8 municipality has available procedures for handling complaints; a summary
9 of the protections available under this article; that any customer
10 eligible for such protections should contact the utility corporation or
11 municipality; and such other provisions as the commission may require. A
12 utility corporation or municipality may not issue a final notice of
13 termination unless at least [~~twenty~~] forty-five days have elapsed from
14 the date payment was due. The commission may increase the number of days
15 before which a final notice of termination may be sent.

7 1. No utility corporation or municipality shall terminate or refuse to
8 take all actions within such corporation or municipality's control and,
9 where applicable, consistent with the provisions of the agreement for
10 commodity service, if any, between the corporation and the customer,
11 provided such provisions are consistent with this article, to restore
12 service to a residential customer, because of arrears owed the utility
13 corporation or municipality, unless the utility or municipality offers
14 such customer a deferred payment agreement for such arrears; provided,
15 however, that a deferred payment agreement under this article shall not
16 be available to any customer who the commission determines has the
17 resources available to pay [~~his~~] the customer's bill, and provided

27 agreements may be renegotiated and amended where the customer can demon-
28 strate that there have been significant changes in [~~his or her~~] the
29 customer's financial circumstances which have arisen due to conditions
30 beyond the customer's control, and that, if the customer receives a
31 utility service by the receipt of portions of such service from each of
32 two or more utility corporations and is billed for such service through
33 a single bill, the payments pursuant to the deferred payment agreement
34 for current charges shall be allocated to each such utility corporation
35 based on the current charges owing to each and the payments for arrears
36 shall be allocated equitably on a pro-rata basis between such utility
37 corporations based on the amount of arrears owing to each.

38 § 4. Subdivision 2 of section 38 of the public service law, as added
39 by chapter 716 of the laws of 1985, is amended to read as follows:

40 2. Every utility corporation or municipality shall offer residential
