14 § 27-3409. Packaging reduction and recycling plan approval.

15 1. Before approval or denial of a packaging reduction and recycling  
16 plan can be made in accordance with this title, the producer or organ-  
17 ization shall submit the plan to the packaging reduction and recycling  
18 advisory council. The advisory council shall then make a recommendation  
19 regarding approval or disapproval of the plan in accordance with section  
20 27-3411 of this title.

21 2. Within sixty days of the advisory council making a recommendation  
22 to the department, the department shall make a determination to approve  
23 the plan as submitted; approve the plan with conditions; or deny the  
24 plan, with reasons for the denial.

25 3. The department may establish additional plan requirements in addi-  
26 tion to those identified herein to fulfill the intent of this title;  
27 provided, however, that any additional requirements shall be established  
28 one year prior to a required submission of a plan.

35 agreement between an entity and labor organization that, at a minimum,  
36 protects the state's proprietary interests by prohibiting labor organ-  
37 izations and members from engaging in picketing, work stoppages,  
38 boycotts, and any other economic interference.

39 § 27-3411. Packaging reduction and recycling advisory council.

40 1. There is hereby established within the department a packaging  
41 reduction and recycling advisory council to receive and review the pack-  
42 aging reduction and recycling plans required under section 27-3407 of  
43 this title, to make recommendations to the department regarding approval  
44 of the plans, to review the annual reports produced by organizations and  
45 to make recommendations to the department and organizations as required

21 solid waste and recycling processing employees.

22 3. Appointments to the advisory council are term-limited to ten  
23 consecutive years of service; the chair shall be chosen through a major-  
24 ity vote of its members and shall serve no longer than three consecutive  
25 years.

26 4. Advisory council members shall serve without compensation, except  
27 that a member of the committee who is a state officer or employee may  
28 receive their regular compensation while engaging in the business of the  
29 committee, but shall be entitled to receive reimbursement for any actu-  
30 al, necessary expenses incurred in the course of performing business for  
31 the committee.

32 5. All decisions made by the advisory council shall be decided by  
33 voting and votes shall only be valid when a quorum is present. A quorum  
34 shall exist when greater than fifty percent of voting members are pres-  
35 ent. The advisory council shall meet at least once a year by the call of  
36 the chair or by request of more than half the members. The decisions of  
37 the advisory council shall be by vote of the majority of its membership.

38 6. The council shall determine whether the plan submitted under  
39 section 27-3409 of this title meets the criteria and objectives under  
40 such section in making its recommendation.

41 7. The advisory council shall, within sixty days of the submission of  
42 a packaging reduction and recycling plan, either:

43 (a) forward the plan to the commissioner with its recommendation for  
44 approval; or

45 (b) forward the plan to the commissioner with its disapproval and  
46 stated reasons therefor, including any recommended changes to the plan  
47 necessary for approval.

48 8. An organization may resubmit a packaging reduction and recycling  
49 plan for approval at any time. Upon such resubmission, the advisory  
50 council shall, within sixty days, forward the plan to the commissioner  
51 with its recommendation for approval or disapproval.

52 9. The advisory council shall review the submitted annual reports and  
53 make such recommendations to the department and the organization for  
54 improving future administration of the program and compliance with this  
55 title.

1 10. Thirty months from the date the department adopts rules and regu-  
2 lations pursuant to this title, and every three years thereafter, the  
3 advisory council shall conduct a review of all relevant data, including  
4 annual reports, the latest scientific data available, any pertinent  
5 statewide waste and reuse data, and any other information deemed impor-  
6 tant, to make recommendations to the following:

7 (a) organizations for any changes in the administration of the  
8 program, including feedback on the education and outreach program as  
9 outlined in section 27-3423 of this title;

10 (b) the department for any necessary changes to regulations, the fund-

15 dations shall include a recommendation as to whether to modify the defi-  
16 nition of recycling under this title.

17 § 27-3413. Funding mechanism.

18 1. An organization shall establish such program participation fees for  
19 producers through the plan pursuant to section 27-3407 of this title,  
20 which shall be sufficient to cover all costs of the program, including  
21 administration, enforcement, the statewide needs assessment, and all  
22 other state costs of the program and organizations' costs of the  
23 program, including but not limited to those costs described in subdivi-  
24 sion four of this section.

25 2. An organization shall structure program fees to provide producers  
26 with financial incentives through eco-modulation, to reward waste and  
27 source reduction and recycling compatibility innovations and practices,  
28 and to disincentivize designs or practices that increase costs of manag-  
29 ing the products or materials that contain toxic substances.

30 3. An organization may adjust fees to be paid by participating  
31 producers based on factors that affect system costs. At a minimum, fees  
32 shall be variable based on:

33 (a) The category of packaging material, provided that the list of such  
34 packaging material categories for which there is a specific producer fee  
35 shall include, at a minimum, the following material types:

36 (i) Paper;

37 (ii) Cardboard;

38 (iii) Corrugated cardboard;

39 (iv) Wood;

40 (v) Glass;

42 (vii) High density polyethylene (HDPE);

43 (viii) Expanded polystyrene (EPS);

44 (ix) Polystyrene;

45 (x) Bio-plastics;

46 (xi) Generic plastics;

47 (xii) Plastic film;

48 (xiii) Other plastics;

49 (xiv) Ferrous metals;

50 (xv) Aluminum;

51 (xvi) Tinplate;

52 (xvii) Generic metals; and

53 (xviii) Mixed materials including laminates and packaging containing  
54 more than one of the above materials;

55 (b) The quantity of each packaging material type, by weight, that the  
56 producer sells, offers for sale, or distributes in the state;

1 (c) Eco-modulation, including as described in subdivision two of this  
2 section.

3 4. Producer fees shall be designed to cover, at minimum, the total  
4 costs associated with:

5 (a) Providing curbside collection or other form of residential service  
6 that is, at minimum, as convenient as is detailed in section 27-3415 of  
7 this title;

8 (b) The department's and other state agencies' administration and  
9 enforcement of this title;

10 (c) Organizations' administration of this title;

11 (d) The cost associated with the development of the needs assessment,  
12 as required in section 27-3421 of this title;

13 (e) The costs associated with the advisory council and the toxic pack-  
14 aging task force;

15 (f) The costs associated with establishing packaging reduction and  
16 reuse infrastructure;

17 (g) The cost of reimbursement for, or providing, recycling services,  
18 including the collection cost, processing cost for each recyclable mate-  
19 rial, cost of handling non-recyclable material types collected as part  
20 of a recycling operation, transportation cost of recycling for each  
21 material type; and

22 (h) Any other factors determined by the department.

23 5. An organization may adjust producer fees based on factors that  
24 affect system costs provided that the specific parameters of such  
25 adjustments and fees are included in the plan approved by the depart-  
26 ment. At a minimum, fees shall be variable based on:

27 (a) costs to provide curbside collection or another form of residen-  
28 tial service that is, at minimum, as convenient as curbside collection  
29 or as convenient as the previous recycling collection plan in the  
30 particular jurisdiction should recycling collection not be provided;

31 (b) costs to process packaging materials for acceptance by secondary  
32 material markets;

33 (c) whether the packaging material would typically be readily-recycla-  
34 ble, except that as a consequence of the packaging design, the packaging  
35 product has the effect of disrupting recycling processes or the product  
36 includes labels, inks, and adhesives containing heavy metals or other  
37 toxic substances that would result in contamination of the recycling  
38 process;

39 (d) whether the packaging material is specifically designed to be  
40 reusable or refillable and has high reuse or refill rate; and

41 (e) the commodity value of a packaging material, as defined by  
42 published indices.

43 6. The fees shall be adjusted, or the producers may be provided a  
44 credit, as detailed in the plan, based upon the percentage of post-con-  
45 sumer recycled material content and such percentage of post-consumer  
46 recycled content shall be verified by the organization or through an  
47 independent third party approved to perform verification services to  
48 ensure that such percentage exceeds the minimum requirements in the  
49 packaging, as long as the recycled content does not disrupt the poten-  
50 tial for future recycling.

51 7. In addition to the annual schedule of fees approved in the plan, an  
52 organization fee schedule may include a special assessment on specific  
53 categories of packaging materials, identified in the plan, if the nature  
54 of the packaging material imposes unusual costs in collection or proc-  
55 essing or requires special actions to address effective access to recy-  
56 cling or successful processing in local government recycling facilities.

1 8. The fees shall be structured to provide producers with financial  
2 incentives to encourage:

3 (a) A reduction in total packaging as measured by unit weight used by  
4 producers, and discarded by consumers, businesses, institutions, and  
5 other users. Weight reductions shall not be achieved by substituting  
6 plastic for other materials types;

7 (b) An increase in the proportion of a producer's total packaging that  
8 is managed within a reuse and refill system;

9 (c) An increase in the proportion of a producer's total packaging that  
10 is deemed recyclable as determined by an annual review process as  
11 described in section 27-3405 of this title;

12 (d) An increase in the proportion of a producer's total packaging that  
13 is ultimately recycled;

14 (e) A reduction in toxic components in packaging materials; and

15 (f) A reduction in litter from packaging materials.

16 9. An organization shall be responsible for calculating and disbursing  
17 funding at a reasonable rate developed through an objective formula  
18 approved by the department, and such reasonable rate may be varied based  
19 on population density rates, for municipal services utilized by an  
20 organization if the municipality elects to be compensated by the organ-  
21 ization in the collection, recovery, recycling, and processing of  
22 covered materials and products, whether such services are provided  
23 directly by the municipality or through a contracted service provider.

24 10. If a municipality does not elect to provide service, the organiza-  
25 tion shall be responsible for contracting with a private entity for  
26 services and shall be responsible for calculating and disbursing funding  
27 at a reasonable recycling program rate for collection, recycling, recov-  
28 ery, and processing services provided by the private sector entity  
29 contracted to provide such service. Any such contract shall be subject  
30 to a labor peace agreement as contemplated by paragraph (j) of subdivi-  
31 sion four of section 27-3407 of this title.

32 11. To facilitate an organization's cost reimbursement determination,  
33 participating municipalities and private sector haulers contracting with  
34 the organization shall report data related to their costs and the value  
35 of materials to the organization. Cost calculations shall take into  
36 consideration the amount received from the sale of source-separated  
37 materials.

38 12. There shall be no fee assessed on reusable or refillable packaging  
39 and containers contained within a reuse or refill system.

40 13. Any funds directly collected pursuant to this title shall not be  
41 used to carry out lobbying activities on behalf of an organization.

42 14. No retailer may charge a point-of-sale or other fee to consumers  
43 to facilitate a producer or organization to recoup the costs associated  
44 with meeting the obligations under this title.

45 15. Nothing in this title shall require a local government to partic-  
46 ipate in the program, provided that a local government must give at  
47 least three months' notice of its intent to cease participation.

48 § 27-3415. Collection and convenience.

49 1. The program shall provide for widespread, convenient, and equitable  
50 access to collection opportunities for recyclable packaging materials at  
51 no additional cost. Such opportunities, including curbside recycling,  
52 shall be provided to all residents of the state in a manner that is as  
53 convenient as the collection of solid waste as provided to the consumer  
54 as of the effective date of this title. Organizations shall ensure  
55 services continue for curbside recycling programs as of the effective  
56 date of this title, either directly or through a contract to provide

1 services, and that such services are continued through such producer or  
2 organization's plan pursuant to section 27-3405 of this title.

3 2. Participation in the program shall not restrict a jurisdiction's  
4 consumer's ability to contract directly with third parties to obtain  
5 recycling collection services if consumers have the option to enter into  
6 such contracts as of the effective date of this title, as long as the  
7 consumer still voluntarily chooses to contract directly with the third  
8 party. The local government shall not provide disbursement to such  
9 third party should the local government provide widespread recycling  
10 services either directly or through a contract that is different from  
11 the contract with such third party, and there shall be procedures in  
12 place to ensure that no service provider is compensated more than once  
13 for the same service.

14 3. Organizations may rely on a range of means to collect various cate-  
15 gories of packaging materials so long as collection options include  
16 curbside recycling collection services provided by municipal programs,  
17 municipal contracted programs, solid waste collection companies, or  
18 other approved entities as identified by the department if at a minimum:

19 (a) the category of packaging materials is on the minimum recyclables  
20 list, is suitable for residential curbside recycling collection and can  
21 be effectively sorted by the facilities receiving the curbside collected  
22 material;

23 (b) the category of packaging materials is not handled through a  
24 deposit and return scheme or buy back system that relies on a collection  
25 system other than curbside or multi-family collection;

26 (c) the provider of the curbside recycling service agrees to the  
27 organization's service provider costs arrangement; and

28 (d) any private contract for such services is subject to a labor peace  
29 agreement as contemplated by paragraph (j) of subdivision four of  
30 section 27-3407.

31 4. All local government or private recycling service providers shall  
32 provide for the collection and recycling of all packaging materials  
33 contained on the minimum recyclables lists, based on geographic regions,  
34 in order to be eligible for reimbursement; provided, however, nothing  
35 shall penalize a local government or private recycling service for  
36 recovering and recycling materials that are generated in the local  
37 government or geographic region that are not included on the minimum  
38 recyclables lists as long as it can be demonstrated that such materials  
39 have a consistent regional market for purchase as determined by the  
40 department in consultation with the producer or organization.

41 5. Reimbursement shall cover collection, processing, transportation,  
42 and recycling and disposal of all packaging materials so long as the  
43 program includes at least the minimum recyclables list. The department  
44 may grant an exception to the requirements in this subdivision upon a  
45 written showing by the local government or private recycling service  
46 that compliance with the requirements is not practicable for a specific  
47 identified product or material and if the department finds it is in the  
48 best interest of the intent of this title to grant an exception;  
49 provided, however, that any such exception granted by the department  
50 shall not exceed twelve months.

51 6. Program funds shall be used for investment in collection systems,  
52 transportation systems, reuse systems, washing systems, redistribution  
53 systems, technology for tracking and data collection, capital expendi-  
54 tures on new and emerging technology that is focused on reusable and  
55 refillable packaging, as well as equipment, and facilities, and other

1 projects determined by the department to facilitate the goals and  
2 objectives of this title.

3 7. Nothing in this title shall be deemed to automatically void or  
4 nullify any collection contracts in effect as of the effective date of  
5 this title.

6 § 27-3417. Producer responsibilities.

7 1. Beginning with the required program implementation date as contem-  
8 plated by subdivision three of section 27-3407 of this title and in no  
9 event later than three years after the effective date of this title, a  
10 producer shall not sell, offer for sale, or distribute into the state a  
11 product contained, protected, delivered, presented, or distributed in  
12 packaging unless the producer is registered with an organization and in  
13 full compliance with all requirements of this title. Producers shall  
14 register with the initial organization within eighteen months of the  
15 effective date of this title; provided, however, that any person who  
16 becomes a producer thereafter shall register with an organization and  
17 begin program implementation within six months thereof or be subject to  
18 penalties for noncompliance.

19 2. Either when the producer registers, or within eighteen months of  
20 the effective date of this title, whichever is later and annually there-  
21 after, each producer shall provide the organization with the following  
22 information:

23 (a) Contact information, including the name, e-mail address, physical  
24 address, and telephone number of the authorized representative of the  
25 producer;

26 (b) A comprehensive list of the categories and brands of packaging  
27 materials for which the producer or producers are responsible;

28 (c) The total amount, in units and weight, of each category of packag-  
29 ing material sold, offered for sale, or distributed for sale into the  
30 state by the producer in the prior calendar year; and

31 (d) Any other information required by the department.

32 3. Producers are responsible for payment of fees, through an organiza-  
33 tion, based on the quantity, category of packaging material used in the  
34 state, and other factors.

35 4. Producers are responsible for meeting the toxic substances, packag-  
36 ing material reduction, post-consumer content, and recycling standards  
37 under this title.

38 5. A producer shall electronically submit annually, to both the  
39 department and the packaging reduction and recycling organization, a  
40 written declaration signed by its chief executive officer, verifying the  
41 producer's compliance with:

42 (a) The packaging material reduction requirements of this title;

43 (b) The packaging material recycled content requirements of this  
44 title;

45 (c) The packaging material recycling requirements of this title;

46 (d) The toxic substance reduction requirements of this title;

47 (e) Their obligations to pay fees to the organization pursuant to  
48 section 27-3413 of this title and subdivision three of this section; and

49 (f) Any reimbursement obligations they have to local governments or  
50 third party service providers in connection with this title.

51 6. A producer is exempt from the requirements and prohibitions of this  
52 title in a calendar year in which:

53 (a) The producer and its affiliates collectively realized less than  
54 five million dollars in total gross revenue during the prior calendar  
55 year;

1 (b) The producer and its affiliates collectively sold, offered for  
2 sale, or distributed for sale products contained, protected, delivered,  
3 presented, or distributed in or using less than two tons of packaging  
4 material in total during the prior calendar year;

5 (c) The producer is a not-for-profit corporation that is primarily  
6 engaged in preparing and delivering medically tailored meals and  
7 medical nutrition therapy. As used in this paragraph, "medically  
8 tailored meals and medical nutrition therapy" means nutritional assess-  
9 ment, nutritional therapy, and nutritional counseling provided by a  
10 certified dietician or certified nutritionist, and the provision of any  
11 food indicated by such assessment, therapy or counseling and ordered by  
12 a health care professional acting within their lawful scope of practice  
13 under title eight of the education law, for the purpose of treating one  
14 or more chronic conditions for an individual who is limited in their  
15 activities of daily living; or

16 (d) is an agricultural cooperative with less than fifty employees  
17 engaged in the production of dairy products.

18 7. A producer claiming an exemption pursuant to subdivision six of  
19 this section shall provide the department with sufficient information to  
20 demonstrate that the claimant is eligible for an exemption.

21 8. Nothing in this title shall impair a producer's eligibility for tax  
22 credits or other business incentives for which they would otherwise  
23 qualify.

24 § 27-3419. Department responsibilities.

25 1. Within eighteen months of the effective date of this title, the  
26 department shall, in accordance with section 27-3435 of this title,  
27 promulgate all rules and regulations necessary to implement, administer,  
28 and enforce the provisions of this title, including setting standards  
29 for consumer protection when the organization directly disburses funds  
30 to third parties. These rules and regulations shall include prohibiting  
31 certain toxics in packaging pursuant to section 27-3425 of this title  
32 as of the dates set forth therein.

33 2. Beginning two years after the required program implementation date  
34 as contemplated by subdivision three of section 27-3407 of this title  
35 and in no event later than three years after the effective date of this  
36 title, and annually thereafter, the department shall utilize the infor-  
37 mation obtained pursuant to paragraphs (b), (c), (d), (e), (f) and (g)  
38 of subdivision three of section 27-3405 of this title, and any other  
39 information available to the department, with input from the advisory  
40 council, to produce an annual report to be shared with the legislature  
41 and posted publicly on the department's website.

42 3. The department shall establish and maintain the minimum recyclables  
43 list by regulation. The department shall update this list annually,  
44 after the initial organization's plan is first approved, considering  
45 recommendations from organizations and the advisory council. The minimum  
46 recyclables list may vary by geographic region depending on regional  
47 markets and regional collection and processing infrastructure, but shall  
48 in all cases meet the requirements of subdivision one of section 27-3431  
49 of this title.

50 4. In the event that the department determines that the organization  
51 no longer meets the requirements of this title, or fails to implement  
52 and administer the requirements of this title in a manner that effectu-  
53 ates the purposes of this title, after reasonable opportunity to cure  
54 such deficiencies, the department shall revoke its approval of such  
55 organization and, subject to the contingency plan contemplated by para-

1 graph (w) of subdivision four of section 27-3407 of this title, shall  
2 select a new organization pursuant to section 27-3403 of this title.  
3 § 27-3421. Statewide packaging reduction, reuse, and recycling needs  
4 assessment.

5 1. No later than one year after the effective date of this title and  
6 every five years thereafter, the department shall complete or cause to  
7 be completed a statewide packaging material reduction, reuse, and recy-  
8 cling needs assessment to determine the current state of packaging mate-  
9 rial reuse, recycling, and disposal, identify barriers and opportunities  
10 to reduce the amount of packaging material discarded and disposed of,  
11 and increase the reusability and recyclability of packaging material.

12 2. The needs assessment, at a minimum, shall cover the following:

13 (a) The current recycling rate for each type of packaging material;

14 (b) The amount, by weight and material type, of packaging material  
15 recycled at each recycling facility that accepts discarded packaging  
16 material generated in the state;

17 (c) The processing capacity, market conditions, and opportunities in  
18 the state and regionally for recyclable materials generally, and packag-  
19 ing material categories specifically;

20 (d) The net cost of end-of-life management of discarded packaging  
21 material in the state, including the cost associated with the  
22 collection, transportation, sortation, recycling, littering, landfill-  
23 ing, or incineration of discarded packaging;

24 (e) The availability of opportunities in the recycling and reuse  
25 system for minority- and women-owned businesses;

26 (f) Current barriers affecting recycling access and availability in  
27 the state;

28 (g) Current barriers to the marketability of recyclable materials  
29 generated in the state;

30 (h) Opportunities for the creation of packaging material reuse and  
31 refill programs in the state;

32 (i) Opportunities for the improvement of packaging material recycling  
33 in the state, including the development of end markets for recycled  
34 packaging materials;

35 (j) Current barriers affecting the creation and implementation of  
36 packaging material reuse and refill programs;

37 (k) Consumer education needs in the state with respect to packaging  
38 material waste reduction, recycling, and reducing contamination in recy-  
39 cling, and reuse and refill systems for packaging material; and

40 (l) Landfill capacity.

41 3. The cost incurred by the department associated with conducting the  
42 needs assessment shall be paid for by the organization.

43 4. The department shall report the results of the needs assessment to  
44 the public, the state legislature, and the governor, and shall post the  
45 results on its website.

46 § 27-3423. Education and outreach program.

47 1. The organization shall develop and implement an educational  
48 outreach program designed to educate the public about waste reduction  
49 and improve the effectiveness of local government recycling and, at a  
50 minimum, include:

51 (a) Educational and informational materials for consumers related to  
52 reducing the amount of packaging discarded, recycled, and disposed of in  
53 the state;

54 (b) A description of the environmental, social, economic, and environ-  
55 mental justice impacts associated with improper disposal of packaging  
56 material and failure to reuse or recycle packaging materials;

1 (c) Information on the proper end-of-life management of packaging  
2 material, including reuse, recycling, composting, and disposal;

3 (d) The location and availability of curbside collection and addi-  
4 tional drop-off collection opportunities for packaging material, includ-  
5 ing deposit and take-back programs;

6 (e) How to prevent litter of packaging material in the process of  
7 collection;

8 (f) Recycling instructions that are consistent statewide, except as  
9 necessary to take into account differences among local laws and process-  
10 ing capabilities, easy to understand, and easily accessible; and

11 (g) Any other information required by the department.

12 2. The educational outreach program shall incorporate, at a minimum,  
13 electronic, print, web-based and social media elements, including for  
14 use by local governments at their discretion, as well as including a  
15 variety of outreach and education tools. Such educational outreach  
16 programs shall ensure materials are widely accessible and available in  
17 multiple languages.

18 3. The educational outreach program shall be coordinated with and  
19 assist local government programs, local government contracted programs,  
20 solid waste collection companies, and other entities providing services.

21 4. The educational outreach program shall be developed to ensure  
22 disadvantaged communities receive targeted outreach and support.

23 5. The educational outreach program shall include a plan to work with  
24 producers to label or mark packaging material, in accordance with  
25 reasonable labeling standards, with information to assist consumers in  
26 responsibly managing and recycling covered products.

27 6. The organization shall consult with local governments on the devel-  
28 opment of educational materials and may coordinate with local govern-  
29 ments on outreach and communication.

30 7. The organization shall be authorized to provide producers and  
31 retailers with educational materials related to the responsible  
32 reduction, reuse, recycling, or disposal of discarded packaging materi-  
33 al. The educational and informational materials provided to the retailer  
34 under this subdivision may include, but need not be limited to, printed  
35 materials, signage and templates of materials that can be reproduced by  
36 retailers and provided thereby to consumers at the time of a product's  
37 purchase, and advertising materials that promote and encourage consumers  
38 to properly reuse, recycle, or dispose of packaging material.

39 8. The organization shall make information on relevant tax credits and  
40 other business incentives available to producers.

41 § 27-3425. Prohibition on certain toxic substances and materials.

42 1. Notwithstanding title two of article thirty-seven of this chapter  
43 to the contrary, (a) Beginning three years after the promulgation of  
44 rules and regulations pursuant to this title, no person or entity shall  
45 sell, offer for sale, or distribute into the state any packaging  
46 containing any of the following toxic substances or materials as an  
47 intentionally added substance:

48 (i) Ortho-phthalates;

49 (ii) Bisphenols;

50 (iii) Per- and polyfluoroalkyl substances (PFAS);

51 (iv) Heavy metals and compounds, including lead, hexavalent chromium,  
52 cadmium, and mercury, but excluding copper phthalocyanine (chemical  
53 abstracts service registry number 147-14-8);

54 (v) Benzophenone and its derivatives;

55 (vi) Halogenated flame retardants;

56 (vii) Perchlorate;

1 (viii) Formaldehyde;  
2 (ix) Toluene;  
3 (x) Antimony and compounds;  
4 (xi) UV 328 (2-(2H-benzotriazol-2-yl)-4,6-di-tert-pentylphenol);  
5 (xii) Polyvinyl chloride, including polyvinylidene chloride;  
6 (xiii) Polystyrene but excluding EPS (expanded polystyrene); or  
7 (xiv) Polycarbonate.

8 (b) Beginning five years after the promulgation of rules and regu-  
9 lations pursuant to this title, no person or entity shall sell, offer  
10 for sale, or distribute into the state any packaging containing any of  
11 the toxic substances listed in paragraph (a) of this subdivision, even  
12 if they are not an intentionally added substance, at or above a level  
13 that the department shall establish by regulation that is the lowest  
14 level that can feasibly be achieved; provided, however, that the depart-  
15 ment shall review such level every five years to determine whether it  
16 should be lowered.

17 2. (a) There is hereby established within the department a toxic pack-  
18 aging task force to review the toxicity in packaging in the state, and  
19 to recommend to the department the designation of additional toxic  
20 substances which shall be subject to the same prohibition as those  
21 substances listed in subdivision one of this section.

22 (b) The toxic packaging task force shall have nine members, one of  
23 whom shall be the commissioner or their designee who shall be chair, and  
24 one of whom shall be the commissioner of health or their designee. The  
25 other members shall include: (i) a representative of the packaging  
26 industry; (ii) a representative of an environmental justice organiza-  
27 tion; (iii) a representative from the chemical industry; (iv) a profes-  
28 sional or academic expert in toxicology; and (v) a professional or  
29 academic expert in public health risk assessment; all of whom shall be  
30 appointed by the commissioner. The remaining members shall be persons  
31 with significant professional or academic expertise in maternal or child  
32 health, epidemiology, chemical safety or public health policy, one of  
33 whom shall be appointed by the temporary president of the senate and one  
34 of whom shall be appointed by the speaker of the assembly. Appointments  
35 to the toxic packaging task force are term limited to five consecutive  
36 years of service.

37 (c) The task force shall meet at least twice per year to review and  
38 recommend to the department whether (i) there are additional toxic  
39 substances or classes of toxic substances for use in packaging that  
40 should no longer be sold, offered for sale, distributed for sale, or  
41 distributed for such use in this state, and (ii) there should be  
42 substance or material-specific exceptions to the prohibitions provided  
43 for in subdivision one of this section, provided such recommendation may  
44 be made only upon a demonstration of substantial and convincing evidence  
45 that such substance or material does not meet the criteria for classi-  
46 fication as a toxic substance or material.

47 3. (a) Within one hundred eighty days of the toxic packaging task  
48 force recommending the designation of an additional toxic substance, the  
49 department shall adopt rules and regulations to designate such substance  
50 as a toxic substance under this section and prohibit the use of such  
51 toxic substance in packaging in the same manner as those toxic  
52 substances listed in subdivision one of this section, with an effective  
53 date no later than two years after the date of such recommendation,  
54 unless the department determines that such two-year period would be  
55 unduly burdensome, in which case the department shall establish an

1 effective date for such prohibition no later than four years after the  
2 date of such recommendation.

3 (b) The department may evaluate recommendations from the toxic packag-  
4 ing task force for exceptions as provided in paragraph (c) of subdivi-  
5 sion two of this section, and upon a demonstration of substantial and  
6 convincing evidence that such substance or material does not meet the  
7 criteria for classification as a toxic substance or material, may adopt  
8 rules and regulations to except such substance as a toxic substance or  
9 material.

10 4. Any producer that violates this section, or any rules or regu-  
11 lations promulgated pursuant to this section, shall be subject to a fine  
12 for each violation not to exceed ten thousand dollars per violation. For  
13 the purposes of this section, each product line that is sold, offered  
14 for sale, or distributed to consumers, via retail commerce, in the  
15 state, including through an internet transaction shall be considered a  
16 separate violation.

17 § 27-3427. Non-reusable packaging reduction standards.

18 1. Each individual producer is required to meet the following packag-  
19 ing reduction requirements:

20 (a) Beginning three years after the program implementation date set  
21 forth in subdivision three of section 27-3407 or January first of the  
22 third year following the date on which a producer first registers with  
23 an organization if a producer registers after the program implementation  
24 date, such producer shall reduce the amount of primary plastic packaging  
25 material, and the amount of all other packaging material, in each case,  
26 by ten percent either on a company-wide basis or by unit weight, for all  
27 packaging materials used to contain, protect, deliver, present, or  
28 distribute the products they sell, offer for sale, or distribute for  
29 sale in the state.

30 (b) Beginning five years after the program implementation date set  
31 forth in subdivision three of section 27-3407 or January first of the  
32 fifth year following the date on which a producer first registers with  
33 an organization if a producer registers after the program implementation  
34 date, such producer shall reduce the amount of primary plastic packaging  
35 material, and the amount of all other packaging material, in each case,  
36 by fifteen percent either on a company-wide basis or by unit weight, for  
37 all packaging materials used to contain, protect, deliver, present, or  
38 distribute the products they sell, offer for sale, or distribute for  
39 sale in the state.

40 (c) Beginning eight years after the program implementation date set  
41 forth in subdivision three of section 27-3407 or January first of the  
42 eighth year following the date on which a producer first registers with  
43 an organization if a producer registers after the program implementation  
44 date, such producer shall reduce the amount of primary plastic packaging  
45 material, and the amount of all other packaging material, for all mate-  
46 rials used to contain, protect, deliver, present, or distribute the  
47 products they sell, offer for sale, or distribute for sale into the  
48 state, in each case, by twenty percent either on a company-wide basis or  
49 by unit weight, for all packaging materials used to contain, protect,  
50 deliver, present, or distribute the products they sell, offer for sale,  
51 or distribute for sale in the state.

52 (d) Beginning ten years after the program implementation date set  
53 forth in subdivision three of section 27-3407 or January first of the  
54 tenth year following the date on which a producer first registers with  
55 an organization if a producer registers after the program implementation  
56 date, such producer shall reduce the amount of primary plastic packaging

1 material, and the amount of all other packaging material, for all mate-  
2 rials used to contain, protect, deliver, present, or distribute the  
3 products they sell, offer for sale, or distribute for sale into the  
4 state, in each case, by twenty-five percent either on a company-wide  
5 basis or by unit weight for all packaging materials used to contain,  
6 protect, deliver, present, or distribute the products they sell, offer  
7 for sale, or distribute for sale in the state.

8 (e) Beginning twelve years after the program implementation date set  
9 forth in subdivision three of section 27-3407 or January first of the  
10 twelfth year following the date on which a producer first registers with  
11 an organization if a producer registers after the program implementa-  
12 tion date, such producer shall reduce the amount of primary plastic packaging  
13 material, and the amount of all other packaging material, for all mate-  
14 rials used to contain, protect, deliver, present, or distribute the  
15 products they sell, offer for sale, or distribute for sale into the  
16 state, in each case, by thirty percent either on a company-wide basis or  
17 by unit weight, for all packaging materials used to contain, protect,  
18 deliver, present, or distribute the products they sell, offer for sale,  
19 or distribute for sale in the state.

20 2. The reductions required by this section shall be measured against  
21 the packaging material the producer used during the first year such  
22 producer registered with an organization.

23 3. These reductions shall be achieved by eliminating single-use pack-  
24 aging material, including secondary or tertiary packaging material,  
25 elimination of packaging material components, reduction of packaging  
26 material components, or by transitioning to reusable or refillable pack-  
27 aging systems. Reductions may also be achieved by substituting plastic  
28 packaging material with non-plastic packaging material. However, the  
29 reductions required by this section shall not be achieved by substitut-  
30 ing non-plastic materials with plastic materials or substituting recycl-  
31 able materials with non-recyclable materials.

32 4. In the case of a producer for which, as of the effective date of  
33 this title or upon entry into the market after such effective date, a  
34 portion of its packaging is reusable and contained within a reuse and  
35 refill system, such producer may apply to the department for a waiver  
36 from the packaging reduction requirements set forth in subdivision one  
37 of this section with respect to that percentage of its packaging, by  
38 unit weight, which is contained within a reuse and refill system.

39 5. In the case of a producer that demonstrates in a manner satisfac-  
40 tory to the department that, for the period beginning ten years prior to  
41 the effective date of this title and ending on the date which is two  
42 years after the effective date of this title, the producer reduced the  
43 amount of packaging used to contain, protect, deliver, present, or  
44 distribute the products the producer sells, offers for sale, or distrib-  
45 utes for sale into the state, such producer may apply to the department  
46 for a waiver from the packaging reduction requirements of this section  
47 with respect to that percentage of its packaging, by unit weight, which  
48 was reduced during such twelve-year period.

49 6. A producer may apply to the department for a waiver from the  
50 reduction requirements of this section if compliance is impossible due  
51 to federal law or otherwise conflicts with federal law. Such waiver  
52 must be applied for annually. In such application the producer shall  
53 provide the department and the advisory council with sufficient informa-  
54 tion, in the determination of the department in consultation with the  
55 advisory council, to make a determination on such application, including

1 proof that the producer has taken all feasible actions to achieve the  
2 reductions required by this section.

3 7. Nothing in this section shall preclude a producer from going beyond  
4 the reduction standards in subdivision one of this section.

5 § 27-3429. Recycled content standards.

6 1. Each individual producer shall meet the recycling content targets  
7 contained in this section.

8 2. Beginning two years after promulgation of rules and regulations  
9 pursuant to this title:

10 (a) all glass containers manufactured in the state used by the produc-  
11 er shall contain, on average, at least thirty-five percent post-consumer  
12 recycled content;

13 (b) all paper carryout bags sold, offered for sale, or given away free  
14 in the state by a producer shall contain, on average, at least forty  
15 percent post-consumer recycled content; except that a paper carryout bag  
16 that holds eight pounds or less shall only be required to contain, on  
17 average, at least twenty percent post-consumer recycled content; and

18 (c) all plastic trash bags sold or offered for sale in the state by a  
19 producer shall contain, on average, at least twenty percent post-consum-  
20 er recycled content.

21 3. The requirements of this section shall not apply to reusable or  
22 refillable packaging or containers.

23 4. Beginning two years after plan implementation begins for the  
24 initial organization, the department is authorized, in consultation with  
25 the advisory council, to:

26 (a) establish content requirements for materials not listed in subdivi-  
27 sion two of this section; and

28 (b) modify the post-consumer recycled content targets for the materi-  
29 als set forth in subdivision two of this section, provided that modifi-  
30 cations do not result in a lesser percentage or an earlier year for the  
31 respective target.

32 § 27-3431. Recyclability criteria and packaging recycling requirements.

33 1. Beginning two years after the promulgation of rules and regulations  
34 pursuant to this title, packaging materials used by a producer shall

25 on consideration of environmental, technical and economic conditions. An  
26 adjustment to the statewide recycling and reuse performance targets may  
27 not adjust the recycling rate target to less than thirty percent or more  
28 than seventy-five percent.

29 4. A producer may apply to the department for a waiver from the recycling  
30 rate requirements of this section if compliance is impossible due

32 shall be applied for annually. In such application the producer shall  
33 provide the department and the advisory council with sufficient information,  
34 in the determination of the department in consultation with the

45 properly, and that all organizations and producers are in compliance  
46 with the requirements of this title.

47 2. The recycling inspector general shall have the authority to investigate  
48 the compliance of producers and the organization with all  
49 provisions of this title and to bring enforcement actions for violations  
50 of this title pursuant to the provisions of section 27-3435 of this  
51 title. A violation by the organization as the result of actions by one

6 2. The department, the recycling inspector general, or the attorney  
7 general, shall notify an organization or producer of any conduct or  
8 practice that does not comply with the requirements of this title and of  
9 any inconsistencies identified in an audit.

10 3. The department, the recycling inspector general, and the attorney  
11 general, may issue a notice of violation to, and impose an administra-

14 regulations the department adopts to implement this title. For the  
15 purposes of this section, each product line that is sold, offered for  
16 sale, or distributed to consumers via retail commerce in the state,  
17 including through an internet transaction, shall be considered a sepa-  
18 rate violation.

19 4. Civil penalties under this section shall be assessed by the depart-  
20 ment after an opportunity to be heard pursuant to the provisions of  
21 section 71-1709 of this chapter, or by the court in any action or  
22 proceeding pursuant to section 71-2727 of this chapter, and in addition  
23 thereto, such person or entity may by similar process be enjoined from  
24 continuing such violation and any permit, registration or other approval  
25 issued by the department may be revoked or suspended or a pending  
26 renewal denied.

27 § 27-3437. Rules and regulations.

28 1. Within eighteen months after the effective date of this section,

36 Jurisdiction in all matters pertaining to costs and funding mechanisms  
37 of packaging reduction and recycling organizations relating to the  
38 recovery of packaging materials shall, by this title, be vested exclu-  
39 sively in the state; provided, however, that nothing in this title shall  
40 preclude any city, town, village or other local planning units from  
41 determining what materials shall be included for recycling in a local  
42 government recycling collection program or shall preclude any person  
43 from coordinating, for recycling or reuse, the collection of packaging  
44 materials and products.

45 § 27-3441. Other assistance programs.

46 Nothing in this title shall impact any producer eligibility for any  
47 state or local incentive or assistance program to which they are other-  
48 wise eligible.

49 § 27-3443. Antitrust protections.

50 A producer shall not be liable for any claim of a violation of anti-  
51 trust, restraint of trade, or unfair trade practice arising from conduct  
52 undertaken in order to comply with this title; provided, however, this  
53 section shall not apply to any agreement establishing or affecting the  
54 price of packaging material, or the output or production of any agree-  
55 ment restricting the geographic area or customers to which packaging  
56 material will be sold.

1 § 27-3445. Severability.

2 The provisions of this title shall be severable and if any phrase,  
3 clause, sentence or provision of this title or the applicability thereof  
4 to any person or circumstance shall be held invalid, the remainder of  
5 this title and the application thereof shall not be affected thereby.

7 section 37-0202 to read as follows:

8 § 37-0202. Applicability.

9 This article shall only have effect to the extent that the prohibi-

11 conflict with the provisions of title thirty-four of article twenty-sev-  
12 en of this chapter.

13 § 4. This act shall take effect immediately.
