(b) The board is hereby authorized to promulgate reasonable rules and regulations, as may be necessary, to administer the direct deposit of compensation payments, including payments to a surviving spouse, a surviving domestic partner as defined in section four of this chapter, a dependent child or children, or any other person entitled to a death benefit under section sixteen of this article. Such regulations shall permit the deposit of compensation payments to be split between multiple accounts by either a dollar amount or exact percentage, provided, however, such regulations may establish a minimum dollar amount and may limit the maximum number of partial deposits allowed.

(e) (i) If an employer or insurance carrier fails to enroll an eligible person in direct deposit within twenty-five days after a request has been made pursuant to paragraph (a) of this subdivision, there shall be, paid by the employer or, if insured, the insurance carrier, a penalty of twenty percent of the compensation due per pay period, which shall accrue for the benefit of the injured worker or such worker's surviving spouse or dependents, and an additional penalty of three hundred dollars. Such penalties shall be paid to such eligible person.

(ii) The board may, upon request by an employer or insurer, excuse such employer or insurer from such penalty if such person could not be enrolled in direct deposit due to circumstances outside of the control of such employer or insurer.

§ 2. This act shall take effect immediately.
