

STATE OF NEW YORK

9049

IN SENATE

April 12, 2024

Introduced by Sen. SCARCELLA-SPANTON -- read twice and ordered printed,
and when printed to be committed to the Committee on Health

AN ACT to amend the public health law, in relation to the hospital-home
care-physician collaboration program

The People of the State of New York, represented in Senate and Assem-
bly, do enact as follows:

1 Section 1. Legislative intent. The legislature recognizes and reiter-
2 ates that the intent of section 2805-x of the public health law is to
3 establish a framework to support voluntary initiatives that improve
4 patient care access and management. The statute authorizes the waiver of
5 regulations by the commissioner of health in order to accomplish the
6 purposes of the approved initiatives. However, the statute was never
7 intended to allow the waiver of statutory obligations, including statu-
8 tory obligations related to the certificate of need process. Similarly,
9 the statute was not intended to allow the approval of projects without
10 public notice that would otherwise be required, as notification and the
11 opportunity to offer comments on proposed projects are critical elements
12 in determining the worthiness of any application claiming to meet an
13 unmet or new need. Accordingly, the intent of this act is to ensure
14 public notice and opportunity to comment on projects to be approved
15 under public health law section 2805-x prior to approval, and to clarify
16 that statutory certificate of need obligations continue to apply to such
17 projects.

18 § 2. Subdivision 3 of section 2805-x of the public health law, as
19 added by section 48 of part B of chapter 57 of the laws of 2015, is
20 amended to read as follows:

21 3. (a) The commissioner is authorized to provide financing including,
22 but not limited to, grants or positive adjustments in medical assistance
23 rates or premium payments, to the extent of funds available and allo-
24 cated or appropriated therefor, including funds provided to the state
25 through federal waivers, funds made available through state appropri-
26 ations and/or funding through section twenty-eight hundred seven-v of
27 this article, as well as waivers of regulations under title ten of the
