AN ACT to amend the education law, in relation to enacting the student suicide prevention act

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Short title. This act shall be known and may be cited as
2 the "student suicide prevention act".

3 § 2. The education law is amended by adding a new article 2-A to read
4 as follows:

ARTICLE 2-A

STUDENT SUICIDE PREVENTION

Section 20. Legislative intent.

21. Definitions.

22. Policies, procedures, and guidelines.

23. Application.

24. Severability and construction.

12 § 20. Legislative intent. The legislature finds and declares the
13 following: 1. According to data from the federal Centers for Disease
14 Control and Prevention as reported in the year two thousand sixteen,
15 suicide is the second leading cause of death for youth and young adults
16 ten to twenty-four years of age, inclusive, in both the United States
17 and in New York state.

18 2. As children and teens spend a significant amount of their young
19 lives in school, the personnel who interact with them on a daily basis
20 are essential gatekeepers for recognizing warning signs of suicide and
21 making the appropriate referrals for help.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

LBD06148-06-5

3. In a national survey conducted by the Jason Foundation, a teacher was identified as the number one person to whom a student would turn to help a friend who might be suicidal. It is imperative that when a young person comes to a teacher for help, such teacher has the knowledge, tools, and resources to respond correctly.

4. In the year two thousand eighteen, the federal Centers for Disease Control and Prevention found in its Youth Risk Behavior Survey that lesbian, gay, and bisexual youth are almost four times more likely to seriously consider attempting suicide, have made a suicide plan, or have attempted suicide, than their heterosexual peers.

5. There are national hotlines available to help adults and youth, including lesbian, gay, bisexual, transgender, queer or questioning (LGBTQ) youth, who are experiencing suicidal ideation or who are worried about a family member or peer who may be at risk, including the National Suicide Prevention Lifeline, the Crisis Text Line, the Trevor Project Lifeline, and TrevorChat.

6. According to the Family Acceptance Project, research has found that, for an LGBTQ youth, having at least one supportive adult can reduce the youth's risk of suicide.

7. New York state schools face the serious issues of students at high risk of suicide and death by suicide in the school communities. School personnel must be supported by clear policies and procedures, which serve as an easily-accessible roadmap, eliminate confusion over educator roles and the referral process, and equip educators with the tools to respond safely when a suicide does occur in the school community.

§ 21. Definitions. For the purposes of this article, the following terms shall have the following meanings: 1. "Crisis situation" means a situation where a teacher or other local educational agency employee believes a student or other individual is in imminent danger of a suicide attempt.

- c. address the social stigma associated with suicide; and
- d. disseminate factual information about suicide and its prevention.

6. "Suicide prevention" means specific actions schools can take to recognize and reduce suicidal behavior, including, but not limited to:

4 supports;

6 prevention resources, including local crisis centers and hotlines;

8 intervention, and postvention, school safety, and response to crisis
9 situations;

10 f. training for school personnel who interact directly with students
11 in recognizing suicide risks and warning signs and how to refer students
12 for further assessment and evaluation; and

13 g. instruction to students in problem-solving and coping skills to
14 promote students' mental, emotional, and social health and well-being,
15 and instruction in recognizing and appropriately responding to signs of
16 suicidal intent in others.

17 7. "Mechanical restraints" means any device that restricts an individ-
18 ual's freedom of movement and that the individual cannot easily remove,
19 including but not limited to handcuffs and nylon or velcro restraints.

20 § 22. Policies, procedures, and guidelines. 1. The governing board or
21 body of every local educational agency that serves students in grades
22 seven to twelve, inclusive, shall, before the first day of August, two
23 thousand twenty-five, adopt policies, procedures, and guidelines on
24 student suicide prevention, intervention, and postvention for students
25 in such grades. Such policies, procedures, and guidelines shall be
26 developed in consultation with school and community stakeholders,
27 school-employed mental health professionals, and suicide prevention

31 i. mental health and substance use conditions;

32 ii. childhood abuse, neglect, or trauma;

33 iii. prolonged stress, including individual experiences such as bully-

48 student is in imminent danger to themself;

49 f. policies and protocols for communication with parents, including
50 those that specify what to do if parental notification is not in the
51 best interest of the student;

52 g. counseling services available within the school for students and
53 their families that are related to suicide prevention;

54 h. availability of information concerning crisis situation inter-
55 vention, suicide prevention, and mental health services in the community
56 for students and their families and school employees;

1 i. identification and development of partnerships with community
2 organizations and agencies for referral of students to health, mental

23 vision one of this section shall be written to ensure that a school
24 employee acts only within the authorization and scope of such employee's
25 credential or license. Nothing in this section shall be construed as
26 authorizing or encouraging a school employee to diagnose or treat mental
27 health conditions unless such employee is specifically licensed and
28 employed to do so.

29 4. The policies, procedures and guidelines adopted pursuant to this
30 section shall ensure that school officials are solely responsible for
31 responding to student behavior. Such policies, procedures and guidelines
32 shall make clear that law enforcement involvement in addressing student
33 behavior should be the last resort and shall make clear that unless
34 otherwise authorized by state law:

35 a. Law enforcement officers and school resource officers shall not use
36 mechanical restraints on a student unless such restraints are necessary
37 to prevent imminent and serious physical injury to such student or
38 another person, and the use of such restraints is limited in duration to
39 the time period in which such student presents a risk of causing serious
40 physical injury to themselves or others; and

41 b. Any determination that a student requires hospital transport for a
42 mental health evaluation shall be made by a clinically trained mental
43 health professional whenever practicable. Such student shall be accompa-
44 nied during such transport by a school social worker, guidance counse-
45 lor, nurse, therapist or a designated school employee, and such person
46 shall stay with the student until their parent or parent's designee
47 arrives. The school shall be responsible for contacting the parent when
48 such hospital transport is needed.

49 5. Notwithstanding any other provision of law to the contrary, no
50 cause of action may be brought for any loss or damage caused by any act
51 or omission resulting from the implementation of the provisions of this
52 article, or resulting from any training, or lack of training, required
53 by this article. Nothing in this article shall be construed to impose
54 any specific duty of care.

55 6. To assist local educational agencies in developing policies for
56 student suicide prevention, the department shall develop and maintain

model policies, procedures, and guidelines in accordance with this section to serve as a guide for local educational agencies. Such model policies, procedures, and guidelines shall be posted within thirty days of their completion on the department's internet website, along with relevant resources and information to support schools in developing and implementing the policies, procedures, and guidelines required under subdivision one of this section.

7. The governing board or body of a local educational agency that serves students in grades seven to twelve, inclusive, shall review, at minimum every fifth year following the effective date of this article, its policies, procedures, and guidelines on student suicide prevention and, if necessary, update such policies, procedures, and guidelines.

§ 23. Application. The provisions of this article shall apply to all private and public educational institutions in New York state.

§ 24. Severability and construction. The provisions of this article shall be severable, and if any court of competent jurisdiction declares any phrase, clause, sentence or provision of this article to be invalid, or its applicability to any government agency, person or circumstance is declared invalid, the remainder of this article and its relevant applicability shall not be affected. The provisions of this article shall be liberally construed to give effect to the purposes thereof.

§ 3. Subdivisions 1, 2, 7 and 8 of section 11 of the education law, subdivisions 1 and 2 as added by chapter 482 of the laws of 2010 and subdivision 7 as amended and subdivision 8 as added by chapter 102 of the laws of 2012, are amended and a new subdivision 11 is added to read as follows:

1. "School property" shall mean in or within any building, structure, athletic playing field, playground, parking lot, or land contained within the real property boundary line of a public elementary or secondary school; or in or on a school bus, as defined in section one hundred forty-two of the vehicle and traffic law; or in a school administrative building.

2. "School function" shall mean a school-sponsored extra-curricular event or activity, or a school board or trustee meeting.

7. "Harassment" [~~and "bullying"~~] shall mean the creation of a hostile environment by conduct or by threats, intimidation or abuse, including cyberbullying, that (a) has or would have the effect of unreasonably and substantially interfering with a student's educational performance, opportunities or benefits, or mental, emotional or physical well-being; or (b) reasonably causes or would reasonably be expected to cause a student to fear for [~~his or her~~] their physical safety; or (c) reasonably causes or would reasonably be expected to cause physical injury or emotional harm to a student; or (d) occurs off school property and creates or would foreseeably create a risk of substantial disruption within the school environment, where it is foreseeable that the conduct, threats, intimidation or abuse might reach school property. Acts of harassment [~~and bullying~~] shall include, but not be limited to, those acts based on a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender or sex. For the purposes of this definition the term "threats, intimidation or abuse" shall include verbal and non-verbal actions.

8. "Cyberbullying" shall mean harassment or bullying as defined in [~~subdivision seven of~~] this section, [~~including paragraphs (a), (b), (c) and (d) of such subdivision,~~] where such harassment or bullying occurs

1 through any form of electronic communication, including but not limited

7 sharing personal or private information about someone causing embarrass-
8 ment, deliberate exclusion from activities, or other forms of intim-
9 idation. The deliberate targeting of a vulnerable person distinguishes
10 "bullying" from "conflict" or other kinds of aggression.

11 § 4. Subdivision 1 of section 12 of the education law, as amended by
12 chapter 102 of the laws of 2012, is amended to read as follows:

13 1. No student shall be subjected to harassment or bullying by employ-

17 weight, national origin, ethnic group, religion, religious practice,
18 disability, sexual orientation, gender, or sex by school employees,
19 school board members, school trustees, or students on school property or
20 at a school function. Nothing in this subdivision shall be construed to
21 prohibit a denial of admission into, or exclusion from, a course of
22 instruction based on a person's gender that would be permissible under
23 section thirty-two hundred one-a or paragraph (a) of subdivision two of
24 section twenty-eight hundred fifty-four of this chapter and title IX of
25 the Education Amendments of 1972 (20 U.S.C. section 1681, et. seq.), or
26 to prohibit, as discrimination based on disability, actions that would
27 be permissible under section 504 of the Rehabilitation Act of 1973.

28 § 5. Paragraphs e and k of subdivision 1 of section 13 of the educa-

32 harassment, bullying or discrimination, to take prompt actions reason-
33 ably calculated to end the harassment, bullying or discrimination, elim-
34 inate any hostile environment, create a more positive school culture and
35 climate, prevent recurrence of the behavior, and ensure the safety of
36 the student or students against whom such harassment, bullying or
37 discrimination was directed. Such actions shall be consistent with the
38 guidelines created pursuant to subdivision four of this section and
39 shall take into consideration whether notification of persons in
40 parental relation to the student who is the subject of such harassment,
41 bullying or discrimination is in the best interest of the student;

42 k. require each school, at least once during each school year, to
43 provide all school employees, students and parents with a written or
44 electronic copy of the school district's policies created pursuant to
45 this section, or a plain-language summary thereof, including notifica-
46 tion of the process by which students, parents and school employees may
47 report harassment, bullying and discrimination and to post a written
48 notification informing students about such policy and the name of the
49 school employee designated to receive reports of harassment, bullying
50 and discrimination in the school lobby and in every restroom used by
51 students as well as other parts of the school where students are likely

53 require additional distribution of such policies and guidelines if they
54 are otherwise distributed to school employees, students and parents;

55 m. include safe, responsible use of the internet and electronic commu-
56 nications in the school district's policies; and

n. develop such policies, procedures and guidelines to prevent students from being bullied, harassed or discriminated against by school board members and school trustees; and

§ 6. Subdivision 5 of section 13 of education law, as added by chapter 102 of the laws of 2012, is amended and a new subdivision 6 is added to read as follows:

and

6. To assist local educational agencies to comply with the provisions of this section, the department shall develop and maintain model posters of at least eighteen by twenty-four inches in size designed to notify students of the identity of the designated school official or officials to whom they may confidentially report incidents of harassment, bullying or discrimination and provide contact information for such designated school official or officials.

§ 7. Section 15 of the education law, as amended by chapter 102 of the laws of 2012, is amended to read as follows:

§ 15. Reporting by commissioner and use of reports. 1. The commissioner shall create a procedure under which material incidents of harassment, bullying and discrimination on school grounds or at a school function are reported to the department at least on an annual basis. Such procedure shall provide that such reports shall, wherever possible, also delineate the specific nature of such incidents of harassment, bullying and discrimination, [~~provided that the commissioner may comply with the requirements of this section through use of the existing uniform violent incident reporting system~~] including but not limited to whether such incidents were student-on-student, student-on-employee, or employee-on-student, the number of complaints dismissed and the basis for dismissal, the number of students, if any, who withdrew from the school following the filing of a complaint and prior to the next succeeding school year, the number of complaints resulting in any action taken, and the action taken, including student or employee training or education, student or employee discipline, or employee removal, leave of absence, or retirement. In addition, the department may conduct research or undertake studies to determine compliance throughout the state with the provisions of this article.

2. The commissioner shall use such reports and data to identify schools and districts that are failing to meet the standards and objectives of this article. The commissioner shall promulgate policies and procedures for improving conditions at these schools to ensure proper training, support, and compliance with all requirements.

3. The commissioner shall deliver the report referenced in subdivision one of this section to the legislature, temporary president of the senate, speaker of the assembly, chair of the senate education committee and chair of the assembly education committee every two years on or before the first day of November.
