(ii) in the case of a residential health care facility which, over the two immediately preceding successive quarters, has been compliant with the minimum staffing level requirements prescribed by section twenty-eight hundred ninety-five-b of this chapter, five percent of such facility's total reported annual revenue for patient care services, based on the facility's most recently available reported data, without prior written notification to the commissioner. Nothing contained in this section shall

1 prevent the state from receiving grants, gifts or bequests for the
2 purposes of the fund as defined in this section and depositing them into
3 the fund according to law. Any interest received by the comptroller on
4 moneys on deposit in such fund shall be retained in and become part of
5 such fund.

6 4. Moneys in such fund shall be expended only to provide grants to
