Introduced by Sens. GOUNARDES, ADDABBO, GALLIVAN, JACKSON, MAYER, RHOADS, WEBB -- read twice and ordered printed, and when printed to be committed to the Committee on Civil Service and Pensions

AN ACT to amend the retirement and social security law, in relation to the limitation of overtime compensation in final average salary calculations

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Section 1203 of the retirement and social security law, as
2 added by section 1 of part A of chapter 504 of the laws of 2009, is
3 amended to read as follows:

4 § 1203. Overtime. A member's final average salary shall be calculated
5 in accordance with such provisions of article eight or article eleven of
6 this chapter as govern the member's benefits including overtime, except
7 that earnings classified as overtime compensation in an amount in excess
8 of [~~fifteen~~ thirty] percent of a member's annual wages not classified as
9 overtime compensation shall be excluded from such calculation. "Overtime
10 compensation" shall mean, for purposes of this section, compensation
11 paid under any law or policy under which employees are paid at a rate
12 greater than their standard rate for additional hours worked beyond
13 those required, including compensation paid under section one hundred
14 thirty-four of the civil service law and section ninety of the general
15 municipal law.

16 § 2. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would increase the allowable overtime compensation included in the final average salary calculation to 30 percent of a member's annual wages for Tier 5 and Tier 6 members in the New York State and Local Police and Fire Retirement System (NYSLPFRS). The current limit is 15 percent.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [~~-~~] is old law to be omitted.

LBD08189-02-5

Insofar as this bill affects the New York State and Local Police and Fire Retirement System (NYSLPFRS), the increased costs would be shared by the State of New York and the local participating employers in the NYSLPFRS. If this bill were enacted during the 2025 Legislative Session, the increase in the present value of benefits would be approximately \$611 million.

| NYSLPFRS | Increase in present value of benefits | Increase in required contributions |
|----------------------------|---------------------------------------|------------------------------------|
| Actives Tiers 1-5 (Closed) | \$ 35 mn | \$ 84 mn |
| Actives Tier 6 (Open) | \$ 576 mn | \$ 527 mn |
| Total | \$ 611 mn | \$ 611 mn |

In NYSLPFRS, this benefit improvement will be funded by increasing the billing rates charged annually to cover both retrospective and prospective benefit increases. The annual contribution required of all participating employers in NYSLPFRS is expected to increase by 1.2% of billable salary, or approximately \$10 million to the State of New York and \$45 million to the local participating employers. This permanent annual cost will vary in subsequent billing cycles with changes in the billing rate and salary of the affected members.
