Introduced by Sen. MARTINS -- read twice and ordered printed, and when printed to be committed to the Committee on Civil Service and Pensions

AN ACT granting retroactive tier IV membership in the New York state and local retirement system to members hired on or after January first, two thousand ten

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Notwithstanding any other provision of law to the contrary,  
2 any state or local employee who is a member of the New York state and  
3 local employees' retirement system, and whose date of membership was on  
4 or after January 1, 2010 shall be granted benefits as if their date of  
5 membership was December 31, 2009, thereby granting Tier IV benefits of  
6 such retirement system, unless, within one year of the effective date of  
7 this act, such employee shall file a written opt-out request with the  
8 state comptroller.

9 § 2. No contributions made to the New York state and local employees'  
10 retirement system by a member hired on or after January 1, 2010 shall be  
11 refunded or returned to such member pursuant to this act.

12 § 3. Notwithstanding any other law to the contrary, none of the  
13 provisions of this act shall be subject to the appropriation requirement  
14 of section 25 of the retirement and social security law.

15 § 4. This act shall take effect on the one hundred twentieth day after  
16 it shall have become a law.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would grant members of the New York State and Local Employees' Retirement System (NYSLERS) whose date of membership is on or after January 1, 2010 (commonly called Tier 5 and Tier 6 members) the retirement benefits of a member whose date of membership is December 31, 2009 (commonly called Tier 4). The members' dates of membership will not change. There will be no refund of member contributions.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [-] is old law to be omitted.

LBD10872-03-5

The provisions of Section 25 of the Retirement and Social Security Law shall not apply.

Insofar as this bill affects NYSLERS, the increased costs would be shared by the State of New York and the local participating employers in the NYSLERS. If this bill were enacted during the 2025 Legislative Session, the increase in employer costs, equal to the increase in the present value of benefits and decrease in the present value of employee contributions, would be approximately \$13.3 billion.

NYSLERS	Increase in net present value of employer benefits	Increase in required contributions
Tiers 1-4	\$ 0.0 bn	\$ 4.4 bn
Tiers 5-6 (becoming Tier 4)	\$ \$13.3 bn	\$ 8.9 bn
Total	\$ 13.3 bn	\$ 13.3 bn

In the NYSLERS, this benefit improvement will be funded by increasing the billing rates charged annually to cover both retrospective and prospective benefit increases. The annual contribution required of all participating employers in NYSLERS is 4.9% of billable salary, or approximately \$644 million to the State of New York and approximately \$979 million to the local participating employers. This permanent annual cost will vary in subsequent billing cycles with changes in the billing rate and salary of the affected members.

These estimated costs are based on 317,854 affected Tier 5-6 members, with annual salary of approximately \$15.7 billion as of March 31, 2024.
