## IN SENATE

(Prefiled)

January 8, 2025

Introduced by Sen. BROUK -- read twice and ordered printed, and when printed to be committed to the Committee on Mental Health

AN ACT to amend the executive law, in relation to establishing a statewide youth mental health advisory board

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative findings. The legislature hereby finds and  
2 declares that poor mental health outcomes for youth is a public health  
3 crisis that poses a threat to the health, wellbeing, and quality of life  
4 for youth now and in the future. The legislature acknowledges the need  
5 for youth voice and youth leadership in advocating for themselves and  
6 others regarding mental and behavioral needs. Amongst the shortage of  
7 behavioral and mental specialists, lack of representation within margi-  
8 nalized communities, and insufficient funding infrastructure and oppor-  
9 tunities for appropriate school-based services, the legislature hereby  
10 finds the importance in establishing a dedicated board to support youth  
11 in their mental and behavioral needs by increasing youth participation  
12 in state government. A dedicated board would provide advancement in  
13 creating policies that aid in improving youth outcomes in an effort to  
14 address and resolve the youth mental health crisis in New York.

15 § 2. The executive law is amended by adding a new article 19-E to read  
16 as follows:
