2 massage therapy, and shall annually renew its license using an applica-  
3 tion provided by the state board for massage therapy.

4 2. A massage therapy establishment license shall be renewed annually  
5 and such renewal shall be the responsibility of the owner or operator of  
6 the massage therapy establishment.

7 3. Massage therapy, including the provision of out-of-office massage  
8 therapy services, shall only be administered or offered at any location,  
9 or portion thereof, covered by a valid massage therapy establishment  
10 license issued by the state board for massage therapy or otherwise

13 current registration in good standing and permitted to administer  
14 massage therapy care pursuant to article one hundred fifty-five of the  
15 education law.

16 4. With regard to the number of licenses required for two or more  
17 establishments at the same address, each massage therapy establishment  
18 shall require a separate license. The state board for massage therapy  
19 shall determine whether establishments offering massage therapy services  
20 at the same address constitute one or more massage therapy establish-  
21 ments.

22 § 646-b. Exemptions. A massage therapy establishment license shall

41 massage therapy establishment license may be made by a sole proprietor-  
42 ship, partnership, corporation, limited liability company, or limited  
43 liability partnership. A massage therapy establishment may be owned by  
44 an individual who is not a New York state licensed massage therapist  
45 pursuant to article one hundred fifty-five of the education law or other  
46 New York state healthcare practitioner.

47 2. An application for a massage therapy establishment license shall  
48 be:

49 (a) submitted to the state board for massage therapy;

50 (b) signed under the pains and penalties of perjury by the applicant  
51 or a person authorized to act on behalf of the applicant;

52 (c) accompanied by information concerning ownership and control that  
53 identifies if the property where the establishment is being proposed is  
54 owned by an individual, partnership or trust, and the name or names of  
55 the owners and percentages of ownership of such individual, partners or  
56 trustees; and

1 (d) accompanied by any other information deemed necessary by the  
2 board.

3 3. A change in massage therapy establishment ownership shall require  
4 application for and receipt of a new massage therapy establishment  
5 license. A change in massage therapy establishment ownership shall occur  
6 on the date that there is a transfer of a controlling interest in a  
7 massage therapy establishment. When a change in ownership occurs, the  
8 massage therapy establishment license shall expire, and the new owner  
9 shall apply for a new license within thirty days from such expiration.

10 4. (a) An establishment license shall be valid only for the location  
11 stated on the license and shall not be transferable or assignable.

12 (b) The state board for massage therapy shall be notified in writing  
13 at least thirty days prior to a change in location of a massage therapy  
14 establishment.

15 (c) The license for the previous location shall be canceled and shall  
16 be invalid as of the date of relocation.

17 (d) The massage therapy compliance officer or establishment owner  
18 shall file a new application for a massage therapy establishment license  
19 that is subject to the state board for massage therapy's approval.

20 (e) The massage therapy establishment shall not operate at the new  
21 location until the state board for massage therapy has approved a  
22 massage therapy establishment license for the new location.

23 § 646-e. Required display of licenses. 1. (a) Current true copies of  
24 the following shall be conspicuously displayed for the benefit of the

33 posted massage therapy establishment license.

34 § 646-f. Establishment standards. 1. The state board for massage  
35 therapy may establish rules and regulations for application, denial,  
36 renewal, reinstatement, inspections, disciplinary action, revocations  
37 and standards for practice as such board deems appropriate for the  
38 lawful and safe operation of massage therapy establishments.

39 2. The state board for massage therapy may vary the application of any  
40 provision of such rules and regulations with respect to any particular  
41 case when, in such board's opinion, the enforcement thereof would create  
42 a manifest injustice, including practitioners who do not administer  
43 massage therapy at a specific location. Any variance granted by the  
44 state board for massage therapy shall be in writing.

45 3. An approved massage therapy establishment license may be subject to  
46 such qualification, revocation, suspension, or expiration as the state  
47 board for massage therapy expresses in its application approval. A vari-  
48 ance or other modification authorized to be made may otherwise be  
49 revoked, modified, or suspended, in whole or in part, only after the  
50 holder thereof has been notified in writing and has been given an oppor-  
51 tunity to be heard.

52 4. Each massage therapist establishment shall designate a licensed  
53 massage therapist in good standing to be the compliance officer, and who  
54 shall be responsible for the massage therapy establishment's compliance  
55 with this article, any other laws of the state of New York, and federal  
56 law. Such compliance officer shall be a full time employee who works on

1 the premises of the massage therapy establishment. The compliance offi-  
2 cer shall have a compliance plan available for inspection.

3 § 646-g. Inspections. The state board for massage therapy or its agent  
4 may inspect any massage therapy establishment at any time during regular

6 that such massage therapy establishment, and its agents or employees are  
7 in compliance with all applicable requirements of all federal, state and  
8 local laws or regulations.

9 § 2. This act shall take effect on the ninetieth day after it shall  
10 have become a law. Effective immediately, the addition, amendment and/or  
11 repeal of any rule or regulation necessary for the implementation of  
12 this act on its effective date are authorized to be made and completed  
13 on or before such effective date.
