AN ACT to amend the civil practice law and rules, the education law, the public health law, the judiciary law, the insurance law, the general business law, the criminal procedure law, the executive law, the civil rights law, and the family court act, in relation to protecting individuals who provide or receive legally protected health activity from criminal or civil liability or professional sanctions imposed by jurisdictions outside the state; and to repeal certain provisions of the criminal procedure law and the executive law relating thereto

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative findings and intent. The legislature declares
2 that it is the public policy of New York state that every individual
3 possesses a fundamental right of privacy and equality with respect to
4 their personal medical decisions, and should be able to safely effectu-
5 ate those decisions, including by seeking and obtaining reproductive
6 health care or gender-affirming care, free from the threat that they may
7 be penalized for such legally protected care.
8 The legislature finds and reaffirms that the state has a paramount
9 interest in protecting access to health care, including reproductive
10 health care and gender-affirming health care, as such health care is

1 fundamental to each person's exercise of bodily autonomy, dignity, and
2 equal citizenship. The state has enshrined the fundamental right to
3 bodily autonomy and reproductive decision-making in its constitution. It
4 has furthered codified in numerous statutes the principle that every
5 individual has the right to privacy and equality with respect to their
6 personal medical decisions, including reproductive and gender-affirming
7 health care.

8 The legislature further finds that, despite the vital importance of
9 reproductive and gender-affirming health care, those who seek, provide,
10 or facilitate such health care are facing an unprecedented risk that
11 they will be targeted or penalized for doing so. The state has a strong
12 public policy of promoting access to these vital forms of health care
13 for residents and non-residents alike, and of maintaining New York's
14 status as a beacon of reproductive freedom, health care access, and
15 equality for all. Efforts to penalize or restrict reproductive or
16 gender-affirming care have a chilling effect on access to this important
17 health care for all individuals, and accordingly threaten each person's
18 health and bodily autonomy.

19 To secure the fundamental right to bodily autonomy and ensure access
20 to health care, the legislature finds it is critical to enact
21 protections to shield those who seek, provide, or facilitate reproduc-
22 tive or gender-affirming health care from efforts to restrict or penal-
23 ize them for doing so.

24 In order to fully effectuate this purpose, the legislature finds and
25 affirms that this act's protections must apply not just to those who
26 seek or provide health care, but also to those who facilitate it, such
27 as organizations that offer financial assistance to people in need,
28 internet service providers that host websites offering accurate health
29 information, or a friend who drives their loved one to the clinic.
30 Facilitators play an important role in ensuring access to health care,
31 and efforts to restrict or penalize them because of their assistance in
32 the exercise of these important rights have a chilling effect on access
33 to care and thereby impinge upon the fundamental rights to privacy,
34 equality, and bodily autonomy.

35 § 2. Section 3119 of the civil practice law and rules, as added by
36 chapter 29 of the laws of 2010, subdivision (g) as amended by chapter
