1 Each incarcerated individual shall receive an in-depth screening and  
2 assessment to determine their specific needs as relating to, including  
3 but not limited to, mental health and substance use disorder services,  
4 educational needs and job readiness. In addition to an in-depth screen-  
5 ing and assessment, participants in the pilot program shall also be  
6 linked with not-for-profit organizations and peer to peer engagement  
7 opportunities to assist with the individual's reintegration planning.  
8 This shall occur no less than six months prior to their expected release  
9 date and shall consist of, but not be limited to, assistance applying  
10 for public benefits, referrals and links to mental health and/or  
11 substance use disorder service providers if applicable, connections to  
12 employment opportunities as well as job training programs if appropri-  
13 ate, assistance finding available stable housing options to be available  
14 upon release and general supports and services that may be helpful for  
15 an individual reintegrating back into the community.

16 2. Prior to release from the correctional facility, the department  
17 shall identify and place individuals with not-for-profit providers that  
18 shall continue supports and services, as needed, for up to an additional

37 (c) connected to employment;

38 (d) employed;

39 (e) connected to mental health care; and

40 (f) with substance abuse disorder.

41 4. No person shall have the right to demand or require participation  
42 in the pilot program authorized by this section.

43 5. Nothing in this section shall be construed to authorize the depart-  
44 ment to hold an incarcerated individual in confinement beyond their  
45 earliest release date.

46 § 2. This act shall take effect on the first of January next succeed-  
47 ing the date upon which it shall have become a law. Effective immediate-
