AN ACT to amend part LL of chapter 59 of the laws of 2018 amending the state finance law relating to establishing the charitable gifts trust fund and the health charitable account, and the elementary and secondary education charitable account, in relation to increasing the contribution cap to twenty million dollars

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative findings and intent. The legislature finds that
2 the charitable tax credit provides significant tax benefits to donors
3 contributing to the State University of New York Impact Foundation,
4 offering an eighty-five percent tax credit against New York state income
5 tax and a fifteen percent deduction against federal income tax. The
6 program has been highly successful in encouraging charitable donations
7 to the state university of New York (SUNY) system.

8 The legislature further finds that the City University of New York
9 (CUNY) system, including the City University of New York Research Foun-
10 dation, receives charitable contributions that support its educational
11 programs, research activities, and student services. Providing access to
12 the charitable tax credit will assist CUNY in attracting additional
13 private donations.

14 However, applications for the tax credit have exceeded the current ten
15 million dollar annual cap, which limits the ability to meet donor inter-
16 est and leverage further private contributions. In order to allow more
17 donors to participate and provide critical financial support to the SUNY
18 and CUNY systems, this legislation increases the annual cap of the

3 scholarships, research, and other institutional improvements.

5 59 of the laws of 2018 amending the state finance law relating to estab-
6 lishing the charitable gifts trust fund and the health charitable
7 account, and the elementary and secondary education charitable account,
8 is amended to read as follows:

9 (e) Contribution cap. The maximum permitted contributions under this
10 section available annually for calendar year two thousand eighteen [~~and~~

13 following years shall be twenty million dollars for the SUNY foundation
14 and for calendar year two thousand eighteen and all following years
