AN ACT to amend the vehicle and traffic law and public officers law, in relation to establishing a demonstration program implementing intersection monitoring systems and owner liability for failure of an operator to comply with stopping requirements at intersections; and providing for the repeal of certain provisions upon expiration thereof

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. The vehicle and traffic law is amended by adding a new
2 section 1175-a to read as follows:

3 § 1175-a. Owner liability for failure of an operator to comply with
4 stopping requirements at intersections; city of New York. (a) 1.
5 Notwithstanding any other provision of law, the city of New York is
6 hereby authorized and empowered to adopt and amend a local law or ordi-
7 inance establishing a demonstration program imposing monetary liability
8 on the owner of a vehicle for failure of an operator thereof to comply
9 with section eleven hundred seventy-five of this article in such city,
10 in accordance with the provisions of this section. Such demonstration
11 program shall empower such city to install and operate intersection
12 monitoring devices at no more than forty intersections within such city
13 at any one time.

14 2. Such demonstration program shall utilize necessary technologies to
15 ensure, to the extent practicable, that photographs, microphotographs,
16 videotape or other recorded images produced by such intersection moni-
17 toring systems shall not include images that identify the driver, the
18 passengers, or the contents of the vehicle. Provided, however, that no
19 notice of liability issued pursuant to this section shall be dismissed
20 solely because a photograph, microphotographs, videotape or other
21 recorded images allows for the identification of the contents of a vehi-
22 cle, provided that such city has made a reasonable effort to comply with
23 the provisions of this paragraph.

24 (b) In any such city which has adopted a local law or ordinance pursu-
25 ant to subdivision (a) of this section, the owner of a vehicle shall be

1 liable for a penalty imposed pursuant to this section if such vehicle
2 was used or operated with the permission of the owner, express or
3 implied, in violation of section eleven hundred seventy-five of this
4 article, and such violation is evidenced by information obtained from an
5 intersection monitoring system; provided however that no owner of a
6 vehicle shall be liable for a penalty imposed pursuant to this section
7 where the operator of such vehicle has been convicted of the underlying
8 violation of section eleven hundred seventy-five of this article.

9 (c) For purposes of this section, "owner" shall have the meaning
10 provided in article two-B of this chapter. For purposes of this section,
11 "intersection monitoring system" shall mean a vehicle sensor installed
12 to work in conjunction with a traffic-control signal which automatically
13 produces two or more photographs, two or more microphotographs, a vide-
14 otape or other recorded images of each vehicle at the time it is used or
15 operated in violation of section eleven hundred seventy-five of this
16 article.

17 (d) A certificate, sworn to or affirmed by a technician employed by
18 the city in which the charged violation occurred, or a facsimile there-
19 of, based upon inspection of photographs, microphotographs, videotape or
20 other recorded images produced by an intersection monitoring system,
21 shall be prima facie evidence of the facts contained therein. Any photo-
22 graphs, microphotographs, videotape or other recorded images evidencing
23 such a violation shall be available for inspection in any proceeding to
24 adjudicate the liability for such violation pursuant to a local law or
25 ordinance adopted pursuant to this section.

26 (e) An owner liable for a violation of section eleven hundred seven-
27 ty-five of this article pursuant to a local law or ordinance adopted
28 pursuant to this section shall be liable for monetary penalties in
29 accordance with a schedule of fines and penalties to be set forth in
30 such local law or ordinance. The liability of the owner pursuant to this
31 section shall not exceed one hundred fifty dollars for each violation;
32 provided, however, that such local law or ordinance may provide for an
33 additional penalty not in excess of twenty-five dollars for each
34 violation for the failure to respond to a notice of liability within the
35 prescribed time period.

36 (f) An imposition of liability under a local law or ordinance adopted
37 pursuant to this section shall not be deemed a conviction as an operator
38 and shall not be made part of the operating record of the person upon
39 whom such liability is imposed nor shall it be used for insurance
40 purposes in the provision of motor vehicle insurance coverage.

41 (g) 1. A notice of liability shall be sent by first class mail to each
42 person alleged to be liable as an owner for a violation of section elev-
43 en hundred seventy-five of this article pursuant to this section.
44 Personal delivery on the owner shall not be required. A manual or auto-
45 matic record of mailing prepared in the ordinary course of business
46 shall be prima facie evidence of the facts contained therein.

47 2. A notice of liability shall contain the name and address of the
48 person alleged to be liable as an owner for a violation of section elev-
49 en hundred seventy-five of this article pursuant to this section, the
50 registration number of the vehicle involved in such violation, the
51 location where such violation took place, the date and time of such
52 violation and the identification number of the camera which recorded the
53 violation or other document locator number.

54 3. The notice of liability shall contain information advising the
55 person charged of the manner and the time in which such person may
56 contest the liability alleged in the notice. Such notice of liability

1 shall also contain a warning to advise the persons charged that failure
2 to contest in the manner and time provided shall be deemed an admission
3 of liability and that a default judgment may be entered thereon.

4 4. The notice of liability shall be prepared and mailed by the city
5 having jurisdiction over the intersection where the violation occurred,
6 or by any other entity authorized by the city to prepare and mail such
7 notification of violation.

8 (h) Adjudication of the liability imposed upon owners by this section
9 shall be by a traffic violations bureau established pursuant to section
10 three hundred seventy of the general municipal law or, if there be none,
11 by the court having jurisdiction over traffic infractions, except that
12 any city which has established an administrative tribunal to hear and
13 determine complaints of traffic infractions constituting parking, stand-
14 ing or stopping violations may, by local law, authorize such adjudi-
15 cation by such tribunal.

16 (i) If an owner receives a notice of liability pursuant to this
17 section for any time period during which the vehicle was reported to the
18 police department as having been stolen, it shall be a valid defense to
19 an allegation of liability for a violation of section eleven hundred
20 seventy-five of this article pursuant to this section that the vehicle
21 had been reported to the police as stolen prior to the time the
22 violation occurred and had not been recovered by such time. For purposes
23 of asserting the defense provided by this subdivision it shall be suffi-
24 cient that a certified copy of the police report on the stolen vehicle
25 be sent by first class mail to the traffic violations bureau, court
26 having jurisdiction or parking violations bureau.

27 (j) An owner who is a lessor of a vehicle to which a notice of liabil-
28 ity was issued pursuant to subdivision (g) of this section shall not be
29 liable for the violation of section eleven hundred seventy-five of this
30 article, provided that such owner sends to the traffic violations
31 bureau, court having jurisdiction or parking violations bureau a copy of
32 the rental, lease or other such contract document covering such vehicle
33 on the date of the violation, with the name and address of the lessee
34 clearly legible, within thirty-seven days after receiving notice from
35 the bureau, court or bureau of the date and time of such violation,
36 together with the other information contained in the original notice of
37 liability. Failure to send such information within such thirty-seven
38 day time period shall render the owner liable for the penalty prescribed
39 by this section. Where the lessor complies with the provisions of this
40 subdivision, the lessee of such vehicle on the date of such violation
41 shall be deemed to be the owner of such vehicle for purposes of this
42 section, shall be subject to liability for the violation of section
43 eleven hundred seventy-five of this article pursuant to this section and
44 shall be sent a notice of liability pursuant to subdivision (g) of this
45 section.

46 (k) 1. If the owner liable for a violation of section eleven hundred
47 seventy-five of this article pursuant to this section was not the opera-
48 tor of the vehicle at the time of the violation, the owner may maintain
49 an action for indemnification against the operator.

50 2. Notwithstanding any other provision of this section, no owner of a
51 vehicle shall be subject to a monetary fine imposed pursuant to this
52 section if the operator of such vehicle was operating such vehicle with-
53 out the consent of the owner at the time such operator failed to obey
54 the provisions of section eleven hundred seventy-five of this article.
55 For purposes of this subdivision there shall be a presumption that the
56 operator of such vehicle was operating such vehicle with the consent of

1 the owner at the time such operator failed to obey the provisions of
2 section eleven hundred seventy-five of this article.

3 (1) Nothing in this section shall be construed to limit the liability
4 of an operator of a vehicle for any violation of section eleven hundred
5 seventy-five of this article.

6 (m) Any city that adopts a demonstration program pursuant to subdivi-
7 sion (a) of this section shall submit an annual report detailing the
8 results of the use of such intersection monitoring system to the gover-
9 nor, the temporary president of the senate and the speaker of the assem-
10 bly on or before the first day of June next succeeding the effective
11 date of this section and on the same date in each succeeding year in
12 which the demonstration program is operable. Such report shall include,
13 but not be limited to:

14 1. a description of the locations where intersection monitoring
15 systems were used;

16 2. the aggregate number, type and severity of accidents reported at
17 intersections where an intersection monitoring system is used for the
18 three years preceding the installation of such system, to the extent the
19 information is maintained by the department of motor vehicles of this
20 state;

21 3. the aggregate number, type and severity of accidents reported at
22 intersections where an intersection monitoring system is used for the
23 reporting year, as well as for each year that the intersection monitor-
24 ing system has been operational, to the extent the information is main-
25 tained by the department of motor vehicles of this state;

26 4. the number of events and number of violations recorded at each
27 intersection where an intersection monitoring system is used and in the
28 aggregate on a daily, weekly and monthly basis;

30 by such system at each intersection where an intersection monitoring
31 system is used;

32 6. the number of fines imposed and total amount of fines paid after
33 first notice of liability;

34 7. the number and percentage of violations adjudicated and results of
35 such adjudications including breakdowns of dispositions made for
36 violations recorded by such systems;

37 8. the total amount of revenue realized by such city from such adjudi-
38 cations including a breakdown of revenue realized by such city for each
39 year since deployment of its intersection monitoring system;

40 9. expenses incurred by such city in connection with the program; and

41 10. quality of the adjudication process and its results.

42 § 2. Subdivision 1 of section 235 of the vehicle and traffic law, as
43 amended by section 1 of part N of chapter 58 of the laws of 2025, is
44 amended to read as follows:
