12 sion one of section 265.01 of the penal law, the hearing officer or
13 superintendent shall not be barred from considering the admissibility of
14 such weapon, instrument or appliance as evidence, notwithstanding a
15 determination by a court in a criminal or juvenile delinquency proceed-
16 ing that the recovery of such weapon, instrument or appliance was the
17 result of an unlawful search or seizure.

18 (9) Where a student has been suspended in accordance with this section
19 by a board of education or trustees, the board may in its discretion
20 hear and determine the proceeding or appoint a hearing officer who shall
21 have the same powers and duties with respect to the board that a hearing
22 officer has with respect to a superintendent where the suspension was
23 ordered by the superintendent. The findings and recommendations of the
24 hearing officer conducting the proceeding shall be advisory and subject
25 to final action by the board of education, each member of which shall
26 before voting review the testimony and acquaint themselves with the
27 evidence in the case. The board may reject, confirm or modify the
28 conclusions of the hearing officer.

29 c. (1) Consistent with the federal gun-free schools act, any public
30 school student who is determined under this subdivision to have brought
31 a firearm to or possessed a firearm at a public school shall be
32 suspended for a period of not less than one calendar year and any
33 nonpublic school pupil participating in a program operated by a public
34 school district using funds from the elementary and secondary education
35 act of nineteen hundred sixty-five who is determined under this subdivi-
36 sion to have brought a firearm to or possessed a firearm at a public
37 school or other premises used by the school district to provide such
38 programs shall be suspended for a period of not less than one calendar
39 year from participation in such program. The procedures of this subdivi-
40 sion shall apply to such a suspension of a nonpublic school student. A
41 superintendent of schools, district superintendent of schools or commu-
42 nity superintendent shall have the authority to modify this suspension
43 requirement for each student on a case-by-case basis. The determination
44 of a superintendent shall be subject to review by the board of education
45 or trustees, or the chancellor of the city school district in the case
46 of the city school district of the city of New York, pursuant to subdivi-
47 sion one of this section and the commissioner pursuant to section
48 three hundred ten of this chapter. Nothing in this subdivision shall be
49 deemed to authorize the suspension of a student with a disability in
50 violation of the individuals with disabilities education act or article
51 eighty-nine of this chapter. A superintendent shall refer the student
52 under the age of sixteen who has been determined to have brought a weap-
53 on or firearm to school in violation of this subdivision to a present-
54 ment agency for a juvenile delinquency proceeding consistent with arti-
55 cle three of the family court act except a student fourteen or fifteen
56 years of age who qualifies for juvenile offender status under subdivi-

1 sion forty-two of section 1.20 of the criminal procedure law. A super-
2 intendent shall refer any student sixteen years of age or older or a
3 student fourteen or fifteen years of age who qualifies for juvenile
4 offender status under subdivision forty-two of section 1.20 of the crim-
5 inal procedure law, who has been determined to have brought a weapon or
6 firearm to school in violation of this subdivision to the appropriate
7 law enforcement officials.

8 (2) Nothing in this paragraph shall be deemed to mandate such action
9 by a school district pursuant to subdivision one of this section where
10 such weapon or firearm is possessed or brought to school with the writ-
11 ten authorization of such educational institution in a manner authorized
12 by article two hundred sixty-five of the penal law for activities
13 approved and authorized by the trustees or board of education or other
14 governing body of the public school and such governing body adopts
15 appropriate safeguards to ensure student safety.

16 (3) As used in this paragraph:

17 (i) "firearm" shall mean a firearm as defined in subsection a of
18 section nine hundred twenty-one of title eighteen of the United States
19 Code; and

20 (ii) "weapon" shall be as defined in paragraph two of subsection g of
21 section nine hundred thirty of title eighteen of the United States Code.

22 3. Alternative learning spaces or schools. The school authorities of
23 any city, school district or public school, or board of cooperative
24 educational services shall establish, to the extent practicable, schools
25 or set apart spaces in school buildings or properties for the instruc-
26 tion of students removed or suspended for violations of the code of
27 conduct, and fix the number of days per week and the hours per day of
28 required attendance and instruction, which shall not be less than is
29 required of minors attending the full time day schools. The commissioner
30 shall establish guidance for alternative learning spaces or schools for
31 when students are removed from the classroom or suspended, including
32 allowing a student that has been removed or suspended on school property
33 to take an examination or assessment that cannot be rescheduled when the
34 student presents a risk to the health and safety of the school community
35 as it applies to subdivisions seven and eight of this section and
36 section twenty-eight hundred one of this chapter.

37 4. Consideration for student suspension. a. (1) The board of educa-
38 tion[~~, board of~~] or trustees [~~or sole trustee~~], the chancellor of the
39 city school district in the case of the city school district of the city
40 of New York, the superintendent of schools, district superintendent of
41 schools or principal of a school may suspend [~~the following pupils~~
42 students from required attendance upon instruction[~~+~~

43 ~~A pupil who is insubordinate or disorderly or violent or disruptive,~~
44 ~~or whose conduct otherwise endangers the safety, morals, health or~~
45 ~~welfare of others]~~ as provided in subdivision two of this section, in
46 accordance with the code of conduct, provided that the suspension of
47 such student is not prohibited by section twenty-eight hundred one of
48 this chapter.

49 (2) School officials shall weigh the likelihood that a lesser inter-
50 vention or discipline would adequately address the student's misconduct,
51 redress any harm or damage, and prevent future violations of the code of
52 conduct.

53 (3) The school shall conduct an investigation of any report of a
54 violation of the code of conduct.

55 (4) The school shall inform any student that submission of a written
56 statement is voluntary and that any statement by the student, written or

1 oral, may be used against the student in a criminal, immigration, or
2 juvenile delinquency investigation and/or proceeding and/or in a court
3 of law. If a student has been arrested or if the school is considering
4 referring the student to law enforcement, the school shall not request a
5 statement from such student, except where there is imminent risk of
6 serious physical injury to the student or other person or persons.

7 ~~b. (1) The board of education, board of trustees, or sole trustee,~~
8 ~~superintendent of schools, district superintendent of schools and the~~
9 ~~principal of the school where the pupil attends shall have the power to~~
10 ~~suspend a pupil for a period not to exceed five school days. In the~~
11 ~~case of such a suspension, the suspending authority shall provide the~~
12 ~~pupil with notice of the charged misconduct. If the pupil denies the~~
13 ~~misconduct, the suspending authority shall provide an explanation of the~~
14 ~~basis for the suspension. The pupil and the person in parental relation~~
15 ~~to the pupil shall, on request, be given an opportunity for an informal~~
16 ~~conference with the principal at which the pupil and/or person in~~
17 ~~parental relation shall be authorized to present the pupil's version of~~
18 ~~the event and to ask questions of the complaining witnesses. The afore-~~
19 ~~said notice and opportunity for an informal conference shall take place~~
20 ~~prior to suspension of the pupil unless the pupil's presence in the~~
21 ~~school poses a continuing danger to persons or property or an ongoing~~
22 ~~threat of disruption to the academic process, in which case the pupil's~~
23 ~~notice and opportunity for an informal conference shall take place as~~
24 ~~soon after the suspension as is reasonably practicable.~~

25 ~~(2) A teacher shall immediately report and refer a violent pupil prin-~~
26 ~~icipal or superintendent for a violation of the code of conduct and a~~
27 ~~minimum suspension period pursuant to section twenty eight hundred one~~
28 ~~of this chapter.~~

29 ~~c. (1) No pupil may be suspended for a period in excess of five school~~
30 ~~days unless such pupil and the person in parental relation to such pupil~~
31 ~~shall have had an opportunity for a fair hearing, upon reasonable~~
32 ~~notice, at which such pupil shall have the right of representation by~~
33 ~~counsel, with the right to question witnesses against such pupil and to~~
34 ~~present witnesses and other evidence on [his or her] the pupil's behalf.~~

35 Where the pupil is a student with a disability or a student presumed to
36 have a disability, the provisions of paragraph g of this subdivision
37 shall also apply. Where a pupil has been suspended in accordance with
38 this subparagraph by a superintendent of schools, district superinten-
39 dent of schools, or community superintendent, the superintendent shall
40 personally hear and determine the proceeding or may, in [~~his or her~~]
41 such superintendent's discretion, designate a hearing officer to conduct
42 the hearing. The hearing officer shall be authorized to administer oaths
43 and to issue subpoenas in conjunction with the proceeding [~~before him or~~
44 ~~her~~]. A record of the hearing shall be maintained, but no stenographic
45 transcript shall be required and a tape recording shall be deemed a
46 satisfactory record. The hearing officer shall make findings of fact
47 and recommendations as to the appropriate measure of discipline to the
48 superintendent. The report of the hearing officer shall be advisory
49 only, and the superintendent may accept all or any part thereof. An
50 appeal will lie from the decision of the superintendent to the board of
51 education who shall make its decision solely upon the record before it.
52 The board may adopt in whole or in part the decision of the superinten-
53 dent of schools. Where the basis for the suspension is, in whole or in
54 part, the possession on school grounds or school property by the student
55 of any firearm, rifle, shotgun, dagger, dangerous knife, dirk, razor,
56 stiletto or any of the weapons, instruments or appliances specified in

1 subdivision one of section 265.01 of the penal law, the hearing officer
2 or superintendent shall not be barred from considering the admissibility
3 of such weapon, instrument or appliance as evidence, notwithstanding a
4 determination by a court in a criminal or juvenile delinquency proceed-
5 ing that the recovery of such weapon, instrument or appliance was the
6 result of an unlawful search or seizure.

7 (2) Where a pupil has been suspended in accordance with this section
8 by a board of education, the board may in its discretion hear and deter-
9 mine the proceeding or appoint a hearing officer who shall have the same
10 powers and duties with respect to the board that a hearing officer has
11 with respect to a superintendent where the suspension was ordered by
12 ~~[him]~~ such superintendent. The findings and recommendations of the hear-
13 ing officer conducting the proceeding shall be advisory and subject to
14 final action by the board of education, each member of which shall
15 before voting review the testimony and ~~[acquaint himself]~~ become
16 acquainted with the evidence in the case. The board may reject, confirm
17 or modify the conclusions of the hearing officer.

18 d. (1) Consistent with the federal gun-free schools act, any public
19 school pupil who is determined under this subdivision to have brought a
20 firearm to or possessed a firearm at a public school shall be suspended
21 for a period of not less than one calendar year and any nonpublic school
22 pupil participating in a program operated by a public school district
23 using funds from the elementary and secondary education act of nineteen
24 hundred sixty-five who is determined under this subdivision to have
25 brought a firearm to or possessed a firearm at a public school or other
26 premises used by the school district to provide such programs shall be
27 suspended for a period of not less than one calendar year from partic-
28 ipation in such program. The procedures of this subdivision shall apply
29 to such a suspension of a nonpublic school pupil. A superintendent of
30 schools, district superintendent of schools or community superintendent
31 shall have the authority to modify this suspension requirement for each
32 student on a case-by-case basis. The determination of a superintendent
33 shall be subject to review by the board of education pursuant to para-
34 graph c of this subdivision and the commissioner pursuant to section
35 three hundred ten of this chapter. Nothing in this subdivision shall be
36 deemed to authorize the suspension of a student with a disability in
37 violation of the individuals with disabilities education act or article
38 eighty-nine of this chapter. A superintendent shall refer the pupil
39 under the age of sixteen who has been determined to have brought a weap-
40 on or firearm to school in violation of this subdivision to a present-
41 ment agency for a juvenile delinquency proceeding consistent with arti-
42 cle three of the family court act except a student fourteen or fifteen
43 years of age who qualifies for juvenile offender status under subdivi-
44 sion forty-two of section 1.20 of the criminal procedure law. A super-
45 intendent shall refer any pupil sixteen years of age or older or a
46 student fourteen or fifteen years of age who qualifies for juvenile
47 offender status under subdivision forty-two of section 1.20 of the crim-
48 inal procedure law, who has been determined to have brought a weapon or
49 firearm to school in violation of this subdivision to the appropriate
50 law enforcement officials.

51 (2) Nothing in this paragraph shall be deemed to mandate such action
52 by a school district pursuant to subdivision one of this section where
53 such weapon or firearm is possessed or brought to school with the writ-
54 ten authorization of such educational institution in a manner authorized
55 by article two hundred sixty-five of the penal law for activities
56 approved and authorized by the trustees or board of education or other

1 governing body of the public school and such governing body adopts
2 appropriate safeguards to ensure student safety.

3 (3) As used in this paragraph:

4 (i) "firearm" shall mean a firearm as defined in subsection a of
5 section nine hundred twenty-one of title eighteen of the United States
6 Code; and

7 (ii) "weapon" shall be as defined in paragraph 2 of subsection g of
8 section nine hundred thirty of title eighteen of the United States Code.

9 e.] In considering appropriate discipline measures, school authorities
10 shall consider the facts of each case, including, but not limited to:

11 (1) the nature and impact of the student's alleged misconduct, includ-
12 ing but not limited to the harm to the student or other persons, damage
13 to personal or school property or threat to the safety and welfare of
14 the school community;

15 (2) the student's age, ability to speak or understand English, phys-
16 ical health, mental and emotional health, disabilities, and provisions
17 of an individualized education program as it relates to the student's
18 behavior;

19 (3) the student as a whole including life inside and outside of school
20 that may impact behavior such as food insecurity, homelessness, bully-
21 ing, lack of school supplies, abuse, hygiene access, and other issues
22 that may occur in or out of school;

23 (4) the student's willingness to resolve the conflict and repair any
24 harm or damage;

25 (5) the student's prior conduct, the appropriateness of prior inter-
26 ventions, and the effectiveness of any prior interventions;

27 (6) the relationship, if any, between the student's academic placement
28 and program and the alleged violation of the code of conduct; and

29 (7) other factors determined to be relevant.

30 5. Procedure after suspension. Where a [~~pupil~~] student has been
31 suspended pursuant to this subdivision and said [~~pupil is of compulsory~~
32 ~~attendance age~~] student has the legal right to attend school, immediate
33 steps shall be taken for [~~his or her~~] the student's attendance upon
34 instruction elsewhere [~~or for supervision or detention of said pupil~~
35 ~~pursuant to the provisions of article seven of the family court act~~].

36 Where a [~~pupil~~] student has been suspended for cause, the suspension may
37 be revoked by the board of education or trustees, or the chancellor of
38 the city school district in the case of the city school district of the
39 city of New York, whenever it appears to be for the best interest of the
40 school and the [~~pupil~~] student to do so. The board of education or trus-
41 tees, or the chancellor of the city school district in the case of the
42 city school district for the city of New York, may also condition a
43 student's early return to school and suspension revocation on the
44 [~~pupil's~~] student's voluntary participation in counseling or specialized
45 classes, including anger management or dispute resolution, where appli-
46 cable.

47 [~~f. Whenever the term "board of education or superintendent of~~
48 ~~schools" is used in this subdivision, it shall be deemed to include~~
49 ~~community boards of education and community superintendents governing~~
50 ~~community districts in accordance with the provisions of article fifty-~~
51 ~~two A of this chapter.~~

52 ~~g-]~~ 6. Discipline of students with disabilities and students presumed
53 to have a disability for discipline purposes. [~~1~~] a. Notwithstanding
54 any other provision of this subdivision to the contrary, a student with
55 a disability as such term is defined in section forty-four hundred one
56 of this chapter and a student presumed to have a disability for disci-

pline purposes, may be suspended or removed from [~~his or her~~] the student's current educational placement, provided that the suspension of such student is not prohibited by section twenty-eight hundred one of this chapter, for violation of [~~school rules~~] the code of conduct only in accordance with the procedures established in this section, the regulations of the commissioner implementing this paragraph, and subsection (k) of section fourteen hundred fifteen of title twenty of the United States code and the federal regulations implementing such statute, as such federal law and regulations are from time to time amended. Nothing in this paragraph shall be construed to confer greater rights on such students than are conferred under applicable federal law and regulations, or to limit the ability of a school district to change the educational placement of a student with a disability in accordance with the procedures in article eighty-nine of this chapter.

[~~(2)~~] b. As used in this paragraph:

(1) a "student presumed to have a disability for discipline purposes" shall mean a student who the school district is deemed to have knowledge was a student with a disability before the behavior that precipitated disciplinary action under the criteria in subsection (k) (5) of section fourteen hundred fifteen of title twenty of the United States code and the federal regulations implementing such statute; and

[~~(ii)~~] (2) a "manifestation team" means a representative of the school district, the parent or person in parental relation, and relevant members of the committee on special education, as determined by the parent or person in parental relation and the district.

[~~(3)~~] c. In applying the federal law consistent with this section:

[~~(i)~~] (1) in the event of a conflict between the procedures established in this section and those established in subsection (k) of section fourteen hundred fifteen of title twenty of the United States code and the federal regulations implementing such statute, such federal statute and regulations shall govern.

[~~(ii)~~] (2) the board of trustees or board of education of any school district, the chancellor of the city school district of the city of New York, a district superintendent of schools or a building principal shall have authority, provided that suspension of such student is not prohibited by subdivision two of section twenty-eight hundred one of this chapter, to order the placement of a student with a disability into an appropriate interim alternative educational setting, another setting or suspension, provided that the suspension of such student is not prohibited by section twenty-eight hundred one of this chapter, for a period not to exceed five consecutive school days where such student is suspended pursuant to this subdivision and, except as otherwise provided in [~~clause (vi) of this~~] subparagraph four of this paragraph, the suspension does not result in a change in placement under federal law.

[~~(iii)~~] (3) the superintendent of schools of a school district, either directly or upon recommendation of a hearing officer designated pursuant to [~~paragraph e of this~~] subdivision two of this section, may order the placement of a student with a disability into an interim alternative educational setting, another setting or suspension, provided that the suspension of such student is not prohibited by section twenty-eight hundred one of this chapter, for up to ten consecutive school days, inclusive of any period in which the student is placed in an appropriate interim alternative educational setting, another setting or suspension pursuant to [~~clause (ii) of this~~] subparagraph two of this paragraph for the behavior, where the superintendent determines in accordance with the procedures set forth in this subdivision that the student has engaged in

1 behavior that warrants a suspension, and, except as otherwise provided
2 in [~~clause (vi) of this~~] subparagraph four of this paragraph, the
3 suspension does not result in a change in placement under federal law.

4 [~~(iv)~~] (4) the superintendent of schools of a school district, either
5 directly or upon recommendation of a hearing officer designated pursuant
6 to [~~paragraph e of this~~] subdivision two of this section, may order the

12 authorized by federal law under the circumstances specified in
13 subsection (k)(1)(C) of section fourteen hundred fifteen of title twenty
14 of the United States code and the federal regulations implementing such
15 statute, but in neither case shall such period exceed the period of
16 suspension ordered by a superintendent in accordance with this subdivi-
17 sion, provided that the suspension of such student is not prohibited by
18 section twenty-eight hundred one of this chapter.

19 [~~(v)~~] (5) the terms "day," "business day," and "school day" shall be
20 as defined in section 300.11 of title thirty-four of the code of federal
21 regulations.

22 [~~(vi)~~] (6) notwithstanding any other provision of this subdivision to
23 the contrary, upon a determination by a manifestation team that the
24 behavior of a student with a disability was not a manifestation of the
25 student's disability, such student may be disciplined pursuant to this
26 section in the same manner and for the same duration as a nondisabled
27 student, except that such student shall continue to receive services to
28 the extent required under federal law and regulations, and such services
29 may be provided in an interim alternative educational setting, provided
30 that the suspension of such student is not prohibited by section twen-
31 ty-eight hundred one of this chapter.

32 [~~(vii)~~] (7) an impartial hearing officer appointed pursuant to subdivi-

36 school days under the circumstances specified in subsections (k)(3) and
37 (k)(4) of section fourteen hundred fifteen of title twenty of the United
38 States code and the federal regulations implementing such statutes,
39 provided that such procedure may be repeated, as necessary, provided
40 that the suspension of such student is not prohibited by section twen-
41 ty-eight hundred one of this chapter.

42 [~~(viii)~~] (8) nothing in this section shall be construed to authorize
43 the suspension or removal of a student with a disability from [~~his or~~
44 ~~her~~] the student's current educational placement for violation of school
45 rules following a determination by a manifestation team that the behav-
46 ior is a manifestation of the student's disability, except as authorized
47 under federal law and regulations.

48 [~~(ix)~~] (9) the commissioner shall implement this paragraph by adopting
49 regulations which coordinate the procedures required for discipline of
50 students with disabilities, and students presumed to have a disability
51 for discipline purposes, pursuant to subsection (k) of section fourteen
52 hundred fifteen of title twenty of the United States code and the feder-
53 al regulations implementing such statute, with the general procedures
54 for student discipline under this section.

55 [~~3-a~~] 7. Education plan. When a student is suspended from school
56 consistent with this section and section twenty-eight hundred one of

1 this chapter, the principal, or the principal's designee, in consulta-
2 tion with the student's teachers, shall create an education plan for the
3 student for each class in which the student is enrolled, according to
4 the timeframe policies required in the code of conduct described in
5 section twenty-eight hundred one of this chapter. The education plan
6 shall make provisions for a student's on-going academic instruction
7 during the suspension and shall include the steps the school will take
8 to provide the student with a successful re-entry to school. The student
9 shall have the opportunity to earn all academic credit they would have
10 been eligible to earn had the student been in class, including the
11 opportunity to complete any missed assignments or take any missed exam-
12 ination or assessments during the student's suspension. If an examina-
13 tion or assessment cannot be rescheduled, the student shall be allowed
14 on school property to take such assessment or examination on the day and
15 time that the assessment or examination is given, unless the student
16 presents a risk to the health and safety of the school community then
17 the assessment or examination should be provided in an alternative space
18 as described in subdivision three of this section, if available.

19 8. Teacher removal of a [~~disruptive-pupil~~] student. In addition, any
20 teacher shall have the power and authority to remove a [~~disruptive~~
21 ~~pupil, as defined in subdivision two-a of this section,~~] student from
22 such teacher's classroom consistent with discipline measures contained
23 in the code of conduct adopted by the board pursuant to section twenty-
24 eight hundred one of this chapter. The school authorities of any school
25 district or public school, board of cooperative educational services
26 shall establish policies and procedures to ensure the provision of
27 continued educational programming and activities for students removed

30 the student shall have the opportunity to earn all academic credit
31 including the opportunity to complete any missed assignments or take any
32 missed examinations or assessments during the student's removal. If an
33 examination or assessment cannot be rescheduled, the student shall be
34 allowed on school property to take such assessment or examination on the
35 day and time that the assessment or examination is given unless the
36 student presents a risk to the health and safety of the school community
37 then the assessment or examination should be provided in an alternative
38 space as described in subdivision three of this section, if available.
39 Nothing in this subdivision shall authorize the removal of a [~~pupil~~]
40 student in violation of any state or federal law or regulation. No
41 [~~pupil~~] student shall return to the classroom until the principal makes
42 a final determination pursuant to [~~paragraph e of~~] this subdivision, or
43 the period of removal expires, whichever is less.

44 a. Such teacher shall inform the [~~pupil~~] student and the school prin-
45 cipal of the reasons for the removal. If the teacher finds that the
46 [~~pupil's~~] student's continued presence in the classroom does not pose a
47 continuing danger to persons or property and does not present an ongoing
48 threat of disruption to the academic process, the teacher shall, prior
49 to removing the student from the classroom, provide the student with an
50 explanation of the basis for the removal and allow the [~~pupil~~] student
51 to informally present the [~~pupil's~~] student's version of relevant
52 events. In all other cases, the teacher shall provide the [~~pupil~~]
53 student with an explanation of the basis for the removal and an informal
54 opportunity to be heard within twenty-four hours of the [~~pupil's~~]
55 student's removal, provided that if such twenty-four hour period does

1 not end on a school day, it shall be extended to the corresponding time
2 on the next school day.

3 b. The principal shall inform the parent or person in parental
4 relation to such [~~pupil~~] student of the removal and the reasons therefor
5 within twenty-four hours of the [~~pupil's~~] student's removal, provided
6 that if such twenty-four hour period does not end on a school day, it
7 shall be extended to the corresponding time on the next school day. The
8 [~~pupil~~] student and the parent or person in parental relation shall,
9 upon request, be given an opportunity for an informal conference with
10 the principal to discuss the reasons for the removal. If the [~~pupil~~]
11 student denies the charges, the principal shall provide an explanation
12 of the basis for the removal and allow the [~~pupil~~] student and/or person
13 in parental relation to the [~~pupil~~] student an opportunity to present
14 the [~~pupil's~~] student's version of relevant events. Such informal [~~hear-~~
15 ~~ing~~] conference shall be held within forty-eight hours of the [~~pupil's~~]
16 student's removal, provided that if such forty-eight hour period does
17 not end on a school day, it shall be extended to the corresponding time
18 on the second school day next following the [~~pupil's~~] student's removal.
19 For purposes of this subdivision, "school day" shall mean a school day

21 paragraph [~~g~~] c of subdivision [~~three~~] six of this section.

22 c. The principal shall not set aside the discipline imposed by the
23 teacher unless the principal finds that the charges against the [~~pupil~~]
24 student are not supported by substantial evidence or that the [~~pupil's~~]
25 student's removal is otherwise in violation of law or that the conduct
26 warrants suspension from school pursuant to this section and a suspen-
27 sion will be imposed. The principal's determination made pursuant to
28 this paragraph shall be made by the close of business on the day
