# IN ASSEMBLY

January 21, 2026

Introduced by M. of A. RAJKUMAR -- read once and referred to the Committee on Transportation

AN ACT directing the division of state police in conjunction with the department of transportation to conduct a study on the feasibility of using technology to screen cars coming into the state of New York for weapons

**The People of the State of New York, represented in Senate and Assembly, do enact as follows:**

Section 1. The division of state police in conjunction with the department of transportation is hereby directed to conduct a study on the feasibility of implementing technology to screen all incoming cars arriving to the state of New York for weapons. Such study shall evaluate all available technologies and such evaluation shall include, but not be limited to:

1. The cost of installing and implementing available technologies to screen incoming cars arriving to the state of New York.

2. The accuracy of such available technologies when screening for weapons.

3. The effect of installed available technologies on effective traffic law within the state of New York.

4. Determining which available technologies best protect the civil liberties of New Yorkers and persons arriving from outside the state.

§ 2. No later than one year after the effective date of this act, the division of state police shall prepare and submit a report to the governor, the temporary president of the senate, and the speaker of the assembly. Such report shall provide recommendations on the best available technology that screens incoming cars for weapons arriving to New York state and any recommendations for legislative action as it may deem necessary and appropriate.

§ 3. This act shall take effect on the ninetieth day after it shall have become a law.

EXPLANATION--Matter in *italics* (underscored) is new; matter in brackets [-] is old law to be omitted.
