2025-2026 Regular Sessions

IN ASSEMBLY

January 21, 2025

Introduced by M. of A. ROZIC, LEE, REYES, DeSTEFANO, McDONOUGH -- read once and referred to the Committee on Economic Development

AN ACT to amend the economic development law and the New York state urban development corporation act, in relation to enacting the good jobs guarantee act

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. The economic development law is amended by adding a new
2 article 28 to read as follows:

3 ARTICLE 28
4 GOOD JOBS GUARANTEE ACT

5 Section 500. Short title.

6 501. Legislative findings.

7 502. Good jobs guarantee program.

8 503. Definitions.

9 504. Program administration.

10 § 500. Short title. This article shall be known and may be cited as
11 the "good jobs guarantee act".

12 § 501. Legislative findings. For many New Yorkers, there are few path-
13 ways to good jobs, and economic mobility is no longer attainable. Tradi-
14 tional paths are failing, and the system is broken. Over 76% of Ameri-
15 cans, which equates to 218+ million adults, do not have college degrees
16 even though most high-paying jobs require one. At the same time, the
17 United States is burdened by a \$1.7 trillion student loan crisis because
18 college financing has decoupled from outcomes. The system is especially
19 stacked against low-income individuals and people of color. In New York
20 State, this problem persists: 60% of adults lack a 4-year degree and
21 degree holders owe \$90 billion in loans. College is not the only path to
22 a good job - alternatives for workforce training exist. While these

1 models have high potential, limited funding and frameworks prevent them
2 from confronting this challenge and new models are needed to address the
3 scale.

4 Accordingly, the Good Jobs Guarantee Act would establish a program
5 within the Empire State Development Corporation to facilitate the imple-
6 mentation of workforce training for low-income New Yorkers through a
7 public-private partnership capped equity financing framework. Core to
8 the Good Jobs Guarantee Act is ensuring that low-income New Yorkers
9 seeking economic opportunity are significantly better off upon complet-
10 ing workforce training than they were before. Individuals who partic-
11 ipate in training programs under the Good Jobs Guarantee Act will not be
12 charged any tuition or upfront costs; they will only incur payment obli-
13 gations if the program actually succeeds in securing them employment at
14 high, family-sustaining wages. The bill also contains several
15 protections to ensure that participants can receive workforce training
16 for good paying jobs without being saddled by unduly burdensome debt. If
17 at any time after their training a participant is unable to maintain a
18 good job for any reason, the participant's payment obligations will
19 cease. This program shifts the burden away from the job seeker and onto
20 approved workforce training providers to achieve success. By bringing
21 this outcome-based financing model to scale, this bill aims to revolu-
22 tionize workforce training in New York and guarantee good jobs to low-
23 income New Yorkers.

24 § 502. Good jobs guarantee program. There is hereby established a good
25 jobs guarantee program to provide workforce training through approved
26 providers to enable participants to secure higher paying, sustainable
27 jobs with skills gained through the program.

28 § 503. Definitions. As used in this article, the following terms shall
29 have the following meanings:

10 2. (a) The approved provider shall enter into contracts with eligible
11 participants which shall stipulate that participants shall only incur
12 payment obligations for the costs of a training program based on such
13 participant's monthly salary following completion of a workforce train-
14 ing program and subsequently securing employment with an annual salary
15 in excess of fifty thousand dollars.

16 (b) For purposes of this subdivision "annual salary" shall not include
17 a spouse's income, retirement pensions and annuities, social security
18 benefits, sources of state and federal aid including, but not limited
19 to, unemployment programs, disaster relief programs, Medicare or Medi-
20 caid benefits, economic impact payments, earned income tax credits,
21 child tax credits, other income excluded as taxable by the federal
22 internal revenue service, passive income not related to the full-time
23 employment, and any other sources as determined by the commissioner.

24 (c) Eligible participants shall not be required to pay tuition or
25 other upfront payments in exchange for receiving training under the good
26 jobs guarantee program, except as otherwise provided in this section.

27 3. (a) Payment obligations, pursuant to contracts entered into under
28 the program, shall be made to the approved provider on a monthly basis
29 at a variable percentage of an eligible participant's salary, but the
30 variable percentage shall not exceed twenty percent of the eligible
31 participant's total annual salary.

32 (b) The maximum repayment period shall not exceed eight years from the
33 start of training, and contracts between approved providers and eligible
34 participants shall stipulate a total payment obligation amount.

35 (c) The program administrator shall establish an allowance for hard-
36 ship exceptions totaling a minimum of three months of late or excused
37 payments. Any fees established for late payments shall not exceed five
38 percent of the monthly payment obligation amount.

39 (d) No interest shall accrue on any obligations due.

40 (e) Payment obligations shall not be structured as an outcome-based
41 financing loan to participants in the program.

42 (f) There shall be no restrictions on the type or field of employment
43 a participant may accept following completion of a workforce training
44 program under this article.

45 § 2. Section 1 of chapter 174 of the laws of 1968, constituting the
46 New York state urban development corporation act, is amended by adding a
47 new section 60 to read as follows:

48 § 60. New York state good jobs program guarantor fund. 1. Definitions.

49 (a) For the purposes of this section the terms "approved provider" and
50 "program administrator" shall have the meanings set forth in article 28
51 of the economic development law.

52 (b) "Guarantor fund" shall mean a fund totaling one hundred million
53 dollars for the purpose of a credit enhancement to attract investment in
54 private markets managed by the program administrator under the good jobs
55 guarantee program. The guarantor fund shall not be used for direct

8 Further, the corporation shall provide approval for the disbursements of
9 the good jobs program guarantor fund by the program administrator.
10 Disbursements from the fund shall only be made if the terms of a good
11 jobs guarantee program contract as agreed to by such program administra-

19 shall provide approval for disbursements of the guarantor fund;

20 (ii) conduct an annual review and assessment of the performance of
21 such program administrator in its capacity as an agent of the corpo-
22 ration, to determine whether the contract for the services of the
23 program administrator should be renewed. Such review shall be based on
24 whether such program administrator has satisfactorily met the terms and
25 conditions of such contract;

26 (iii) allow such program administrator the opportunity to make correc-
27 tive action where an initial determination has been made that such
28 program administrator's performance is unsatisfactory; and

29 (iv) submit to the speaker of the assembly and the temporary president
30 of the senate the corporation's recommendation to terminate such
31 contract with the program administrator upon a final review of such
