FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would change member-contribution rates, and the wage ranges to which member-contribution rates are applied, for Tier 6 members effective April 1, 2026.

Salary Range (\$ in thousands)	Current Rate	Proposed Rate
Less than 45	3.00%	3.00%
45 to 55	3.50%	3.00%
55 to 75	4.50%	3.00%
75 to 100	5.75%	4.00%
100 or greater	6.00%	5.00%

Additionally, this bill would permanently exclude overtime pay from the annual wages used to determine member contributions for Tier 6 members.

Insofar as this bill affects the New York State and Local Employees' Retirement System (NYSLERS), the present value of costs would increase by approximately \$2.33 billion.

The provisions of section 25 of the RSSL shall not apply.

Benefit improvements would be funded by increasing the billing rates charged annually. The annual contribution required by all participating employers in NYSLERS would increase by 0.8% of billable salary, or approximately \$107 million to the state of New York and \$160 million to the local participating employers. The annual billing rates for Tier 6 members would further increase by 0.1% of salary (for a 0.9% total annual rate increase), with other plans increasing a lesser amount.

Required contributions will increase significantly as Tier 6 grows. Employer costs would vary according to plan coverage and salary reported in Tier 6.

Insofar as this bill affects the New York State and Local Police and Fire Retirement System (NYSLPFRS), the present value of costs would increase by approximately \$311 million.

Benefit improvements would be funded by increasing the billing rates charged annually. The annual contribution required by all participating employers in NYSLPFRS would increase by 0.7% of billable salary, or approximately \$6 million to the state of New York and \$25 million to the local participating employers. The annual billing rates for Tier 6 members would further increase by 0.3% of salary (for a 1.0% total annual rate increase), with other plans increasing a lesser amount.

Required contributions will increase significantly as Tier 6 grows. Employer costs would vary according to plan coverage and salary reported in Tier 6.

Further, we anticipate significant administrative costs to implement the provisions of this legislation.

These estimated costs are based on 323,488 Tier 6 members with annual salary of approximately \$17 billion in NYSLERS, and 19,945 Tier 6 members with annual salary of approximately \$2.1 billion in NYSLPFRS, as of March 31, 2025.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

Bill Description:

This fiscal note is prepared for legislative bill draft #01321-04-6. This bill would amend various sections of the Retirement and Social Security Law and the Education Law to reduce the required employee contribution rate for Tier 6 members. The salary ranges and employee contribution rates for Tier 6 members would be changed to the following as of April 1, 2026:

Salary	Employee Contribution Rate
\$75,000 and less	3.00%
More than \$75,000 to \$100,000	4.00%
More than \$100,000	5.00%

Cost:

The annual cost to the participating employers of the New York State Teachers' Retirement System is estimated to be \$108.3 million or 0.52% of payroll if this bill is enacted.

The System's "new entrant rate," a hypothetical employer contribution rate that would be charged if we started a new retirement system without any assets, is equal to 5.52% of pay under the current Tier 6 benefit structure. This can be thought of as the long-term expected employer cost of Tier 6, based on current actuarial assumptions. For the proposed change to the Tier 6 benefit structure under this bill, this new entrant rate is estimated to increase to 6.32% of pay, an increase of 0.80% of pay.

Data:

Member data as of June 30, 2025, prepared for the most recent actuarial valuation was used in determining this cost. The most recent data distributions and statistics can be found in the System's Annual Report for the fiscal year ended June 30, 2025. System assets are as reported in the System's financial statements which can be found in the System's Annual Report. Methods and Assumptions:

A summary of actuarial assumptions and methods will be provided in the System's Actuarial Valuation Report as of June 30, 2025. Further details

The initial increase in employer contributions of \$184.0 million is estimated to be \$126.7 million for New York City and \$57.3 million for the other obligors of NYCERS.

PRESENT VALUE OF BENEFITS: The Present Value of Benefits is the discounted expected value of benefits paid to current members if all assumptions are met, including future service accrual and pay increases. Future new hires are not included in this present value.

Increase (Decrease) in UAL:	323.6 M	266.3 M	28.2 M
Number of Payments:	15	18	14
Amortization Payment:	36.7 M	27.4 M	3.3 M

CENSUS DATA: The estimates presented herein are based on preliminary census data collected as of June 30, 2025. The census data for the impacted population is summarized below.

	NYCERS	TRS	BERS
Active Members			
- Number Count:	99,619	71,364	37,490
- Average Age:	43.0	39.0	41.5
- Average Service:	5.2	5.7	2.2
- Average Salary:	87,100	86,500	37,900

IMPACT ON MEMBER CONTRIBUTIONS: Currently, Tier 6 members of NYCERS, TRS, and BERS are generally required to make Basic Member Contributions (BMC) ranging from 3% to 6% of annual wages, determined by the member's annual wages for the second prior calendar year.

Under the proposed legislation, effective April 1, 2026:

* The required BMC rates for each salary band above \$45,000 would be reduced as shown in the table below.

Salary Band	Current Rate	Proposed Rate
\$45,000 or less	3.00%	3.00%
\$45,001 up to \$55,000	3.50%	3.00%
\$55,001 up to \$75,000	4.50%	3.00%
\$75,001 up to \$100,000	5.75%	4.00%
Greater than \$100,000	6.00%	5.00%

* The annual wages used for the determination of the member's salary band would exclude overtime and compensation earned for extracurricular activities for all years. Currently, this exclusion is set to expire on January 1, 2027.

ASSUMPTIONS AND METHODS: The estimates presented herein have been calculated based on the Revised 2021 Actuarial Assumptions and Methods of the impacted retirement systems. In addition:

*New entrants were assumed to replace exiting members so that total payroll increases by 3% each year for impacted groups. New entrant demographics were developed based on data for recent new hires and actuarial judgement.

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the actuarial assumptions, methods, and models used, demographics of the impacted population, and other factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein. Quantifying these risks is beyond the scope of this Fiscal Note.

This Fiscal Note is intended to measure pension-related impacts and does not include other potential costs (e.g., administrative and Other Postemployment Benefits). This Fiscal Note does not reflect any chapter laws that may have been enacted during the current legislative session.

STATEMENT OF ACTUARIAL OPINION: Marek Tyszkiewicz and Gregory Zelikovsky are members of the Society of Actuaries and the American Academy of Actuaries. We are members of NYCERS, but do not believe it impairs our objectivity, and we meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein. To the best of our knowledge, the results contained herein have been prepared in accordance with generally accepted actuarial principles and procedures and with the Actuarial Standards of Practice issued by the Actuarial Standards Board.

FISCAL NOTE IDENTIFICATION: This Fiscal Note 2026-36 dated March 10, 2026 was prepared by the Chief Actuary for the New York City Retirement Systems and Pension Funds and is intended for use only during the 2026 Legislative Session.
