FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would increase the cost-of-living adjustment (COLA) for New York public retirement systems. Starting with the September 2026 payment, COLA would be payable to pensioners who have attained age fifty-five and retired for at least 5 years.

Insofar as this bill affects the New York State and Local Employees' Retirement System (NYSLERS), this bill would increase the present value of benefits by approximately \$346 million.

In NYSLERS, this benefit improvement will be funded by (1) billing a one-time charge to cover retrospective benefit increases and (2) increasing the billing rates charged annually to cover prospective benefit increases, as follows:

(1) To fund retrospective costs, the state of New York will be required to pay \$263 million as of March 1, 2027.

(2) To fund prospective costs, the annual contribution required of all participating employers in NYSLERS would increase 0.04% of billable salary, or approximately \$5.1 million to the state of New York and approximately \$7.6 million to local participating employers. This permanent annual cost will vary in future billing cycles with changes in the billing rate and salary of the affected members.

Insofar as this bill affects the New York State and Local Police and Fire Retirement System (NYSLPFRS), the present value of benefits would increase approximately \$116 million.

This proposal primarily benefits current and former members of Tiers 1 - 5. The cost of this benefit improvement will primarily be borne by current and future members of Tier 6.

NYSLPFRS	Increase in present value of benefits	Increase in required contributions
Pensioners	\$54 mn	\$0 mn
Actives Tiers 1-5 (Closed)	\$36 mn	\$39 mn
Actives Tier 6 (Open)	\$26 mn	\$77 mn
Total	\$116 mn	\$116 mn

In NYSLPFRS, this benefit improvement will be funded by increasing the billing rates charged annually. The annual contribution required of all participating employers in NYSLPFRS would increase by 0.2% of billable salary, or approximately \$1.8 million to the state of New York and approximately \$7.6 million to local participating employers. This permanent annual cost will vary in future billing cycles with changes in the billing rate and salary of the affected members.
