AN ACT to amend the public service law and the environmental conservation law, in relation to establishing new targets for offshore wind electricity generation

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Subdivision 1 of section 137 of the public service law, as  
2 added by section 11 of part 0 of chapter 58 of the laws of 2024, is  
3 amended to read as follows:  
4 1. "CLCPA targets" shall mean the public policies established in the  
5 climate leadership and community protection act enacted in chapter one  
6 hundred six of the laws of two thousand nineteen, including but not  
7 limited to the requirement that a minimum of seventy percent of the  
8 statewide electric generation be produced by renewable energy systems by  
9 two thousand thirty, that by the year two thousand forty the statewide  
10 electrical demand system will generate zero emissions, and the procure-  
11 ment of at least nine gigawatts of offshore wind electricity generation  
12 by two thousand thirty-five, at least fifteen gigawatts of offshore wind  
13 electricity generation by two thousand forty, at least eighteen giga-  
14 watts of offshore wind electricity generation by two thousand forty-  
15 five, at least twenty gigawatts of offshore wind electricity generation  
16 by two thousand fifty, six gigawatts of photovoltaic solar generation by

1 two thousand twenty-five and to support three gigawatts of statewide  
2 energy storage capacity by two thousand thirty.

3 § 2. Subdivision 5 of section 66-p of the public service law, as added  
4 by chapter 106 of the laws of 2019, is amended to read as follows:

5 5. No later than July first, two thousand twenty-four, the commission  
6 shall establish programs to require the procurement by the state's load  
7 serving entities of at least nine gigawatts of offshore wind electricity  
8 generation by two thousand thirty-five, at least fifteen gigawatts of  
9 offshore wind electricity generation by two thousand forty, at least  
10 eighteen gigawatts of offshore wind electricity generation by two thou-  
11 sand forty-five, at least twenty gigawatts of offshore wind electricity  
12 generation by two thousand fifty, and six gigawatts of photovoltaic  
13 solar generation by two thousand twenty-five, and to support three giga-  
14 watts of statewide energy storage capacity by two thousand thirty.

15 § 3. Paragraph e of subdivision 13 of section 75-0103 of the environ-  
16 mental conservation law, as added by chapter 106 of the laws of 2019, is  
17 amended to read as follows:

18 e. Measures to achieve six gigawatts of distributed solar energy  
19 capacity installed in the state by two thousand twenty-five, nine giga-  
20 watts of offshore wind capacity installed by two thousand thirty-five,  
21 at least fifteen gigawatts of offshore wind electricity generation by  
22 two thousand forty, at least eighteen gigawatts of offshore wind elec-  
23 tricity generation by two thousand forty-five and at least twenty  
24 gigawatts of offshore wind electricity generation by two thousand fifty,  
25 a statewide energy efficiency goal of one hundred eighty-five trillion  
26 British thermal units energy reduction from the two thousand twenty-five  
27 forecast; and three gigawatts of statewide energy storage capacity by  
28 two thousand thirty.

29 § 4. This act shall take effect immediately; provided, however, that  
30 the amendments to subdivision 1 of section 137 of the public service law  
31 made by section one of this act shall not affect the repeal of such  
32 section and shall be deemed repealed therewith.
