24 Payment of the handling fee shall be as compensation for collecting,  
25 sorting and packaging of empty beverage containers for transport back to  
26 the deposit initiator or its designee. Payment of the handling fee may  
27 not be conditioned on the purchase of any goods or services, nor may  
28 such payment be made out of the refund value account established pursu-  
29 ant to section 27-1012 of this title. A distributor who does not initi-  
30 ate deposits on a type of beverage container is considered a dealer only  
31 for the purpose of receiving a handling fee from a deposit initiator.  
32 The amount of the handling fee shall be as follows:

33 (a) Three cents for each redeemed container subject to an approved  
34 commingling agreement;

35 (b) Three and one-half cents for each container redeemed through a  
36 reverse vending machine or other process utilizing technology that  
37 recognizes the universal product code to determine if the container is  
38 redeemable and accumulates information regarding the number of contain-  
39 ers redeemed for the purpose of invoicing deposit initiators; and

40 (c) Four and one-half cents for all other redeemed containers.

41 8. It shall be the responsibility of the deposit initiator or distrib-  
42 utor to provide to a dealer or redemption center a sufficient number of  
43 bags, cartons, or other suitable containers, at no cost, for the packag-  
44 ing, handling and pickup of empty beverage containers that are not  
45 redeemed through a reverse vending machine. The bags, cartons, or  
46 containers must be provided by the deposit initiator or distributor on a  
47 schedule that allows the dealer or redemption center sufficient time to  
48 sort the empty beverage containers prior to pickup by the deposit  
49 initiator or distributor. In addition:

50 (a) When picking up empty beverage containers, a deposit initiator or  
51 distributor shall not require a dealer or redemption center to load  
52 their own bags, cartons or containers onto or into the deposit initi-  
53 ator's or distributor's vehicle or vehicles or provide the staff or  
54 equipment needed to do so.

55 (b) [~~A deposit initiator or distributor shall not require empty~~  
56 ~~containers to be counted at a location other than the redemption center~~

~~1 or dealer's place of business. The dealer or redemption center shall  
2 have the right to be present at the count.~~

3 ~~(e)]~~ A deposit initiator or distributor shall pick up empty beverage  
4 containers from the dealer or redemption center at reasonable times and  
5 intervals as determined in rules or regulations promulgated by the  
6 department.

7 (c) Independent of procedures adopted under an approved commingling  
8 agreement under section 27-1008 of this title, a deposit initiator or  
9 distributor shall have the right to conduct audits of containers  
10 presented for redemption by redemption centers or dealers subject to the  
11 following:

12 (i) Audits may be conducted on bags, gaylords, shells, or other recep-  
13 tacles used to hold empty containers as well as the contents of a  
14 reverse vending machine;

15 (ii) The deposit initiator, distributor, or their agent shall notify  
16 the redemption center or dealer of the audit in writing upon completion  
17 of a pickup of empty containers from the site, describing the time and  
18 place of the audit and allowing the redemption center or dealer to be  
19 present;

20 (iii) Bags or other receptacles to be audited shall be tagged at the  
21 time of pickup and include at least ten percent of containers of a  
22 particular container type and size (e.g., twelve ounce aluminum cans) to  
23 be audited but in no case shall fewer than one thousand containers be  
24 audited;

25 (iv) Appropriate chain of custody procedures shall be implemented;

26 (v) The audit shall separate containers eligible for refund under this  
27 title from containers and materials that are ineligible as specified in  
28 section 27-1009 of this title, and the number of eligible containers  
29 shall be compared to the number of containers represented by the redemp-  
30 tion center or dealer at the time of pickup; and

31 (vi) Results of the audit shall be retained by the distributor, depos-  
32 it initiator, or agent with a copy provided to the redemption center or  
33 dealer.

34 (d) It shall be a violation of this title to have more than two  
35 percent ineligible containers within the audited bags, gaylords, shells  
36 or other receptacles used to hold empty containers, or in the audited  
37 contents of a reverse vending machine. A shortfall of greater than ten  
38 percent between the number of eligible containers represented by the  
39 dealer or redemption center and the actual amount determined by audit  
40 shall be a violation of this title. Either violation is subject to  
41 adjustment as follows: for a first violation, the distributor, deposit  
42 initiator, or agent shall provide a written notice warning the dealer or  
43 redemption center of the nature of the violation; for a second  
44 violation, a distributor, deposit initiator, or their agent, may with-  
45 hold the refund and handling fee for the fraction of the ineligible  
46 containers and/or shortfall in the audited bags applied to the day's  
47 pickup and provide notice to the department of a second violation; for a  
48 third violation, the distributor, deposit initiator, or their agent may  
49 withhold the refund and handling fee for the fraction of the ineligible  
50 containers and/or shortfall in the audited bags applied to one week's  
51 pickups and provide notice to the department; and for any subsequent  
52 violation, the adjustment shall apply to all pickups for the month and  
53 the department shall be appropriately notified. The department shall  
54 consider violation records when renewing or, in the case of multiple  
55 violations, withdrawing registration from a redemption center.

17 § 6. The environmental conservation law is amended by adding a new  
18 section 27-1008 to read as follows:

19 § 27-1008. Commingling.

20 1. Groups of deposit initiators and brands that wish to form a commin-  
21 gling group shall meet the following criteria:

22 (a) An agreement shall include brands that represent at least thirty-  
23 five percent of sales of all beverage containers in a commingling terri-  
24 tory.

25 (b) One commingling territory shall include all counties in the  
26 department's regions three through nine; commingling territories may be  
27 established separately in department regions one and two or they may be  
28 combined.

29 (c) An agreement shall clearly define criteria for deposit initiators'

33 (d) The agreement shall specify the manufacturers, distributors,

48 (f) The agreement, or a cover letter to the agreement, shall identify

51 the agreement are not being conformed to.

52 2. A commingling agreement shall be submitted to the commissioner  
53 prior to its implementation for review and approval.

54 3. If the department believes that the parties to an approved commin-  
55 gling agreement are not in conformance with the minimum criteria  
56 contained in this section, the commissioner shall notify the group's

1 point of contact of the alleged non-compliance. The parties shall have  
2 thirty days to correct the noncompliance or provide information demon-  
3 strating that the allegation of noncompliance was in error. Continued  
4 noncompliance shall be grounds to revoke the approval of a commingling  
5 agreement.

6 § 7. Section 27-1009 of the environmental conservation law, as amended  
7 by section 4 of part F of chapter 58 of the laws of 2013, is amended to

14 as established by section 27-1005 and provided by section 27-1011 of  
15 this title.

16 2. A dealer or operator of a redemption center [~~may~~] shall also refuse

41 kept separate and apart from all other moneys in the possession of the  
42 comptroller. The comptroller shall require adequate security from all  
43 such depositories. Of the total revenue collected, the comptroller shall  
44 retain the amount determined by the commissioner of taxation and finance  
45 to be necessary for refunds out of which the comptroller must pay any  
46 refunds to which a deposit initiator may be entitled. After reserving  
47 the amount to pay refunds, the comptroller must, by the tenth day of  
48 each month, pay into the state treasury to the credit of the general  
49 fund the revenue deposited under this subdivision during the preceding

5 (b) Beginning on the effective date of the chapter of the laws of two  
6 thousand twenty-five which amended this subdivision and for each of the  
7 next three years, twelve million dollars of the payments to the state  
8 treasury to the credit of the general fund shall instead be transferred  
9 to the department. Such funds shall be used solely to establish and fund  
10 support to redemption centers that operate independently from dealers in  
11 rural areas as defined in subdivision seven of section four hundred  
12 eighty-one of the executive law or in environmental justice communities  
13 and that redeem fewer than two million beverage containers per year.  
14 Such support may take the form of a supplemental handling fee, capped at  
15 an additional one cent per container redeemed, or the equivalent in  
16 grants as determined by the department. The department may develop poli-  
17 cies and procedures for the evaluation of redemption center eligibility  
18 and support. The commissioner may retain up to five percent of funds  
19 transferred to cover the administrative costs of such temporary support.  
20 Any unused funds at the end of each year shall be returned to the gener-  
21 al fund.

22 § 10. Section 27-1013 of the environmental conservation law, as

25 § 27-1013. Redemption centers.

26 1. The commissioner is hereby empowered to promulgate rules and regu-  
27 lations governing (a) the circumstances in which deposit initiators,  
28 dealers and distributors, individually or collectively, are required to  
29 accept the return of empty beverage containers, including beverage  
30 containers processed through reverse vending machines and make payment  
31 therefor; (b) the sorting of the containers which a deposit initiator or  
32 distributor may require of dealers and redemption centers; (c) the  
33 collection of returned beverage containers by deposit initiators or  
34 distributors, including the party to whom such expense is to be charged,  
35 the frequency of such pick ups and the payment for refunds and handling  
36 fees thereon; (d) the right of dealers to restrict or limit the number  
37 of containers redeemed, the rules for redemption at the dealers' place  
38 of business, and the redemption of containers from a beverage for which  
39 sales have been discontinued; (e) [~~to issue~~] the issuance of registra-  
40 tions to persons, firms or corporations which establish redemption  
41 centers, subject to applicable provisions of local and state laws, at  
42 which redeemers and dealers may return empty beverage containers and  
43 receive payment of the refund value of such beverage containers. Such  
44 registrations shall be issued at no cost. [~~Should the department require~~  
45 ~~by regulations adopted pursuant to this paragraph that redemption~~  
46 ~~centers must obtain a registration as a condition of operation, any~~  
47 ~~redemption center in business as of March first, two thousand thirteen~~  
48 ~~that previously provided the department with the notification informa-~~  
49 ~~tion required by regulations in effect as of such date may continue to~~  
50 ~~operate as if the department had issued such redemption center a regis-~~  
51 ~~tration required by regulations adopted under this paragraph; provided,~~  
52 ~~however, that such redemption center shall provide the department with~~  
53 ~~any other information required by regulations adopted pursuant to this~~  
54 ~~paragraph.] All redemption centers in operation on January first, two  
55 thousand twenty-five shall be considered to have registered, and the  
56 department shall develop a process for obtaining registration informa-~~

1 tion from such pre-existing centers within one year of the effective  
2 date of the chapter of the laws of two thousand twenty-five which  
3 amended this section. Redemption centers shall allow the department to  
4 conduct facility inspections and shall meet all applicable requirements  
5 prior to registration. The registration application shall include the  
6 name, address, and contact information for the redemption center, its  
7 hours of operation, the types of beverage containers to be accepted, the  
8 name and address of any dealer with which it has a written agreement to  
9 provide redemption services under subdivision three of section 27-1007  
10 of this title, for pre-existing centers the number of beverage contain-  
11 ers accepted for refund in the most recently completed fiscal year, and  
12 any additional information required by the commissioner. The commission-  
13 er shall approve registration applications if the commissioner finds  
14 that the facility will provide a convenient service for the return of  
15 empty beverage containers and meets all registration and operating  
16 requirements enumerated in this title. Registrations shall be renewed no  
17 less frequently than every three years. The commissioner shall annually  
18 publish and post on the department's website a list of registered  
19 redemption centers and the total aggregate number of redeemed containers  
20 handled by such centers in the prior year. All registrations are subject  
21 to suspension or non-renewal for good cause shown, including but not  
22 limited to unsafe practices, falsification of reports, or serious or  
23 continued violation of this title. The department may, after due notice  
24 and opportunity of hearing, pursuant to the provisions of section  
25 71-1709 of this chapter, deny an application or revoke a registration.  
26 In determining whether or not to revoke a registration the commissioner  
27 shall at a minimum, take into consideration the compliance history of a  
28 violator, good faith efforts of a violator to comply, any economic bene-  
29 fit from noncompliance and whether the violation was procedural in  
30 nature. The commissioner's determination to revoke a registration is  
31 subject to review under article seventy-eight of the civil practice law  
32 and rules; and (f) the operation of mobile redemption centers in order  
33 to ensure that to the best extent practicable containers are not prof-  
34 fered for redemption to a deposit initiator or distributor outside of  
35 the geographic area where such deposit initiator sells containers and  
36 initiates deposits.

37 2. The department may require a redemption center to obtain a permit,  
38 ~~[as an alternative]~~ in addition to registration if such center is  
39 located at the same facility or site as another solid waste management  
40 facility otherwise subject to the requirements of title seven of this  
41 article or the regulations promulgated pursuant thereto.

42 3. No dealer or distributor, as defined in section 27-1003 of this  
43 title, shall be required to obtain a permit to operate a redemption  
44 center at the same location as the dealer's or distributor's place of  
45 business. Operators of such redemption centers shall receive payment of  
46 the refund value of each beverage container from the appropriate deposit
