1 performed by the member while contributing to the retirement system  
2 pursuant to the provisions of this article or article eight of this  
3 chapter.

4 § 562. Optional twenty year retirement plan for certain members whose  
5 employer elects to provide same. (a) Any member of the retirement system  
6 may elect to become a member pursuant to the provisions of this section  
7 within one year after they become a member, if their employer has  
8 elected to make the benefits provided by this section available to  
9 members, or within one year after their employer elects to make the  
10 benefits provided by this section available to its members.

11 (b) Elections made pursuant to this section shall be in writing and  
12 shall be duly acknowledged and filed with the comptroller. Any member  
13 who files such an election pursuant to this section may withdraw it  
14 after it has been filed for at least a year. Such withdrawal shall be by  
15 written notice duly acknowledged and filed with the comptroller.

16 (c) A member participating on the basis of this section at the time of  
17 retirement shall be entitled to retire after the completion of twenty  
18 years of total creditable service or upon the attainment of age sixty-  
19 two, by filing an application therefor in a manner similar to that  
20 provided in this chapter.

21 (i) Upon completion of twenty years of such service and upon retire-  
22 ment, each such member shall receive a pension sufficient to provide  
23 them with a retirement allowance equal to one-fortieth of their final  
24 average salary for each year of total creditable services for which they  
25 are otherwise entitled but not exceeding in the aggregate one-half of  
26 their final average salary.

27 (ii) Upon attainment of age sixty-two and upon retirement without  
28 completion of twenty years of such service, each such member shall  
29 receive a pension sufficient to provide them with a retirement allowance  
30 equal to one-fortieth of their final average salary for each year of  
31 creditable service. Every such member shall also be entitled to an addi-  
32 tional pension equal to the pension for any other creditable service  
33 rendered as otherwise provided for in this chapter. This latter pension  
34 shall not increase the total allowance to more than one-half of their  
35 final average salary.

36 (d) The increased pensions to such members, as provided by this  
37 section, shall be paid from additional contributions made by the partic-  
38 ipating employer on account of such members. The actuary of the retire-  
39 ment system shall compute the additional contribution required for each  
40 member who elects to receive the special benefits provided under this  
41 section. Such additional contributions shall be computed on the basis of  
42 contributions during the prospective service of such member which will  
43 cover the liability of the retirement system for such extra pensions.  
44 Upon approval of the comptroller, such additional contributions shall be  
45 certified by them to the chief fiscal officer or the participating  
46 employer. The amount thereof shall be included in the annual appropri-  
47 ation of the participating employer. Such amount shall be paid on the  
48 warrant of the chief fiscal officer of the participating employer to the  
49 pension accumulation fund of the retirement system.

50 (e) In computing the twenty years of completed service of a member,  
51 full credit shall be given for military service as defined in subdivi-  
52 sions twenty-nine-a and thirty of section three hundred two of this  
53 chapter.

54 (f) Every member participating on the basis of this section shall be  
55 separated from the service on the last day of the calendar month next  
56 succeeding the calendar month in which they attain age sixty-two,

1 provided, however, that such a member who attained the age of sixty-two  
2 before their employer elected to make the benefits provided by this  
3 section available to them, or who attains the age of sixty-two within  
4 one month after their employer makes such benefits available, to be  
5 eligible for a pension computed in accordance with the provisions of  
6 this section, shall be separated from the service within three months  
7 after their employer makes such benefits available.

8 (g) The provisions of this section shall be controlling notwithstanding  
9 any other provision of this article to the contrary.

10 (h) The benefits of this section shall be available only to those  
11 members whose employer elects to provide such benefits by adopting a  
12 resolution or local law to such effect and filing a certified copy ther-  
13 eof with the comptroller.

14 (i) The benefits provided by this section shall be payable to a  
15 member, unless at the date of retirement such member would otherwise be  
16 entitled to a greater benefit under other provisions of this chapter had  
17 they withdrawn from this section, in which event such greater benefits  
18 shall be payable.

19 § 563. Additional pension benefit for members of optional twenty year  
20 retirement plan. (a) A participating employer which has elected, or  
21 which elects to provide the benefits of the optional twenty year retire-  
22 ment plan for its employees as specified in this article may elect to  
23 make contributions for the purpose of providing an additional pension  
24 pursuant to this section for members in its employ who are entitled to a  
25 pension pursuant to section five hundred sixty-two of this article.  
26 Every member employed by an employer which has elected the provisions of  
27 section five hundred sixty-two of this article and this section may  
28 elect to be covered by the provisions of this section by filing with the  
29 comptroller, a duly executed and acknowledged form prepared by the comp-  
30 troller for that purpose.

31 (b) Upon retirement, each such member shall receive, for each year of  
32 service in excess of twenty, an additional pension which shall be equal  
33 to one-sixtieth of their final average salary; provided, however, that  
34 the total allowance payable pursuant to this section shall not exceed  
35 three-quarters of such member's final average salary.

36 § 564. Consistent provisions. Nothing contained in this article shall  
37 be construed to otherwise affect the applicability of article eleven,  
38 fourteen or fifteen of this chapter. Any other provisions of this chap-  
39 ter relating to mandatory contribution to the retirement system based  
40 upon a member's date of membership in such system shall not be deemed to  
41 be affected by the provisions of this article, and any member who on the  
42 effective date of this article is not required to contribute shall not  
43 be required to make any contributions as a result of this section. For  
44 those members required to contribute to the retirement system, such  
45 contribution shall be treated in the same manner as specified for such  
46 members in article fourteen or fifteen of this chapter.

47 § 2. Any past service payments required of a county as a result of the  
48 adoption of the benefits permitted by this act may be amortized over a  
49 five or ten-year period at the option of such county.

50 § 3. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would add Article 14-C to the Retirement and Social Security Law, creating county electable twenty-year plans covering any county correction officers and deputy sheriffs engaged directly in correction officer duties that aggregate at least fifty percent of their service. A county may elect to provide a retirement benefit equal to fifty percent

of final average salary (FAS) after twenty years of service. A county may further elect to provide for additional sixtieths for service in excess of twenty years. The retirement benefit is not to exceed seventy-five percent of FAS.

Any member who elects to become covered under this new Article 14-C is expected to retain all disability and death benefits under their prior plan coverage.

Creditable service will include all service rendered as a correction officer, sheriff, deputy sheriff or undersheriff, a member or officer of the State Police, a paid firefighter, a police officer, or an officer of any organized fire department or police force.

If this bill is enacted during the 2025 Legislative Session, there will be an increase in the annual contributions of any electing county for the fiscal year ending March 31, 2026, as approximated in the following table. In future years these costs will vary as the billing rates of the affected members change.

Current Plan	Article 14-C 20-Year	Article 14-C 20-Year with sixtieths
Articles 14 or 15	10.3%	11.8%
89* 25-Year	5.7%	7.2%
County Law Enforcement		
Article 14-B 20-Year	4.3%	5.8%
Article 14-B 20-Year with sixtieths	2.5%	4.0%

In addition to the annual contributions discussed above, there will be an immediate past service cost that will depend upon the affected members' service, salary, tier, current retirement plan and new retirement plan. An exact cost will be determined based on a roster of eligible members to be provided by the electing county. The past service cost may be amortized over a five-year or ten-year period, at the option of the electing county.

Further, we anticipate additional administrative costs to implement the provisions of this legislation.
