

Senate Resolution No. 1640

BY: Senator WALCZYK

MEMORIALIZING Governor Kathy Hochul to proclaim April 2026, as TAR Syndrome Awareness Month in the State of New York

WHEREAS, The State of New York takes great pride in recognizing months of awareness for significant medical conditions with hopes of increasing education as well as supporting research and improved care; and

WHEREAS, This Legislative Body is justly proud to memorialize Governor Kathy Hochul to proclaim April 2026, as TAR Syndrome Awareness Month in the State of New York; and

WHEREAS, Thrombocytopenia-Absent Radius (TAR) Syndrome is a rare congenital condition characterized by thrombocytopenia (low platelet counts) and bilateral absence of the radius bones in the forearms, typically with the presence of thumbs, and may include additional medical complexities; and

WHEREAS, Thrombocytopenia prevents normal blood clotting, resulting in easy bruising and frequent nosebleeds, with the potential for life-threatening episodes of severe bleeding in the brain and other organs; and

WHEREAS, TAR Syndrome may involve lifelong hematologic, orthopedic, and functional implications that require ongoing medical monitoring, coordinated care, and adaptive supports to promote health, safety, and independence; and

WHEREAS, Access to appropriate medical services-including hematologic monitoring, bleeding-risk management, orthopedic care, early intervention, and specialty services-can be lifesaving and is critically important to the long-term stability of individuals living with TAR Syndrome; and

WHEREAS, Thrombocytopenia usually appears during infancy and becomes less severe over time, with platelet levels often normalizing in later childhood and into adulthood; and

WHEREAS, The physical findings and severity of TAR syndrome vary among affected individuals and can include skeletal abnormalities of the arms, legs, or hips, as well as heart defects, kidney defects, and difficulty digesting cows milk; and

WHEREAS, Intellectual development is usually normal and long-term prognosis is positive in children with TAR who survive the first few years of life; and

WHEREAS, During this month, it is important to educate others about TAR syndrome and support those affected with this disorder and their

families, as well as promote continued medical research and advancements; and

WHEREAS, The State of New York affirms the principles of dignity, equality, and non-discrimination consistent with broadly recognized human rights standards, including those reflected in the Universal Declaration of Human Rights; and

WHEREAS, Individuals living with TAR Syndrome may be protected under federal and state disability and civil-rights statutes, and continued public awareness, accessibility efforts, and faithful implementation of these protections are essential to ensuring equal opportunity in education, employment, housing, healthcare, and participation in community life; and

WHEREAS, Individuals and families affected by TAR Syndrome benefit from access to comprehensive healthcare services, accessible employment opportunities, safe and stable housing, adequate nutrition, and supportive community services necessary to thrive within the State of New York; and

WHEREAS, In recognition of the financial, physical, and psychological impact that TAR Syndrome has on those affected, it is incumbent of the citizens of the State of New York to support the courageous individuals living and coping with the condition, and to advocate for life-saving treatments and research; and

WHEREAS, It is the sense of this Legislative Body to recognize the tireless advocates and healthcare providers who spend so much of their time and resources battling this syndrome that affects so many; now, therefore, be it

RESOLVED, That this Legislative Body pause in its deliberations to memorialize Governor Kathy Hochul to proclaim April 2026, as TAR Syndrome Awareness Month in the State of New York; and be it further

RESOLVED, That a copy of this Resolution, suitably engrossed, be transmitted to the Honorable Kathy Hochul, Governor of the State of New York.
