3 [~~he or she~~] such member shall be given a prior service certificate show-

45 ~~both,~~] will be rendered and shall also state separately all charges and
46 all privileges or facilities granted or allowed and any rules or regu-
47 lations or forms of contract which may in any wise change, affect or
48 determine any or the aggregate of the rates, rentals or charges for the
49 service rendered. Such schedule shall be plainly printed and kept open
50 to public inspection. The commission shall have the power to prescribe
51 the form of every such schedule and may from time to time prescribe, by
52 order, changes in the form thereof. The commission shall also have power
53 to establish rules and regulations for keeping such schedules open to
54 public inspection and may from time to time modify the same. Every
55 [~~telegraph corporation and~~] telephone corporation shall file with the
56 commission as and when required by it a copy of any contract, agreement

1 or arrangement in writing with any other [~~telegraph corporation or~~]
2 telephone corporation or with any other corporation, association or
3 person relating in any way to the construction, maintenance or use of a
4 [~~telegraph line or~~] telephone line or service by or rates and charges
5 over or upon any such [~~telegraph line or~~] telephone line.

6 2. (a) No change shall be made in any rate, charge or rental, or joint
7 rate, charge or rental applicable to regulated basic services, switched
8 carrier access services, charges for interconnection between local
9 exchange carriers, and toll services within a local access and transport
10 area which shall have been filed by a [~~telegraph corporation or~~] tele-

12 compliance with this chapter, except after thirty days' notice to the
13 commission and to each county, city, town and village served by such
14 utility which had filed with such utility within the prior twelve months
15 a request for such notice and shall be affected by such change and
16 publication of a notice to the public of such proposed change once in
17 each week for four successive weeks in a newspaper having general circu-
18 lation in each county containing territory affected by the proposed
19 change. No other change shall be made in any rate, charge or rental, or
20 joint rate, charge or rental filed by a utility, except after ten busi-
21 ness days' notice to the commission and publication of one notice at
22 least ten business days prior to the effective date of the change in a
23 newspaper of general circulation in each county affected by the proposed
24 change. Such notices shall plainly state the changes proposed and the
25 time when they go into effect. For the purpose of this paragraph, "regu-
26 lated basic services" are defined as: residential, individual business,
27 and public access line network access, connection charges for such
28 network access, local usage, local coin usage rates, tone dialing,
29 access to emergency services, statewide relay services, operator assist-
30 ance services, director listings, and provisions that affect privacy
31 protections.

32 (b) All proposed changes shall be shown by filing new schedules or
33 shall be plainly indicated upon the schedules filed and in force at the
34 time and kept open to public inspection. The commission, for good cause
35 shown, may, except in the case of major changes, allow changes in rates,
36 charges or rentals to take effect prior to the end of such thirty-day
37 period or such ten-day period and without publication of notice to the
38 public under such conditions as it may prescribe. All such changes shall
39 be immediately indicated upon its schedules by such utility. The commis-
40 sion may delegate to the secretary of the commission its authority to
41 approve a change to a schedule postponing the effective date of such
42 schedule previously filed with the commission and for good cause shown
43 to allow the postponement to take effect prior to the end of such thir-
44 ty-day period or ten-day period and without publication of notice to the
45 public.

46 (c) For the purpose of this subdivision, "major changes" shall mean an
47 increase in rates, charges and rentals which would increase the aggre-
48 gate revenues of the applicant more than the greater of five hundred
49 thousand dollars or two and one-half percent, but shall not include
50 changes in rates, charges or rentals allowed to go into effect by the
51 commission or made by the utility pursuant to an order of the commission
52 after hearings held upon notice to the public. If an increase in rates,
53 charges and rentals would increase the aggregate revenues of the appli-
54 cant by less than five hundred thousand dollars, the commission may hold
55 a hearing pursuant to paragraph (e) of this subdivision and/or provide a
56 statement pursuant to subdivision four of this section.

1 (d) No utility shall charge, demand, collect or receive a different
2 compensation for any service rendered or to be rendered than the charge
3 applicable as specified in its schedule on file and in effect. Nor shall
4 any utility refund or remit directly or indirectly any portion of the
5 rate or charge so specified, nor extend to any person any form of
6 contract or agreement, or any rule or regulation, or any privilege or
7 facility, except such as are specified in its schedule filed and in
8 effect and regularly and uniformly extended to all persons under like
9 circumstances for the like or substantially similar service.

10 (e) Whenever there shall be filed with the commission by any utility,
11 any schedule stating a new rate or charge, or any change in any form of
12 contract or agreement or any rule or regulation relating to any rate,
13 charge or service, or in any general privilege or facility, the commis-
14 sion may at any time within sixty days from the date when such schedule
15 would or has become effective, either upon complaint or upon its own
16 initiative, and, if it so orders, without answer or other formal plead-
17 ing by the utility, but upon reasonable notice, hold a hearing concern-
18 ing the propriety of a change proposed by the filing. If such change is
19 a major change the commission shall hold such a hearing. Pending such
20 hearing and decision thereon, the commission, upon filing with such
21 schedule and delivering to the utility, a statement in writing of its
22 reasons therefor, may suspend the operation of such schedule, but not
23 for a longer period than one hundred and twenty days beyond the time
24 when it would otherwise go into effect. After full hearing, whether
25 completed before or after it goes into effect, the commission may make
26 such order in reference thereto as would be proper in a proceeding begun
27 after the rate, charge, form of contract or agreement, rule, regulation,
28 service, general privilege or facility has become effective.. If such
29 hearing cannot be concluded within the period of suspension as above
30 stated, the commission may extend the suspension for a further period,
31 not exceeding six months. The commission may, as authorized by section
32 ninety-seven of this article, establish temporary rates, charges or
33 rentals, for any period of suspension under this section.

34 (f) At any hearing involving a change or a proposed change of rates,
35 the burden of proof to show that the change or proposed change if
36 proposed by the utility, or that the existing rate, if it is proposed to
37 reduce the rate, is just and reasonable shall be upon the utility; and
38 the commission may give to the hearing and decision of such questions
39 preference over all other questions pending before it.

40 (g) During the suspension by the commission as above provided, the
41 schedule, rates, charges, form of contract or agreement, rule, regu-
42 lation, service, general privilege or facility in force when the
43 suspended schedule, rate, charge, form of contract, rule, regulation,
44 service, general privilege or facility was filed shall continue in force
45 unless the commission shall establish a temporary rate.

46 3. No [~~telegraph corporation or~~] telephone corporation subject to the
47 provisions of this chapter shall, directly or indirectly, give any free
48 or reduced service, or any free pass or frank for the transmission of
49 messages by [~~either~~] telephone [~~or telegraph~~] between points within this

15 same shall set forth in general terms the sources of [~~his~~] their infor-

17 stated to be verified on [~~his~~] their knowledge. The commission shall
18 prescribe the form of such reports and the character of the information

37 an action brought by the commission in the name of the people of the
38 state of New York. The amount recovered in any such action shall be paid

43 2. The commission may establish a system of accounts to be used by
44 [~~telegraph corporations and~~] telephone corporations, which are subject
45 to its jurisdiction, and are required to make annual reports to it or
46 classify the said corporations, and prescribe a system of accounts for
47 each class and may prescribe the manner in which such accounts shall be

4 burden of proof shall be on the corporation to establish the correctness
5 of the accounts in which such outlays and receipts have been entered and
6 the commission may suspend a charge or credit pending submission of
7 proof by such corporation. Any provision of law prohibiting the disclo-
