32 assisted outpatient treatment program, upon approval by the commission-
33 er. Directors of community services shall be permitted to satisfy the
34 provisions of this subdivision through the operation of joint assisted
35 outpatient treatment programs. Nothing in this subdivision shall be
36 interpreted to preclude the combination or coordination of efforts
37 between and among local governmental units and hospitals in providing
38 and coordinating assisted outpatient treatment.

39 (c) Criteria. A person may be ordered to receive assisted outpatient
40 treatment if the court finds that such person:

- 41 (1) is eighteen years of age or older; and

The applicable director of community services or their designee shall arrange for the individual to be evaluated by a physician. If the physician determines court ordered services are clinically necessary and the least restrictive option, the director of community services may initiate a court proceeding.

(7) is likely to benefit from assisted outpatient treatment.

(d) Health care proxy. Nothing in this section shall preclude a person with a health care proxy from being subject to a petition pursuant to this chapter and consistent with article twenty-nine-C of the public health law.

(e) Investigation of reports. The commissioner shall promulgate regulations establishing a procedure to ensure that reports of a person who may be in need of assisted outpatient treatment, including those received from family and community members of such person, are investigated in a timely manner and, where appropriate, result in the filing of petitions for assisted outpatient treatment.

(f) Petition to the court. (1) A petition for an order authorizing assisted outpatient treatment may be filed in the supreme or county court in the county in which the subject of the petition is present or reasonably believed to be present. When a director of community services has reason to believe that an assisted outpatient has changed their county of residence, future petitions and applications under this section may be filed in the supreme or county court in the new county of residence, which shall have concurrent jurisdiction with the court that initially ordered such treatment. Such petition may be initiated only by the following persons:

(i) any person eighteen years of age or older with whom the subject of the petition resides; or

(ii) the parent, spouse, sibling eighteen years of age or older, or child eighteen years of age or older of the subject of the petition; or

13 (vii) the director of community services, or [~~his or her~~] such direc-

19 (ix) the director of the hospital or the superintendent of a correc-
20 tional facility in which the subject of the petition is imprisoned,
21 pursuant to section four hundred four of the correction law.

22 (2) The commissioner shall promulgate regulations pursuant to which
23 persons initiating a petition, pursuant to subparagraphs (i) and (ii) of
24 paragraph one of this subdivision, may receive assistance in filing such
25 petitions, where appropriate, as determined pursuant to subdivision (e)
26 of this section.

27 (3) The petition shall state:

28 (i) each of the criteria for assisted outpatient treatment as set
29 forth in subdivision (c) of this section;

30 (ii) facts which support the petitioner's belief that the subject of
31 the petition meets each criterion, provided that the hearing on the
32 petition need not be limited to the stated facts; and

33 (iii) that the subject of the petition is present, or is reasonably
34 believed to be present, within the county where such petition is filed.

35 [~~(3)~~] (4) The petition shall be accompanied by an affirmation or affi-
36 davit of a physician, who shall not be the petitioner, stating that such
37 physician is willing and able to testify at the hearing on the petition
38 and that either [~~that~~]:

39 (i) such physician has personally examined the subject of the petition
40 no more than ten days prior to the submission of the petition[~~7~~] and
41 recommends assisted outpatient treatment for the subject of the peti-
42 tion[~~7~~, and is willing and able to testify at the hearing on the peti-
43 tion]; or

44 (ii) no more than ten days prior to the filing of the petition, such
45 physician or [~~his or her~~] such physician's designee has made appropriate
46 attempts but has not been successful in eliciting the cooperation of the
47 subject of the petition to submit to an examination, such physician has
48 reason to suspect that the subject of the petition meets the criteria
49 for assisted outpatient treatment, and such physician is willing and
50 able to examine the subject of the petition [~~and testify at the hearing~~
51 on the petition] prior to providing testimony.

52 [~~(4)~~] (5) In counties with a population of less than eighty thousand,
53 the affirmation or affidavit required by paragraph [~~three~~] four of this
54 subdivision may be made by a physician who is an employee of the office.
55 The office is authorized and directed to make available, at no cost to

1 the county, a qualified physician for the purpose of making such affir-
2 mation or affidavit consistent with the provisions of such paragraph.

3 ~~[(f)]~~ (g) Service. The petitioner shall cause written notice of the
4 petition to be given to the subject of the petition and a copy thereof
5 to be given personally or by mail to the persons listed in section 9.29
6 of this article, the mental hygiene legal service, the health care agent
7 if any such agent is known to the petitioner, the appropriate program
8 coordinator, and the appropriate director of community services, if such
9 director is not the petitioner.

10 ~~[(g)]~~ (h) Right to counsel. The subject of the petition shall have the
11 right to be represented by the mental hygiene legal service, or private-
12 ly financed counsel, at all stages of a proceeding commenced under this
13 section.

14 ~~[(h)]~~ (i) Hearing. (1) Upon receipt of the petition, the court shall
15 fix the date for a hearing. Such date shall be no later than three days
16 from the date such petition is received by the court, excluding Satur-
17 days, Sundays and holidays. Adjournments shall be permitted only for
18 good cause shown. In granting adjournments, the court shall consider the
19 need for further examination by a physician or the potential need to
20 provide assisted outpatient treatment expeditiously. The court shall
21 cause the subject of the petition, any other person receiving notice
22 pursuant to subdivision ~~[(f)]~~ (g) of this section, the petitioner, the
23 physician whose affirmation or affidavit accompanied the petition, and
24 such other persons as the court may determine to be advised of such
25 date. Upon such date, or upon such other date to which the proceeding
26 may be adjourned, the court shall hear testimony and, if it be deemed
27 advisable and the subject of the petition is available, examine the
28 subject of the petition in or out of court. If the subject of the peti-
29 tion does not appear at the hearing, and appropriate attempts to elicit
30 the attendance of the subject have failed, the court may conduct the
31 hearing in the subject's absence. In such case, the court shall set
32 forth the factual basis for conducting the hearing without the presence
33 of the subject of the petition.

34 (2) The court shall not order assisted outpatient treatment unless an
35 examining physician, who recommends assisted outpatient treatment and
36 has personally examined the subject of the petition no more than ten
37 days before the filing of the petition, testifies in person or by video-
38 conference at the hearing. Provided however, a physician shall only be
39 authorized to testify by video conference when it has been: (i) shown
40 that diligent efforts have been made to attend such hearing in person
41 and the subject of the petition consents to the physician testifying by
42 video conference; or (ii) the court orders the physician to testify by
43 video conference upon a finding of good cause. Such physician shall
44 state the facts and clinical determinations which support the allegation
45 that the subject of the petition meets each of the criteria for assisted
46 outpatient treatment; provided that the parties may stipulate, upon
47 mutual consent, that such physician need not testify.

48 (3) If the subject of the petition has refused to be examined by a
49 physician, the court may request the subject to consent to an examina-
50 tion by a physician appointed by the court. If the subject of the peti-
51 tion does not consent and the court finds reasonable cause to believe
52 that the allegations in the petition are true, the court may order peace
53 officers, acting pursuant to their special duties, or police officers
54 who are members of an authorized police department or force, or of a
55 sheriff's department to take the subject of the petition into custody
56 and transport ~~him or her~~ them to a hospital for examination by a

1 physician. Retention of the subject of the petition under such order
2 shall not exceed twenty-four hours. The examination of the subject of
3 the petition may be performed by the physician whose affirmation or
4 affidavit accompanied the petition pursuant to paragraph ~~[three]~~ four of
5 subdivision ~~[(e)]~~ [(f)] of this section, if such physician is privileged
6 by such hospital or otherwise authorized by such hospital to do so. If
7 such examination is performed by another physician, the examining physi-
8 cian may consult with the physician whose affirmation or affidavit
9 accompanied the petition as to whether the subject meets the criteria
10 for assisted outpatient treatment.

11 (4) A physician who testifies pursuant to paragraph two of this subdi-
12 vision shall state: (i) the facts ~~[which]~~ and clinical determinations
13 that support the allegation that the subject meets each of the criteria
14 for assisted outpatient treatment, (ii) that the treatment is the least
15 restrictive alternative, (iii) the recommended assisted outpatient
16 treatment, and (iv) the rationale for the recommended assisted outpa-
17 tient treatment. If the recommended assisted outpatient treatment
18 includes medication, such physician's testimony shall describe the types
19 or classes of medication which should be authorized, shall describe the
20 beneficial and detrimental physical and mental effects of such medica-
21 tion, and shall recommend whether such medication should be self-admin-
22 istered or administered by authorized personnel.

23 (5) The subject of the petition shall be afforded an opportunity to
24 present evidence, to call witnesses on ~~[his or her]~~ their behalf, and to
25 cross-examine adverse witnesses.

26 ~~[(i)]~~ [(j)] Written treatment plan. (1) The court shall not order
27 assisted outpatient treatment unless a physician appointed by the appro-
28 priate director, in consultation with such director, develops and
29 provides to the court a proposed written treatment plan. The written
30 treatment plan shall include case management services or assertive
31 community treatment team services to provide care coordination. The
32 written treatment plan also shall include all categories of services, as
33 set forth in paragraph one of subdivision (a) of this section, which
34 such physician recommends that the subject of the petition receive. All
35 service providers shall be notified regarding their inclusion in the
36 written treatment plan. If the written treatment plan includes medica-
37 tion, it shall state whether such medication should be self-administered
38 or administered by authorized personnel, and shall specify type and
39 dosage range of medication most likely to provide maximum benefit for
40 the subject. If the written treatment plan includes alcohol or substance
41 abuse counseling and treatment, such plan may include a provision
42 requiring relevant testing for either alcohol or illegal substances
43 provided the physician's clinical basis for recommending such plan
44 provides sufficient facts for the court to find (i) that such person has
45 a history of alcohol or substance abuse that is clinically related to
46 the mental illness; and (ii) that such testing is necessary to prevent a
47 relapse or deterioration which would be likely to result in serious harm
48 to the person or others. If a director is the petitioner, the written
49 treatment plan shall be provided to the court no later than the date of
50 the hearing on the petition. If a person other than a director is the
51 petitioner, such plan shall be provided to the court no later than the
52 date set by the court pursuant to paragraph three of subdivision ~~[(i)]~~
53 [(k)] of this section.

54 (2) The physician appointed to develop the written treatment plan
55 shall provide the following persons with an opportunity to actively
56 participate in the development of such plan: the subject of the peti-

tion; the treating physician, if any; and upon the request of the subject of the petition, an individual significant to the subject including any relative, close friend or individual otherwise concerned with the welfare of the subject. The appointed physician shall make a reasonable effort to gather relevant information for the development of the treatment plan from the subject of the petition's family member or members, or their significant other. If the subject of the petition has executed a health care proxy, the appointed physician shall consider any directions included in such proxy in developing the written treatment plan.

(3) The court shall not order assisted outpatient treatment unless a physician appearing on behalf of a director testifies to explain the written proposed treatment plan; provided that the parties may stipulate, upon mutual consent, that such physician need not testify. Such physician shall state the categories of assisted outpatient treatment recommended, the rationale for each such category, facts which establish that such treatment is the least restrictive alternative, and, if the recommended assisted outpatient treatment plan includes medication, such physician shall state the types or classes of medication recommended, the beneficial and detrimental physical and mental effects of such medication, and whether such medication should be self-administered or administered by an authorized professional. If the subject of the petition has executed a health care proxy, such physician shall state the consideration given to any directions included in such proxy in developing the written treatment plan. If a director is the petitioner, testimony pursuant to this paragraph shall be given at the hearing on the petition. If a person other than a director is the petitioner, such testimony shall be given on the date set by the court pursuant to paragraph three of subdivision ~~(i)~~ (k) of this section.

~~(i)~~ (k) Disposition. (1) If after hearing all relevant evidence, the court does not find by clear and convincing evidence that the subject of the petition meets the criteria for assisted outpatient treatment, the court shall dismiss the petition.

(2) If after hearing all relevant evidence, the court finds by clear and convincing evidence that the subject of the petition meets the criteria for assisted outpatient treatment, and there is no appropriate and feasible less restrictive alternative, the court may order the subject to receive assisted outpatient treatment for an initial period not to exceed one year. In fashioning the order, the court shall specifically make findings by clear and convincing evidence that the proposed treatment is the least restrictive treatment appropriate and feasible for the subject. The order shall state an assisted outpatient treatment plan, which shall include all categories of assisted outpatient treatment, as set forth in paragraph one of subdivision (a) of this section, which the assisted outpatient is to receive, but shall not include any such category that has not been recommended in ~~both~~ the proposed written treatment plan and ~~the~~ in any testimony provided to the court pursuant to subdivision ~~(i)~~ (j) of this section.

(3) If after hearing all relevant evidence presented by a petitioner who is not a director, the court finds by clear and convincing evidence that the subject of the petition meets the criteria for assisted outpatient treatment, and the court has yet to be provided with a written proposed treatment plan and testimony pursuant to subdivision ~~(i)~~ (j) of this section, the court shall order the appropriate director to provide the court with such plan and testimony no later than the third day, excluding Saturdays, Sundays and holidays, immediately following

1 the date of such order; provided that the parties may stipulate, upon
2 mutual consent, that such testimony need not be provided. Upon receiv-
3 ing such plan and any required testimony, the court may order assisted
4 outpatient treatment as provided in paragraph two of this subdivision.

5 (4) A court may order the patient to self-administer psychotropic
6 drugs or accept the administration of such drugs by authorized personnel
7 as part of an assisted outpatient treatment program. Such order may
8 specify the type and dosage range of such psychotropic drugs and such
9 order shall be effective for the duration of such assisted outpatient
10 treatment.

11 (5) If the petitioner is the director of a hospital that operates an
12 assisted outpatient treatment program, the court order shall direct the
13 hospital director to provide or arrange for all categories of assisted
14 outpatient treatment for the assisted outpatient throughout the period
15 of the order. In all other instances, the order shall require the appro-
16 priate director, as that term is defined in this section, to provide or
17 arrange for all categories of assisted outpatient treatment for the
18 assisted outpatient throughout the period of the order. Orders issued
19 on or after the effective date of the chapter of the laws of two thou-
20 sand twenty-five that amended this section shall require the appropriate
21 director "as determined by the program coordinator" to provide or
22 arrange for all categories of assisted outpatient treatment for the
23 assisted outpatient throughout the period of the order.

24 (6) The director shall cause a copy of any court order issued pursuant
25 to this section to be served personally, or by mail, facsimile or elec-
26 tronic means, upon the assisted outpatient, the mental hygiene legal
27 service or anyone acting on the assisted outpatient's behalf, the
28 original petitioner, identified service providers, and all others enti-
29 tled to notice under subdivision ~~(f)~~ (g) of this section.

30 ~~(k)~~ (l) Relocation of assisted outpatients. The commissioner shall
31 promulgate regulations requiring that, during the period of the order,
32 an assisted outpatient and any other appropriate persons shall notify
33 the program coordinator within a reasonable time prior to such assisted
34 outpatient relocating within the state of New York to an area not served
35 by the director who has been directed to provide or arrange for the
36 assisted outpatient treatment. Upon receiving notification of such relo-
37 cation, the program coordinator shall redetermine who the appropriate
38 director shall be and cause a copy of the court order and treatment plan
39 to be transmitted to such director.

40 ~~(m)~~ Petition for ~~additional periods of~~ continued treatment. (1)
41 ~~Prior~~ Within thirty days prior to the expiration of an order pursuant
42 to this section, the appropriate director shall review whether the
43 assisted outpatient continues to meet the criteria for assisted outpa-
44 tient treatment. ~~[If, as documented in the petition, the director deter-~~
45 ~~mines that such criteria continue to be met or has made appropriate~~
46 ~~attempts to, but has not been successful in eliciting, the cooperation~~
47 ~~of the subject to submit to an examination, within thirty days prior to~~
48 ~~the expiration of an order of assisted outpatient treatment, such direc-~~
49 ~~tor may petition the court to order continued assisted outpatient treat-~~
50 ~~ment pursuant to paragraph two of this subdivision. Upon determining~~
51 ~~whether such criteria continue to be met, such director shall notify the~~
52 ~~program coordinator in writing as to whether a petition for continued~~
53 ~~assisted outpatient treatment is warranted and whether such a petition~~
54 ~~was or will be filed.] Upon determining that one or more of such crite-~~
55 ria are no longer met, such director shall notify the program coordina-
56 tor in writing that a petition for continued assisted outpatient treat-

1 ment is not warranted. Upon determining that such criteria continue to
2 be met, they shall petition the court to order continued assisted outpa-
3 tient treatment for a period not to exceed one year from the expiration
4 date of the current order. If the court's disposition of such petition
5 does not occur prior to the expiration date of the current order, the
6 current order shall remain in effect until such disposition. The proce-
7 dures for obtaining any order pursuant to this subdivision shall be in
8 accordance with the provisions of the foregoing subdivision of this
9 section; provided that the time restrictions included in paragraph four
10 of subdivision (c) of this section shall not be applicable. The notice
11 provisions set forth in paragraph six of subdivision (k) of this section
12 shall be applicable. Any court order requiring periodic blood tests or
13 urinalysis for the presence of alcohol or illegal drugs shall be subject
14 to review after six months by the physician who developed the written
15 treatment plan or another physician designated by the director, and such
16 physician shall be authorized to terminate such blood tests or urinaly-
17 sis without further action by the court.

18 (2) Within thirty days prior to the expiration of an order of assisted
19 outpatient treatment, [~~the appropriate director or~~] the current peti-
20 tioner, if the current petition was filed pursuant to subparagraph (i)
21 or (ii) of paragraph one of subdivision [~~(e)~~] (f) of this section, and
22 the current petitioner retains [~~his or her~~] their original status pursu-
23 ant to the applicable subparagraph, may petition the court to order
24 continued assisted outpatient treatment for a period not to exceed one
25 year from the expiration date of the current order. If the court's
26 disposition of such petition does not occur prior to the expiration date
27 of the current order, the current order shall remain in effect until
28 such disposition. The procedures for obtaining any order pursuant to
29 this subdivision shall be in accordance with the provisions of the fore-
30 going subdivisions of this section; provided that the time restrictions
31 included in paragraph four of subdivision (c) of this section shall not
32 be applicable. The notice provisions set forth in paragraph six of
33 subdivision [~~(j)~~] (k) of this section shall be applicable. Any court
34 order requiring periodic blood tests or urinalysis for the presence of
35 alcohol or illegal drugs shall be subject to review after six months by
36 the physician who developed the written treatment plan or another physi-
37 cian designated by the director, and such physician shall be authorized
38 to terminate such blood tests or urinalysis without further action by
39 the court.

40 [~~(1)~~] (3) If neither the appropriate director nor the current peti-
41 tioner petition for continued assisted outpatient treatment pursuant to
42 this paragraph and the order of the court expires, any other person
43 authorized to petition pursuant to paragraph one of subdivision (f) of
44 this section may bring a new petition for assisted outpatient treatment.
45 If such new petition is filed less than sixty days after the expiration
46 of such order, the time restrictions provided in paragraph four of
47 subdivision (c) of this section shall not be applicable to the new peti-
48 tion.

49 (4) If, thirty days prior to the expiration of an order, the assisted
50 outpatient is deemed by the appropriate director to be missing and
51 thereby unavailable for evaluation as to whether such assisted outpa-
52 tient continues to meet the criteria for assisted outpatient treatment,
53 such director shall petition the court to extend the term of the current
54 order until sixty days after such time as the assisted outpatient is
55 located. If the court grants the extension, the director shall continue
56 reasonable efforts to locate the assisted outpatient. Upon location of

1 the assisted outpatient, the director shall review whether the assisted
2 outpatient continues to meet the criteria for assisted outpatient treat-
3 ment, pursuant to paragraph two of this subdivision.

4 (n) Petition for an order to stay, vacate or modify. (1) In addition
5 to any other right or remedy available by law with respect to the order
6 for assisted outpatient treatment, the assisted outpatient, the mental
7 hygiene legal service, or anyone acting on the assisted outpatient's
8 behalf may petition the court on notice to the director, the original
9 petitioner, and all others entitled to notice under subdivision ~~[(f)]~~
10 (g) of this section to stay, vacate or modify the order.

11 (2) The appropriate director shall petition the court for approval
12 before instituting a proposed material change in the assisted outpatient
13 treatment plan, unless such change is authorized by the order of the
14 court. Such petitions to change an assisted outpatient treatment plan,
15 as well as petitions for continued treatment, may be made to any judge
16 of the supreme or county courts in the county in which the subject of
17 the petition is present or reasonably believed to be present. Such peti-
18 tion shall be filed on notice to all parties entitled to notice under
19 subdivision ~~[(f)]~~ (g) of this section. Not later than five days after
20 receiving such petition, excluding Saturdays, Sundays and holidays, the
21 court shall hold a hearing on the petition; provided that if the
22 assisted outpatient informs the court that ~~[he or she agrees]~~ they agree
23 to the proposed material change, the court may approve such change with-
24 out a hearing. Non-material changes may be instituted by the director
25 without court approval. For the purposes of this paragraph, a material
26 change is an addition or deletion of a category of services to or from a
27 current assisted outpatient treatment plan, or any deviation without the
28 assisted outpatient's consent from the terms of a current order relating
29 to the administration of psychotropic drugs.

30 ~~[(m)]~~ (o) Appeals. Review of an order issued pursuant to this section
31 shall be had in like manner as specified in section 9.35 of this
32 article; provided that notice shall be provided to all parties entitled
33 to notice under subdivision (g) of this section.

34 ~~[(n)]~~ (p) Failure to comply with assisted outpatient treatment. Where
35 in the clinical judgment of a physician, (i) the assisted outpatient,
36 has failed or refused to comply with the assisted outpatient treatment,
37 (ii) efforts were made to solicit compliance, and (iii) such assisted
38 outpatient may be in need of involuntary admission to a hospital pursu-
39 ant to section 9.27 of this article or immediate observation, care and
40 treatment pursuant to section 9.39 or 9.40 of this article, such physi-
41 cian may request the appropriate director of community services, the
42 director's designee, or any physician designated by the director of
43 community services pursuant to section 9.37 of this article, to direct
44 the removal of such assisted outpatient to an appropriate hospital for
45 an examination to determine if such person has a mental illness for
46 which they are in need of hospitalization is necessary pursuant to
47 section 9.27, 9.39 or 9.40 of this article~~[- Furthermore, if such~~
48 ~~assisted outpatient refuses to take medications as required by the court~~
49 ~~order, or he or she refuses to take, or fails a blood test, urinalysis,~~
50 ~~or alcohol or drug test as required by the court order, such physician~~
51 ~~may consider such refusal or failure when determining whether];~~ provided
52 that if, after efforts to solicit compliance, such physician determines
53 that the assisted outpatient's failure to comply with the assisted
54 outpatient treatment includes a substantial failure to take medication,
55 pass or submit to blood testing or urinalysis, or receive treatment for
56 alcohol or substance abuse, such physician may presume that the assisted

1 outpatient is in need of an examination to determine whether ~~[he or she~~
2 ~~has]~~ they have a mental illness for which hospitalization is necessary.
3 Upon the request of such physician, the appropriate director, the direc-
4 tor's designee, or any physician designated pursuant to section 9.37 of
5 this article, may direct peace officers, acting pursuant to their
6 special duties, or police officers who are members of an authorized
7 police department or force or of a sheriff's department to take the
8 assisted outpatient into custody and transport ~~[him or her]~~ them to the
9 hospital operating the assisted outpatient treatment program or to any
10 hospital authorized by the director of community services to receive
11 such persons. Such law enforcement officials shall carry out such direc-
12 tive. Upon the request of such physician, the appropriate director, the
13 director's designee, or any physician designated pursuant to section
14 9.37 of this article, an ambulance service, as defined by subdivision
15 two of section three thousand one of the public health law, or an
16 approved mobile crisis outreach team as defined in section 9.58 of this
17 article shall be authorized to take into custody and transport any such
18 person to the hospital operating the assisted outpatient treatment
19 program, or to any other hospital authorized by the appropriate director
20 of community services to receive such persons. Any director of community
21 services, or designee, shall be authorized to direct the removal of an
22 assisted outpatient who is present in ~~[his or her]~~ their county to an
23 appropriate hospital, in accordance with the provisions of this subdivi-
24 sion, based upon a determination of the appropriate director of communi-
25 ty services directing the removal of such assisted outpatient pursuant
26 to this subdivision. Such person may be retained for observation, care
27 and treatment and further examination in the hospital for up to seven-
28 ty-two hours to permit a physician to determine whether such person has
29 a mental illness and is in need of involuntary care and treatment in a
30 hospital pursuant to the provisions of this article. Any continued
31 involuntary retention of the assisted outpatient in such hospital beyond
32 the initial seventy-two hour period shall be in accordance with the
33 provisions of this article relating to the involuntary admission and
34 retention of a person. If at any time during the seventy-two hour period
35 the person is determined not to meet the involuntary admission and
36 retention provisions of this article, and does not agree to stay in the
37 hospital as a voluntary or informal patient, ~~[he or she]~~ such person
38 must be released. Failure to comply with an order of assisted outpatient
39 treatment shall not be grounds for involuntary civil commitment or a
40 finding of contempt of court.

41 ~~[(e)]~~ (q) Effect of determination that a person is in need of assisted
42 outpatient treatment. The determination by a court that a person is in
43 need of assisted outpatient treatment shall not be construed as or
44 deemed to be a determination that such person is incapacitated pursuant
45 to article eighty-one of this chapter.

46 ~~[(p)]~~ (r) False petition. A person making a false statement or provid-
47 ing false information or false testimony in a petition or hearing under
48 this section shall be subject to criminal prosecution pursuant to arti-
49 cle one hundred seventy-five or article two hundred ten of the penal
50 law.

51 ~~[(q)]~~ (s) Exception. Nothing in this section shall be construed to
52 affect the ability of the director of a hospital to receive, admit, or
53 retain patients who otherwise meet the provisions of this article
54 regarding receipt, retention or admission.

55 ~~[(r)]~~ (t) Education and training. (1) The office ~~[of mental health]~~,
56 in consultation with the office of court administration, shall prepare

9 to meet statewide needs. Such training shall focus on the use of this
10 section and generally address issues relating to mental illness and
11 mental health treatment.

12 ~~[(s)]~~ (u) A director of community services or ~~[his or her]~~ such direc-

14 operated or licensed by the office of mental health to provide contempo-
15 raneous information, including but not limited to relevant clinical
16 records, documents, and other information concerning the person receiv-
17 ing assisted outpatient treatment pursuant to an active assisted outpa-

19 designee who is required to coordinate and monitor the care of any indi-

21 to appropriately discharge their duties pursuant to section 9.47 of this
22 article, and where such provider of inpatient psychiatric services is
23 required to disclose such information pursuant to paragraph twelve of
24 subdivision (c) of section 33.13 of this chapter and such disclosure is
25 in accordance with all other applicable state and federal confidentiali-

50 determines that the incarcerated individual meets such criteria, prior
51 to discharge the director of the hospital shall either petition for a
52 court order pursuant to section 9.60 of the mental hygiene law, or
53 report in writing to the director of community services of the local
