IN SENATE

February 5, 2025

Introduced by Sen. ASHBY -- read twice and ordered printed, and when printed to be committed to the Committee on Higher Education

AN ACT to amend the education law and the state finance law, in relation to establishing the Capital Region preceptor stipend program

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Short title. This act shall be known and may be cited as
2 the "Capital Region preceptor stipend program".

3 § 2. Legislative intent. New York state health care is in crisis from
4 staffing shortages that are exacerbated by staff burnout. Quality
5 preceptorships are an essential component of clinical professional
6 development, and also a powerful tool for recruitment and retention in
7 the healthcare industry. By providing supervision during clinical prac-
8 tice and facilitating the application of theory to practice for students
9 and staff learners, preceptors can help promote self-awareness and crit-
10 ical thinking for students. That confidence and on-the-job training will
11 foster a healthy mentorship and encourage future health care profes-
12 sionals to pursue their health career in New York state. Preceptor-
13 ships, however, are a time-consuming commitment and health care workers
14 in New York state are hard-pressed to add more to their plates. A
15 stipend program would incentivize health care professionals to be
16 preceptors and take on the responsibility of training future health
17 professionals.

18 § 3. The education law is amended by adding a new section 6505-f to
19 read as follows:

20 § 6505-f. Capital Region preceptor stipend program. 1. Program estab-
21 lished. The chief administrative officer of the office of the
22 professions shall create a "Capital Region preceptor stipend program"
23 for preceptor clinicians. Under such program, a stipend shall be issued
24 out of funds made available for such program pursuant to appropriation
25 from the legislature from the office of the professions account under

2 in check form to qualified preceptor clinicians. The chief administra-
3 tive officer of the office of the professions' responsibilities shall
4 include, but not be limited to:

5 (a) Promulgating any necessary rules and regulations for the applica-
6 tion and distribution of funds;

7 (b) Creating a process to accept and subsequently register preceptor
8 clinicians into the Capital Region preceptor stipend program, and a
9 process to deny unqualified preceptor clinicians;

10 (c) Creating an application process whereby certain criteria and qual-
11 ifications shall be met by a preceptor clinician accepted to the
12 program; and

13 (d) Creating a revocation process for qualified clinical preceptor-
14 ships that are to be terminated.

15 2. Stipend. A resident of New York state who registers with and is
16 accepted to the program and provides preceptor instruction as part of a
17 clinical preceptorship in the Capital Region shall be issued a stipend
18 upon admittance into the program. Such stipend shall equal five thousand
19 dollars.

20 3. Annual review. After the program's first full year and each year
21 thereafter during the month of December, there shall be an annual review
22 conducted by the office of the professions which shall provide, but not
23 be limited to, the following:

24 (a) An audit and record of all preceptor clinicians who applied and
25 been either denied or accepted under the program; and

26 (b) A record and audit of all stipends distributed under the program.
