(B) the disappearance of the missing adult may not have been voluntary, including cases of abduction or kidnapping; and

(C) the missing adult's disappearance poses a credible threat to the safety and health of the individual or another identifiable person and under such circumstances also deemed appropriate by law enforcement;

(ii) a description of the circumstances under which a local law enforcement agency is required to report a missing adult to the division; and

7. (a) When a local law enforcement agency notifies the division pursuant to subdivision six of this section, the division shall confirm the accuracy of the information and, if confirmed, immediately issue an

2 directives under subdivision three of this section.

3 (b) The division may issue the alert on its own initiative, without
4 receiving the notification described by paragraph (a) of this subdivi-

6 and if the criteria described by paragraph (a) of subdivision six of
7 this section are satisfied.

8 (c) In issuing the alert, the division shall send the alert to desig-

34 existing system of dynamic message signs in a statewide alert system
35 created under this section if such department receives notice from the
36 United States department of transportation federal highway adminis-
37 tration that the use of such signs would result in the loss of federal
38 highway funding or other punitive actions taken against this state due
39 to noncompliance with federal laws, regulations, or policies.

40 (b) Not later than one year after the effective date of this section,
41 the division shall submit to the governor, the temporary president of
