1 § 4. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would modify the service retirement benefit for members of the New York State and Local Employees' Retirement System employed by Nassau County in certain fire marshal job titles. Members are currently awarded 50 percent of final average salary (FAS) upon completion of 25 years of creditable service. The modified benefit will award additional sixtieths for each year of creditable service, including non-fire marshal service, in excess of 25 years. The benefit will be capped at 75 percent of FAS.

We estimate that Nassau County's annual contributions will increase \$45,000 beginning FYE 2027. Annual costs will vary but are expected to average 0.5% of salary.

In addition, there will be an immediate past service cost of \$629,000 borne by Nassau County as a one-time payment. This cost assumes that payment will be made on February 1, 2027. If Nassau County elects to amortize this cost over 10 years, the cost for each year will be \$80,300.

These estimated costs are based on 42 affected members employed by Nassau County, with annual salary of approximately \$7.2 million as of March 31, 2025.
