2025-2026 Regular Sessions

IN SENATE

(Prefiled)

January 8, 2025

Introduced by Sens. MYRIE, BAILEY, BROUK, CLEARE, COMRIE, HOYLMAN-SIGAL, KAVANAGH, MAY, RAMOS, SEPULVEDA, SKOUFIS, WEBB -- read twice and ordered printed, and when printed to be committed to the Committee on Agriculture

AN ACT to amend the general business law, the agriculture and markets law, and the public health law, in relation to food and food product advertising

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative findings and intent. The legislature hereby
2 finds that children are an inherently vulnerable population, and that
3 marketing food and beverages high in saturated fatty acids, trans-fatty
4 acids, and free sugars in a targeted and persistent manner to this group
5 is inconsistent with this state's efforts to curb the disastrous health
6 outcomes that follow the overconsumption of these products which include
7 but are not limited to increased rates of malnutrition, undernutrition,
8 micronutrient deficiencies, obesity, and other diet-related illnesses.
9 Such marketing is inherently misleading, aggressive, and pervasive as
10 children often lack the same ability to resist the rewarding cues
11 presented in unhealthy food marketing as adults. New York has a strong
12 and substantial interest in protecting our children from negative health
13 consequences and remain aligned with the goals of the Convention on the
14 Rights of the Child which ensures access to nutritious foods and freedom
15 from exploitation of all kinds. Additionally, the power of the state is
16 at its greatest when protecting the health and welfare of its citizens,
17 especially those most vulnerable. Thus, the legislature finds that
18 unfair and deceptive marketing targeted at children can mislead and
19 manipulate children into lifelong habits, and that such unfair and
20 deceptive advertising should be regulated accordingly.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [-] is old law to be omitted.
