(b) For the year two thousand twenty-four, when a party position is to be elected from an election district altered pursuant to this subdivision as a result of a new congressional district line bisecting such election district, any candidate petitioning for such party position therefrom shall be deemed to be a candidate from the new election district created pursuant to this subdivision which has the largest portion of the population of such original election district. Such larger portion shall retain the election district number of the original election district. The portion of such original election district with the smaller population shall also be a new election district, but in the year two thousand twenty-four, no party positions shall be elected therefrom. Party positions from such smaller portion shall be deemed vacant and shall be filled by the county committee pursuant to subdivision one of section 2-118 of this article upon the reorganization of such party committee. Such smaller election district shall be numbered by the next unused election district number and no other election district shall be renumbered.

(c) For purposes of the requirement that a county committee shall be constituted by the election of at least twenty-five percent of its full complement pursuant to subdivision three of section 2-104 of this article, any newly created election district created pursuant to this subdivision shall be excluded from such twenty-five percent computation.

§ 3. This act shall take effect immediately and shall expire December 31, 2024 when upon such date the provisions of this act shall be deemed repealed.
