§ 66.00 Protections for child victims and child witnesses.

1. The records of any proceeding in the criminal court involving a child victim and/or child witness shall not be open to indiscriminate public inspection. Provided, however, the court in its discretion in any case may permit the inspection of any papers or records. 2. Any criminal proceeding where the victim is a child shall be a closed proceeding upon request made by the child victim and/or such child victim's parent, guardian, or advocate. For purposes of this section, "closed proceeding" means that court records may not be perused, examined, disclosed, taken or copied by any other person than a party, the attorney or counsel of a party, the guardian, the court evaluator or the court examiner except by order of the court.

3. The identity of the child victim shall be made anonymous throughout the proceeding unless a request is made to identify the child victim. Such request may be made by the child victim, and/or such child victim's parent, guardian, or advocate.

1. § 642-a. Fair treatment of child victims as witnesses. To the extent permitted by law, criminal justice agencies, crime victim-related agencies, social services agencies and the courts shall comply with the following guidelines in their treatment of child victims:

1. **(a)** To minimize the number of times a child victim is called upon to recite the events of the case and to foster a feeling of trust and confidence in the child victim, whenever practicable and where one exists, a multi-disciplinary team as established pursuant to subdivision six of section four hundred twenty-three of the social services law and/or a child advocacy center shall be used for the investigation and prosecution of child abuse cases involving abuse of a child, as described in paragraph (i), (ii) or (iii) of subdivision (e) of section one thousand twelve of the family court act, sexual abuse of a child or the death of a child**, or where the child is the victim of or witness to any crime**.

(b) When it is not practicable for a multi-disciplinary team as established pursuant to subdivision six of section four hundred twenty-three of the social services law and/or a child advocacy center to be used, the child victim and/or such child victim's family or guardian shall be provided with informational materials on local resources for counseling, advocacy, and social services.

2. Whenever practicable, the same prosecutor should handle all aspects of a case involving an alleged child victim. **Whenever practicable, the same prosecutor, advocate, and/or social worker shall handle all aspects of a case involving an alleged child victim. Whenever practicable, the prosecutor, advocate, and/or social worker shall collaborate with one another to minimize the child victim's stress of recounting events of the case during interviews and throughout the course of the proceeding.**

3. To minimize the time during which a child victim must endure the stress of [~~his~~] **such child victim's** involvement in the proceedings, the court should take appropriate action to ensure a speedy trial in all proceedings involving an alleged child victim. In ruling on any motion or request for a delay or continuance of a proceeding involving an alleged child victim, the court [~~should~~] **shall** consider and give weight to any potential adverse impact the delay or continuance may have on the well-being of the child.

4. The judge presiding [~~should~~] **shall** be sensitive to the psychological and emotional stress a child witness may undergo when testifying.

5. In accordance with the provisions of article sixty-five of the criminal procedure law, when appropriate, a child witness as defined in subdivision one of section 65.00 of such law [~~should~~] shall be permitted to testify via live, two-way closed-circuit television.

6. In accordance with the provisions of section 190.32 of the criminal procedure law, a person supportive of the "child witness" or "special witness" as defined in such section [~~should~~] shall be permitted to be present and accessible to a child witness at all times during [~~his~~] such child witness's testimony, although the person supportive of the child witness [~~should~~] shall not be permitted to influence the child's testimony.

7. A child witness should be permitted in the discretion of the court to use anatomically correct dolls and drawings during [~~his~~] such child witness's testimony.

§ 5. This act shall take effect immediately; provided, however, the amendments to section 65.00 of the criminal procedure law made by section three of this act shall not affect the repeal of such section and shall be deemed repealed therewith.
