including:

19 (i) suspension, revocation, limitation or annulment of qualification  
20 for participation as a provider under the program;

21 (ii) disputes relating to payments and reimbursements for approved  
22 services; and

23 (iii) any other determination the commissioner deems subject to  
24 appeal.

25 5. The department may, subject to the discretion of the commissioner,  
26 promulgate such regulations, consistent with federal or state law, as  
27 may be necessary to implement the provisions of this section.

28 6. Regarding every decision of an appeal pursuant to this section, the  
29 department shall inform every party, and his or her representative, if  
30 any, of the availability of judicial review and the time limitation to  
31 pursue future review.

32 7. The department shall include notice of the right to appeal as  
33 provided by subdivision four of this section and instructions regarding  
34 how to file an appeal in any eligibility determination issued to the  
35 applicant or enrollee in accordance with applicable law. Such notice

41 himself or herself, or to be represented by legal counsel or another  
42 representative; and

43 (d) an explanation of the circumstances under which the appellant's  
44 eligibility may be maintained or reinstated pending an appeal decision.

45 § 3679. Waivers. Notwithstanding any contrary provision of law, the
