member who was previously credited with service credit in the New York state and local employees' retirement system or the New York state and local police and fire retirement system as an officer or member of the regional state park police department may receive for each such year of previous service, up to a total of no greater than five years of previous service, additional pension equal to one-sixtieth of such member's final average salary.

To obtain such credit a member shall pay such retirement system, for deposit in the fund used to accumulate employer contributions, a sum equal to the product of the number of years of service being claimed and three percent of such member's compensation earned during the twelve months of credited service immediately preceding the date that the member made application for credit pursuant to this section.

f. Notwithstanding any other provision of law to the contrary, upon completion of twenty years of service, and upon retirement, each such member who was previously credited with service credit in the New York state and local employees' retirement system as an investigator in a detective investigator role employed in the office of the attorney general may receive for each such year of previous service, up to a total of no greater than five years of previous service, additional pension equal to one-sixtieth of such member's final average salary.

To obtain such credit a member shall pay such retirement system, for deposit in the fund used to accumulate employer contributions, a sum equal to the product of the number of years of service being claimed and three percent of such member's compensation earned during the twelve months of credited service immediately preceding the date that the member made application for credit pursuant to this section.

§ 2. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would allow up to five years of service rendered as a police officer with (a) the State University of New York, (b) Regional State Park Police Department, or (c) as an investigator in the Office of the Attorney General to be credited toward additional sixtieths under §384-e of the Retirement and Social Security Law. The member must have 20 years of service credit and must pay 3% contributions for each year of service claimed.

If this bill is enacted during the 2025 Legislative Session, we anticipate that there will be a past service cost averaging 22% of an affected member's compensation for each year of additional service credit granted. All costs would be shared by the State of New York and the local participating employers in the New York State and Local Police and Fire Retirement System and spread over future billing cycles.

The number of current and future members who could be affected by this legislation cannot be readily determined.
