45 practice in this state shall comply with the provisions of the mandatory  
46 continuing education requirements, except as set forth in this subpara-  
47 graph and subparagraph (ii) of this paragraph. Dental therapists who do  
48 not satisfy the mandatory continuing education requirements shall not  
49 practice until they have met such requirements and have been issued a  
50 registration or conditional registration certificate.

51 (ii) Dental therapists shall be exempt from the mandatory continuing  
52 education requirement for the triennial registration period during which  
53 they are first licensed. In accordance with the intent of this section,  
54 adjustments to the mandatory continuing education requirement may be  
55 granted by the department for reasons of health, certified by a physi-  
56 cian, for extended active duty with the Armed Forces of the United

2 prevent compliance.

3 (iii) A licensed dental therapist not engaged in the practice of

12 tration shall complete a minimum of twenty-four hours of acceptable  
13 formal continuing education, including currently mandated child abuse  
14 reporting instruction and infection control training as approved by the  
15 department. Of these twenty-four hours, a maximum of ten hours may be  
16 self-instructional coursework as approved by the department. A licensee  
17 who has not satisfied the mandatory continuing education requirements  
18 shall not be issued a triennial registration certificate by the depart-  
19 ment and shall not practice unless and until a conditional registration  
20 certificate is issued as provided in paragraph (c) of this subdivision.  
21 The individual licensee shall determine the selection of courses or  
22 programs of study pursuant to this paragraph.

23 (c) The department, in its discretion, may issue a conditional regis-  
24 tration to a licensee who fails to meet the continuing education  
25 requirements established in this section but who agrees to make up any  
26 deficiencies and take any additional education which the department may  
27 require. The fee for such a conditional registration shall be the same  
28 as, and in addition to, the fee for the triennial registration. The  
29 duration of such conditional registration shall be determined by the  
30 department. Any licensee who is notified of the denial of registration  
31 for failure to submit evidence, satisfactory to the department, of  
32 completion of required continuing education and who practices dental  
33 therapy without such registration, may be subject to disciplinary  
34 proceedings pursuant to section sixty-five hundred ten of this title.

35 (d) As used in this section, "acceptable formal continuing education"  
36 shall mean formal programs of learning which contribute to professional  
37 practice and which meet the standards prescribed by regulations of the  
38 commissioner. To fulfill the mandatory continuing education requirement,  
39 programs shall be taken from sponsors approved by the department, pursu-  
40 ant to the regulations of the commissioner.

41 (e) The mandatory continuing education fee of thirty dollars shall be  
42 payable on or before the first day of each triennial registration period  
43 and shall be paid in addition to the triennial registration fee required  
44 by this section.

45 7. Applicants licensed in other jurisdictions. Licensing by credential  
46 is authorized for an applicant who holds a license or certification as a  
47 dental therapist or comparable professional in another state or tribal  
48 jurisdiction or who has graduated from an accredited dental therapy  
49 program or has a combination of dental therapy education, post-gradua-  
50 tion education or training, and clinical practice experience that is  
51 comparable to an accredited education program and has successfully  
52 completed a dental therapy clinical competency examination approved by  
53 the jurisdiction in which the applicant is licensed or satisfied other  
54 methods of demonstrating competency approved by that jurisdiction  
55 including, but not limited to, completion of a competency-based educa-

1 tion program or completing a minimum number of hours of preceptorship or  
2 supervised practice.

10 ant to article one hundred thirty-three of the education law who is  
11 enrolled as a medicaid managed care provider;

12 § 5. The commissioner of education is authorized to promulgate or  
13 adopt any rules or regulations necessary to implement the provisions of  
14 this act and any procedures, forms, or instructions necessary for such  
15 implementation may be adopted and issued on or after the effective date  
16 of this act. Notwithstanding any inconsistent provision of the state  
17 administrative procedure act or any other provision of law, rule or  
18 regulation, the commissioner of education and the superintendent of  
19 financial services and any appropriate council is authorized to adopt or  
20 amend or promulgate on an emergency basis any regulation such commis-  
21 sioner or such council determines necessary to implement any provision  
22 of this act on its effective date.

23 § 6. This act shall take effect on the one hundred eightieth day after  
24 it shall have become a law.
