FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would allow Dutchess county to reopen the provisions of Article 14-B of the Retirement and Social Security Law (RSSL) to all individuals named therein.

We estimate that Dutchess county's annual contributions will increase \$210,000 beginning FYE 2027. Annual costs will vary but are expected to average 2.7% of salary.

In addition, there will be an immediate past service cost of \$174,000 borne by Dutchess county as a one-time payment. This cost assumes that payment will be made on February 1, 2027. If Dutchess county elects to amortize this cost over 5 years, the cost for each year will be \$38,800.

These estimated costs are based on 50 affected members employed by Dutchess county, with annual salary of approximately \$5.4 million as of March 31, 2025.
